 JEFFERY SMITH
 UTAH COUNTY RECORDER
 2019 Mar 07 1:17 pm FEE 86.00 BY MA
 RECORDED FOR D R HORTON

DEVELOPMENT AGREEMENT
(Northshore)

THIS DEVELOPMENT AGREEMENT ("Agreement") is made and entered into on October 16, 2018, by and between the City of Saratoga Springs, Utah, a Utah municipal corporation, hereinafter referred to as "City," and D.R. Horton, Inc., a Delaware corporation, hereinafter referred to as "Developer."

RECITALS:

WHEREAS, Developer owns or is under contract to purchase approximately one hundred thirty-six (136) acres of property located in the City of Saratoga Springs, Utah (the "Property"). A legal description of the Property is attached hereto as Exhibit A.

WHEREAS, approximately 59.41 acres of the land comprising the Property were recently annexed into the boundaries of the City in accordance with: (i) that certain Annexation Agreement dated May 15, 2018, executed by the City and Developer (the "Annexation Agreement"); and (ii) that certain Ordinance No. 18-13 (6-19-2018) adopted and passed by the City Council of the City of Saratoga Springs on June 19, 2018 (the "Annexation Ordinance"). True copies of the Annexation Ordinance and the Annexation Agreement are attached hereto collectively as Exhibit B.

WHEREAS, Developer intends to develop and improve the Property as a mixed-residential project (MR Zone) to be known as "Northshore" consistent with the Annexation Agreement (and the exhibits thereto) and in accordance with the Northshore Neighborhood Plan approved by the City Council on September 4, 2018 (the "Neighborhood Plan"). A copy of the approved Neighborhood Plan is on file with the City.

WHEREAS, for purposes of transportation corridor preservation for Pony Express, 7750 North, and Saratoga Road, Developer is willing to convey (by deed) and dedicate to the City certain portions of the Property above that which is necessary for Owner's project as determined by Owner's traffic study for its development, in exchange for which the City will convey (by deed) certain parcels of land owned by the City or provide impact fee credits to Developer, as required by Utah law and in accordance with the terms and provisions of this Agreement.

WHEREAS, the City and Developer desire to enter into this Agreement to guide the orderly development of the Property and to advance and protect the City's objectives and policies regarding future transportation improvements and the health, welfare, safety and economic prosperity of the City.

WHEREAS, after all required public notice and hearings, in exercising its discretion, the City Council has determined that entering into this Agreement furthers the purposes of the Utah Municipal Land Use, Development, and Management Act, the City's General Plan, and Title 19 of the City Code (collectively, the "Public Purposes"). As a result of such determination, the City has elected to move forward with the approvals necessary to expedite, approve and commence the development of the Project in accordance with the terms and provisions of this Agreement and the

Exhibits hereto.

AGREEMENT:

Now, therefore, in consideration of the recitals above and the terms and conditions set forth below, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the City and Developer hereby agree as follows:

1. Effective Date. This Agreement shall become effective on the date it is executed by Developer and the City (the "Effective Date"). The Effective Date shall be inserted in the introductory paragraph preceding the Recitals.
2. Affected Property. The legal description for the Property is attached as Exhibit A. Subject to the provisions of Section 8 below, no other property may be added to this Agreement except by written amendment to this Agreement executed and approved by Developer and the City.
3. Zoning and Permitted Uses. The zoning of the Property is mixed residential (MR). The Property shall be developed in accordance with the MR zone as set forth in the Annexation Agreement and the Neighborhood Plan (the "Project"), both of which are incorporated herein and made a part of this Agreement.
4. Reserved Legislative Powers. Nothing in this Agreement shall limit the valid and proper exercise of the police powers of the City in enacting zoning, subdivision, development, growth management, platting, environmental, open space, transportation, and other land use plans, policies, ordinances, and regulations after the date of this Agreement. Notwithstanding the retained power of City to enact legislation under its police power, such legislation shall not modify or violate Developer's vested rights and entitlements unless the alleged grounds meet and satisfy the compelling, countervailing public interest exception to the vested rights legal and equitable requirements set forth in *Western Land Equities, Inc. v. City of Logan*, 617 P.2d 388 (Utah 1988) and other supporting case law or statute any such proposed change affecting Developer's rights shall be of general applicability to all development activity in City by property owners with similar vested entitlements. Unless City declares an emergency, Developer shall be entitled to prior written notice and an opportunity to be heard with respect to any proposed change and its applicability to the Project.
5. Final Project/Plat or Development Plan Approval. Developer shall cause final plat and final project plans and specifications (including site and building design plans) (the "Plans") to be prepared for the Project meeting applicable City regulations and this Agreement. No conditions or standards will be imposed that would have the effect of reducing the residential density rights for this Project as set forth in the approved Neighborhood Plan.
6. Standards for Approval. The City shall approve the Plans as and when such Plans meet the standards and requirements enumerated herein. Developer shall be required to proceed

through the Preliminary Plat, Final Plat, and Site Plan approval process as specified in Title 19 of the City Code, and Developer shall be required to record a Final Plat with the Utah County Recorder and pay all recording fees.

7. Commencement of Site Preparation. Developer shall not commence construction of any Project improvement on the Property until such time as a preliminary plat and the Plans have been approved by the City in accordance with the terms and conditions of this Agreement. Upon approval of the Plans, subject to the provisions of this Agreement and conditions of approval, Developer may proceed by constructing the Project all at one time or in phases as specified in City regulations.
8. Additional Land. There are approximately eighty-three (83) acres of additional land which Developer may seek to include in the Project. Said additional land is described and/or depicted in Exhibit C hereto. Some of the additional land is already located within the boundaries of the City; however, portions of the additional land are located in unincorporated Utah County. If and when Developer elects to include some or all of the additional land in the Project, the City agrees to cooperate with the annexation of those portions not presently within the City boundaries. As the additional land is brought into the Project, the Parties intend the additional land to receive the same zoning (MR) and density/development rights granted to the Property described in Exhibit A hereto, with portions of the northern area of the additional land to utilize the commercial aspects/uses permitted in the MR zone. Nevertheless, the City Council shall retain its legislative discretion at all times with respect to annexation, general plan, and zoning map decisions for the additional land.
9. Harbor Land. In exchange for Developer's conveyance and dedication of approximately twenty (20) acres of the existing privately-owned harbor land to the City, Developer will receive open space credits for the Project either as an offset in open space acreage requirements for additional land added to the Project in the future, or as open space/parks impact fee credits for the Property described in Exhibit A hereto. The value of the harbor acreage to be conveyed to the City (and, hence, the corresponding value of the open space credits to be received by Developer) shall be (i) determined by a mutually-acceptable appraiser if an appraisal is required by the City, or (ii) equal to the cost paid by Developer to acquire the harbor land. This Parties understand that the language in this Section 9 differs from, and effectively modifies, the language in Section 9 of the Annexation Agreement.
10. Land Trades. For transportation corridor preservation purposes relating to Pony Express Parkway, Developer will convey to the City some or all of the tracts of land described in Exhibit D hereto. In exchange for right-of-way dedications above the project improvements necessary to service Developer's project, and on an acre-for-acre basis of land with reasonably equivalent value, the City may either convey to Developer from the tracts of land described in Exhibit E equivalent acreage, grant impact fee credits, or make payments to the Developer of reasonably equivalent value (with the method to be selected by the City in its sole discretion). At the time each plat is recorded that involves portions of the land described in Exhibit D hereto, Developer shall deed or dedicate such acreage to the City for

the Pony Express Parkway corridor preservation or other tracts of land shown in Exhibit D and desired by the City. At that time, the City will compensate Developer for any acreage in excess of the roadway dimensions that constitute “project improvements” as determined by a traffic study by conveying to Developer other City-owned land of reasonable equivalent value on an acre-for-acre basis, making payments, or granting impact fee credits to the Developer of reasonably equivalent value. The intent of this provision is to ensure that for each acre conveyed by Developer to the City above the project improvements necessary to service Developer’s project, the City will convey to Developer an acre of land from the tract of land described in Exhibit E of similar value, grant impact fee credits of similar value, or make payments to Developer. It shall be the City’s sole discretion which method of compensation is chosen.

11. City Well Sites. The City, at its own cost and expense, will construct black vinyl coated chain link fences in a height of six (6) feet around both of the City’s well sites in the Project where existing chain link fencing has not already been installed as and when the phases in which such well sites are located are developed. For well sites with existing fencing, the existing fences shall suffice. Alternatively, Developer may choose to install upgraded fencing around said well sites, in which event the City will contribute the cash value of black vinyl coated chain link fencing and Developer will pay the balance of the costs for upgraded fencing. For locations in which existing chain link fencing is present, Developer shall be responsible for the entire cost of the upgraded fencing should Developer choose to upgrade the fences in those locations. Access to the well sites will be relocated to public roadways at Developer’s sole expense as soon as reasonably possible as determined by the City, at which point any recorded or prescriptive easements the City may assert which previously provided access to the well sites will be terminated by the City at the Developer’s request.

12. 7750 North Street. Developer, at its own cost, is required to construct a “local road” with a 59-foot wide right of way improvement for 7750 North as determined by Owner’s traffic study for its development. The City’s master transportation plan requires 7750 North to be constructed as a “collector road” with a 77-foot wide right of way. In addition, portions of an existing water line are located to the north of the City-owned property affecting the proposed alignment of the roadway. In order to allow 7750 North to be constructed as a 77-foot Collector Road in accordance with the City’s master transportation plan and align with the existing water line, the 7750 North improvements will need to be constructed on areas of Developer’s land, as shown on Exhibit F. As a result, the City will require more of Developer’s land than just the “local road” improvements Developer must provide. Developer will deed or dedicate Right-of-Way to the City for 7750 North and the City will compensate Developer for any land requirements by conveying to Developer from the currently owned city parcel as shown in Exhibit F land of reasonable equivalent value on an acre-for-acre basis, making payments, or granting impact fee credits to the Developer of reasonably equivalent value (with the method to be selected by the City in its sole discretion). The intent of this provision is to ensure that for each acre conveyed by Developer to the City for the relocation of 7750 North for Developer’s project or the City’s master transportation plan requirements, the City will convey to Developer an acre of land

from the tract of land described in Exhibit F of similar value, make payments, or grant impact fee credits of similar value. The conveyance of land between the Developer and the City will shift the 7750 North alignment to the north such that it will contain the existing water line and the road improvements required for Developer's Project. The City's obligations under this provision are conditioned on obtaining the necessary approvals from the Utah Department of Transportation (UDOT) and complying with the City's existing agreement with UDOT relating to this roadway.

13. Time of Approval. Any approval required by this Agreement shall not be unreasonably withheld or delayed in accordance with Utah law and time is of the essence for review and action on all applications submitted by Developer relating to the Project, as the same may be expanded.
14. Term. The term of this Agreement shall commence on the Effective Date (defined in Section 1 above) and shall continue thereafter for a period of ten (10) years thereafter. However, this Agreement may terminate earlier when certificates of occupancy have been issued for all buildings and/or dwelling units in the Project.
15. System Improvements. Developer reserves the right to seek reimbursement for the reasonable costs of "system improvements" (as defined under Utah law) installed and paid for by Developer under the direction of the City that are not otherwise addressed in this Agreement.
16. Successors and Assigns.
 - a. Change in Ownership. This Agreement shall be binding on the successors and assigns of Developer. If the Property is transferred ("Transfer") to a third party ("Transferee"), Developer and the Transferee shall be jointly and severally liable for the performance of each of the obligations contained in this Agreement unless prior to such Transfer Developer provides to City a letter from Transferee acknowledging the existence of this Agreement and agreeing to be bound thereby. Said letter shall be signed by the Transferee, notarized, and delivered to City prior to the Transfer. Upon execution of the letter described above, the Transferee shall be substituted as Developer under this Agreement and the persons and/or entities executing this Agreement as Developer shall be released from any further obligations under this Agreement as to the transferred Property.
 - b. Individual Lot or Unit Sales. Notwithstanding the above provisions of Subsection 15.a., a transfer by Developer (or its affiliates or approved builders) of a lot or unit located on the Property within a recorded plat shall not be deemed a Transfer as set forth above so long as Developer's obligations with respect to such lot or dwelling unit have been completed. In such event, Developer shall be released from any further obligations under this Agreement pertaining to such lot or dwelling unit.
17. Default.

- a. Events of Default. Upon the happening of one or more of the following events or conditions Developer or City, as applicable, shall be in default (“Default”) under this Agreement:
- i. a determination made upon the basis of substantial evidence that either the Developer or the City has not complied in good faith with one or more of the material terms or conditions of this Agreement; or
 - ii. any other event, condition, act, or omission, by City or Developer that violates the terms of, or materially interferes with the objectives of this Agreement.
- b. Procedure Upon Default.
- i. Upon the occurrence of Default, the non-defaulting party shall give the other party thirty (30) days written notice specifying the nature of the alleged Default and, when appropriate, the manner in which said Default must be satisfactorily cured. In the event the Default cannot reasonably be cured within thirty (30) days, the defaulting party shall have such additional time as may be necessary to cure such Default so long as the defaulting party takes significant action to begin curing such Default with such thirty-day period and thereafter proceeds diligently to cure the Default. After proper notice and expiration of said thirty day or other appropriate cure period without cure, the non-defaulting party may declare the other party to be in breach of this Agreement and may take the action specified in Section 16.c. herein. Failure or delay in giving notice of Default shall not constitute a waiver of any Default.
 - ii. Any Default or inability to cure a Default caused by strikes, lockouts, labor disputes, acts of God, inability to obtain labor or materials or reasonable substitutes, governmental restrictions, governmental regulations, governmental controls, enemy or hostile governmental action, civil commotion, fire or other casualty, and other similar causes beyond the reasonable control of the party obligated to perform, shall excuse the performance by such party for a period equal to the period during which any such event prevented, delayed, or stopped any required performance or effort to cure a Default.
- c. Breach of Agreement. In the event of a dispute between the parties wherein the City alleges a Default as set forth above, City or Developer may pursue whatever remedies they may have at law or in equity, including damages and injunctive and other equitable relief.
18. Entire Agreement. This Agreement and the Exhibits attached hereto shall supersede all other agreements with respect to the subject matter hereof.

19. General Terms and Conditions.

- a. Incorporation of Recitals. The Recitals contained in this Agreement, and the introductory paragraph preceding the Recitals, are hereby incorporated into this Agreement as if fully set forth herein.
- b. Recording of Agreement. This Agreement shall be recorded at Developer's expense to put prospective purchasers or other interested parties on notice as to the terms and provisions hereof.
- c. Severability. Each and every provision of this Agreement shall be separate, several, and distinct from each other provision hereof, and the invalidity, unenforceability, or illegality of any such provision shall not affect the enforceability of any other provision hereof.
- d. Time of Performance. Time shall be of the essence with respect to the duties imposed on the parties under this Agreement. Unless a time limit is specified for the performance of such duties, each party shall commence and perform its duties in an urgent and diligent manner.
- e. Construction of Agreement. This Agreement shall be construed so as to effectuate its public purpose of ensuring the Property is developed as set forth herein to protect health, safety, and welfare of the citizens of City. It is the intent of the parties to uphold and enforce the property rights and benefits and vested entitlements upon which Developer has reasonably relied in granting prior benefits as sought and requested by the City.
- f. Mutual Enforcement. The parties to this Agreement recognize that each party has the right to enforce the terms of this Agreement by seeking an injunction to compel compliance. In the event either party violates the rules, policies, regulations, or ordinances of City or violates the terms of this Agreement, City may, without declaring a Default hereunder or electing to seek an injunction, and after thirty (30) days written notice to correct the violation (or such longer period as may be established by a court of competent jurisdiction and if the party has used its reasonable best efforts to cure such violation within such thirty days and is continuing to use its reasonable best efforts to cure such an alleged violation), take such actions as shall be deemed appropriate under law until such conditions have been rectified by the defaulting party. The parties shall be free from any liability arising out of the proper exercise of its rights under this paragraph.
- g. No Waiver. Failure of a party hereto to exercise any right hereunder shall not be deemed a waiver of any such right and shall not affect the right of such party to exercise at some future time said right or any other right it may have hereunder.

- h. Amendment of Agreement. This Agreement shall not be modified or amended except in written form mutually agreed to and signed by each of the parties. No change shall be made to any provision of this Agreement unless this Agreement is amended pursuant to a vote of the City Council taken with the same formality as the vote approving this Agreement.
- i. Attorney Fees. Should any party hereto employ an attorney for the purpose of enforcing this Agreement or any judgment based on this Agreement, for any reason or in any legal proceeding whatsoever, including insolvency, bankruptcy, arbitration, declaratory relief or other litigation, including appeals or rehearings, and whether or not an action has actually commenced, the prevailing party shall be entitled to receive from the other party thereto reimbursement for all attorneys' fees and all costs and expenses. Should any judgment or final order be issued in any proceeding, said reimbursement shall be specified therein.
- j. Notices. Any notices required or permitted to be given pursuant to this Agreement shall be deemed to have been sufficiently given or served for all purposes when presented personally, or four days after being sent by registered or certified mail, properly addressed to the parties as follows (or to such other address as the receiving party shall have notified the sending party in accordance with the provisions hereof):

- k. Applicable Law. This Agreement and the construction thereof, and the rights, remedies, duties, and obligations of the parties which arise hereunder are to be construed and enforced in accordance with the laws of the State of Utah.
- l. Execution of Agreement. This Agreement may be executed in multiple parts as

originals or by facsimile copies of executed originals; provided, however, if executed and evidence of execution is made by facsimile copy, then an original shall be provided to the other party within seven days of receipt of said facsimile copy.

- m. Relationship of Parties. The contractual relationship between City and Developer arising out of this Agreement is one of independent contractor and not agency. This Agreement does not create any third-party beneficiary rights. It is specifically understood by the parties that: (i) all rights of action and enforcement of the terms and conditions of this Agreement shall be reserved to City and Developer, (ii) the Project is a private development; (iii) City has no interest in or responsibilities for or duty to third parties concerning any improvements to the Property; and (iv) Developer shall have the full power and exclusive control of the Property subject to the obligations of Developer set forth in this Agreement.

- n. Institution of Legal Action. In addition to any other rights or remedies, either party may institute legal action to cure, correct, or remedy any Default or breach, to specifically enforce any covenants or agreements set forth in this Agreement or to enjoin any threatened or attempted violation of this Agreement; or to obtain any remedies consistent with the purpose of this Agreement. Legal actions shall be instituted in the Fourth District Court, State of Utah, or in the Federal District Court for the District of Utah.

- o. Title and Authority. Developer expressly warrants and represents to City that (i) Developer owns all right, title and interest in and to the Property, and (ii) prior to the execution of this Agreement no right, title or interest in the Property has been sold, assigned or otherwise transferred to any entity or individual other than to Developer (except for the acreage sold to UDOT). Developer further warrants and represents that no portion of the Property is subject to any lawsuit or pending legal claim of any kind. Developer warrants that the undersigned individuals have full power and authority to enter into this Agreement on behalf of Developer. Developer understands that City is relying on these representations and warranties in executing this Agreement.

IN WITNESS WHEREOF, this Agreement has been executed by City and by a duly authorized representative of Developer as of the date first written above.
