Dated

WHEREAS, H. J. HARRISON CONSTRUCTION CORP., a Utah corporation (hereinafter referred to as "DEVELOPER") is the owner of the following described real property located in Layton City, Davis County, State of Utah;

09-169-0001-0012

Lots 1 through 12 inclusive of Oak Hollow Plat "A".

WHEREAS, it is the desire and intention of the Developer to sell the lots described above and to impose on them mutual beneficial restrictions under a general plan of improvement for the benefit of all lots in the subdivision and the future owners of the lots;

NOW, THEREFORE, the Developer hereby declares that all of the lots described above are held and shall be held, conveyed, hypothecated, or encumbered, leased, rented, used, occupied and improved subject to the following covenants and conditions, all of which are declared and agreed to be in furtherance of a plan for the improvement and sale of the lots described above and are established and agreed upon for the purpose of enhancing and protecting the value, desirability, and attractiveness of the lots. All of the covenants and conditions shall run with the land and shall be binding on all parties having or acquiring any right, title or interest in the above described lots or any part thereof.

1. LAND USE AND BUILDING TYPE. No lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single-family dwelling not to exceed two stories in height and a private garage for not more than three cars. No dwelling shall be erected, placed, or permitted to remain on any lot that does not have attached to it a private garage for at least two cars. Said premises shall be used for private residence purposes only, except as hereinafter set forth, and no structure of any kind shall be moved from any other prior residence upon said premises; nor shall any incomplete building be permitted to remain incomplete for a period in excess of one year from the date the building was started unless approved by the Architectural Control Committee.

OSG

2. ARCHITECTURAL CONTROL. No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures and as to location with respect to topography and finished grade elevation.

Unless approved by the Architectural Control Committee, no hedge more than three feet high and no fence or wall shall be erected, placed, altered, or permitted to remain on any lot closer to the front street than the front of the residential structure on said lot, or, where said hedge, fence, or wall is located along the boundary line between two adjoining lots, it shall not be closer to the front street than the front of whichever residential structure on the two adjoining lots is nearest to the street.

3. DWELLING QUALITY AND SIZE. The ground level square foot area of the main structure, exclusive of garage and any one story open porches, shall not be less than 1,400 square feet for a one story dwelling. In a split level dwelling the combined area of a single level and each of the two levels in the adjoining two story portion of the dwelling, exclusive of garage and any one story open porches, shall not be less than 1,550 square feet. In a two story home which is two stories above the curb level, the combined of the ground story level and the story above the ground story level, exclusive of garage and any one story open porches, shall total not less than 2,200 square feet. In a split entry dwelling the combined area of the above ground level and the below ground level shall be 2,200 square feet with the above ground level being not less than 1,400 square feet, exclusive of garage and any one story open porches. If four feet or more of foundation is above finished grade, then the basement becomes a story. It is the purpose of this covenant to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced at the date that these covenants are recorded.

All construction to be of new materials, except that used brick may be used with prior written approval of the Architectural Control Committee.

All exteriors shall be at least 60% face brick or stucco, except that when natural stone is used, 100% of the ground story front elevation in natural stone will be allowed.

4. BUILDING ORDINANCES. All structures must comply with the current building code, zoning and setback requirements of Layton City.

5. EASEMENTS. Seven foot easements for installation and maintenance of utilities are reserved on front and back lot lines and on some side lot lines as shown on the recorded plat. Within these easements no structure, planting or other materials shall be placed or permitted to remain which may damage or interfere with the installation or maintenance of utilities. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot except for those improvements for which a public authority or utility company is responsible.

6. DRAINAGE. No lot shall be graded and no structure or other obstacle shall be erected, placed, or permitted to remain thereon in such a way as to interfere with the established drainage pattern over the lot to and from adjoining land, or in the event it becomes necessary to change the established drainage over a lot, adequate provisions shall be made for proper drainage. Any fence or wall erected along the side or rear property line of any lot shall contain "weep holes" or be otherwise constructed so as not to prevent the flow of surface water from adjoining land where such flow is in accord with the established drainage.

7. NUISANCES. No noxious or offensive activity shall be carried on upon any lot nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

8. USE OF OTHER STRUCTURES AS RESIDENCE. No trailer, basement, tent, shack, garage, barn or other outbuilding or any structure of a temporary character shall be used on any lot at any time as a residence either temporarily or permanently.

9. SIGNS. No sign of any kind shall be displayed to the public view on any lot except one sign advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.

10. ANIMALS. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot except that dogs, cats, or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose and do not become an annoyance or nuisance to the neighborhood.

11. GARBAGE AND REFUSE DISPOSAL. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such materials shall be kept in a clean and sanitary condition.

12. EXCAVATIONS AND COMPLETING IMPROVEMENTS. No excavation shall be made on any lot except in connection with the erection, alteration, or repair, of a dwelling or other improvement thereon. When the excavation or the erection, alteration, or repair of a structure or other improvement has once begun, the work must be prosecuted diligently and completed within one year from the date the building was started unless approved by the Architectural Control Committee.

13. OIL AND MINING OPERATIONS. No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

14. ARCHITECTURAL CONTROL COMMITTEE. The Architectural Control Committee shall consist of three members to be elected by the Developer. Any communication to the Committee shall be addressed to the Architectural Control Committee of Oak Hollow, 1391 East Barton Creek Lane, Bountiful, Utah 84010 unless the address is changed by written notice to the lot owners from the Developer or Committee. Upon failure of the Developer to fill any vacancies in the Committee the remaining members of the Committee may do so by a majority vote of their number. The Developer may, at its sole discretion, remove members from the Committee and fill vacancies. Said rights of appointment and removal shall, however, be subject to the right of the then record owners of a majority of the lots, through a duly recorded written instrument to change any membership of the Committee or to withdraw from the Committee or restore to its power and duties, except that the Committee shall always have one member selected by the Developer if the Developer desires. A majority of the Committee may designate a representative to act for it. Neither the members of the Committee nor its designated representative shall be entitled to any compensation for services performed under this declaration.

The Committee's approval or disapproval required in this Declaration of Covenants and Conditions shall be in writing. In the event that the Committee, or its designated representative fails to approve or disapprove within 30 days after plans and specifications have been submitted to it, or in any event, or if no suit to enjoin the construction has been commenced before the completion, approval shall not be required and the related covenants shall be deemed to have been fully complied with.

As of the date of this Declaration, the Architectural Control Committee shall be composed of; J. Brent Harrison, 1391 E. Barton Creek Lane, Bountiful, Utah, Judy B. Harrison, 1391 E. Barton Creek Lane, Bountiful, Utah, and Blanche M. Harrison, 172 E. 500 So., Bountiful, Utah.

15. GENERAL PROVISIONS:

A-1. TERM. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of forty years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change the covenants in whole or part.

A-2. ENFORCEMENT. Enforcement shall be by proceedings as law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.

A-3. SEVERABILITY. Invalidation of any one of these covenants by judgement or court shall in no way affect any of the other provisions which shall remain in full force and effect.

A-4. AMENDMENT. These covenants may be amended by the written acceptance of two-thirds (2/3) of the fee simple owners.

THIS DECLARATION IS MADE THIS 14th DAY OF July, 1987.

H. J. HARRISON CONSTRUCTION CORPORATION

By J. Brent Harrison

ATTEST:

STATE OF UTAH

County of Davis

On the 14 day of July, 1987, personally appeared before me, J. Brent Harrison, who being by me duly sworn did say, that he, the said J. Brent Harrison, is the President of H. J. Harrison Construction Corp., and that the within and foregoing instrument was signed in behalf of said corporation by authority of a resolution of its board of directors and said J. Brent Harrison duly acknowledged to me that said corporation executed the same and that the seal affixed is the seal of said corporation.
