be repositioned or re-routed so that all panels may be positioned contiguously in an orderly and neat manner without gap variances or offsets.

All solar system components must be kept in good repair, maintained and operable so that they do not become unsightly over time. If the solar energy system is used to heat water, it must be certified by the Solar Rating and Certification Corporation, or nationally recognized solar certification entity. If the solar energy system is mounted on a roof, it must not extend above the roof line, or if it does, it must have a panel frame, support bracket, or visible piping or wiring that has a color that is similar to the roof material. If the solar energy system is mounted on the ground, it may not be visible from the street that the lot fronts. Prior to installing a solar energy system, the lot owner must agree in writing to pay any reasonable cost or expense incurred by the Association to review an application to install a solar energy system. As a condition of installing a solar energy system, the owner of the lot must record a deed restriction against the owner's lot that runs with the land that requires the current owner of the lot to indemnify or reimburse the association or any member of the association for any loss of damage caused by the installation, maintenance, or use of the solar energy system, including costs and reasonable attorney fees incurred by the association or a member of the association.

14. **Mailboxes.** All mailboxes and mailbox holders shall adhere to the applicable specifications of the U.S. Postal Service and located as directed by the U.S. Postal Service. It is the intent of the Developer to create additional subdivision units or Properties that will become part of the Owners Association as herein defined. The Articles of Incorporation of such corporation shall specify, among the purposes and duties of such corporation, the enforcement of all the restrictions, covenants, and conditions, contained in this instrument, and the maintenance, preservation, and improvements of such Properties, and the keeping and maintaining of Old Sorrel Ranch Subdivision and every part thereof in a clean and sanitary condition, including the removal of weeds and rubbish from streets and vacant property, so far as it may lawfully act to do so, and the transaction of such other businesses as may be permitted by law. A. The non-profit corporation shall be known as The Old Sorrel Ranch Owners Association. The Owners Association shall have all rights and authorities granted to it as a non-profit corporation in the State of Utah, and in addition, shall have the authority to establish an Architectural Control Committee, as set forth below.

Sorrel Ranch shall be entitled to one vote at all elections and on all other matters that may come before a meeting of the members, subject to the provision that if any member of such corporation shall be the purchaser or owner of more than one lot in the Subdivision, he shall be entitled to as many votes as the number of lots purchased or owned by him. Developer shall be entitled to three votes per lot for each lot owned by Developer. The Developer, shall not be obligated to bear the burdens imposed hereunder with respect to the unsold lots in said Subdivision.

C. Developer agrees that on the organization of such corporation, it will convey to such corporation its reversionary interest and title and all rights in or to the property conveyed by this instrument, arising or that may arise out of the restrictions and conditions expressed in this instrument, if any there be.

D. By acceptance of the deed or other instrument of conveyance for his or her Lot within the Subdivision, each Lot Owner shall be deemed to covenant and agree to be bound by the Articles of Incorporation, By-Laws of the Association, and adopted Rules and Procedures established by the Association, and to pay the Association annual assessments and special assessments for maintenance or necessary capital improvements. Such assessments shall be fixed, established, and collected from time to time as provided in the Articles of Incorporation or By-Laws of the non-profit corporation.

2. **Operation of Owners Association.** The business affairs of the Owners Association, including meeting schedules, duties of officers and all conduct of the Association shall be governed by the By-Laws of the Association.

3. **Architectural Control Committee.** The Developer shall establish an Architectural Control Committee for each Phase of the development for the purpose of approving the building and site plans for all construction within the Subdivision. No dwelling or any other structure

shall be constructed without the approval of the Architectural Control Committee. Upon Developer's sale of 75% of all Lots in a Phase, Developer may delegate and transfer the Architectural Control Committee to the Owner's Association for that Phase of development. The Architectural Control Committee shall consist of the governing board of the Association, which shall consist of three members. One Member of the Architectural Control Committee shall be the Developer until Developer withdraws in writing, with the remaining two members to be selected by the Developer until the Developer's sale of 75% of all Lots in a Phase at which time the remaining two members shall be elected annually by the board of directors of the Association. The Architectural Control Committee shall act as follows:

A. Any property owner seeking to construct a new home or other appurtenant structure, or to add to or modify any portion of the exterior of an existing home, shall submit the plans to the Architectural Control Committee for review. A modification of the home exterior will include decks, hot tubs, patios, pools, fences, garages, stand alone or attached metallic constructed vehicle coverings, outdoor painting that would change approved color, and any other similar alterations which are effected outside the dwelling. Construction of new structures includes equipment and material housing, dog runs, gazebos, arbors associated with landscaping, and other similar construction must be approved by the Architectural Control Committee.

B. No construction, change, modification, or alteration for which plans are to be submitted to the Architectural Control Committee pursuant to paragraph A, immediately above, shall commence until the plans and specifications showing the nature, kind, shape, height, materials, and location of the same have been submitted to and approved in writing by the Architectural Control Committee as to the harmony of the external design and location in relation to surrounding structures and topography, size, estimates of cost,

In the event the Architectural Control Committee fails to approve or disapprove such design and location plan within thirty (30) days after such plans and specifications have been submitted to it, approval will not be required and full compliance with this section of the Declaration will be deemed to have occurred.

C. In spite of the foregoing provisions, the Architectural Control Committee shall have no affirmative obligation to be certain that all elements of the design comply with the restrictions contained in this Declaration, and no member of the Architectural Control Committee shall have any liability, responsibility, or obligation, whatsoever for any decision or lack thereof, in carrying out of duties as a member of such committee. Such committee and its members shall have only an advisory function, and the sole responsibility for compliance with all of the terms of this Declaration shall rest with the homeowner. Each homeowner agrees to save, defend, and hold harmless the Architectural Control Committee and each of its members on account of any activities of the Architectural Control Committee relating to such Owner's Property or buildings to be constructed on his or her property.

D. The Architectural Control Committee or any member, if it observes deviations from or lack of compliance with the provisions and this declaration, shall report such deviations or lack of compliance to the Board of Directors Association for appropriate action.

E. The approval of building plans and specifications shall not be unreasonably withheld by the Association. The Committee shall, however, have the sole and absolute discretion to evaluate plans and specifications for the purpose of assuring that the

Any Owner or building may not, however, rely on the opinion of the Architectural Control Committee as to whether the plans meet the applicable laws and municipal ordinances in place at the time of construction. It shall be the sole and exclusive responsibility of the owners of the lots within the Subdivision to be sure that all laws and ordinances are complied with in connection with their construction.

4. **Membership.** Each person who purchases a lot within any unit of Old Sorrel Ranch Subdivision, Phase 1 as well as any future phases incorporated herewith, shall be entitled and required, and shall automatically become, a member of the Association.

5. **Association's Enforcement Authority.** In addition to the enforcement rights set forth in Section VI, below, the Association shall have the right independently to enforce these restrictive covenants against any Owner who is in violation thereof. If any enforcement action is necessary, the Association shall be entitled to injunctive relief, damages and such other remedies as the law allows, and shall be entitled to recover from the Owner or other person in violation all of its costs, expenses and a reasonable attorney's fee.

B. On the filing of the final subdivision map for the future subdivisions, the mentioned open-space located in the Subdivision shall be conveyed to and accepted by the Association.

C. Maintenance of the open-space tracts, open-space easements, and/or any amenities located thereon shall be at the cost and expense of the Owners within Old Sorrel Ranch Subdivision, Phase 1, or future subdivision created by Developer. All such costs, including, but not limited to maintenance expenses, replacement expenses, insurance, and real property taxes, shall be borne by the Association created hereunder.

D. After reasonable notice to the occupant of the Lot being entered, the board may access a lot from time to time during reasonable hours, as necessary for the maintenance, repair, or replacement of any of the common areas or for making an emergency repair.

7. **Old Sorrel Ranch Development, Inc.'s Temporary Authority.** Until such time as seventy-five (75) percent of the Old Sorrel Ranch Subdivision, Phase 1 is sold, Developer shall be entitled to perform all functions of the Owners' Association set forth herein, even after the Association is incorporated, and Developer may appoint the Association's officers, employees or agents as members of the board. Developer shall have the right to retain or assign its duties as the Architectural Control Committee during any period of time it is vested with that authority. purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Area, including fixtures and personal property related thereto, and the common roadways serving the Development or for the purpose of meeting any unanticipated expenses related to the Common Areas. Such special assessments may be levied only after obtaining the written consent of the Owners of at least sixty percent (60%) of the aggregate number of lots then subject to the Declaration.

5. Assessment Rate by Association.

(a) Both annual and special assessments must be fixed at a uniform rate for all Lots.

(b) The amount of the aggregate annual assessments for each year shall be the amount necessary to fund the expenses described in Section 2 of this Article.

(c) Any annual increase of dues in excess of fifty (50%) percent in subsection (b) of this Section may be levied only after obtaining the written consent of the Owners of at least sixty-six percent (66%) of the aggregate number of Lots then subject to the Declaration, including Lots owned by Developer. An annual increase of dues in excess of ten (10%) percent in subsection (b) of this Section may not be levied only after obtaining the written consent of the Owners of at least fifty percent (50%) of the aggregate number of Lots then subject to the Declaration.

at which time Developer shall become subject to annual assessments for each Lot still owned by Developer for that specific phase of development. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year. The Developer or, after the surrender of the Common Areas to the Association, the Board of Directors of the Association shall fix the amount of the annual assessment against each Lot at least thirty (30) days in advance of each annual assessment period. Commencing upon the sale of the Lot until modified by the Association as set forth hereafter, the assessment shall be Twenty-five (\$25.00) Dollars per month for a total of Three Hundred (\$300.00) Dollars for an annual assessment for each Lot. Written notice of the annual assessment shall be sent to every Owner. The due dates shall be established in such written notice. All funds shall be held in the name of the association and shall not be commingled with the funds of any other person.

7. **Effect of Nonpayment of Assessments; Remedies of the Association.** Any assessment not paid within thirty (30) days after the due date shall bear interest from the due date at the rate of twelve percent (12%) per annum. In addition to such interest charge, the Board of Directors of the Association, to defray the costs arising because of late payment, shall have the right to assess a late payment in the amount it deems appropriate. To that end, the Declarant hereby conveys and warrants pursuant to U.C.A. Sections §57-1-20 and §57-8a-302 to (name of trustee), with power of sale, the lot and all improvements to the lot for the purpose of securing payment of assessments under the terms of the declaration, said law to be enforceable as currently applicable or hereafter modified or amended by Utah legislation. All interest, late payment charges, costs and reasonable attorney's fees of such action or foreclosures shall be added to the amount of such

assessment. No Owner may waive or otherwise escape liability for the assessments provided for herein by not using the Common Area or abandoning his Lot.

8. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage or deed of trust on a Lot or any mortgage or deed of trust to the Declarant. Sale or transfer of any Lot shall not affect the assessment lien. However, the sale or transfer of any Lot pursuant to mortgage foreclosure or any proceeding in lieu thereof, shall extinguish the lien of such assessments as to payments which became due prior to such sale or transfer. No sale or transfer shall relieve the purchaser of such Lot from liability for any assessments thereafter becoming due or from the lien thereof, but the lien provided for herein shall continue to be subordinate to the lien of any mortgage or deed of trust as above provided.

9. Fee for Providing Payoff Information Needed at Closing. A fee for providing Association payoff information needed in connection with the financing, refinancing, or closing of a Lot Owner's sale or Owner's Lot shall not exceed \$50.00.
