**SUPPLEMENTAL EASEMENT AGREEMENT
UT00175-2**

This Supplemental Easement Agreement ("Agreement") is entered into between **MAVERIK, INC.**, a Utah corporation (Grantor) and **QUESTAR GAS COMPANY**, a Utah corporation (Grantee). Grantor and Grantee may be collectively referred to as the Parties or individually as a Party, all as governed by the context in which such words are used.

RECITALS

- A. Grantee acquired the following Right-of-Way and Easement (Easement) under that certain Quit Claim Deed (Grant) dated September 14, 1989 and recorded September 29, 1989 as Entry No. 870697 in Book 1315 at Page 471 in the Davis County Recorder's Office, State of Utah.

The Easement is more particularly described as follows, to wit;

Land of the Grantor located in Section 33, Township 4 North, Range 1 West, Salt Lake Base and Meridian.

EASEMENT DESCRIPTION. A 40.0 foot wide Right-of-Way and Easement lying 15.0 feet West and 25.0 feet East of the following-described line: Beginning at a point in the Northerly right-of-way line of 200 North Street, Kaysville, Utah; said point being located North 89°49'30" West 912.75 feet along the quarter section line, South 25°17'19" East 11.55 feet and North 88°53'17" West 740.50 feet from the East Quarter Corner of Section 33, Township 4 North, Range 1 West, Salt Lake Base and Meridian; thence North 21°24'54" West 1621.69 feet; thence North 20°46'39" West 696.28 feet; thence North 19°27'32" West 849.52 feet to a point located North 89°45'10" West 98.00 feet and North 308.58 feet from the North Quarter Corner of said Section 33; thence North 16°38'49" West 941.52 feet to the Southerly right-of-way line of Phillips Street.

- B. Grantee owns and operates two natural gas pipelines; a 20" diameter high-pressure pipeline, a 10" diameter intermediate high-pressure pipeline, and related facilities within the Easement (collectively, the Facilities).
- C. Grantor is the owner of a parcel of property in Kaysville, Utah, more particularly described as Maverik, Inc. 200 North & 900 West Site (the Property).
- D. The Property is encumbered by a portion of the Easement.
- E. Grantor desires to construct improvements, described below, within the Easement that conflict with Grantee's rights under the Grant.

- F. Grantee agrees to allow Grantor to construct improvement(s) within the Easement subject to and in accordance with the terms of this Agreement.
- G. This Agreement shall serve as a supplemental modification to the Grant.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Parties agree as follow:

1. The Parties agree to modify and supplement the Easement within the Property in accordance with the terms herein.
2. Grantor shall have the right to construct and install a paved parking lot, concrete walkways, fencing, grass and other low-growing landscape (Improvements) over and across Grantee's Facilities within the boundaries of the Easement. The proposed location of the Improvements have been verified by Grantee and is specified on the drawing attached hereto as Exhibit "A", incorporated by this reference. Grantor and Grantee acknowledge that this Agreement does not contemplate the relocation or alteration of any of Grantee's Facilities. Grantor shall be responsible for all liabilities and obligations assumed under this Agreement.
3. Grantor shall maintain a minimum 5.00 feet of soil cover over all locations within the Easement used for passenger vehicle loads during construction activities. Grantor agrees to install an air-gap bridge for all heavy equipment surcharge loads (e.g. haul trucks, mobile cranes, and concrete trucks) crossing the Easement during construction activities.
4. Grantor agrees that heavy compaction and vibrating is not allowed within the Easement and light compaction methods shall be required to prepare subgrade material within the Easement.
5. Grantor shall not use or allow the Easement to be used for soil stockpiling or construction materials storage during construction activities.
6. Grantor shall maintain a minimum 4.0 feet of soil cover with 3 inches of asphalt for all finished pavement areas within the Easement and a minimum 3.0 feet and maximum 6.0 feet of soil cover over the Easement outside of the pavement areas, within the Easement.
7. Grantor agrees to install fencing at an angle not less than 30 degrees to Grantee's Facilities. No fence or gate posts shall be installed closer than 5.0 feet to the two natural gas pipelines. A gate shall be installed in the fence crossing to allow for Grantee's periodic patrol and maintenance of its Facilities.
8. Grantor acknowledges that trees, deep-rooted plants, retaining walls, sheds, enclosures and other types of encroachments (Encroachments) within the Easement are inconsistent with Grantee's rights under the Grant and may pose a nuisance or a danger to public safety. Grantor shall not permit or allow to be permitted any installation of Encroachments within the Easement, and shall immediately remove and remedy any such Encroachments to the satisfaction of Grantee.
9. Grantor acknowledges and agrees that all maintenance and construction activities, performed or authorized by Grantor within Grantee's Easement, including but not limited to excavating, surveying, leveling, grading, installing, placing, removing, reclaiming, recontouring, and constructing any Improvements, are to be completed in accordance with any and all applicable industry practices or federal and state laws and regulations. Grantor shall assume sole responsibility to ensure compliance with all applicable laws and regulations in connection with its maintenance and construction activities.

10. As required by law, Grantor shall notify Utah Blue Stakes at least 48 hours prior to starting ground disturbance or construction activities within the Easement area.
11. Grantee, at its sole discretion, may have qualified inspector(s) on site during construction activities in or near the Easement. In the event that Grantee's inspector(s) determine that there is a threat of imminent danger to any of Grantee's Facilities, Grantee's inspector(s) may suspend Grantor's construction activities, and Grantor agrees to defer to the judgment of Grantee's inspectors in such circumstances. Grantor and Grantee agree to cooperate and attempt to promptly resolve any such conflicts, so as to limit interference with or delay of the construction activities. Grantor shall designate representatives to coordinate daily with Grantee's inspector(s).
12. Grantor acknowledges and agrees that Grantee maintains all rights under the Grant including, but not limited to, unrestricted ability to install and maintain pipeline marker signs within the Easement, to access the Easement without impediment, to excavate the Facilities and otherwise perform all pipeline-related operating and maintenance activities. Any and all work conducted by Grantee on the Easement shall be conducted in such a manner as to avoid, to the greatest extent reasonably possible, interfering with Grantor's operation on the Property. Additionally, subsequent to any work by Grantee on the Property, Grantee shall return the Property to a condition as near as practicable, the condition as existed prior to such work.
13. Grantor shall defend, indemnify, and hold Grantee harmless from and against any and all liability, damages, losses, costs, and expenses, including without limitation attorney fees, on account of injury or damage to persons or property, including without limitation employees or agents of Grantor and its subcontractors of any tier, unless due to Grantee's gross negligence or willful misconduct.
14. All terms of the Grant not specifically modified or supplemented herein shall remain in full force and effect.
15. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of Grantor and the successors and assigns of Grantee, and may be assigned in whole or in part by Grantee.

It is hereby understood that any parties securing this Agreement on behalf of Grantee are without authority to make any representations, covenants or agreements not herein expressed.
