1. Lots 1 through 31 shall be known as "residential lots." No structure shall be erected, altered, placed or permitted to remain on any "residential lot" other than one detached single family dwelling, a private garage, and out buildings for pets as hereinafter described.

No residential structure, or any part thereof, shall be erected, altered placed or permitted to remain on any parcel of land containing less than an entire residential lot.

No building shall be erected, placed, or altered on any premises in said development until the building plans, specifications, and plot plans showing the location of such building have been approved as to conformity and harmony of external design with existing structures in the development as to location of the building with respect to topography and finished ground elevation by an architectural committee composed of H. M. CALVERT, ROBERT R. MURRAY and STEPHEN P. TERRY and other members selected by them or by their representatives designated by the members of said committee. In the event of death or resignation of any member of said committee, the remaining member, or members, shall have full authority to approve or disapprove such design and location, or to designate a representative with like authority. In the event all the members of said committee die, or in the event the committee ceases to function, then 56% of the owners of the lots in said subdivision shall have the right to elect a committee. In the event said committee, or its designated representatives, fails to approve or disapprove such design and location thirty (30) days after said plans and specifications have been submitted to it, or in any event if no suit to enjoin the erection of such building or the making of such alterations have been commenced prior to the completion thereof, such approval will not be required and this covenant will be deemed to have been fully complied with. Neither the members of such committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this Covenant. This committee shall have the right to vary the requirements as set forth in Section 2, but said variance shall not be valid unless obtained in writing.

If the parties hereto, any of them or their heirs, or assigns shall violate or attempt to violate any of the Covenants herein, it shall be lawful for any other person or persons owning any real property situated in said tract to prosecute any proceeding at law or in equity against the person or persons violating or attempting to violate such Covenants, and either to prevent him or them from so doing or to recover damages or other dues for such violation.
