Building permits will be issued on condition that all improvements necessary to satisfy fire code requirements have been installed and that enough security is held in escrow to complete all required improvements for the subdivision, including any repairs or replacement after initial installation.

3. TIME FOR COMPLETION AND EXTENSION OF TIME. All of the said off-site improvements shall be fully installed and completed within two (2) years from the date of the recordation of the Final Plat. If not completed within two (2) years, the Developer may apply to the Planning Commission and the City Council for an extension of time of one year with additional one-year extensions after the first extension if the Planning Commission and City Council agree. Said extensions shall be subject to adequate security for the completion of said improvements being made by increasing the amount of the escrow account.

4. SECURITY FOR COMPLIANCE. As security for compliance by Developer with the ordinance, rules, regulations, requirements and standards of the city and of Developer's agreements herein stated, Developer will deliver to the City an acceptable Escrow Agreement, approved by the City Council and City Attorney, by the terms of which the Escrow Agent identified therein agrees to hold \$ 0 (which represents the cost of all required improvements as determined by the City Engineer plus 10% contingencies) in escrow for the use of the city in the event of Developer's failure or refusal to install, complete, construct, repair, or replace any off-site improvements in accordance with the provisions of this agreement, the escrow agreement and all City codes and ordinances. The 10% of above stated, shall constitute a guarantee that the said off-site improvements are installed in accordance with the subdivision standards of the City as to quality and serviceability and shall be held by the City for a period of one (1) year from the time the last improvement is "conditionally accepted" by the City or until one (1) year after the time the last improvements needing repair or placement is again accepted. At the end of the one year period the said 10% shall be returned to Developer provided the off-site improvements have proved to have been constructed or installed in accordance with the standards of the City as to quality and serviceability, otherwise, to be applied toward construction or installation of said improvements in accordance with City standards or the repair or replacing the same so as to bring them into conformity with City standards, Developer will pay the difference to the City on demand. The city shall not issue any building permits until the improvements needing repair, replacement, etc., are completed and again accepted.

5. APPLICABILITY OF ORDINANCE. This agreement does not supersede, but implements

the North Ogden City Subdivision Ordinance and all other ordinances and regulations applicable to the subdivision of land and construction of improvements thereon, and Developer agrees to comply in all respects with the provisions of said ordinances. No provision of this agreement shall limit the City in its rights or remedies under said subdivision ordinance or other applicable building ordinances.

6. SUCCESSORS ENFORCEMENT. The terms of this agreement shall be binding upon the parties hereon, their heirs, executors, administrators, assigns or any parties legally acquiring the parties interest through foreclosure, trust deed, sale, bankruptcy or otherwise. In the event either party must take legal action to enforce the terms of this agreement, the prevailing party shall have costs of court, including a reasonable attorney's fee.

7. NO REVISION OF REQUIREMENTS. Except as set forth herein, the terms of this agreement shall not be construed as amending or modifying any requirements of the ordinances of North Ogden City, or supersede or supplement any conditions of approval by the City Staff, Planning Commission, Engineer, or any other approving or advisory body which has already given approvals of the North Point Center Subdivision 5th Amendment. Developer is still required to comply with any conditions previously imposed by the Planning Commission.
