Fairbourne Station Phase 1 Subdivision

Vacating Lots 1-5, Lehman Subdivision, Lots 6-A, Amended Plat of Lehman Subdivision and Lots 1-8, Holmberg Subdivision
A part of the Northwest Quarter of Section 33,
Township 1 South, Range 1 West, Salt Lake Base & Meridian, U.S. Survey,
West Valley City, Salt Lake County, Utah

Notes

Offset pins to be set in the back of curb and 5/8" x 24" rebar with numbered survey cap to be placed at all lot corners. Nail and brass tag to be set at lot corners located in paved areas.

A soils report in accordance with section 7-19-604 of the West Valley City Ordinance has been prepared by AGEC, Project No. 1110173 dated April 18, 2011. The natural soil encountered below the pavement materials and fill consists of lean clay. Subsurface water was encountered in the borings at depths ranging from approximately 4 ½ to 9 ½ feet below the existing ground surface. The subsurface soils at the site are moderately compressible.

Building permits will not be issued for any structure until 1) paving is installed and 2) fire hydrants are installed, approved and charged.

Narrative

This survey and subdivision was requested by West Valley City and honors a previous 2011 ALTA / ACSM Land Title Survey by Great Basin Engineering - South which depicts all underlying parcels and their record descriptions.

Since recent construction along 3500 South Street has removed the original section corner monuments the original monuments one half mile North and South were retraced from the 2009 UDOT Highway Plans and have been rotated 14 minutes 32 seconds counter clock wise to match the Salt Lake County Area Reference Plat basis.

A line between original monuments found for the Center of Section 28 and the Center of Section 33 were held to a calculated bearing of S 0°00'29" E which yields S 0°00'44" W along the Quarter Section Line from the North Quarter Corner to the Center of Section 33 to match the Area Reference Plat bearing and most of the previous surveys in the area. New surface monuments were found for the North Quarter Corner and the Northwest Corner of Section 33 which line bears S 89°53'25" W. Some of the UDOT highway deeds for the widening of 3500 South Street were found to contain erroneous dimensions, however the intent was clear and the 2009 UDOT Highway Plans were honored to keep continuity across the entire site.
