If the project herein described shall give rise to a claim, or cause of action to any holder of any water rights because of the interference with such rights by the operation of the aforesaid project, then the Second Party hereby agrees to indemnify the First Party to the extent of such claim or cause of action.

After the Second Party shall have paid in full the purchase price as defined above, the First Party shall, with the approval of the Utah State Senate, execute such deeds and bills of sale as will be necessary to re-vest the same title to the aforesaid property and water rights in the Second Party, as are vested in the First Party.
