C-2 Architectural Control. No building shall be erected, placed, or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the architectural control committee as to quality and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved. Approval shall be as provided in Part G.

C-3 Dwelling Cost, Quality and Size. No dwelling shall be permitted on any lot at a cost less than \$9,000.00 based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenant to secure that all dwellings shall be of quality workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost states herein for the minimum permitted dwelling size.

The ground floor area of the main structure, exclusive of one-story span porches and garages, shall be not less than 1,000 square feet.

In any event no building shall be located on any lot nearer than thirty (30) feet to the front lot line, or nearer than twenty (20) feet to any side street line. No building shall be located nearer than eight (8) feet to an interior lot line, except that no side yard shall be required for a garage or other permitted necessary building located thirty (30) feet or more from the minimum building setback line. No dwelling shall be located on any interior lot nearer than eight (8) feet to the rear lot line. For the purpose of this covenant, eaves, steps, and open porches shall not be considered as a part of a building, provided, however, that this shall be construed to permit any portion of a building, one lot to encroach upon another lot.

C-5 Lot Area And Width. No lot shall be resubdivided into, nor shall any dwelling be erected or placed on, any lot having a width of less than sixty (60) feet at the minimum building setback line or an area of less than eight thousand (8000) square feet.

A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee, nor its designated representatives shall be entitled to any compensation for services performed pursuant to this covenant.

D-2 PROCEDURE. The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representatives, fails to approve or disapprove within thirty (30) days after plans and specifications have been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

Part E. GENERAL PROVISIONS

E-1. Term. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten (10) years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

E-2. Enforcement. Enforcement shall be by proceedings at law or in equity against any persons violating or attempting to violate any covenants either to restrain violation or to recover damages.
