NO.

RECORDED AT REQUEST OF

Utah Power & Light Company

DATE *March 27, 1963* TIME *2:00 p.m.*

BOOK *47* OF *Recs.* PAGES *1-186*

By *E. M. Whitaker* Millard County Recorder

By _____ Deputy

TELLURIDE POWER COMPANY, GRANTOR

TO

UTAH POWER & LIGHT COMPANY, GRANTEE

Unregistered July 21

D-E-E-D

Dated as of March 15, 1963

U. S. Documentary Stamps are attached to an executed counterpart Deed now of record in the office of the Sevier County Recorder, in the amount of \$240.35.

D E E D

KNOW ALL MEN BY THESE PRESENTS: That TELLURIDE POWER COMPANY, a corporation organized and existing under the laws of the State of Delaware and qualified to do and doing business under the laws of the State of Utah, hereinafter sometimes referred to as "Grantor", also hereinafter sometimes referred to as "Company", pursuant to action duly taken by the stockholders and directors thereof, does hereby transfer, grant, bargain, sell, assign and convey all right, title, and interest now held or hereafter acquired unto UTAH POWER & LIGHT COMPANY, a corporation organized under the laws of the State of Maine, qualified to do and doing business in the State of Utah, with its office and principal place of business at Salt Lake City, Utah, hereinafter sometimes

5597

referred to as "Grantee", and being the owner of all of the issued and outstanding voting securities of said Telluride Power Company, and said Telluride Power Company being a wholly-owned subsidiary of said Utah Power & Light Company, in consideration of Ten Dollars (\$10.00) and other good and valuable consideration to it in hand paid, receipt of which is hereby acknowledged, including:

- (1) Assumption by Grantee of all of the liabilities, including claims for damages pending against Grantor;
- (2) forgiveness of all indebtedness owing by Grantor to Grantee;
- (3) contribution by Grantee to Grantor to enable Grantor to reacquire and retire all of its outstanding First Mortgage Bonds which Grantor will thereupon retire;
- (4) surrender by Grantee to Grantor for redemption of all issued and outstanding capital stock owned by Grantee; all and singular the following described property, to-wit:

ALL OF THE COMPANY'S PROPERTY, including all electric generating plants; all water appropriations and

water rights, reservoir, storage and flowage rights;
 all electric substations; all electric transmission lines,
 electric distribution lines and systems, and telephone
 lines; all lands of the Company upon which the same are
 situated; all automobiles and other vehicles; all mer-
 chandise equipment, stores, materials and supplies, tools,
 machines and machinery; all easements, licenses, rights of
 way, permits, municipal and other franchises, certifi-
 cates of convenience and necessity, privileges, consents
 and rights for or appertaining to the construction, main-
 tenance and operation of said property or any part there-
 of, through, in, over, under, across or upon any public
 street or highway, or the public lands of the United States
 or of any State, or other lands, public or private; all
 furniture, office equipment and supplies; all contracts,
 agreements, leases and the business of the Company; together
 with all other property of the Company, real, personal
 or mixed, forming a part thereof or in anywise appertain-
 ing thereto, including but not limited to the following
 described property:

5587

PARAGRAPH ONE

Electric Generating Plants

The Electric Generating Plants, Developments and Stations of the Company, including all dams, reservoirs, diversion works, pipe lines, tunnels, canals, flumes, power houses, buildings, boilers, generators, machinery, poles, wires and other equipment; and all lands of the Company upon which the same are situated; and all other property of the Company, real, personal or mixed, forming a part thereof or appertaining thereto; together with all of the Company's water appropriations and water rights, reservoirs, storage and flowage rights, licenses, easements, rights of way, permits, franchises, privileges, consents and rights for or relating to the construction, maintenance and operation thereof, including, but not limited to the following described property situated in the State of Utah:

1. Upper Beaver Hydroelectric Plant, consisting of dams, reservoirs, pipe lines and generating station, situated on Beaver River in Section 6, T. 29 S., R. 4 W., Sections 1, 17, 18, 19, 20, 30, 31, 32, T. 29 S., R. 5 W., Sections 2, 3, T. 30 S., R. 5 W., and Sections 13 and 24, T. 29 S., R. 6 W., S.L.M., near Beaver City, Beaver County, Utah.

b. Water Rights

(1) Certificate of Appropriation of Water No. 182 issued to the Beaver River Power Company July 14, 1915 by the State Engineer of Utah for 10 second feet of the flow of the South Fork of Beaver River with priority of May 16, 1907 and recorded in Book Water Certificate, page 28 in the records of the County Recorder of Beaver County.

(2) Certificate of Appropriation of Water No. 38 B issued to L. A. Hunt July 21, 1914 by the State Engineer of Utah for 40 second feet of the flow of Beaver River with priority of April 21, 1904 and recorded in Book B of Deeds, page 48 in the records of the County Recorder of Beaver County.

(3) Certificate of Appropriation of Water No. 167 issued to the Beaver River Power Company June 23, 1915 by the State Engineer of Utah for 0.2 of a second foot of the flow of a spring for cooling and culinary purposes with a priority of March 9, 1910 and recorded in Book Water Certificate, page 27 in the records of the County Recorder of Beaver County.

(4) Certificate of Appropriation of Water No. 1075 issued to the Telluride Power Company, Assignee, March 3, 1921 by the State Engineer of Utah for 10 second feet of

5597

the flow of Dry Hollow Creek of Beaver River with priority of July 14, 1917 and recorded in Book Water Certificate page 87 in the records of the County Recorder of Beaver County

Unregistered ImpX

(5) Certificate of Appropriation of Water No. 1077 issued to the Telluride Power Company, Assignee, March 3, 1921 by the State Engineer of Utah for 10 second feet of flow of the East Fork of Beaver River with priority of July 14, 1917 and recorded in Book Water Certificate page 89 in the records of the County Recorder of Beaver County.

2. Lower Beaver Hydroelectric Plant, consisting of dams, penstocks, pipe lines and generating station situated on Beaver River in Sections 22, 23, 24, 25, 26, and 27, T. 38 S., R. 6 W., S. 1. N., near Beaver City, Beaver County, Utah.

b. Water Rights

(1) Certificate of Appropriation of Water No. 1076, issued to the Telluride Power Company, Assignee, March 3, 1921 by the State Engineer of Utah for 17.7 second feet of the flow of Beaver River with priority of July 14, 1917 and recorded in Book Water Certificate page 88 in the records of the County Recorder of Beaver County

(2) Certificate of Appropriation of Water No. 2092 issued to the Telluride Power Company, August 16,

1932 by the State Engineer of Utah for 8 second feet of the flow of the South Fork of Beaver River with priority of November 3, 1928 and recorded in Book Water Certificate #1, page 127 in the records of the County Recorder of Beaver County.

3. Fountain Green Hydroelectric Plant, consisting of a dam, reservoir, pipe line and generating station, situated on Big Springs in Sections 1, 2, T. 14 S., R. 2 E., Sections 35 and 36, T. 13 S., R. 2 E., S.L.M., near Fountain Green, Sanpete County, Utah.

a. Lands

(1) Commencing at the southwest corner of Lot 5, in Section 36, T. 13 S., R. 2 E., S.L.M., according to the plat of said Section on record in the office of the County Recorder of Sanpete County, Utah, (the same being also the southeast corner of Lot 6, in said Section 36), thence East along the south line of said Section 36, 6.75 chains, thence North 3 rods, thence West 6.75 chains, more or less, to the west line of said Lot 5, (the same being also the east line of said Lot 6), thence along said west line N. 1° 45' W. 1 rod, thence West 1.50 chains, more or less, to a point N. 1° 45' W. 1 chain from a point 38.50 chains east of the southwest corner of said Section 36, thence South 1° 45' E. 1 chain to the

5597

south line of said Section 36, thence South 80 feet, thence East 1.50 chains, more or less, to a point 80 feet south of the point of beginning, thence North 80 feet to the point of beginning.

(2) Commencing 0.75 chains N. 1° 45' W. from the southwest corner Lot 5, Section 36, T. 13 S., R. 2 E., S.L.M., thence N. 1° 45' W. 9.23 chains, thence S. 37° 00' E. 12.50 chains, thence West 0.48 chains, thence North 3 rods, thence West 6.75 chains to point of beginning, containing 3.09 acres, more or less.

Also all lands, rights and other property acquired by the Big Springs Electric Company or its predecessors in interest by and under the following deeds recorded in the records of the County Recorder of Sanpete County, Utah, which are hereby referred to for more particular descriptions of said lands and rights:

(3) - Pipe Line Right of Way:

(a) Deed dated October 12, 1920, from Sarran and Sophus Augason, recorded September 3, 1927 in Book 80 of Deeds, page 32.

(b) Deed dated October 12, 1920, from Alfred and Maria Johnson, recorded September 3, 1927 in Book

80 of Deeds, page 34.

(c) Deed dated October 30, 1920 from Thomas H. and Annie E. Cook, recorded September 3, 1927 in Book 80 of Deeds, page 33.

(d) Deed dated November 6, 1920 from Benjamin F. and Laura M. Llewellyn, recorded September 3, 1927 in Book 80 of Deeds, page 37.

(e) Deed dated November 20, 1920, from Fountain Green Irrigation Company, recorded September 3, 1927 in Book 80 of Deeds, page 36.

(f) Deed dated April 15, 1922 from John E. and Mary A. Leslie, recorded September 3, 1927 in Book 80 of Deeds, page 35.

b. Water Rights:

(1) Decree dated November 30, 1936, granting to Big Springs Power Company 13 second feet of the flow of Big Springs.

(2) Certificate of Appropriation of Water No. 3024, issued to the Big Springs Electric Company January 13, 1933, by the State Engineer of Utah for 3 acre feet each 24 hours of the flow of Big Springs with priority of January 31, 1921 and recorded in Book A-23 of Water Transfer, page 278

11/10/36 (mz)

in the records of the County Recorder of Sanpete County.

4. Panguitch Hydroelectric Plant, situated near Panguitch, Garfield County, Utah.

b. Water Rights:

(1) Certificate of Appropriation of Water No. 850, issued to the Telluride Power Company, Assnace, May 12, 1919 by the State Engineer of Utah for 10 second feet of the flow of Panguitch Creek with priority of May 29, 1916 and recorded in Book 6 of Miscellaneous Records, page 545 in the records of the County Recorder of Garfield County.

Also all other electric generating plants, developments and stations of the Company, or parts thereof, and all lands owned by the Company acquired for or in connection with the same, and all other properties of the Company, real, personal or mixed, forming a part thereof, or appurtenant hereto, together with all of the Company's easements, licenses, rights of way, permits, privileges, franchises, consents and rights for or relating to the construction, maintenance and operation of the same.

PARAGRAPH TWO

Substations, Switchyards and Switchcracks

The Electric Substations, Switchyards and Switchcracks of The Company, including all buildings, motor generator sets, converters, switchboards, rectifiers and storage batteries, structures, towers, poles, underground structures, conduits, equipment, appliances and devices for transforming, converting and distributing electric energy; and all lands of the Company upon which the same are situated; and all other property of the Company, real, personal or mixed, forming a part thereof; or appertaining thereto; together with all of the Company's easements, licenses, rights of way, permits, municipal and other franchises, certificates of convenience and necessity, privileges, consents, and rights for or relating to the construction, maintenance and operation thereof, through, in, over, under, across or upon any public street or highway, or the public lands of the United States, or of any State, or other lands, public or private; including, but not limited to, the following described property:

1. Sevier 138 Kv Substation, consisting of substation structures, transformers and switches, situated near Sevier,

5597

Sevier County, Utah.

Lands:

(1) Beginning at a point 412.1 feet N. $0^{\circ} 56' 10''$ E. along section line from the southwest corner of Section 28, T. 25 S., R. 4 W., S.L.M., thence S. $88^{\circ} 11'$ E. 250 feet, thence N. $0^{\circ} 56' 10''$ E. 200 feet, thence N. $88^{\circ} 11'$ W. 250 feet to the west boundary line of Section 28, thence S. $0^{\circ} 56' 10''$ W. 200 feet along said section line to the place of beginning.

Also, a right-of-way for an access road 15 feet in width, being 7.5 feet on each side of a center line described as follows:

Beginning 265 feet N. $0^{\circ} 56' 10''$ E. along the section line from the southwest corner of said Section 28, thence N. $82^{\circ} 00'$ E. 28.5 feet, thence N. $54^{\circ} 28'$ E. 115 feet, thence N. $0^{\circ} 56' 10''$ E. 115 feet, more or less, to the south boundary line of the above-described tract of land.

2. Sigurd 138 Kv Substation, consisting of substation structures, transformers and switches, situated near Sigurd, Sevier County, Utah.

Lands:

(1) The NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 35, T. 22 S., R. 2 W., S.L.M., containing 40 acres, more or less.

3. American Sulphur (Sulphurdale) 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 7, T. 26 S., R. 6 W., S.L.M., near Gove Fort, Millard County, Utah.

4. Aurora 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Aurora, Sevier County, Utah.

a) Lands:

(1) Commencing 5.89 chains East and 3.23 chains South of the northeast corner of the southwest quarter of Section 4, T. 22 S., R. 6 W., S.L.M., thence East 88 feet to the southeast corner of said quarter section, thence South 88 feet along northwest right of way line of Highway U.S. 89, thence East 88 feet to beginning.

5. Aurora Switchrack, consisting of switchrack structures and switches, situated in Section 4, T. 22 S., R. 6 W., S.L.M., near Aurora, Sevier County, Utah.

6. Lower Beaver 46 Kv Substation, consisting of substation structures, transformers and switches, situated at the Company's Lower Beaver Generating Station, Section 27, T. 29 S., R. 6 W., S.L.M., Beaver County, Utah.

7. Upper Beaver 46 Kv Substation, consisting of substation structures, transformers and switches, situated at

the Company's Upper Beaver Generating Station in Section 19, T. 29 S., R. 6 W., S.L.M., Beaver County, Utah.

8. Brooklawn Creamery 46 Kv Substation, consisting of substation structures, transformers and switches, situated near Beaver, Beaver County, Utah.

a. Lands:

(1) Beginning 110.16 rods south and 45.45 rods west of the northeast corner of Section 20, T. 29 S., R. 7 W., S.L.M., thence West 99 feet, thence North 220 feet, thence East 99 feet, thence South 220 feet to the place of beginning, containing 0.50 of an acre, more or less.

9. Central-Annabella 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 22, T. 24 S., R. 3 W., S.L.M., near Central, Sevier County, Utah.

10. Civil Aeronautics (Vertac) 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 34, T. 17 S., R. 6 W., S.L.M., near Delta, Millard County, Utah.

11. Clear Creek 46 Kv Switchrack, consisting of switch rack structures and switches, situated in Section 19, T. 26 S., R. 4 W., S.L.M., near Sevier, Sevier County, Utah.

12. Delta City and Delta City Rural 46 Kv Substation,
 consisting of substation structures, transformers and switches,
 situated in Delta, Millard County, Utah.

a. Lands:

(1) Beginning at the northeast corner of
 Lot 1, Block 52, plat "A", Delta Townsite, thence running
 South 60 feet, thence West 247.5 feet, thence North 60
 feet, thence East 247.5 feet to the place of beginning.

(2) Beginning at the northwest corner of
 Lot 2, Block 52, Plat "A", Delta Townsite, thence South 125
 feet along the west boundary line of said Lot 2, thence
 East 247.5 ~~feet to the~~ ^{feet to the} boundary line of said Lot 2,
 thence North 125 feet along said east boundary line to the
 northeast corner of said Lot 2, thence West 247.5 feet along
 the north boundary line of said Lot 2 to the point of begin-
 ning, containing 0.71 of an acre, more or less.

13. Elsinore 46 kv Substation, consisting of substation
 structures, transformers and switches, situated in Elsinore,
 Sevier County, Utah:

a. Lands:

(1) Beginning at a point 8.40 chains South
 and 18 chains west of the northeast corner of Section 32,

5597

T. 24 S., R. 3 W., S.L.M., said point being north of and adjoining the right of way of the Denver and Rio Grande Railroad Company and west of the Mill Tail Ditch, adjoining the same; thence S. $58^{\circ} 54'$ W. 58 feet, thence North 100 feet, thence N. $58^{\circ} 54'$ E. 58 feet, thence South 100 feet to the place of beginning, containing 0.11 acres.

14. Ephraim 46 Kv Switchrack, consisting of switch-rack structures and switches, situated in Section 2, T.

17 S., R. 2 E., S.L.M., near Ephraim, Sanpete County, Utah.

15. Fayette 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 30, T. 18 S., R. 1 E., S.L.M., Fayette, Sanpete County, Utah.

16. Fillmore 46 Kv Switchrack, consisting of switch-rack structures and switches, situated near Fillmore, Millard County, Utah.

a. Lands

(1) Commencing at a monument which is established as the center of the southwest quarter of Section 28, T. 21 S., R. 4 W., S.L.M., thence East 195 feet thence South 100 feet, thence West 195 feet, thence North 100 feet to beginning.

17. Fool Creek Irrigation Company 46 Kv Switchrack,

consisting of switchrack structures and switches, situated in Section 11, T. 15 S., R. 4 W., S.L.M., near Leanington, Millard County, Utah.

18. Fountain Green 46 Kv Substation, consisting of substation structures, transformers and switches, situated at the Company's Fountain Green Generating Station in Sanpete County, Utah.

19. Gunnison 46 Kv Substation and Office Site, consisting of substation structures, transformers, switches and office building, situated in Gunnison, Sanpete County, Utah.

a. Lands:

(1) Beginning at a point N. 1° 00' E. 3.30 chains and West 9.10 chains from the southeast corner of Section 17, T. 19 S., R. 1 E., S.L.M., thence West 3.00 chains, thence N. 1° 00' E. 1.51 chains, thence East 3.00 chains, thence S. 1° 00' W. 1.51 chains to the point of beginning, containing 0.45 of an acre, more or less.

20. Gunnison Sugar Co. 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 32, T. 19 S., R. 1 E., S.L.M., near Centerfield, Sanpete County, Utah.

21. Harps 46 Kv Substation, consisting of substation

5597

structures, transformers and switches, situated in Section
34, T. 25 S., R. 4 W., S.L.M., near Sevier, Sevier County,
Utah.

22. Halden 46 Kv Substation, consisting of substation
structures, transformers and switches, situated in Section
7, T. 20 S., R. 4 W., S.L.M., near Halden, Millard County,
Utah.

23. Juab 46 Kv Substation, consisting of substation
structures, transformers and switches, situated in Section
8, T. 19 S., R. 1 W., S.L.M., near Juab, Juab County, Utah.

24. Junction 46 Kv Substation, consisting of substation
structures, transformers and switches, situated in Junction,
Plute County, Utah.

a. Lands:

(1) Beginning 31 rods east of the southwest
corner of the southeast quarter of the southwest quarter of
Section 32, T. 29 S., R. 1 W., S.L.M., thence North 222.75
feet, thence East 30 feet, thence southeasterly along Beaver
Junction road 279 feet, thence West 190 feet to place of be-
ginning.

25. Levan 46 Kv Switchrack, consisting of switchrack
structures and switches, situated in Section 31, T. 14 S.,

20

5597

S.L.M., Levan, Juab County, Utah,

Lynn 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 14, T. 15 S., R. 5 W., S.L.M., Lynn, Juab County, Utah.

27. Manti 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 9, T. 18 S., R. 2 E., S.L.M., near Manti, Sanpete County, Utah.

28. Marysvale 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 20, T. 27 S., R. 3 W., S.L.M., in Marysvale, Piute County, Utah.

29. McCornick 46 Kv Substation, consisting of substation structures, transformers and switches, situated near Holden, Millard County, Utah.

a. Land:

(1) Beginning at a point 66 feet north of the southwest corner of Section 27, T. 18 S., R. 5 W., S.L.M., thence North 100 feet, thence East 100 feet, thence South 100 feet, thence West along the north side of the County road to the place of beginning, containing approximately 0.23 of an acre.

5597

30. Meldrum Ranch 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 25, T. 15 S., R. 1 W., S.L.M., near Levan, Utah County, Utah.

31. Metal Products 46 Kv Switchrack, consisting of switchrack structures and switches situated in Section 3, T. 28 S., R. 11 W., S.L.M., near Milford, Beaver County, Utah.

32. Milford 46 Kv Substation, consisting of substation structures, transformers and switches situated in Milford, Beaver County, Utah. ^{Unregistered land!}

Lands:

(1) Beginning 1050 feet south and 520 feet east of the center of Section 7, T. 28 S., R. 10 W., S.L.M., thence East 360 feet, thence South 200 feet, thence West 360 feet, thence North 200 feet to the place of beginning, containing 1.65 acres.

(2) Beginning at a point 1050 feet south and 880 feet east, of the center of Section 7, T. 28 S., R. 10 W., S.L.M., thence East 100 feet, thence South 200 feet, thence West 100 feet, thence North 200 feet to the place of beginning, containing 0.45 acres, more or less.

33. Mills 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 25 T. 15 S., R. 13 W., S.L.M., near Mills, Juab County, Utah.

34. Mineral Products 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 18, T. 28 S., R. 4 W., S.L.M., near Marysvale, Piute County, Utah.

35. Minersville 46 Kv Substation, consisting of substation structures, transformers and switches, situated near Minersville, ^{Disincorporated into} Beaver County, Utah.

a. Lands:

(1) - Commencing 505 feet south and 926 feet east, from the northwest corner of the NE $\frac{1}{4}$ of Section 12, T. 30 S., R. 10 W., S.L.M., thence South 83 feet, thence East 100 feet, thence North 83 feet, thence West 100 feet to the place of beginning.

36. Monroe 46 Kv Switchrack, consisting of switchrack structures and switches, situated near Monroe, Sevier County, Utah.

a. Lands:

(1) - Commencing 14.9 chains east and 5.24 chains south of the center of Section 28, T. 24 S., R. 3

5597

W. S.L.N., thence West 68 feet, thence South 56 feet along railroad right-of-way, thence N. 58° 54' E. 108 feet to point of beginning, containing 1904 square feet.

37. New Moroni 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Moroni, Sanpete County, Utah.

a. Lands:

(1) Beginning at the southeast corner of ~~Block 2, Block 2~~ Parcel 2, Plat "A", Moroni City Survey, thence North 13 rods, thence West 11 rods, thence West of South to a point 57 feet north from the southwest corner of said lot 2, thence South 57 feet, thence East 13 rods to the place of beginning.

38. Old Moroni 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Moroni, Sanpete County, Utah.

a. Lands:

(1) Beginning 1.35 chains north of the southeast corner of Parcel 31, Plat "A", Moroni City Survey, thence West 15 feet, thence North 20 feet, thence East 15 feet, thence South 20 feet to the place of beginning.

(2) Beginning 2.94 chains north of the

southeast corner of Parcel 31, Plat "A", Moroni City Survey, thence West 40 feet, thence South 85 feet, thence East 40 feet, thence North 85 feet to the place of beginning, containing 0.078 acre.

39. Moroni City Tap 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 36, T. 14 S., R. 2 E., Section 1, T. 15 S., R. 2 E., Section 6 T. 15 S., R. 3 E., S.L.M., near Moroni, Sanpete County, Utah.

40. Moroni Feed Company 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 24, T. 15 S., R. 2 E., S.L.M., near Moroni, Sanpete County, Utah.

41. M. Pleasant 46 Kv Switchrack, consisting of Switchrack structures and switches, situated in Section 4, T. 15 S., R. 3 E., S.L.M., near Moroni, Sanpete County, Utah.

42. Nephi Irrigation 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 7, T. 13 S., R. 3 E., S.L.M., near Nephi, Juab County, Utah.

43. North Beaver 46 Kv Substation, consisting of substation structures, transformers and switches, situated near Beaver, Beaver County, Utah.

5597

a. Lands:

(1) Beginning N. 89° 07' W. 637 feet from the southeast corner of the NE $\frac{1}{4}$ of Section 16, T. 29 S., R. 7 W., S.L.M., thence N. 0° 57' W. 51.83 feet, thence S. 79° 35' W. 45.33 feet, thence S. 46° 12' E. 63 feet to point of beginning.

44. North Holden 46 Kv Substation, consisting of substation structures, transformers, and switches, situated near Holden, ^{Unregistered land} Millard County, Utah.

a. Lands:

(1) Beginning at a point S. 26° 10' E. 3025 feet from the northwest corner of Section 31, T. 19 S., R. 4 W., S.L.M., such point being on the south bank of the canal right of way approximately 75 feet south of the northeast corner of Lot 3 in said Section 31, thence South 100 feet, thence West 70 feet, thence North 100 feet, thence East 70 feet to the point of beginning, containing 0.16 acres, more or less.

45. Oak City Irrigation 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 31, T. 16 S., R. 7 W., S.L.M. near Oak City, Millard County, Utah.

46. Panguitch 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Panguitch, Garfield County, Utah.

a. Lands:

(1) The east 7 rods of the north 7 rods and 12 feet of Lot 2, Block 20, Panguitch Town Survey, containing 14,726.25 square feet, more or less.

47. Panguitch 46 Kv Switchrack, consisting of switchrack structures and switches, situated near Panguitch, Garfield County, Utah.

a. Lands:

(1) Beginning 270 feet east, from the southwest corner of the NW $\frac{1}{4}$ of Section 29, T. 34 S., R. 5 W., S.L.M., thence North 150 feet, thence East 290 feet, thence South 150 feet, thence West 290 feet to beginning.

48. Quo Vadis 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 7, T. 17 S., R. 6 W., S.L.M., Delta, Millard County, Utah.

49. Richfield 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Richfield, Sevier County, Utah.

a. Lands:

Unregistered land

1597

(1) All of the W $\frac{1}{2}$ of Lot 2, Block 6, Plat "C", Richfield Townsite Survey, containing 0.53 of an acre in Section 25, T. 23 S., R. 3 W., S.L.M.

(2) Beginning at the southwest corner of Lot 3, Block 6, Plat "C", Richfield City Survey, thence North 56.5 feet, thence East 53.62 feet, thence South 5.75 feet, thence East 93.63 feet, thence South 50.75 feet, thence West 107.25 feet to beginning.

(3) Commencing 143.5 feet east of the southwest corner of Lot 2, Block 6, Plat "C", Richfield City Survey, thence East 71 feet, thence North 90 feet, thence West 71 feet, thence South 90 feet to the point of beginning.

Unregistered existing rights of way or other easements affecting the same.

(4) Beginning at a point 143.5 feet east of the southeast corner of Lot 2, Block 6, Plat "C", Richfield City Survey, thence North 90 feet, thence East 71 feet, thence North 24.5 feet, thence West 107.25 feet, thence South 214.5 feet, thence East 36.25 feet to beginning, containing 0.38 of an acre.

(5) Commencing at the northwest corner of Lot 4, Block 6, Plat "C", Richfield City Survey, thence

South 214.5 feet, thence East 71.5 feet, thence North 214.5 feet, thence West 71.5 feet to beginning.

50. Salina 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Salina, Sevier County, Utah.

a. Lands:

(1) Beginning 19.35 chains south and 7.36 chains west of the northeast corner of Section 26, T. 21, S., R. 1 W., S.L.M., thence West 0.90 chains, thence South 0.50 chains, thence East 0.90 chains, thence North 0.50 chains to beginning, containing 0.045 of an acre.

51. Scipio 46 Kv Substation, consisting of substation structures, transformers and switches, situated near Scipio, Millard County, Utah.

a. Lands:

(1) ^{Unregistered Tract} Commencing at a point 3226 feet north and 1695 feet west, of the southeast corner of Section 24, T. 18 S., R. 3 W., S.L.M., thence N. $48^{\circ} 47'$ E. 10 feet, thence N. $45^{\circ} 51'$ W. 103 feet, thence S. $20^{\circ} 23'$ W. 136 feet, thence S. $27^{\circ} 53'$ E. 39 feet, thence N. $48^{\circ} 47'$ E. 127 feet to beginning, containing 0.207 acres.

52. South Milford Irrigation 46 Kv Substation, consist

5597

ing of substation structures, transformers and switches, situated in Section 18, T. 29 S., R. 10 W., S.L.M., near Meersville, Beaver County, Utah.

53. Spring City 46 Kv Substation, consisting of substation structures, transformers and switches, situated in Section 31, T. 15 S., R. 3 E., S.L.M., Spring City, Sanpete County, Utah.

54. Sulphurdale 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 7, T. 26 S., R. 6 W., S.L.M., near Sulphurdale, Beaver County, Utah.

55. Thermold 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 32, T. 12 S., R. 1 E., S.L.M., near Nephi, Juab County, Utah.

56. Vanadium Corp. 46 Kv Switchrack, consisting of switchrack structures and switches, situated in Section 6, T. 27 S., R. 4 W., S.L.M. near Marysvale, Piute County, Utah.

57. West Ephraim Irrigation 46 Kv Substation, consisting of substation structures, transformers and switches situated in Section 36, T. 16 S., R. 2 E., S.L.M., near Ephraim, Sanpete County, Utah.

58. Winkleman 46 Kv Substation, consisting of substation structures, transformers, and switches, situated

in Section 29, T. 26 S., R. 4 W., S.L.M., near Marysville,
Piute County, Utah.

Also all other electric substations, switchyards and
switchracks owned by the Company, and all lands of the
Company upon which the same are situated, and all other
property of the Company, real, personal or mixed, forming
a part thereof, or appertaining thereto, together with
all of the Company's easements, licenses, rights of way,
permits, municipal and other franchises, privileges, con-
sents and rights for or relating to the construction,
maintenance and operation thereof, through, in, over, under,
across or upon any public streets or highways or the public
lands of the United States, or of any state or other lands
public or private.

PARAGRAPH THREE

Transmission Lines

The Electric Transmission Lines of the Company, includ-
ing all towers, poles, pole lines, transformers, wires,
switchracks, insulators and other appliances and equipment
and all lands of the Company upon which the same are situated;

5597

and all other property of the Company, real, personal or mixed, forming a part thereof, or appertaining thereto, together with all of the Company's easements, licenses, rights of way, permits, municipal and other franchises, privileges, consents, and rights for or relating to the construction, maintenance and operation thereof, through, in, over, under, across, or upon any public streets or highways, or the public lands of the United States, or of any State or other lands, public or private, including, but not limited to, the following property situated in the State of Utah:

1. Mona-Nephi Transmission Line, a 138 kv. single circuit double wood pole type transmission line in Juab County, Utah, extending from Utah Power & Light Company's Mona Switchrack in a southerly direction to point of connection with Utah Power & Light Company's Nephi-Sigurd 230/138 kv transmission line.

2. Sigurd-Cedar City Transmission line, Sigurd-Sevier Section, a 138 kv, single circuit, double wood pole type transmission line in Juab County, Utah, extending from the Company's Sigurd Substation in a southeasterly direction to point of connection with the Company's Sigurd-

Cedar City 138 Kv Line, Sevier-Beaver Section near the Sevier 138 Kv Substation.

3. Sigurd-Cedar City Transmission Line, Sevier-Beaver Section, a 138 kv, single circuit, double wood pole type transmission line in Sevier, Millard and Beaver Counties, Utah, extending from the Company's Sevier Substation in a westerly and southerly direction to point of connection with California-Pacific Utilities Company.

4. Mona-Thermoid No. 1 Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Juab County, Utah, extending from the Utah Power & Light Company's Mona Switchrack in a southerly direction to the Company's Thermoid Switchrack.

5. Mona-Thermoid No. 2 Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Juab County, Utah, extending from the Utah Power & Light Company's Mona Switchrack in a southerly direction to the Company's Thermoid Switchrack.

6. Thermoid-Gunnison No. 1 Transmission Line, a 46 kv single circuit, single wood pole type transmission line in Juab and Sanpete Counties, Utah, extending from the Company's Thermoid Switchrack in an easterly and southerly

5557

direction to the Company's Gunnison Substation.

Unregistered ⁷ Mt. Pleasant City Tap, a 46 kv, single circuit, single wood pole type transmission line in Sanpete County, Utah, extending from a point in the Company's ~~Thompson~~ Gunnison No. 1 Transmission Line in an easterly direction to Mt. Pleasant City's Substation.

8. Moroni City Tap, a 46 kv, single circuit, single wood pole type transmission line in Sanpete County, Utah, extending from a point in the Company's Mt. Pleasant City Tap in a southerly direction to the Company's Moroni Substation.

9. Moroni Processing Company Tap, a 46 kv, single circuit, single wood pole type transmission line in Sanpete County, Utah, extending from the Company's Moroni City Tap in a southerly direction to the Customer's Substation.

10. Spring City Tap, a 46 kv, single circuit, single wood pole type transmission line in Sanpete County, Utah, extending from a point in the Company's Mt. Pleasant City Tap in a southerly direction to the Company's Spring City Substation.

11. Moroni Feed Company Tap No. 1, a 46 kv single

circuit, single wood pole type transmission line in Sanpete County, Utah, extending from a point in the Company's Thermoid-Gunnison No. 1 Transmission Line in an easterly direction to the Customer's Substation.

12. Moroni Feed Company Tap No. 2, a 46 kv, single circuit, single wood pole type transmission line in Sanpete County, Utah, extending from a point in the Company's Moroni Feed Company Tap No. 1 in a northerly direction to the Company's Moroni Processing Company Tap.

13. Ephraim City Tap, a 46 kv, single circuit, single wood pole type transmission line in Sanpete County, Utah, extending from a point in the Company's Thermoid-Gunnison No. 1 Transmission Line in an easterly direction to Ephraim City's Substation.

14. Manti City Tap, a 46 kv, single circuit, single wood pole type transmission line in Sanpete County, Utah, extending from a point in the Company's Thermoid-Gunnison No. 1 Transmission Line in an easterly direction to Manti City's Substation.

15. Thermoid-Gunnison No. 2 Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Juab and Sanpete Counties, Utah, extending from the

5597

the Company's Thermoid Switchrack in a southerly direction to the Company's Conison Substation.

16. Thermoid-Scipio Transmission Line, a 46 kv. single circuit, single wood pole type transmission line in Juab and Millard Counties, Utah, extending from the Company's Thermoid Switchrack in a southerly direction to the Company's Scipio Substation.

17. Scipio-McCormick Transmission Line, a 46 kv. single circuit, single wood pole type transmission line in Millard County, Utah, extending from the Company's Scipio Substation in a westerly direction to the Company's McCormick Substation.

18. Thermoid-Delta Transmission Line, a 46 kv. single circuit, single wood pole type transmission line in Juab and Millard Counties, Utah, extending from the Company's Thermoid Switchrack in a southwesterly direction to the Company's Delta Substation.

19. Utah Poultry Tap, a 46 kv. single circuit, single wood pole type transmission line in Millard County, Utah, extending from the Company's Thermoid-Delta Transmission Line in a northwesterly direction to the Customer's Substation. Unregistered 100/21

20. Fool Creek-Oak City Transmission Line, a 46 kv. single circuit, single wood pole type transmission line in

Millard County, Utah, extending from the Pool Creek Irrigation Company's 46 kv Transmission Line in a southerly direction to Oak City's Substation.

21. Fillmore-Delta Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Millard County, Utah, extending from the Company's Richfield-Fillmore Transmission Line in a northwesterly direction to the Company's Delta Substation.

22. Richfield-Fillmore Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Sevier and Millard Counties, Utah, extending from the Company's Richfield Substation in a northwesterly direction to the Company's Fillmore-Delta Transmission Line.

23. Flowell Substation Tap, a 46 kv, single circuit, single wood pole type transmission line in Millard County, Utah, extending from a point in the Company's Richfield-Fillmore Transmission Line in a southwesterly direction to the Flowell R.E.A.'s Substation.

24. Richfield-Scipio Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Sevier and Millard Counties, Utah, extending from the Company's Richfield Substation in a northerly direction

5587

to the Company's Scipio Substation.

25. Sigurd Substation Loop, a 46 kv. single and double circuit, single wood pole type transmission line in Sevier County, Utah, extending from the Company's Richfield-Scipio Transmission Line in an easterly direction to the Company's Sigurd Substation.

26. Richfield-Gunnison No. 1 Transmission Line, a 46 kv. single circuit, single wood pole type transmission line in Sevier and Sanpete Counties, Utah, extending from the Company's Richfield Substation in a northerly direction to the Company's Gunnison Substation.

27. Sigurd Substation Loop, a 46 kv. single and double circuit, single wood pole type transmission line in Sevier County, Utah, extending from a point in the Company's Richfield-Gunnison No. 1 Transmission Line in a westerly direction to the Company's Sigurd Substation.

28. Richfield-Gunnison No. 2 Transmission Line, a 46 kv. single circuit, single wood pole type transmission line in Sevier and Sanpete Counties, Utah, extending from the Company's Richfield Substation in a northerly direction to the Company's Gunnison Substation.

29. Sigurd Substation Loop, a 46 kv. single and

Unregistered ~~4944~~ circuit, single wood pole type transmission line in Sevier County, Utah, extending from a point in the Company's Richfield-Gunnison No. 2 Transmission Line in a westerly direction to the Company's Sigurd Substation.

30. Richfield-Sevier No. 1 Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Sevier County, Utah, extending from the Company's Richfield Substation in a southwesterly direction to the Company's Sevier Substation.

31. Monroe City Tap, a 46 kv, single circuit, single wood pole type transmission line in Sevier County, Utah, extending from the Company's Monroe Switchrack in a southerly direction to Monroe City's Substation.

32. Richfield-Sevier No. 2 Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Sevier County, Utah, extending from the Company's Richfield Substation in a southwesterly direction to the Company's Sevier Substation.

33. Sevier-Mineral Products Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Sevier and Piute Counties, Utah, extending from the Company's Sevier Substation in a southerly direction to the

5597

Company's Mineral Products Switchrack.

34. Vanadium Corporation Tap, a 46 kv. single circuit, single wood pole type transmission line in Piute County, Utah, extending from a point in the Company's Sevier-Mineral Products Transmission Line in an easterly direction to the Customer's Substation.

35. Calunite Corporation Tap, a 46 kv. single circuit, single wood pole type transmission line in Piute County, Utah, extending from a point in the Company's Sevier-Mineral Products Transmission Line in an easterly direction to the Customer's Substation.

36. Mineral Products-Junction Transmission Line, a 46 kv. single circuit, single wood pole type transmission line in Piute County, Utah, extending from the Company's Mineral Products Switchrack in a southerly direction to the Company's Junction Substation.

37. Junction-Panguitch Transmission Line, a 46 kv. single circuit, single wood pole type transmission line in Piute and Garfield Counties, Utah, extending from the Company's Junction Substation in a southerly direction to the Company's Panguitch Substation.

38. C.P.I. Sawmill Tap, a 46 kv. single circuit, single

wood pole type transmission line in Garfield County, Utah, extending from the Company's Panguitch Switchrack in a southerly direction to the Customer's Substation.

39. ~~Sevier-Beaver Switchrack Transmission Line~~, a 46 kv, single circuit, single wood pole type transmission line in Sevier, Piute and Beaver Counties, Utah, extending from the Company's Sevier Substation in a southwesterly direction to the Company's Beaver Switchrack.

40. ~~Harps Substation Tap~~, a 46 kv, single circuit, single wood pole type transmission line in Sevier County, Utah, extending from a point in the Company's Sevier-Beaver Switchrack Transmission Line in a northerly direction to the Company's Harps Substation.

41. ~~Lower Beaver Station - Beaver Switchrack Transmission Line~~, a 46 kv, single circuit, single wood pole type transmission line in Beaver County, Utah, extending from the Company's Lower Beaver Generating Station in a westerly direction to the Company's Beaver Switchrack.

42. ~~Lower Beaver Station - California-Pacific Utilities Company Transmission Line~~, a 46 kv, single circuit, single wood pole type transmission line in Beaver and Iron Counties, Utah, extending from the Company's Lower Beaver

5597

Generating Station in a southwesterly direction to point of connection with California-Pacific Utilities Company.

43. Upper Beaver Station-Milford Transmission Line.

a 46 kv. single circuit, single wood pole type transmission line in Beaver County, Utah, extending from the Company's Upper Beaver Generating Station in a westerly direction to the Company's Milford Substation.

44. Beaver City Tap. a 46 kv. single circuit, single

wood pole type transmission line in Beaver County, Utah,

extending from a point in the Company's Upper Beaver Station-Milford Transmission Line in a southerly direction to Beaver City's Substation.

45. North Beaver Substation Tap. a 46 kv. single circuit, single wood pole type transmission line in Beaver

County, Utah, extending from a point in the Company's Upper

Beaver Station-Milford Transmission Line in a northerly direction to the Company's North Beaver Substation.

46. Brooklawn Creamery Company Tap. a 46 kv. single

circuit, single wood pole type transmission line in Beaver

County, Utah, extending from a point in the Company's

Upper Beaver Station-Milford Transmission Line in a southerly direction to the Company's Brooklawn Substation.

47. Sevier-Sulphurdale Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Sevier and Beaver Counties, Utah, extending from a point in the Company's Sevier-Beaver Switchrack Transmission Line in a northwesterly direction to the Company's Sulphurdale Substation.

48. American Sulphur Company Tap, a 46 kv, single circuit, single wood pole type transmission line in Beaver County, Utah, extending from the Company's Sulphurdale Substation in a northerly direction to the Customer's Substation.

49. Sulphurdale-Milford Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Beaver County, Utah, extending from the Company's Sulphurdale Substation in a southwesterly direction to the Company's Milford Substation.

50. Milford-Minersville Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Beaver County, Utah, extending from the Company's Milford Substation in a southerly and southeasterly direction to the Company's Minersville Substation.

51. Milford-Frisco Transmission Line, a 46 kv, single circuit, single wood pole type transmission line in Beaver

County, and extending from the Company's Mill Pond

to a point by a westerly direction to the old Mill Pond

at a point by a westerly direction to the old Mill Pond

at a point by a westerly direction to the old Mill Pond

upon which the same are situated; and all other properties
of the Company, real, personal or mixed, forming a part
thereof, or appertaining thereto, together with all of the
Company's easements, licenses, rights of way, permits,
privileges, franchises, consents and rights for or relat-
ing to the construction, maintenance and operation thereof,
through, in, over, under, across or upon any public streets
or highways, or the public lands of the United States, or
of any State, or other lands, public or private.

PARAGRAPH FOUR

Distribution Lines and Systems

The Electric Distribution Lines and Systems of the
Company, including all towers, poles, pole lines, wires,
switchbacks, transformers, insulators, underground con-
duits and ducts, meters and appurtenances, appliances,
devices and equipment, and all lands of the Company upon
which the same are situated; and all other property of
the Company, real, personal or mixed, forming a part there-
of, or appertaining thereto, together with all of the
Company's easements, licenses, rights of way, permits,

5597

municipal and other franchises, privileges, consents, and rights for or relating to the construction, maintenance and operation thereof, through, in, over, under, across or upon any public streets or highways or the public lands of the United States, or of any State, or other lands public or private, including all of the Company's right, title and interest in and to:

The electric distribution lines and systems of the Company as constructed and equipped in or near the communities, villages, towns, cities and counties enumerated in paragraph eight of this Deed.

Also all extensions, branches and taps of said distribution lines and systems; and all other distribution lines and systems of the Company; and all lands owned by the Company upon which the same are situated; and all other property of the Company, real, personal or mixed, forming a part thereof, or appertaining thereto; together with all of the Company's easements, licenses, rights of way, permits, privileges, franchises, consents, and rights for or relating to the construction, maintenance and oper-

or private, including all of the Company's right, title and interest in and to:

The telephone lines of the Company as constructed and equipped in or near the communities, villages, towns, cities and counties enumerated in paragraph eight of this Deed.

Also all extensions, branches and taps of said telephone lines or any of them; and all other telephone lines of the Company; and all lands owned by the Company upon which the same are situated; and all other properties of the Company, real, personal or mixed, forming a part thereof, or appertaining thereto, together with all of the Company's easements, licenses, rights of way, permits, privileges, franchises, consents and rights for or relating to the construction, maintenance and operation thereof, through, in, over, under, across or upon any public streets or highways, or the public lands of the United States, or of any State, or other lands, public or private.

PARAGRAPH SIX

Federal Licenses and Rights of Way

The licenses, permits, rights of way and grants, issued, granted or made to the Company or its predecessors in interest, by the United States of America or the Departments thereof, which authorize or permit the Company to construct, maintain and operate on lands of the United States, dams, reservoirs, diversion works, pipe lines, tunnels, canals, flumes, power houses, electric generating plants, buildings, towers, poles, power lines, substations, switchracks, and other property forming a part thereof or appertaining thereto, including all of the Company's right, title, and interest in and to the following Licenses and Permits which cover the use and occupancy of certain lands of the United States used in connection with the Company's plants and lines as indicated:

ELECTRIC GENERATING PLANTS

1. Federal Power Commission License Project 814-Utah,
Upper and Lower Beaver Plants, issued September 1, 1929,
expires September 1, 1979.

TRANSMISSION, DISTRIBUTION AND TELEPHONE LINES

2. Federal Power Commission License Project 994-Utah,

Transmission Lines, issued September 1, 1929, expires
September 1, 1979. This license covers Company trans-
mission lines as follows:

Thermoid-Delta 46-Kv Line
Richfield-Fillmore 46 Kv Line
Saylor-Sulphurdale 46 Kv Line
Upper Beaver Station-Mineral Products
46 Kv Line
Sevier-Beaver Switchrack 46 Kv Line
Upper Beaver Station-Milford 46 Kv Line
Lower Beaver Station-Beaver Switchrack
46 Kv Line
Lower Beaver Station-California-Pacific
Utilities Company connection 46 Kv Line
Milford-Frisco 46 Kv Line
Prosper 46 Kv Tap Line
Harrington 46 Kv Tap Line

3. Miscellaneous Transmission Lines, Department of
the Interior Grant, Serial No. Utah-033540, issued January
13, 1960, expires January 12, 2010, includes the following
transmission lines:

Thermoid-Scipio 46 Kv Line
Thermoid-Garrison No. 2 46 Kv Line
Richfield-Scipio 46 Kv Line
Scipio-McCormick 46 Kv Line
Oak City 46 Kv Line
Sulphurdale-Milford 46 Kv Line
Milford-Minersville 46 Kv Line
Mineral Products-Panguitch 46 Kv Line
Circleville 5 Kv Line

4. Yuba 7.2 Kv Line, Department of the Interior
Grant, Serial No. Utah-037966, issued November 16, 1959,
expires November 15, 2009.

5. Sigurd-Cedar City 138 Kv Line, Sevier-Beaver
Section, Department of the Interior Grant, Serial No.
Utah-039734, issued June 16, 1960, expires June 15, 2010.
6. Sigurd Substation, Richfield-Scipio 46 Kv Loop,
Department of the Interior Grant, Serial No. Utah-041305,
issued August 25, 1960, expires August 24, 2010.
7. Meadow-Cricket Mountain 7.2 Kv Line, Department
of the Interior Grant, Serial No. Utah-046158, issued March
10, 1961, expires March 9, 2011.
8. Four Companies Pump 12.5 Kv Line, Department of
the Interior Grant, Serial No. Utah-054024, issued October
3, 1960, expires October 2, 2010.
9. Panguitch-Lake 12.5 Kv Line, Department of the
Interior Grant Serial No. Utah-049504, issued November 9,
1960, expires November 8, 2010.
10. A. T. & T. Company Scipio Microwave Station 7.2
Kv Line, Department of the Interior Grant, Serial No.
Utah-048046, issued March 17, 1961, expires March 16, 2011.
11. Four Companies Pump No. 2 12.5 Kv Line, Department
of the Interior Grant, Serial No. Utah-067338, issued June
16, 1961, expires June 15, 2011.
12. A. T. & T. Company Milford Microwave Station 7.2

5597

Kv Line, Department of the Interior Grant, Serial No. Utah-0480452, Issued March 19, 1962, expires March 18, 2012.

13. Dload Nielson 12.5 Kv Tap Line, Department of the Interior Grant, Serial No. Utah-073035, Issued March 21, 1962, expires March 20, 2012.

14. FAA Milford Repeater Station No. 3, 7.2 Kv Line, Department of the Interior Grant, Serial No. Utah-073132, Issued April 10, 1962, expires April 9, 2012.

15. FAA Black Rock Repeater Station No. 4, 7.2 Kv Line, Department of the Interior Grant, Serial No. Utah-073133, Issued April 10, 1962, expires April 9, 2012.

16. FAA Scipio Repeater Station No. 6, 7.2 Kv Line, Department of the Interior Grant, Serial No. Utah-073134, Issued April 10, 1962, expires April 9, 2012.

Unregistered land

17. Scipio, Millard County TV Transmitter 7.2 Kv Line, Department of the Interior Grant, Serial No. Utah-092143, Issued August 13, 1962, expires August 12, 2012.

18. The following lines included by application to the Department of the Interior, Bureau of Land Management.

Geotechnical Corporation 7.2 Kv Line
Utah-073036, filed August 4, 1961

J. E. Shotwell 7.2 Kv Tap Line
Utah-079368, filed November 8, 1961

Sigurd-Cedar City 138 Kv Line, Sigurd-Sevier Section - Utah-081591, filed December 21, 1961.

Marysville Radio Station and Access Road - Utah-096474, filed September 6, 1962.

19. Sigurd-Cedar City 138 Kv Line, Sevier-Beaver Section, Department of Agriculture-Forest Service Grant, issued November 30, 1959, expires November 30, 2009.
20. Panguitch Lake 12.5 Kv Line, Department of Agriculture-Forest Service Grant, issued June 10, 1960, expires June 10, 2010.
