ARTICLE II: NATURE AND INCIDENTS OF OCCUPANCY

2.1 Duty of Occupant to Pay Taxes on Lot Occupied. Each Occupant shall pay before delinquency all taxes, assessments, license fees, and other charges that are levied or assessed against, or based upon the value of, such Occupant's personal property installed or located in or on such Occupant's Parcel including, without limitation, trade fixtures, furnishings, equipment, and inventory (collectively, "Occupant's Personal Property"). Each Occupant shall also pay such portion of the real property taxes attributable to the Occupant's Lot as may be required by the lease agreement associated with said lot.

2.2 Assessments and Rules Observance. Each Lot Occupant is responsible for the prompt payment of any Assessments and charges levied by the Declarant as set forth in this Declaration, and for the observance of the Rules and Regulations promulgated by the Declarant.

ARTICLE III: ASSESSMENTS

3.1. Agreement to Pay Assessments. Except as otherwise expressly provided herein, each Occupant shall be deemed to covenant and agree with all other Occupants to pay any Assessments, together with late payment fees, interest, and costs of collection if and when applicable.

3.1.1 All such Assessments, late payment fees, interest and costs of collection shall be, constitute, and remain:

3.1.1.1 a charge and continuing lien upon the Lot with respect to which the Assessment is made until fully paid; and

3.1.1.2 the personal, joint and several obligation of the Occupant of such Lot at the time the Assessment falls due.

No Lot Occupant may exempt himself or his Lot from liability for payment of Assessments by abandonment of his Lot.

3.1.2 Assessments shall be paid on a schedule to be determined by the Declarant, but not more frequently than quarterly.

3.2 Purpose of Assessments. Assessments levied shall be used exclusively in the maintenance and operation of the Common Area. Maintenance and operations shall include keeping the Common Area in a clean and safe condition, as well as keeping the Common Area in good repair. Declarant shall be responsible for the maintenance and operation of the Common Areas, subject to Declarant contracting such work to be done as Declarant chooses. Lots and Occupants shall be subject to assessments for the maintenance and operation of the Common Areas whether such services are performed by the Declarant or its assigns.

3.3. Calculation of Assessment: Each Lot shall be assessed under this Article according to a ratio of the total cost for the Project to maintain and operate the Common Area, determined by dividing the total square footage of that portion of each Lot within the Common Area by the total square footage of all of the Lots within the Common Area. The foregoing notwithstanding, Declarant, in its sole discretion, reserves the right to waive the assessment, or any portion thereof, attributable to any Lot or Occupant.

3.4 Effect of Nonpayment; Remedies. Any Assessment not received within ten (10) days of the date on which it, or any installment thereof, becomes due shall be subject to a late charge ("Enforcement Costs") equal to 5% thereof, which, together with interest and costs of collection, shall be, constitute, and remain a continuing lien on the affected Lot.

3.4.1 If any Assessment is not received within ten (10) days after the date on which it becomes due, the amount thereof shall also bear interest from the due date at the rate of two percent (2%) per month; and the Declarant, may bring an action against the Occupant who is personally liable therefore, or may prepare and record in the Public Records its lien against the Occupant's Lot and thereafter foreclose the same pursuant to the provisions of the Utah Code, applicable to the exercise of powers of sale in deeds of trust, by foreclosure as a mortgage, or in any other manner permitted by law.

3.4.2 Any judgment obtained in connection with the collection of delinquent Assessments and related charges shall include reasonable attorney's fees, court costs and every other expense incurred by the Declarant in enforcing the Declarant's rights.

3.5 No Abatement or Offsets. All Assessments shall be payable in the amounts specified by the Declarant and no abatement or offsets against such amount will be permitted for any reason including, without limitation, a claim that the Declarant is not properly exercising its duties under this Declaration; inconvenience, annoyance or discomfort resulting from construction (or lack thereof) within the Project; the making of any repairs or improvements

to, or the maintenance of any Common Area, or any part thereof, or any action taken to copay with the provisions of this Declaration or with the laws, ordinances, regulations, rules or orders of any governmental authority. Furthermore, no Occupant may exempt itself from personal liability for Assessments nor release its Parcel from the lien and charge of such Assessments by waiver of its rights of use and enjoyment of the Common Area.

3.6 Collection of Assessments. The right to collect and enforce the lien of the Assessments is vested in the Declarant acting for and on behalf of the Project. The Declarant can enforce the obligations of the Occupants to pay Assessments provided for in this Declaration by commencement and maintenance of a suit at law or in equity, or the Declarant may foreclose, by judicial proceedings or through the exercise of the power of sale pursuant to this Declaration, the lien rights created by this Declaration.

3.6.1 If there is a delinquency in the payment of any Assessment assessed against a Parcel, any amounts that are delinquent, together with all costs, fees (including attorneys' fees), charges, and expenditures which may be incurred by the Declarant in the process of collecting such delinquent Assessment ("Enforcement Costs") will be a lien against such Parcel upon the recordation in the Official Records of Washington County, Utah, of a "Notice of Lien" as provided in Title 57 of the Utah Code.

3.6.2 The Notice of Lien may not be recorded unless and until the Declarant has sent the delinquent Occupant written notice of such default and a demand for payment at least 15 days prior to such recordation and such Occupant has failed to cure such delinquency within such 15-day period.

3.6.3 The Declarant is hereby granted a statutory power of sale and can record a Notice of Default with respect to any Parcel which has had a Notice of Lien recorded against it and can cause the Parcel with respect to which such Notice of Default has been recorded to be sold in the same manner as a sale is conducted under a power of sale pursuant to Title 57 of the Utah Code or, in Declarant's discretion through the same process as judicial foreclosure of a mortgage.

3.6.4 In connection with any sale under Title 57 of the Utah Code, the Declarant is authorized to appoint any party qualifying under Title 57 of the Utah Code as trustee for purposes of conducting such sale.

3.6.5 If any such delinquency is cured before the completion of any such foreclosure or trustee's sale (including payment of all Enforcement Costs), the Declarant shall cause a "Notice of Satisfaction of Payment" to be recorded in the Official Records of Washington County, Utah, evidencing the cure of such delinquency.

3.6.6. The Declarant shall have the power to bid upon the Parcel at any such foreclosure or trustee's sale and to acquire, hold, lease, mortgage, and convey such Parcel in the same manner as any third party could do so.

3.7 Limitation on Effect. Nothing in this Article V shall be deemed to diminish or impair the terms and provisions of any lease which Declarant has executed with a tenant prior to the date of this Declaration. In the event of any conflict or inconsistency between this Article V and any such lease, then as between Declarant and any such tenant, the terms and provision of such lease shall govern and control over this Article V.

ARTICLE IV: ARCHITECTURAL CONTROL COMMITTEE

4.1 **Declarant Exemption.** The Declarant shall not be required to comply with any affirmative duties placed upon an Occupant under the provisions of this Article.

4.2 **Declarant Constitutes Committee.** The Declarant, or it's assigns shall constitute the Architectural Control Committee, unless the Declarant expressly consents to the creation or appointment of a separate Architectural Control Committee.

4.3 **Submission of Plans.** No Improvement or addition, extension or expansion of any Improvement, shall be commenced, erected or maintained upon a Lot until the plans and specifications showing the nature, kind, shape, height, materials, colors and location of the same shall have been submitted to and approved in writing as to harmony of external design and location in relation to surrounding structures and topography by the Architectural Control Committee.

4.4 **Action by Committee.** The Architectural Control Committee shall respond to a request for approval within twenty (20) days after receipt of the necessary plans and all other materials. However, if additional materials are needed in order to review the request, the Committee shall so advise the applicant, and the time for review of the request by the committee shall be postponed until all materials requested by the Committee are submitted to it. The Committee shall not unreasonably withhold, condition or delay its approval of any proposals submitted to it. It is acknowledged and understood that the Project shall be an integrated project, and the style, design, exterior surfaces, construction materials, colors and amenities of each part and parcel shall, insofar as practical, harmonize with all other parts. The action of the Architectural Control Committee on a request for approval shall be in writing and shall be delivered to the applicant as set forth herein.

4.5 **Notice of Completion.** Upon completing an Improvement, or any part for which evidence of compliance is sought, the applicant shall give notice of completion to the Architectural Control Committee, and the Committee shall have the Improvement inspected and give notice to the applicant of any failure to properly install the Improvement in accordance with the approved plans. Such notice shall be given to applicant within thirty (30) days after the Architectural Control Committee receives the notice of completion. Any notice of improper installation shall specify the particulars of the noncompliance and shall require the applicant to take the necessary action to remedy the noncompliance within a reasonable time set forth in the notice.

4.6 **Correction of Noncompliance.** If the Committee gives written notice of noncompliance to an applicant, the applicant shall remedy and/or remove the same within the period provided in the notice of noncompliance. If the applicant fails to do so, the Committee may record a notice of noncompliance in the Public Records. The Committee may remove the non-compliant Improvement or otherwise remedy the noncompliance, and the applicant shall be required to reimburse the Committee upon demand for all expenses so incurred. If such expenses are not promptly repaid to the Committee, the Committee shall be entitled to recover the expense, together with reasonable attorneys' fees incurred, by action at law or in equity. In addition, the Committee may levy an Assessment against the Lot of the non-complying Occupant in order to enforce payment of the amount owing, and such lien may be enforced as provided in Article III.

4.7 Non-Liability for Committee Action. No member of the Architectural Control Committee nor any designated representative of the Committee shall be liable for any loss, damage or injury arising out of or in any way connected with the performance of the duties of the Architectural Control Committee, unless the damage or injury is due to the willful misconduct or bad faith of the party held to be liable. In reviewing any matter, the Committee shall not be responsible for reviewing, nor shall its approval of any improvement on any Lot be deemed to be an approval, from the standpoint of safety, whether structural or otherwise, of conformance with any building codes or other governmental requirements. If after approval is granted, any notice of failure to meet any governmental requirements is received by the Committee, the Committee, despite having given previous approvals, may still require compliance with any governmental requirements as a standard to meeting architectural compliance, including the prior consent of any and all Occupants or Owners of the project at the time of recording of this Declaration

4.8 Location of Roads. Anything in this Agreement to the contrary notwithstanding, the Declarant shall be the final arbiter and decision maker with respect to the location and placement of all Common Roads within the Project and no road may be constructed, expanded or extended within the Project, except by the Declarant. However, in no event shall Declarant locate or relocate any common road in such a way that would affect any Occupant's private drives, or ingress or egress to or upon said Occupant's lot without the prior consent of the Occupant, including the prior consent of any Occupant's of the Project at the time of recording of this Declaration.

ARTICLE V: MAINTENANCE AND REPAIR

5.1 Occupant's Maintenance Obligations. Each Occupant shall maintain, or shall cause to be maintained, in a safe, clean, first-class, and tenantable condition, and in good order and repair (including making all necessary capital improvements), the Building(s) and other structural improvements located on such Occupant's Parcel including, without limitation, patios, covered walkways, awnings, and any other structures or amenities specific to the operation of a specific Occupant in accordance with this Declaration, the Rules and Regulations, and the Design Standards. Such obligation will include the obligation to keep each such Occupant's Parcel swept and free from accumulations of debris and trash, and to otherwise keep such Parcel, and the Building(s) and improvements located thereon, in conformance with the Rules.

5.2 Damage or Destruction. If any Building (or other improvement) on a Parcel is damaged or destroyed during the Term of this Declaration, then the Occupant of such Parcel will promptly rebuild such damaged or destroyed Building (or other improvement), or cause such damaged or destroyed Building (or other improvement) to be completely removed from such Parcel and such Parcel to be left in a clean and graded (and, if appropriate, paved or landscaped) condition. Such work shall be undertaken by the affected Occupant in a manner which minimizes or eliminates, to the extent reasonably possible, the disruption to the other Occupants and their Related Parties. No portion of the Common Area may be used as a construction zone, staging area, or storage area in connection with such reconstruction or clearing work.

5.3 Failure to Maintain. In the event any Occupant fails to maintain, repair, and/or rebuild its Parcel and the Building(s) (and improvements) on such Parcel in the condition

required by this Article, the Declarant may give written notice to such Occupant identifying the work which needs to be performed on such Occupant's Parcel to bring it into compliance with this Article. Such Occupant will have 30 days from the date of such notice to commence such work and diligently complete such work thereafter. If such Occupant fails to promptly commence such work, or fails to diligently prosecute such work to a prompt completion, the Declarant may, after the expiration of such 30-day period, pursue all legal remedies to enforce the provisions of this Article, including, but not limited to, damages, orders of compliance, declaratory relief, and all legal costs associated therewith. The above provision shall not apply to Lot 5 of the Project.

5.4 Standards for Maintenance During Construction.

5.4.1 Throughout the period of construction on a Lot, the Occupant of such Lot shall keep the Lot and all streets used by construction equipment or trucks in a clean and safe condition, shall remove daily all trash, rubbish, debris, mud and dirt therefrom, shall take all measures necessary and appropriate to control dust, blowing sand and erosion, whether by wind or water, on the Lot and shall so conduct all construction so as to not interfere with free and ready access to existing Buildings and neighboring Lots, and shall comply with all City, County, and State standards regarding the same.

5.4.2 Occupant shall use designated constructions entrances when the same are made available by Declarant, for moving materials and construction equipment on and off site. Each Occupant shall be responsible for all damage occurring to any public or private street, curb or sidewalk as a result of construction equipment or materials being moved on or off site.

5.5 Obligation to Complete Construction. Any Occupant of any Lot who intends to construct improvements on said Lot shall first submit to the Architectural Control Committee a construction schedule, including dates of commencing construction, completing construction, and opening for business. The Occupant shall adhere to said schedule without undue delay, and shall open for business according to said schedule. Any construction commenced shall be pursued to completion in a reasonable and workmanlike manner without undue periods of delay.

ARTICLE VI: INSURANCE

6.1. Occupant's Insurance. By virtue of taking title to, or occupancy of, a Lot, each Occupant covenants and agrees to carry:

6.1.1 Property insurance for the full replacement cost of all insurable improvements on its Lot, less a reasonable deductible (which they may, but are not obligated to do hereunder).

6.1.2 Commercial general liability insurance on the Common Area of its Lot, including one-half of any street which is part of said Lot, insuring the Occupant and Declarant for the damage or injury caused by the negligence of the Occupant. If generally available at reasonable cost, the commercial general liability coverage (including primary and any umbrella coverage) shall have a limit of at least \$1,000,000.00 per occurrence with respect to bodily injury, personal injury, and property damage.

6.1.3 If any Occupant does not purchase the insurance referred to in this Article,

the Declarant may, but neither is obligated to, purchase the insurance. If the Declarant assumes responsibility for obtaining any insurance coverage on behalf of the Occupants or elects to do so in any year in which the Occupant has failed to purchase insurance, the premiums for such insurance shall be levied as an Assessment against the benefitted Lot and the Occupant thereof pursuant to Article III.

6.1.4 Each Occupant further covenants and agrees that in the event of damage to or destruction of structures on or comprising its Lot, the Occupant shall proceed promptly to repair or to reconstruct in a manner consistent with the original construction or such other plans and specifications as are approved in accordance with Article IV. Alternatively, the Occupant shall clear the Lot and maintain the Lot in a neat and attractive, landscaped condition consistent with the Design Standards. The Occupant shall pay any costs which are not covered by insurance proceeds.

6.1.5 Nothing contained in this Article shall be deemed to prevent or prohibit an Occupant from self-insuring its property, so long as the right of self-insurance is set forth in the lease agreement or instrument of conveyance of the subject Lot(s).

ARTICLE VII: EASEMENTS

7.1 Access Easement. An irrevocable non-exclusive right-of-way easement is created as shown on the Plat and is hereby granted over the Common Area for vehicular and pedestrian ingress, egress, and access to, from and between each of the lots.

7.5 Utility Services. There is hereby created an easement upon, across, over and under the Common Area for ingress, egress, installation, replacing, repairing and maintaining all public and private utilities, including but not limited to, water, sewer, gas, telephone, electricity, internet, cable, and other utility services, as set forth in the Deed of Conveyance for any Lots which are sold, or in the Lease Agreements of Lots which are leased. All Common Area shown on the Plat are subject to public utilities and drainage easements for installation and maintenance of improvements and such easements.

7.6 Additional Reservations of Easements. Declarant hereby expressly reserves nonexclusive easements over any portion of any Common Area deemed to be part of a Lot, for the support, control, maintenance and repair of the Occupant's Lot and the utilities serving such Lot. Declarant further expressly reserves, for the benefit of the real property in the Project, and for the benefit of all of the Lots, and the Occupants, reciprocal, nonexclusive easements over all Lots and the Common Area, for the control, installation, maintenance and

repair of utility services and drainage facilities serving any portion of the Project, for drainage of water resulting from the normal use thereof, and for painting, maintenance and repair of any Lot or portion thereof pursuant to the Declaration.

No Occupant shall store or carry any merchandise or substance or perform any activity, in relation to the use of a Lot, which would either:

8.2.2 increase the insurance rates applicable to any portion of the Project.

8.3 **Nuisance and Waste.** No noxious or offensive trades, services or activities shall be conducted within the Project, nor shall anything be done within the Project Tenants by reason of unsightliness or the excessive emission of fumes, odors, glare, vibration, gases, radiation, dust, liquid waste, smoke, burning of refuse causing smoke, or noise. The above notwithstanding, normal noises, such as outdoor or drive-thru speakers, and normal odors associated with certain businesses, such as restaurants, shall not be deemed a nuisance. During construction on any Lot, the Occupant of said Lot shall ensure, to the extent it is possible to do so, that all construction work be done during normal business hours so as not to disturb the quiet enjoyment of other Lot Occupants, or their customers or guests, during non-business hours.

8.4 **Animals.** No animals, birds, reptiles, fowl, poultry or livestock shall be maintained or kept on any Lot or on any other portion of the Project, other than service animals or as expressly authorized by this Declaration.

8.5 **Diseases and Insects.** No Occupant shall permit anything or condition to exist upon the Project which could induce, breed or harbor infectious plant diseases or noxious insects. Each Occupant, shall perform such pest control activities in the Occupant's Lot as may be necessary to prevent insects, rodents and other pests from being present on the Lot.
