Re: Eligibility for Participation of a Newly Created Entity in the Utah State Retirement Systems

Dear Millcreek Community Reinvestment Agency:

When a governmental entity is being incorporated or created, Utah law requires the Utah State Retirement Office ("Office") to provide a letter to that entity identifying the potential provisions under Utah Code Title 49, Utah State Retirement and Insurance Benefit Act ("Retirement Act"), with which it shall comply. *See* Utah Code Ann. § 67-1a-6.5(3)(d). This letter serves as the official notice for the Millcreek Community Reinvestment Agency, a newly created Utah Community Reinvestment Agency.

Based upon the information provided, the Office has determined that Millcreek Community Reinvestment Agency is an "employer" under the Retirement Act as a political subdivision of the state by virtue of its status as a limited purpose local government entity under Utah Code Title 17C. Accordingly, the Millcreek Community Reinvestment Agency must comply with the participation requirements of the Retirement Act.

This does not mean that the Millcreek Community Reinvestment Agency must provide retirement benefits to its employees. However, at the present time and throughout the future, the **Millcreek Community Reinvestment Agency is required by law to participate with URS if and when it offers any type of retirement benefit to its employees.**

The Millcreek Community Reinvestment Agency may not currently have employees or may have not yet elected to provide a retirement benefit to its employees. Please be aware, it is not the obligation of the Office to monitor the activities of the Millcreek Community Reinvestment Agency. **By law, it is the Millcreek Community Reinvestment Agency's obligation to apply for membership with URS if and when it chooses to provide a retirement benefit to its employees.**

Once the Millcreek Community Reinvestment Agency begins participation with URS, its public employees will be covered under either the Tier I or Tier II public employee retirement systems, as described in the Retirement Act. If the Millcreek Community Reinvestment Agency employs public safety or firefighter service employees, those employees will be covered under the separate Tier I or Tier II systems for public safety and/or firefighter service employees described in the Retirement Act.

In addition, participating employers of URS are required by Section 49-11-606 to "cover all employees eligible for service credit under this title." As such, once admitted as a participating employer, the Millcreek Community Reinvestment Agency will be required to cover all eligible employees, pursuant to the eligibility rules found in the Retirement Act.

Please note that the above-referenced laws are those used to determine eligibility for participation, and are not the only laws with which a participating employer must comply. Participating employers are required to "inform themselves of their rights and obligations" under Title 49 and should become familiar with all provisions of the Retirement Act. Once the Millcreek Community Reinvestment Agency is admitted into the System, URS provides education about the requirements with which Millcreek Community Reinvestment Agency must comply as a participating employer.

Additionally, please be aware that should the Millcreek Community Reinvestment Agency fail to participate with URS while offering another retirement benefit to its employees, Millcreek Community Reinvestment Agency's employees may have a claim against it for service credit under the Retirement Act, which the Office is required to enforce. Under the Retirement Act, such a claim would include all past employer contributions, interest, and in some cases, penalties. See Utah Code Ann. § 49-11-601(3).

Please do not hesitate to contact me if you have any questions.

Sincerely,

Matthew K. Judd
Employer Services Director
Utah State Retirement Office
