It is intended that there will be forty-two (42) Lots in Phase 1 of the Project, numbered 101-142, inclusive. The number of Lots is subject to change. This is a residential subdivision and only single family residences are allowed. It is intended that Parcel A will be dedicated to and maintained by the City.

3. Area of Application. This Declaration shall apply to all of the Property.

4. Right to Expand Application. The Declarant shall have the unilateral right to expand the application of this Declaration to other property by written amendment to this Declaration duly recorded, and without additional Owner approval required.

5. Easements. Declarant hereby reserves to itself and grants:

a. Common Easement. A perpetual right-of-way and non-exclusive easement over, across, and through the Project for use in common by the Declarant and Owners, subject to all of the terms, covenants, conditions and restrictions set forth herein.

b. Private Easement. A perpetual private non-exclusive easement for the exclusive use and benefit of the Declarant and Owners.

c. Declarant's Easement. An exclusive easement to the Declarant, for itself and its affiliates and assignees, to make such use of the Project as may be necessary or convenient to perform the duties and functions hereunder, including, by way of illustration but not limitation, the construction of the improvements, Lots, and Homes in the Project.

d. Construction Easements. A temporary construction easement to the Declarant, for itself and its affiliates and assignees, over, under, across, and through the Project for the purpose of doing all things that are reasonably necessary as a part of constructing any new improvements for the Project including all physical improvements as well as all Lots and Homes. The Owners do hereby acknowledge and agree that there will be construction activities, traffic, noises, odors, and vibrations which may temporarily disrupt their quiet enjoyment of their Lots and Homes until all improvements are complete, and such Owners do hereby waive any right to object to such construction activity; provided, however, Declarant shall endeavor to use reasonable efforts to minimize the adverse impact of such construction activities on the Owners, Lots, and Homes. Declarant's construction activities pursuant to the easement granted hereunder shall not be deemed to be a violation of the Use Restrictions.

e. Locations of Facilities Easements. A non-exclusive easement to the

Declarant, for itself and its affiliates and assignees, to construct, operate, maintain, repair, and replace all types of telecommunication facilities, including but not limited to, roof antennas, within suitable locations for such facilities (the "Locations of Facilities") within the Project. Declarant further reserves a right of access to the Locations of Facilities over, across, under, and through the Project in order to access the Locations of Facilities to exercise the rights established herein. Declarant reserves the perpetual right to transfer by easement, license agreement, or other conveyance the rights reserved hereunder to one or more telecommunication facilities providers. Declarant may exercise all of such rights unilaterally and without the consent of any Owner.

f. Non-Exclusive Utility Easement. A non-exclusive easement to the Declarant, and its affiliates and assignees, over, across, through, and under the Property for ingress to, egress from, and installation, replacement, repair, and maintenance of all utility and service lines and systems, including, without limitation, water, sewer, gas, telephone, electricity, and cable communication that service the Property or any portion thereof as well as any such lines and systems which service property owned by the Declarant.

g. Reservation of Rights. The deeds or other documents of conveyances for any Lot or Home within the Project hereafter made, whether by Declarant or otherwise, shall be construed to grant and reserve such easements and/or licenses as are provided herein, even though no specific reference to such easements appears in any such conveyance.

h. Duty to Maintain Integrity of Established Drainage Pattern. Within these easements and rights of way, no structure, planting, or other materials shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in, on or about the easements and rights of way, or which may obstruct or retard the flow of water through the drainage channels in the easements and rights of way. The easement and right of way area of each Lot and all improvements within said area shall be maintained continuously by the Owner, excepting those improvements for which a public authority or utility company is expressly responsible. For purposes of this subsection, the term "established drainage pattern" shall mean the drainage pattern, facilities, and improvements in existence at the time a Lot is conveyed to a home purchaser by the Declarant, its successor or assign.

i. Covenant Not To Interfere. No Owner shall interfere or attempt to interfere with the land drain system or the established drainage pattern established by the Declarant and City or their successors or assigns.

j. Improvement of Lots Relative To Established Drainage Pattern. Each Owner shall be responsible to develop, improve, and landscape his or her Lot in a manner consistent with the land drain system and the established drainage pattern, and so as not to detract from, interfere with, or impair the land drain system or the established drainage pattern on any other Lot within the Project. No changes to the land drain system or the established drainage pattern on any Lot shall be permitted without the prior written consent of the City.

k. Damage or Waste. Each Owner shall be strictly liable for any loss, damage, or claim caused to person or property in the Project caused by his negligence or carelessness, or that of his or her family members, tenants, renters, lessees, residents, occupants, guests, visitors, invitees, or permittees of his or her Lot or Home.

l. Encroachments. If any part of a Lot or Home encroaches or shall hereafter encroach upon an adjoining Lot or Home, then an easement for such encroachment and for the maintenance of the same shall and does exist. Such easements shall extend for whatever period the encroachment exists. Such encroachments shall not be considered to be encumbrances on the affected Lots or Homes. Encroachments referred to herein include, but are not limited to, encroachments caused by error in the original construction of any improvement constructed or to be constructed within the Project, by error in the Plat, by settling, rising or shifting of the earth, or by changes in position caused by repair or reconstruction of the Project or any part thereof.

6. Zoning. All land use and buildings shall be in compliance with all zoning and land use ordinances as well as all regulations of the municipalities and agencies governing the Subdivision land use and buildings.

7. Architectural Controls. Because protective covenants are not only worthwhile but absolutely necessary for everyone's comfort and enjoyment no Owner shall be permitted to disrupt the integrity of the Declarant's original design scheme for the Subdivision. Accordingly, the integrity of the design scheme for the Property shall be controlled by the Architectural Review Committee (the "ARC"). Until the Declarant has sold all of the Lots (the "Period of Declarant's Control"), the Declarant hereby reserves to itself and is hereby granted the unilateral right to appoint an individual or individuals as member(s) of the ARC. This includes the right to appoint a member as the attorney-in-fact for the ARC and to act in its name, place, and stead, and on its behalf, and for its use and benefit (the "Managing Member"), including by way of illustration but not limitation the right, power and authority to exercise or perform any act, power, duty, right, or obligation whatsoever that the ARC now has, or may hereafter acquire the legal right, power, or capacity to exercise or perform in connection with, arising from, or relating to any person, item, transaction, thing, business property, real or personal, tangible or intangible, or matter whatsoever. This reservation and grant is to be construed and interpreted as a general power of attorney. The enumeration of specific items, rights, acts, or powers herein is not intended to, nor does it, limit or restrict, and is not to be construed or interpreted as limiting or restricting, the general powers herein granted to said Managing Member. After the termination of the Declarant's Period of Control, the Owners shall elect or appoint the member or members to serve on the ARC and if they desire a Managing Member. Each member shall serve a one (1) year term.

a. Designs, Plans and Specifications. All architectural designs, plans and specifications showing the nature, kind, shape, color, size, materials, and location of all proposed Buildings, Homes, structures and other physical improvements to the Property shall be submitted

to the ARC for review and approval. Information concerning irrigation systems, drainage, lighting, landscaping and other features of proposed construction should be submitted if applicable. Designs submitted for approval shall be limited to those prepared by architects or by qualified residential designers of outstanding ability whose previous work may be reviewed as a part of the approval process.

b. Review Considerations Generally. In reviewing each submission, the ARC may consider the proposed design, harmony of external design with existing structures and the common scheme, the location in relation to surrounding structures, topography, finish grade and elevation, among other things.

c. Aesthetics. Decisions of the ARC may be based on purely aesthetic considerations. Each Owner acknowledges that opinions on aesthetic matters are subjective and may vary as ARC members change over time.

d. Approval. In the event that the Declarant fails to approve any application within thirty (30) days after submission of all information and materials reasonably requested, the application shall be considered "denied."

e. Decisions of the Architectural Review Committee. If there is a dispute of any kind whatsoever involving the minimum standards and architectural guidelines, the decision of the ARC shall in all instances be final, conclusive, and binding.

e. No Waiver of Future Approvals. The approval of the ARC of any proposals or plans and specifications or drawings for any work done or proposed, or in connection with any other matter requiring the approval and consent of the ARC, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposals, plans and specifications, drawings or matters whatever subsequently or additionally submitted for approval or consent.

f. Variance. The ARC may authorize variances from compliance with any of the architectural guidelines when circumstances such as topography, natural obstructions, hardship, aesthetic, or environmental considerations require, but only in accordance with its duly adopted rules and regulations, and prior written consent of the City Board of Adjustment. Such variances may only be granted, however, when unique circumstances dictate and no variance shall (a) be effective unless in writing, (b) be contrary to the restrictions set forth in the body of this Declaration, or (c) estop the ARC from denying a variance in other circumstances. For purposes of this Section, the inability to obtain approval of any governmental agency, the issuance of any permit, or the terms of financing shall not be considered a hardship warranting a variance.

g. Limitation of Liability. Neither the ARC nor any of its employees, agents, representatives, or consultants shall be responsible in any way for any defects in any plans or specifications submitted, revised or approved in accordance with the provisions of this Declaration,

nor for any structural or other defects in any work done according to such plans and specifications. By accepting a deed or other document of conveyance to a Lot, each Owner agrees to and shall defend, indemnify, save and hold the ARC and its employees, agents, representatives, or consultants harmless from any and all loss, damage, or liability he or she may suffer, including defense costs and attorney fees, as a result of any claims, demands, actions, costs, expenses, awards or judgments arising out of their review or approval of architectural designs, plans, and specifications.

h. Enforcement of Minimum Standards and Architectural Guidelines. Any construction, alteration, or other work done in violation of this Declaration shall be considered to be nonconforming. Upon written request from the ARC an Owner shall, at his or her own cost, and expense remove such non-conforming construction, alteration, or other work and shall restore the land to substantially the same condition as existed prior to the non-conforming construction, alteration, or other work. Should an Owner fail to remove and restore as required hereunder, the ARC shall have the right to enter the property, remove the violation, and restore the property to substantially the same condition as existed prior to the construction, alteration, or other work, without being deemed to be a trespasser.

8. Minimum Standards and Requirements for Homes. No Home shall be constructed or altered unless it meets the following minimum requirements:

- a. Only single family residential Homes are allowed.
- b. The height of any Home shall not exceed two (2) stories above ground.
- c. Slab on grade Homes are permitted.

- i. No fence or similar structure shall be placed in any front yard. No fence or similar structure shall be placed in any side or rear yard in excess of six (6) feet. Chain link fencing is strictly prohibited.

9. Preliminary Plans. The Declarant may require, as a minimum, the following additional items:

- a. Plot plan to scale of entire site with buildings located and elevation of floors shown above or below a designated point on the street.

- c. Elevations to scale of all sides of the Home.
- d. One major section through Home.
- e. A perspective (optional).
- f. Specifications of all outside materials to be used on the exterior of the Home.

10. Final Plans and Specifications and Working Drawings. The Declarant may also require, as a minimum, the following:

- a. Plot plans to scale showing the entire site, building, garages, walks, drives, fence, carriage lights, and retaining walls with elevations of the existing and finished grade and contours including those at the outside corners of the buildings and at adjacent property lines and street fronts, and elevations of floors from a designated point on the street.

- c. Detailed elevations, indicating all materials and showing existing and finished grades.
- d. Detailed sections, cross and longitudinal.
- e. Details of cornices, porches, windows, doors, garages, garden walls, steps, patios, fences, carriage lights, etc. Specifications shall give a complete description of materials to be used with supplements, addenda, or riders noting the colors of all materials to be used on the exterior of the Home.
- f. All Lot landscaping, grading, and drainage plans must be approved by the Declarant. All landscaping must be installed or completed strictly in accordance with the approved plans and so as to comply with and not impair all applicable ordinances and flood control requirements.

1. All Lot landscaping must be completed within nine (9) months of the date of completion of the date of closing on the sale of the Lot.

2. Landscaping shall include, by way of illustration but not limitation, the planting of a lawn and/or other appropriate ground cover, planting beds and flower beds, appropriate bushes and shrubs, and the planting of trees in accordance with the Street Tree Planting Plan.

3. The Declarant will provide the City with a bond for landscaping for Lots on which it builds Homes whenever possible. In the event that such a bond is provided, it shall be refunded, upon the buyer's completion of the City's landscaping requirements, inspection, and approval to the Owner.

4. By accepting a deed or other document of conveyance to a Lot, the Owner hereby agrees, acknowledges, and consents that if the Declarant is required by the City to install front yard landscaping prior to receiving a final inspection on the Lot, the Owner further agrees that the landscaping installed by Declarant is in lieu of, abrogates and cancels any 2,000 sq. ft. of sod promised on any promotional materials, including by way of illustration but not limitation, the Purchase Price Addendum and the Ivory Homes Catalogue of Homes.

5. The Owner is responsible for the initial planting of trees.

6. Trees, lawns, shrubs, or other plantings placed on a Lot shall be properly nurtured, maintained, and replaced by the Owner and at his or her sole expense.

7. Any weeds or diseased or dead lawn, trees, ground cover, bushes, or shrubs shall be removed and replaced by the Owner and at his or her sole expense.

8. All replacement trees must also satisfy the requirements of the Street Tree Planting Plan.

9. The landscaping of a Lot may not adversely affect the value or use of any other property or detract from the original design scheme and appearance of the subdivision.

10. No concrete, cement or masonry products, pavers, brick, stone, cobblestone, tile, terrazzo, slabs, slate, rocks, pebbles, gravel, permeable pavements and so forth or other artificial or impermeable surfaces (collectively "controlled surfaces") may be installed or constructed as landscaping in the front, side or rear yards of a Lot without the express prior written consent of the Declarant.

11. Front, side, or rear yards constructed primarily or substantially of controlled surfaces are prohibited.

12. Should any Owner fail to comply with the provisions of this paragraph, the Declarant shall have the right to seek an order from a court of proper jurisdiction requiring specific performance to comply with the provisions hereof or to recover damages, or both, and shall also have the authority but not the obligation to complete the landscaping or restore the property to its original condition without being guilty of a trespass, and require the Lot Owner to pay the cost of labor and materials.

13. The costs and expenses incurred, including a reasonable attorneys fee, whether or not a lawsuit is filed, shall be considered the personal obligation of the Lot Owner and shall constitute a lien on the interest of the Owner in such property, enforceable at law or equity, until payment is made.

11. Accessory Buildings. Accessory Buildings are considered conditional uses. There is no right to construct or install an Accessory Building on a Lot. Written approval by the Declarant is required. Each application to construct or install an Accessory Building will be evaluated separately by the Declarant, subject to the following guidelines: (1) Any detached Accessory Building must conform in design and construction materials with the primary residential Home, and (2) The maximum height of an Accessory Building shall be twelve (12) feet. Tin sheds are not allowed.

12. Alternate Energy. No solar collectors, geothermal products, wind turbines or other alternate energy resources shall be installed without the ARC's prior express written consent.

13. Ivory Homes Catalogue. Any and every home design, plan, or specification contained within the Ivory Homes Catalogue shall be considered approved and qualify for construction, and no other consent shall be required, provided the home elevations meet and the home otherwise satisfies all of the architectural control requirements of the City's ordinance for planned residential developments. Any and all deviations from the Ivory Homes Catalogue, including by way of illustration but not limitation, design, construction materials, and coloration must be expressly approved in writing by the Declarant: The approval of the Ivory Homes Sales staff and/or construction personnel is insufficient.

14. Use Restrictions and Nature of the Project. The Property is subject to the following initial use restrictions, which shall govern both the architecture and the activities within the Project:

a. Single Family Residence. No Lot shall be used except for residential purposes. That means no more than one single family may reside in a Home.

b. Business Use. No resident may operate a commercial trade or business in or from his or her Lot with employees of any kind or with customers who are not residents of the Project, or which create or maintain a nuisance. No commercial trade or business may store any inventory over 250 cubic feet, and it must be contained within the Lot. No commercial trade or

business may be conducted in or from a Lot unless (1) the business activity conforms to all home occupation and zoning requirements governing the Project; (2) the operator has a city issued business license; and (3) the business does not create a nuisance.

c. Motor Vehicles. No motor vehicle or trailer, including but not limited to any car, automobile, truck, van, or any other transportation device of any kind may be parked or stationed in such a manner so as to block access to any driveway or Home or to create an obstacle or potentially dangerous condition. Motor vehicles shall be parked in the garage or driveway. No resident shall repair or restore any vehicle of any kind in, on or about any Lot, except for emergency repairs, and then only to the extent necessary to enable movement thereof to a proper repair facility. No garage may be altered in such a manner that the number of motor vehicles which may reasonably be parked therein after the alteration is less than the number of motor vehicles that could have been reasonably parked in the garage as originally designed and constructed. All garages shall be used primarily for the parking and storage of vehicles. Parking on the street overnight is prohibited. Except for purposes of loading or unloading passengers or supplies, for a period of time not to exceed twenty-four (24) hours, all recreational, commercial, and oversized vehicles must be stored in the garage or on a parking pad; provided, however that (a) the motor vehicle is in good running condition, (b) the motor vehicle or trailer is properly licensed and registered, (c) the parking pad is located in the rear yard, which means behind the geometric plane of the front of the house, and (d) a parking pad fence has been installed in accordance with the approved plans. Eighteen wheeled semi-trailers or other similar transportation devices are not allowed. No temporary carport or canopy may be installed in the front, side, or rear of the Lot.

d. Trash Pick-Up. No Lot shall be used as a dumping ground. All trash, garbage, debris, rubbish, or other waste shall be kept in a sealed, sanitary bag or container, and stored out of sight except for a twenty-four (24) hour period on pick-up days.

e. Aerials, Antennas, and Satellite Systems. All exterior aerials, antenna and satellite dishes (collectively "antenna") must be installed and positioned in accordance with FCC guidelines, rules and regulations, as they may be amended or supplemented from time to time.

f. Animals and Pets. Large animals as that term is defined by City ordinance are not allowed. No pets, animals, livestock, or poultry of any kind may be commercially bred in the Subdivision. Animal limitations are in accordance with the Murray City Animal Ordinance. In the event there is not city ordinance, up to two (2) domestic pets as that term is defined by city ordinance per Lot are allowed; provided, however, pets must be properly licensed and registered. Pets may not create a nuisance or violate City ordinance.

g. Laws. Nothing shall be done or kept in, on or about any Lot or any part thereof, which would be a violation of any statute, rule, ordinance, regulation, permit or other validly imposed requirement of any governmental body.

h. Damage or Waste. Each Owner shall repair any damage he or she or any other residents, guests, or invitees of his or her Lot may cause to another Owner, Lot, or Home, and promptly restore the property to its original condition.

i. Signs. No signs, billboards, or advertising structures or devices of any kind may be built, installed or displayed on the Property or any Lot except for a single sign with a maximum size of 2' x 2' for specific purpose of advertising the sale of a Home; provided, however, this restriction does not apply to and is not binding upon the Declarant, who may use whatever signs it deems appropriate to market its Lots. "For Rent" or "For Lease" signs on a Lot or showing from a Home are strictly prohibited.

j. Zoning. All land use and buildings shall be in compliance with all zoning and land use ordinances as well as all regulations of the municipalities and agencies governing the Project land use and buildings.

k. Nuisances. No noxious or offensive activity shall be carried on, in or about the Property, nor shall anything be done or permitted thereon which may be or may become an annoyance, disturbance, bother, or nuisance to the neighborhood, or which might interfere with the right of other residents to the quiet and peaceful enjoyment of their property. A violation of any use restriction set forth herein shall be considered a nuisance.

l. Temporary Structures. No structure of a temporary nature or character, including but not limited to any trailer, shack, shed, tent, garage, barn, or other out-building shall be constructed, installed, or used on any Lot at any time as a residence.

m. Frontage Maintenance. The Owners of Lots 112, 115, and 116 shall maintain in a state of good condition and repair their frontage property along Vine Street.

15. Leases. No Owner shall be permitted to lease his or her Home for an initial term of less than six (6) months. Daily or weekly rentals are expressly prohibited. No Owner may lease individual rooms to separate Persons or less than the entire Home. "For Rent" or "For Lease" signs are prohibited. Other than as stated in this Section, there is no restriction on the right of any Owner to lease or otherwise grant occupancy rights to his or her Home.

16. View Impairment. The Declarant does not guarantee or represent that any view over and across any property, including any Lot or Building will be preserved without impairment. Any express or implied easements for view purposes or for the passage of light and air are hereby expressly disclaimed.

17. Common Utilities. The Declarant may provide water and power utility services to the Entry and other common elements at its expense (the "Common Utility Service"); provided, however, it may elect to provide such Common Utility Services through a meter or meters on an

individual Lot or Lots and, if so, each such Owner agrees, by accepting a deed or other document of conveyance to such Lot, to provide, and not terminate, delay, or interrupt, and pay for those Common Utility Services.

18. Declarant's Sales Program. Anything to the contrary notwithstanding, for so long as Declarant continues to own a Lot in the Subdivision the following provisions shall be deemed to be in full force and effect. No Owner or occupant shall interfere or attempt to interfere with the completion of improvements, promotion and/or sale of Lots owned by Declarant or Homes constructed thereon. Declarant shall have the right to maintain one (1) or more sales offices and one (1) or more model Homes at any one time. Such office and/or models may be one or more of the Homes owned by the Declarant, one or more separate structures or facilities placed on the Property for the purpose of aiding Declarant's sales effort, or any combination of the foregoing. Declarant shall have the right to maintain a reasonable number of promotional, advertising and/or directional signs, banners or similar devices at any place or places on the Property. Declarant shall have the right from time to time to locate or relocate any of its sales offices, models, signs, banners, or similar devices. Declarant shall have the right to remove from the Project any signs, banners, or similar devices and any separate structure or facility which was placed on the Property for the purpose of aiding Declarant's sales effort. All of the rights of Declarant under this Declaration may be assigned or transferred either by operation of law or through a voluntary conveyance, transfer, or assignment. Any Mortgage covering all Lots or Buildings in the Project, title to which is vested in Declarant shall, at any given point in time and whether or not such Mortgage does so by its terms, automatically cover, encumber, and include all of the then unexercised or then unused rights, powers, authority, privileges, protections, and controls which are accorded to Declarant (in its capacity as Declarant) herein.

19. Interpretation. To the extent Utah law is consistent with this Declaration, such provisions shall supplement the terms hereof and are incorporated herein. The captions which precede the Articles and Sections of this Declaration are for convenience only and shall in no way affect the manner in which any provision hereof is construed. Whenever the context so requires, the singular shall include the plural, the plural shall include the singular, the whole shall include any part thereof, and any gender shall include both other genders. The term *shall* is mandatory and the term *may* is permissive. The invalidity or unenforceability of any portion of this Declaration shall not affect the validity or enforceability of the remainder hereof.

20. Covenants to Run with Land. This Declaration and all the provisions hereof shall constitute covenants to run with the land or equitable servitudes, as the case may be, and shall be binding upon and shall inure to the benefit of the Declarant, all other signatories hereto, all parties who hereafter acquire any interest in a Lot, the Subdivision or the Property, and their respective grantees, transferees, heirs, devisees, personal representative, successors, and assigns.
