MODIFICATION OF ABSTRACT OF FINDINGS AND ORDER

I, Mildred G. Snider, being first duly sworn, depose and say that I am the Secretary of the Salt Lake City Board of Adjustment, and that on the 18th day of June, 1979 (1) and the 8th day of December, 1980 (2), modifications of the Findings and Order on Case No. 7791 by F. C. Stangl Construction Company were considered by the Board. The applicant requested on the property at 420 East 500 South Street (on the south side of 500 South Street between 400 East and Denver Streets) (1) that a walkway be allowed between the building and the third floor level of the parking structure which would provide for the handicapped and (2) for permission to construct a 6' high concrete wall around the compactor in back of the building setback line which would leave them a walkway to get into the building and parking structure, the legal description of said property being as follows:

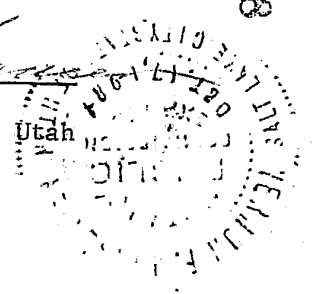

Beginning at the Northwest corner of Block 23, Plat "B", Salt Lake City Survey, running thence South 222.75 feet; thence East 165.00 feet; thence South 159.40 feet; thence East 148.50 feet; thence North 383.625 feet; thence West 313.50 feet to the point of beginning.

It was moved, seconded and unanimously passed that a modification be granted to allow the ramp to be relocated in accordance with the plan presented, but that the requested modification on the second request be denied and the original plan (omitting the driveway and garbage pickup area) be followed.

Subscribed and sworn to before me this 12th day of January, 1981.
