NOTICE OF INTENTION

PUBLIC NOTICE IS HEREBY GIVEN that on June 28, 2005, the City Council of the City of Saratoga Springs, Utah (the "City Council"), adopted a resolution declaring its intention to create a special improvement district to be known as the City of Saratoga Springs, Utah Special Improvement District No. 2005-1 (the "District"). It is the intention of the Council to finance improvements within or adjacent to the District and to levy special assessments as provided in Title 17A, Chapter 3, Part 3, Utah Code Annotated 1953, as amended, on the real estate lying within the District for the benefit of which such assessments are to be assessed in the making of such improvements.

DESCRIPTION OF DISTRICT

The proposed District's boundaries within the City of Saratoga Springs are described as follows: Beginning at the center of Section 34, Township 5 South and Range 1 West, Salt Lake Base and Meridian, then running south to the south boundary of Section 34; then running east to the northeast corner of Section 2, Township 6 South, Range 1 West; then south along the west boundary of Section 2 to the southwest corner of Section 2; then running east along the south boundary of Section 2 to the northwest corner of Section 12, Township 6 South, Range 1 West; then running south along the boundaries of Section 12 and 13 to a point at the southwest corner of the northwest ¼ of Section 13; then running east through Section 13 to the east boundary of that Section; then running north to the northeast corner of Section 13; then running east to Redwood Road; then running south along Redwood Road to the south boundary line of Section 18, Township 6 South, Range 1 East; then running east to the west shoreline of Utah Lake; then running north along Utah Lake to the west boundary line of Section 7, Township 6 South, Range 1 East; then running south along the boundary of Section 7 to a point located on 2800 South; then running west along 2800 South to Redwood Road; then running north on Redwood Road to the center of Section 35, Township 5 South; Range 1 West; then running west to the center of Section 34, Township 5 South; Range 1 West which is the point of beginning. A map illustrating the proposed boundaries of the District is attached hereto as Exhibit B.

THE IMPROVEMENTS

The improvements (the "Improvements") to be financed and their location within the District are as follows:

Culinary Water Tank	Located at approximately 600 West and 1600 South.
Reservoir	Located at approximately 850 West and 2300 South.

Line from reservoir to well	Running east and west from the reservoir location to the existing secondary water well located within the Jacobs Ranch, Plat G neighborhood park at approximately 265 West 2300 South.
Line from well to Redwood Rd.	Running east and west from the Jacobs Ranch, Plat G neighborhood park secondary well to Redwood Road. Located at approximately 2200-2300 South and running from 200 West to Redwood Road.
Line from reservoir to The Benches	Line running north from reservoir location to The Benches subdivision at approximately 850 to 950 West.
Filter Stations	These facilities are filtering devices that will be installed at both reservoirs and will be used to filter secondary water before it enters the piped system.
Improvements to the existing reservoir	The existing reservoir will have additional capacity created by adding earth material to the banks and increasing the size of the holding capacity.

ESTIMATED COST OF IMPROVEMENTS

The total cost of financing the Improvements in the District including overhead costs and the costs of funding a reserve fund, is estimated to be approximately \$8,200,000 of which the City will pay \$0, leaving a remainder of approximately \$8,200,000 which shall be paid by a special assessment to be levied against the property which may be affected or specifically benefited by such Improvements. The property owners' portion of the total estimated cost of the improvements may be financed during the construction period by the use of interim warrants, in which case the interest on said warrants will be assessed to the property owners. In lieu of utilizing a guaranty fund, the City Council intends to create a special reserve fund to secure payment of the special assessment bonds (the "Bonds") anticipated to be issued to finance the Improvements. The reserve fund will be initially funded with proceeds of the Bonds in an amount equal to approximately ten percent (10%) of the total principal amount of Bonds to be issued, plus amounts sufficient to pay capitalized interest on the Bonds for period not to exceed three years. The City Council anticipates applying any moneys remaining in the reserve fund to the final payment on the Bonds which, in turn, would offset the final assessment payments to be made by the owners of property benefited by such Improvements, all of which will be further described in the assessment ordinance to be adopted by the City Council. In addition, estimated costs of assessment include estimated overhead costs which the City projects to incur in the creation and administration of the District. The estimated cost of financing the Improvements will be assessed against the properties within the District as follows:

<u>Improvements</u>	<u>Estimated Assessment</u>	<u>Method of Assessment</u>
All above-described improvements	\$6,260	Per Developable Acre*

LEVY OF ASSESSMENTS

It is the intention of the City to levy assessments as provided by the laws of Utah and upon approval by the City Council of the City, on all parcels and lots of real property to be benefited by the Improvements within the District as described herein. The purpose of the assessment and levy is to pay those costs of financing of the Improvements which the City will not assume and pay. The method of assessment shall be by developable acre as provided above.

The assessments may be paid by property owners in not more than twenty (20) annual installments with interest on the unpaid balance at a rate or rates fixed by the City, or the whole or any part of the assessment may be paid without interest within fifteen (15) days after the ordinance levying the assessment becomes effective. The assessments shall be levied according to the benefits to be derived by each property within the District. Other payment provisions and enforcement remedies shall be in accordance with Title 17A, Chapter 3, Part 3, Utah Code Annotated 1953, as amended.

Copies of plans of the Improvements and other related information are on file in the office of the City Engineer who will make such information available to all interested persons.

TIME FOR FILING PROTESTS

Any person who is the owner of record of property to be assessed in the District described in this Notice of Intention shall have the right to file in writing a protest against the creation of the District or to make any other objections relating thereto. Protests shall describe or otherwise identify the property owned of record by the person or persons making the protest and shall indicate the total lots represented by said protest. Protests shall be filed with the City Recorder of the City, on or before 5:00 p.m. on July 25, 2005. Thereafter at 7:00 p.m. on July 26, 2005, the City Council of the City will meet in public meeting at the offices of the City to consider all protests so filed and hear all objections relating to the proposed District.

After such consideration and determination, the City Council shall adopt a resolution either abandoning the District or creating the District either as described in this Notice of Intention or with deletions and changes made as authorized by law; but the City Council shall abandon the District and not create the same if the necessary number of

* The City has estimated the total number of developable acres to be benefited by the Improvements. The actual number of developable acres may vary somewhat from the City's initial estimate.

protests as provided herein have been filed on or before the time specified in this Notice of Intention for the filing of protests after eliminating from such filed protests: (i) protests relating to property or relating to a type of improvement which has been deleted from the District and (ii) protests which have been withdrawn in writing prior to the conclusion of the hearing. The necessary number of protests shall mean the aggregate of the following: Protests representing one-half of the total developable acreage to be assessed.
