**WHEREAS**, the Davis and Weber Counties Canal Company (hereinafter referred to as the "Company") has or will install a new secondary water line along or near the Hooper Canal from the West Point Secondary Water Reservoir to 300 North Street; and

**WHEREAS**, consistent with the City's policy and Section 16.05.100 of the West Point Municipal Code, the City has determined that new development should pay its proportional share of the costs of the secondary waterline that specifically benefit development activity within the City; and

**WHEREAS**, the City has calculated the costs of those improvements, based on the methods outlined in said section 16.05.100 and desires to impose, by resolution, those costs on future development; and

**WHEREAS**, the City Council of West Point City deems it to be in the best interest of the citizens of West Point City, to pass this resolution, requiring that those costs attributable to new development, be properly assessed to new development.

**NOW, THEREFORE, BE IT RESOLVED, FOUND AND ORDERED**, by the City Council of West Point City as follows:

1. The payback for improvements agreement, identified as Attachment "A" to this resolution, which is attached hereto and incorporated by this reference, is hereby approved.

3. That, pursuant to Section 16.05.100 of the West Point Municipal Code, the payment of these costs become a condition precedent to any development approval or permit requested or applied for.

4. That a copy of this resolution be recorded upon each parcel of property identified in Attachment "A", to be assessed their proportional share of the costs of the secondary waterline, only when development occurs on the property, as identified in Attachment "A", which is attached hereto and incorporated herein by this reference.

**ATTACHMENT A**

**WEST POINT CITY PAYBACK FOR IMPROVEMENTS AGREEMENT**

This agreement made and entered into this 6 day of Oct. 2009, by and between West Point City, a municipal corporation of the State of Utah, hereafter referred to as "City" and the Davis and Weber Counties Canal Company, hereafter referred to as "Developer."

**WITNESSETH**

WHEREAS, the Developer has agreed to contribute funds and/or resources necessary to construct infrastructure of a type and in a location specified by EXHIBIT A attached to and made part of this agreement; and

WHEREAS, the City's engineer has determined said contribution to value One Hundred Three Thousand Six Hundred Forty Three dollars (\$103,643) at the time of the signing of this agreement; and

WHEREAS, the City has determined that said contribution represents an investment on the part of the Developer in excess of that which the City would, under normal circumstances, require of the Developer; and

WHEREAS, the City has determined that future developers shall benefit from the Developer's willingness to install this infrastructure at the Developer's own expense and that the costs relative to such infrastructure should inevitably and ultimately be born by those developers who will benefit from this infrastructure as specified by EXHIBIT B attached to and made part of this agreement; and

WHEREAS, the City Council did, on March 17, 2009 pass Ordinance 03-17-2009 amending West Point Revised Code 16.05.100, including a provision which empowers the City to negotiate with developers their participation in infrastructure development and collect from future developers the rightful share of the costs associated with said infrastructure development;

**NOW THEREFORE THE PARTIES AGREE TO THE FOLLOWING STIPULATIONS**

**SECTION ONE: INSTALLATION OF INFRASTRUCTURE**

The developer agrees to install in a timetable agreeable to the City and the Developer, infrastructure as described in EXHIBIT A.

**SECTION TWO: ASSESSMENT OF INFRASTRUCTURE VALUE**

Notwithstanding the developer's costs associated with the installation of infrastructure as described in this agreement, and in accordance with WRC 16.05.100, the City's engineer shall determine the amount due, in accordance with the methodology set forth in WRC 16.05.100, at times and in circumstances when future developments as specified in

EXHIBIT B impacts or will likely utilize the infrastructure described in EXHIBIT A. That infrastructure assessment will constitute the amount to which the Developer is entitled.

SECTION THREE: COLLECTION AND DISBURSEMENT

The City shall not allow development of property impacting the infrastructure described in EXHIBIT A until the developer of such property, as specified in EXHIBIT B, pays to the City in full obligation for infrastructure costs associated with that developer's impact on the infrastructure, as determined by the City's engineer.

Upon payment of costs set-fourth in this section, the City shall immediately reimburse to the Developer those funds collected. The City shall not be responsible for the reimbursement of any funds not collected.
