CITY RECORDER

RIGHT OF WAY EASEMENT AGREEMENT FOR POWER  
DISTRIBUTION LINES OVER AIRPORT PROPERTY

1. Grant of Easement: For and in consideration of TEN DOLLARS and other good and valuable consideration paid to the Salt Lake City Corporation (hereinafter "Grantor" or "City"), the receipt and sufficiency of which is hereby acknowledged, Grantor hereby grants, conveys and warrants to PacifiCorp, an Oregon corporation, dba Rocky Mountain Power (hereinafter "Grantee"), whose address is 1407 West North Temple, Salt Lake City, Utah, and its successors and assigns, a non-exclusive right of way easement (the "Right of Way Easement") to locate, survey a route, erect, operate, maintain, repair, alter, enlarge, upgrade, inspect, protect, relocate, remove, and replace electric distribution lines, communications circuits, fiber optic cables and associated facilities, and other supports, together with the necessary, cables, conduits, wires, conductors, manholes, transformers and other attachments affixed thereto, for the support of said lines and circuits (collectively, the "Facilities"), on, over, under, and across the following described real property situate in Salt Lake County, Utah (the "Property"):

Exhibit G-9, TAX ID#: 15-04-126-001  
Exhibit G-9, TAX ID#: 15-04-126-001

2. Size of Easement.

The Right of Way Easement granted herein (hereinafter "Airport Easement") shall be of varying width, located as more particularly described and depicted in the surveys contained in Exhibit(s) A- G attached hereto and incorporated herein by reference.

3. Location of the Facilities. The Facilities shall be constructed within the Airport Easement in the locations as set forth on the survey attached hereto as Exhibit(s) A-G. The Facilities shall not be constructed in a manner that interferes in any way with the current operation of the Airport on the Property. Grantee agrees to pay any damages which may arise to growing crops, fences or pasturage, roads, or lands from the construction, maintenance, and operation of the Facilities. However, Grantee shall have the right, without payment therefor, to cut and remove timber, trees, brush, overhanging branches and other obstructions which may injure or interfere with the its use, occupation or enjoyment of the Airport Easement.

4. Term. This Airport Easement shall be deemed a covenant running with the land and binding upon Grantor, its heirs, legal representatives, and successors in title The Airport Easement, and all rights of Grantee hereunder, shall terminate upon the earlier to occur of (a) abandonment of the Facilities, or (b) material breach by Grantee of any provisions of this Agreement that is not cured within a reasonable period of time after written notice by Grantor. Upon involuntary termination, Grantee's obligation to provide retail electric service to Grantor's particular facilities for which this Airport Easement is granted shall also terminate.

5. Indemnity. Grantee will indemnify Grantor to the extent Grantor incurs liability on account of Grantee's negligence, willful misconduct, or strict liability in the construction, operation, and/or maintenance of the Facilities, and Grantee will defend and hold Grantor harmless for any claims or causes of action against Grantor arising out of such conduct by Grantee, including any civil penalties assessed by the Transportation Security Administration against Grantee or Grantor as a result of action of Grantee, its agents, or its employees which are in violation of any security regulation. Consistent with public policy, Grantee assumes no duty whatsoever under this Airport Easement or otherwise to indemnify Grantor for Grantor's own

negligence, willful misconduct, or strict liability. In cases of concurrent negligence, willful misconduct, or strict liability by Grantor and Grantee, each party shall be responsible for its respective proportionate share of liability and defense costs. Neither party waives any applicable statutory or regulatory immunity.

6. Ingress and Egress. This Airport Easement shall carry with it the right of ingress and egress to and from, and access on and along said easement, with the right to use Grantor's roads, for access needed by Grantee, its employees, agents, or contractors incident to the purposes for which this Airport Easement is granted. With Grantor's prior written consent, which shall not be unreasonably withheld, Grantee may temporarily use such portions of Grantor's property along and adjacent to the Airport Easement as may be reasonably necessary in connection with construction, operation, maintenance, repair, removal, or replacement of the Facilities. In connection with all ingress and egress hereunder, Grantee will comply with all applicable laws and with other conditions as set forth elsewhere in this Airport Easement.

7. Assignments. The above described rights and easements, together with all rights necessary to operate, protect, and maintain the Facilities over the right of way hereby granted unto said Grantee, its successors and assigns, and Grantee may assign the rights and easements herein granted, either in whole or in part, subject to the terms of this grant, and such rights and easements shall be covenants running with the land and be binding upon Grantor and Grantee, and their respective legal representatives and successors in title. If Grantee transfers the ownership of the Facilities to another entity regulated by the Federal Energy Regulatory Commission or such agency's successor, Grantee may assign this Airport Easement in relevant part to such other entity without the consent of the City, but notice shall be given to the City within thirty (30) days of such assignment. Otherwise, Grantee agrees that its right to assign its interests hereunder shall be subject to the prior written approval of Grantor, and Grantor expressly agrees that it will not unreasonably withhold its consent to Grantee's assignment. Grantor further agrees that it may not charge Grantee or its proposed assignee any fee as a condition to agreeing to the requested assignment, or as a condition to considering the requested assignment. If Grantee sends a written request to Grantor asking that Grantor consent to an assignment, Grantor agrees that it will act on said request within no more than fourteen (14) days after the request is sent to Grantor by Grantee. Grantor further agrees that it shall have been deemed to have consented to the assignment if Grantor does not act to grant or deny the request for consent by the expiration of the deadline stated in the preceding sentence.

8. Abandonment. Grantee may at any time permanently abandon, in whole or in part, the Airport Easement. Upon such abandonment, Grantee may at its discretion execute and record a complete or partial reconveyance and release hereof, whereupon such portion of this Airport Easement and all associated rights and privileges herein mutually granted shall be canceled and terminated. Grantee agrees that it will provide Grantor written notice of any abandonment of the Facilities within a reasonable period of time, not to exceed 90 days, after Grantee effects an abandonment or partial abandonment of any Facilities. Absent such notification, the Airport Easement shall be deemed abandoned after the expiration of a period of five (5) years during which the Facilities are not actively used or operated by Grantee, or upon an order from a court of competent jurisdiction that abandonment has occurred. If Grantee abandons the Facilities, Grantee further agrees that Grantee shall, at its sole expense, remove

said Facilities within a reasonable period of time, but not to exceed one year, after said abandonment. If Grantee fails to remove said Facilities within such time, the Airport may remove them and seek reimbursement of all reasonable removal expenses from Grantee.

9. Damage to Property and Obstructions on Property. Grantee agrees to compensate Grantor for all damages, if any, to Grantor's real or personal property improvements caused after the effective date hereof by Grantee's installation, maintenance, repair, replacement, or removal of the Facilities. However, the preceding sentence shall not apply to personal property improvements of Grantor placed on the Airport Easement after the effective date hereof without a valid encroachment permit or agreement. Grantee shall have the right to cut and keep clear without payment of damages all trees, brush and other unapproved obstructions that may in Grantee's opinion endanger, hinder, or conflict with the construction, operation, inspection, protection, maintenance, and use of said Facilities.

10. Use by Grantor. Grantor reserves the right to use and enjoy the Airport Easement provided such use does not hinder, conflict, or interfere with Grantee's rights hereunder or disturb the Facilities. For safety reasons and to protect and maintain the proper operation of the Facilities, no structure, obstruction, road, reservoir, fence, excavation, or change in the surface grade shall be constructed, created or maintained by Grantor, its employees, agents, invitees, consultants, or contractors on, over, along, or within the Airport Easement, or any portion thereof, without Grantee's prior written consent, which consent shall not be unreasonably withheld. Grantor's proposed encroachment will be allowed if it satisfies Grantee's then current encroachment standards. Grantee's consent will have been considered received upon the parties' mutual execution of Grantee's then current form encroachment permit or agreement, whichever applies.

11. No Interference. All work to be performed in the Airport Easement by Grantor, Grantee, or their respective employees, agents, invitees, consultants, or contractors shall be performed in accordance with all applicable safety requirements, in a good and workmanlike manner, and so as to avoid or minimize any activity on the Airport Easement that would materially interfere with or materially adversely affect the performance of essential operations by Grantor or Grantee. Grantor specifically acknowledges that Grantee's Facilities in the Existing Location do not interfere with Grantor's performance of essential operations.

12. Cooperation.

A. The parties will work cooperatively and in good faith with respect to any work to be performed in the Airport Easement to achieve compliance with applicable safety or security requirements and the protection of their respective improvements within the Airport Easement.

B. Grantee will provide at the City's request, Geographical Information System ("GIS") data on the Facilities as may be necessary for the City's planning

purposes across the Airport Easement. The City shall limit its requests for such data to the specific areas needed for planning purposes across the Airport Easement. Such GIS data may be considered to be Critical Energy Infrastructure Information as designated by the Federal Energy Regulatory Commission and shall not be made publicly available except as required by court order. If requested, the City shall execute Grantee's standard Critical Energy Infrastructure Information confidentiality agreement prior to Grantee providing such GIS data. The rights in this paragraph shall apply only to the City and its assignee(s) that own the Airport, are regulated by the Federal Aviation Administration or such agency's successor, and acquire an interest in the real property subject to the Airport Easement.

13. Grantor's Work on Property. Following Grantor's receipt of an encroachment permit or agreement from Grantee pursuant to paragraph 11, Grantor will comply with all federal and National Electrical Safety Code clearance requirements, as well as any state "one call" excavation notification laws in the event excavation work is to occur, prior to any work within the Airport Easement and except in cases of emergency, provide at least forty-eight (48) hours written notice to Grantee prior to beginning any such work. Each party shall follow all reasonable instructions and directions provided by the other.

14. Compliance with Law. The parties shall follow all applicable federal, state, and local laws, ordinances, rules, regulations, certificates, encroachment standards, federal, and other grant assurances, policies, and procedures. Provided, nothing in this paragraph shall be construed to require compliance with any of the same to the extent it is preempted by federal laws governing the parties.

15. Security.

- a. Grantee acknowledges that security is of primary importance at the Airport, that the Airport is subject to extensive governmental regulation, and that security requirements may change from time to time, and may impact Grantee's work. Grantee and all of its employees, agents, invitees, consultants, and contractors shall at all times comply with all applicable federal, state, and local security laws, regulations, policies, requirements, and directives, whether written or verbal, including, without limitation, 49 C.F.R. Part 1542 "Airport Security" or any amendment or successor thereto, and Grantee will work cooperatively with Grantor in connection with the same.
- b. Grantor acknowledges that security is of primary importance in relation to the Facilities, that operation of the Facilities is subject to extensive governmental regulation, and that security requirements may change from time to time, and may impact Grantor's operations. Grantor and all of its employees, agents, invitees, consultants, and contractors shall at all times comply with all applicable federal, state, and local security laws, regulations, policies, requirements, and directives, whether written or verbal, including, without limitation, regulations promulgated by or under

the jurisdiction of the Federal Energy Regulatory Commission or any amendment or successor thereto, and Grantor will work cooperatively with Grantee in connection with the same.

16. Reservation of Avigation Easement. All of Grantee's interests in the Airport Easement are subject to an easement reserved in favor of Grantor for the purposes of avigation consistent with applicable law.

17. Title. Grantor believes that it owns the fee simple title to the real property encumbered by the Airport Easement as of the effective date hereof, but Grantor does not represent and warrant to Grantee that it is the owner in fee simple of said property. Grantor thus quitclaims this Airport Easement to Grantee. Grantee shall have the right to discharge or redeem for Grantor, in whole or in part, any mortgage, tax, or other lien on said land and thereupon be subrogated to such lien and rights incident thereto.

18. Authority. It is hereby understood that the person making this grant on behalf of the Grantor and securing this grant in behalf of the Grantee are without authority to make any covenant or agreement not herein expressed.

19. Notices. The parties agree that they shall give notice to each other of matters or issues arising between them under this Airport Easement in writing delivered by registered or certified mail or hand delivery at the address for the party shown below or at such other corrected address as shall be given hereafter in writing by one party to the other.

20. Effective Date. The effective date of this Airport Easement shall be upon execution by both parties and recordation with the Salt Lake County Recorder.

21. Governing Law. This Airport Easement shall be construed according to the laws of the State of Utah.

22. Entire Agreement: The parties agree that, with respect to the real property

identified in the Exhibits hereto, this Airport Easement represents the entire agreement between the parties.

23. Ethics Representation: With respect to this Airport Agreement, Grantee makes the following representation:

REPRESENTATION REGARDING ETHICAL STANDARDS FOR CITY OFFICERS AND EMPLOYEES AND FORMER CITY OFFICERS AND EMPLOYEES: Grantee represents that it has not: (1) provided an illegal gift or payoff to a City officer or employee or former City officer or employee, or his or her relative or business entity; (2) retained any person to solicit or secure this contract upon an agreement or understanding for a commission, percentage, brokerage or contingent fee, other than bona fide employees or bona fide commercial selling agencies for the purpose of securing business; (3) knowingly breached any of the ethical standards set forth in the Salt Lake City's conflict of interest ordinance, Chapter 2.44, Salt Lake City Code; or (4) knowingly influenced, and hereby promises that it will not knowingly influence, a City officer or employee or former City officer or employee to breach any of the ethical standards set forth in Salt Lake City's conflict of interest ordinance, Chapter 2.44, Salt Lake City Code.
