WHEREAS, Developer is desirous of developing Sunset Equestrian Estates West Cluster Subdivision (the "Project") on certain real property located in the City of Kaysville, County of Davis, State of Utah, and more particularly described on the preliminary plat attached as Exhibit A hereto (the "Preliminary Plat"); and

WHEREAS, the City is willing to authorize the development of the Project proposed by Developer in conformance with this Agreement, City Ordinances, and applicable Utah law; and

WHEREAS, Developer anticipates encumbering residential dwellings within the Project with a Declaration of Conditions, Covenants and Restrictions (the "CC&Rs") which will, *inter alia*, provide for the creation of a homeowners association (the "Homeowners Association") which will be responsible for maintaining certain common areas and improvements within the Project;

NOW, THEREFORE, in consideration of the mutual covenants and conditions set forth herein, and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties agree as follows:

1. **GENERAL DESCRIPTION**

- A. Area Description. The property upon which the Project shall be developed (the "Property") is located as shown on the Preliminary Plat, a copy of which is attached as Exhibit A hereto and incorporated by reference herein.
- B. Project Description. The Project proposed by Developer is a cluster subdivision on the Property which incorporates into the plan a mix of single family detached residences within a variety of residential neighborhood areas and types, together with recreation facilities, parks, equestrian areas, trails, designated open spaces and related amenities. The Project will be known as Sunset Equestrian Estates West Cluster Subdivision. The permitted land uses are depicted in the Preliminary Plat for the Project.

2. **DEVELOPMENT STANDARDS AND GUIDELINES**

- A. Adoption of Development Standards. The City hereby adopts, as the development standards and guidelines for the Project (the "Development Standards"), the following in addition to all other applicable City Ordinances, standards and guidelines:

- (1) Compliance With Preliminary Plat. Developer shall comply with all requirements identified in the Preliminary Plat and the development of the Project shall conform in all material respects with the Preliminary Plat as set forth in Exhibit A hereto. Further, development of the Project shall comply with the Neighborhood

Guidelines set forth in Exhibit B hereto including, but not limited to, the following:

- a. The minimum lot size in the Project shall be 9,600 square feet except for the Patio Home Community identified on the Preliminary Plat and shown on Exhibit C hereto (the "Patio Home Community") which may have smaller lots;
- b. The minimum lot width in the Project shall be 80 feet as defined in City Ordinances, except in the Patio Home Community;

- d. All driveways that access from a street with a right-of-way wider than fifty-five feet (55') shall be hammerhead or circular; and

B. Findings of Compatibility. In adopting the Development Standards identified in Section 2.A., the City hereby expressly finds that the development of the Project, in conformance with the Development Standards and this Agreement, promotes the creation of a more desirable environment than would be possible through the strict application of other City land use regulations; promotes a creative approach to the use of land and related physical facilities resulting in better design and development; creates, landscapes and preserves open space and recreational facilities; preserves and enhances desirable site characteristics; uses design, landscape and *architectural features to create a pleasing environment*; establishes a system of interconnecting paths and trails; provides a variety of housing types and other special development features, and otherwise achieves the purposes for which a cluster subdivision may be approved pursuant to the City Ordinances. The City further finds that the development of the Project, in conformance with the Development Standards and this Agreement, will not violate the general purposes, goals and objectives of the City Ordinances and any plans adopted by the Planning Commission and City Council of the City.
