DECLARATION OF PROTECTIVE
COVENANTS AND RESTRICTIONS FOR
TIMP VIEW SUBDIVISION

KNOW ALL MEN BY THESE PRESENTS:

THAT WHEREAS, the undersigned being the owners of the following described real property situate in Salt Lake County, State of Utah, to-wit:

All of Lots 101 to 123, inclusive, TIMP VIEW PLAT A, a subdivision, according to the official plat thereof.

In consideration of the premises and as part of the general plan for improvement of said property, do hereby declare the property hereinabove described, subject to the restrictions and covenants herein recited.

PART A. RESIDENTIAL AREA COVENANTS

1. LAND USE AND BUILDING TYPE. No lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single-family dwelling not to exceed two stories in height and a private garage or carport for not more than three vehicles, except that a duplex or fourplex may be constructed on Lots 101, 102, 103, 121, 122, and 123 if the plans and specifications are granted prior approval by the Architectural Control Committee as designated in paragraph 2 of this agreement.

2. ARCHITECTURAL CONTROL. No building shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved. Approval shall be as provided in Part B.

3. DWELLING COST, QUALITY AND SIZE. No dwelling shall be permitted on any lot at a cost of less than \$30,000.00 based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenants to assure that all dwellings shall be of quality workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The ground floor area of the main structure exclusive of one-story open porches and garages, shall not be less than 950 square feet, for single family residence.

4. BUILDING LOCATION. No building shall be located on any lot nearer than 30 feet to the front lot line, or nearer than 20 feet to any side street line.

(b) No building shall be located nearer than 8 feet to any interior lot line, except that no side yard shall be required for a garage or other permitted accessory building located 55 feet or more from the minimum building setback line. No dwelling shall be located on any interior lot nearer than 25 feet to the rear lot line.

(c) For the purpose of this covenant, eaves and steps, shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building, on a lot to encroach upon another lot.

5. LOT AREA AND WIDTH. No dwelling shall be erected or placed on any lot having a width of less than 75 feet at the minimum building setback line nor shall any dwelling be erected or placed on any lot having an area of less than 9,000 square feet.

6. EASEMENTS. Easements for the installation and maintenance for utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements. The easement area of each lot and all improvements

BOOK 4281 PAGE 405

in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

7. NUISANCES. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. No clothes drying or storage of any articles which are unsightly in the opinion of the Architectural Control Committee will be permitted in carports, unless in enclosed areas built and designed for such purpose. No automobiles, trailers, boats, or other vehicles are to be stored on streets or front any side lots unless they are in running condition, properly licensed and are being regularly used.

8. TEMPORARY STRUCTURES. No structure of a temporary character, trailer, basement, tent, shack, garage, barn, or other outbuilding shall be used on any lot at any time as a residence either temporarily or permanently.

9. SIGNS. No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property for sale, or rent, or signs used by a builder to advertise the property during the construction and sales period.

10. OIL AND MINING OPERATIONS. No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any lot.

11. GARAGE AND REFUSE DISPOSAL. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition. Each lot and its abutting street are to be kept free of trash, weeds and other refuse by the lot owner. No unsightly materials or other objects are to be stored on any lot in view of the general public.

12. LIVESTOCK AND POULTRY. No animals of any kind shall be raised, bred or kept on any lot, except household dogs and cats may be kept and maintained provided that they are not kept, bred or maintained for any commercial purpose and are restricted to owner's premises, or on leash under handler's control.

13. SIGHT DISTANCE AT INTERSECTIONS. No fence, wall hedge or shrub planting which obstructs sight line at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. The same sight-line limitations shall apply on any lot within 10 feet from the intersection of a street property line with the edge of a driveway or alley pavement. No trees shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines. All Sandy City or other applicable governmental ordinances and laws must be met, complied with and observed.

14. LANDSCAPING. Trees, lawns, shrubs or other plantings provided by the developer shall be properly nurtured and maintained or replaced at the property owner's expense upon request of the Architectural Control Committee.

PART B. ARCHITECTURAL CONTROL COMMITTEE

1. MEMBERSHIP. The Architectural Control Committee is composed of BARTLEY K. CURTIS and GENA CURTIS, and WARD JACKSON. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee, nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time, the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the committee or to withdraw from the committee or restore to it any of its powers and duties.

BOOK 4281 PAGE 406

2. PROCEDURE. The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative, fails to approve or disapprove within 30 days after plans and specifications have been submitted to it or in any event, if no suite to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

PART C. GENERAL PROVISIONS

1. TERM. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of forty years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of 10 years unless an instrument signed by a majority of the then owners of the lots have been recorded, agreeing to change said covenants in whole or in part.

2. ENFORCEMENT. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.

3. SEVERABILITY. Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

IN WITNESS WHEREOF the undersigned have caused these presents to be signed this 27th day of July 1976.

Bartley K. Curtis
