hereby declare that all and each of said lots described shall

harmony of external design with existing structures and as to loca-
tion with respect to topography and finished grade elevation.

C. The ground floor area of the main structure exclusive of one

any interior lot nearer than 15 feet to the rear lot line. For the
purposes of this covenant, eaves, steps, and open porches shall not
be considered a part of a building provided, however, that this
shall not be construed to permit any portion of a building on a lot
to encroach upon another lot.

E. No dwelling shall be erected or placed on any lot having a width
less than 65 feet at the minimum set back line, nor shall any dwell-
ing be erected or placed on any lot having an area less than 3000
square feet.

J. No trash, ashes, or any other refuse may be thrown or dumped on any residential lots hereinbefore described or parts or portions thereof.

K. In the event said committee or its designated representative fails to approve or disapprove such design and location within 30 days after said plans and specifications have been submitted to it, or in any event, if no suit to enjoin the erection of such building or the making of such alterations has been commenced prior to the completion thereof, such approval will not be required and this covenant will be deemed to have been duly complied with. Neither the members of such committee, nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant.

The powers and duties of such committee and its designated representatives shall cease on and after Jan. 1, 1966.
