### INTERLOCAL COOPERATION AGREEMENT

19  
 THIS INTERLOCAL COOPERATION AGREEMENT ("Agreement") is made effective this 9 day of ~~October~~ <sup>November</sup>, 2011, by and between MURRAY CITY CORPORATION, a Utah municipal corporation ("Murray") and COTTONWOOD HEIGHTS, a Utah municipal corporation ("Cottonwood Heights").

#### RECITALS

- A. UTAH CODE ANN. Section 11-13-202 and other provisions of the Interlocal Cooperation Act (see UTAH CODE ANN. 11-13-101 *et seq.*) ("Act") provide that any two or more public agencies may enter into an agreement with one another for joint or cooperative action.
- B. Section 11-13-214 of the Act provides that a public agency may convey property to another public agency for consideration as may be agreed upon.
- C. Murray and Cottonwood Heights are public agencies for purposes of the Act.
- D. Murray is the owner of real property located in the Northwest Quarter of Section 25, Township 2 South, Range 1 East, Salt Lake Base and Meridian, Salt Lake County, Utah (the "Property").
- E. Cottonwood Heights wants to establish a trail for public use from the Cottonwood Heights boundary near the Knudsen Corner of Interstate 215 and Holladay Boulevard to the Bonneville Shoreline Trail in Big Cottonwood Canyon ("Concept Trail"). The Concept Trail is explained more fully in the urban trails element of Cottonwood Heights' General Plan.
- F. As part of the Concept Trail, Cottonwood Heights has planned for, and wants, a segment of the Concept Trail to go over, through and across the Property and has requested that Murray donate to Cottonwood Heights an easement over and across the Property to establish this segment as shown on the plan attached as Exhibit "A" (the "Segment Trail").
- G. Murray is willing to cooperate with Cottonwood Heights by donating an easement across a portion of the Property to establish a public, non-motorized trail that will be one segment of the planned Concept Trail. Murray's cooperation does not obligate it to donate, sell or grant an easement to any further interests in its Property to Cottonwood Heights for the establishment or enhancement of its Concept Trail.
- H. The donated easement that is called the "Segment Trail" herein is the subject of this Agreement and is more particularly described in Exhibit "A". The Segment Trail is twenty feet (20') wide and is located on the Property as shown on a depiction as Exhibit "A".

- I. A trail for use by the general public may be established in the Segment Trail.
- J. The parties desire to memorialize their agreement by entering into this Interlocal Cooperation Agreement for the purposes, and on the terms and conditions, specified in this Agreement.

## AGREEMENT

NOW, THEREFORE, the parties agree as follows:

Section 1. **Grant of Easement for Segment Trail Facilities.** Murray hereby grants and conveys to Cottonwood Heights a non-exclusive easement, twenty feet (20') in width, over and across the Property as shown on the plan on Exhibit "A" and as described in Exhibit "B." The easement is granted for the purpose of allowing Cottonwood Heights to create the Segment Trail identified below; to enter the Segment Trail at any time to construct, install, maintain and repair any one or more of the items ("Segment Trail Facilities") described in paragraph (a) of this Section; and, subject to the prior written consent of Murray, those described in paragraph (b) of this Section. Murray conveys no other property interest except as provided herein.

(a) **Segment Trail Facilities.** Cottonwood Heights shall construct and maintain the Segment Trail Facilities at its cost and shall ensure that all work is performed in a professional manner, and that any of the Property that is disturbed by Cottonwood Heights or its agents during construction is returned to a condition substantially equivalent to its condition immediately preceding entry by Cottonwood Heights or its agents. Segment Trail Facilities shall:

- (i) Not exceed twenty feet (20') in width, including an appropriate surface (asphalt or gravel).
- (ii) Have fencing to control access.
- (iii) Consist of low-maintenance "canyon" landscaping consistent with the current surroundings (which may include, for example, ornamental grasses and rock).

(b) **Construction of Segment Trail Facilities Requiring Prior Written Consent of Murray.** Construction of the following Segment Trail Facilities shall require prior approval and written consent of Murray:

- (i) Any electrical system.
- (ii) Any irrigation/water system, which may only be connected to the Salt Lake City water system.
- (iii) Any lighting, which must be unobtrusive.
- (iv) Benches.

(v) Wastebaskets.

(vi) Signage.

(c) **Exercise of Rights.** Creation of the Segment Trail and other construction, installation, maintenance and repair of the Segment Trail Facilities may include installation of signage; mowing, cutting or removal of soil or vegetation; application of the means to create the trail surface. Rocks may not be removed. These activities may include vehicular use. Further activities that may include vehicular use include access across the Segment Trail by Salt Lake County for flood control measures and by Murray to access its property on both sides of the Segment Trail.

Section 2. **Grant of Easement for Public Access.** Murray hereby grants and conveys to Cottonwood Heights the right to make available to the public a non-exclusive easement over the Segment Trail and the right to use the Segment Trail Facilities for the following purposes ("Permitted Uses"):

(a) Walking, hiking, jogging, bicycling, and similar purposes;

(b) Power-driven mobility devices (motorized or battery propelled wheelchairs) for use by persons who have mobility impairments; and

(c) Emergency vehicles in the case of emergency within the Segment Trail.

Section 3. **Maintenance.** Cottonwood Heights shall be solely responsible for maintaining, at its sole cost, the Segment Trail Facilities in good, attractive condition and repair. Annually, if requested by Murray in writing, Cottonwood Heights promptly shall prepare and provide to Murray a written report concerning its stewardship of the Segment Trail, including all maintenance performed, actions taken to protect the Segment Trail and Murray's surrounding property from harm, and such other information as Murray reasonably may request from time to time.

Section 4. **Protection of Watershed.** The Property is a watershed area. The springs, wells and water sources on the Property provide approximately twenty percent (20%) of Murray's total annual water usage. Consequently, protection of the watershed from pollution and mischief from Concept Trail users is of paramount importance to both parties. Cottonwood Heights shall undertake the following measures with respect to the construction and use of the Concept Trail:

(a) **Approval of Plans.** Before commencement of construction of any of the Segment Trail Facilities, detailed plans for the Segment Trail Facilities shall be submitted to Murray for its review, input and approval.

(b) **Notification.** Springs are located on privately-owned real property located to the west of and adjacent to the Property. The owners of such adjacent springs shall be notified of the proposed Concept Trail during its planning phase, and the input of these

property owners shall be given due weight during the planning and construction process in order to reasonably protect their springs.

(c) Fencing. A six-foot (6') high chain link fence currently surrounds the Property on the east, west and south sides. Big Cottonwood Creek provides security deterrent on the north side. The Segment Trail will run along the west and north of the Property. Cottonwood Heights shall be entitled to remove, at its expense, the current fencing along the west side of the Property to accommodate the Segment Trail, provided Cottonwood Heights first:

(i) Installs comparable or better replacement fencing as determined by Murray on the east and south sides of the Segment Trail to prevent access to any property located outside the Segment Trail by trail users or their pets; and

(ii) Consults with Murray and provides Murray access to Murray's property through gates located as determined by Murray; and

(iii) Consults with Salt Lake County ("County") and provides the County with access to Big Cottonwood Creek for bank maintenance and flood control purposes, despite Cottonwood Heights' erection of fencing along the Concept Trail.

(d) Signage. Cottonwood Heights shall erect and maintain signage where the Segment Trail passes through the Property, notifying Concept Trail users of the watershed status of the Property and surrounding natural spring areas and encouraging users to report suspicious activity to law enforcement authorities. No commercial advertising shall be allowed on the Segment Trail. Signs shall mark the trail and may provide information regarding applicable time, place and manner restrictions. Murray may erect and maintain warning signage on the fence.

(e) Landscaping. Fertilizers and herbicides shall not be used on the Segment Trail.

(f) Litter Collection and Crime Prevention. Cottonwood Heights shall regularly patrol the Segment Trail to remove any litter, trash, and waste and to control vandalism and other crimes.

Section 5. Duration. Subject to Section 13 below, the term of the easement for the Segment Trail Facilities and Public Access is ten (10) years, unless terminated earlier. Thereafter, the term of the easement for the Segment Trail Facilities and Public Access shall continue for successive periods of one (1) year each until terminated as provided in Section 13 below.

Section 6. Trail Area Accepted "As is". Cottonwood Heights accepts the Segment Trail in its legal and physical condition "as is" on the effective date of this Agreement.

Section 7. **Murray's Right to Relocate Easement and other Retained Rights.**

Except for the rights expressly conveyed to Cottonwood Heights hereunder, Murray reserves to itself, its successors and assigns, the right to, at any time relocate the easement as described herein elsewhere on the Property (so long as the functionality of the Segment Trail, including its connection(s) to the balance of the Concept Trail, is not unreasonably, adversely affected) at Murray's cost as well as all other rights arising out of ownership of the Segment Trail, including, without limitation, the right to engage in, or permit or invite others to engage in, all uses of the Segment Trail not expressly prohibited herein and that are not inconsistent with the terms of this Agreement, including, and without limitation, the following enumerated rights:

- (a) To issue other non-conflicting easements, leases, or licenses;
- (b) To remove or exclude from the Property any persons who are in locations other than the Segment Trail or not engaged in Permitted Uses; and
- (c) To disturb resources to the extent reasonably prudent to remove or mitigate against an unreasonable risk of harm to persons on or about the Segment Trail; however, Murray does not assume responsibility or liability to the general public for failing to do so.

Cottonwood Heights shall enjoy all rights conveyed herein with respect to the Easement as relocated.

Section 8. **Costs and Expenses.** All costs and expenses associated with the Segment Trail Facilities are to be borne by Cottonwood Heights. Murray has no obligation to develop, operate, maintain, or repair the Segment Trail at any time.

Section 9. **Assignment.**

(a) Cottonwood Heights shall not assign its rights and/or delegate its duties under this Agreement except to Salt Lake County (the "County") or the State of Utah (the "State"), if required by the County or the State as a condition to use of Zoo Arts and Parks ("ZAP") funds or State funds, as applicable. No such assignment/delegation shall relieve Cottonwood Heights of the responsibility to ultimately assure full and timely performance of Cottonwood Heights' obligations hereunder.

(b) This Agreement is a servitude running with the land. Upon recordation, all subsequent owners of the Segment Trail shall be bound by its terms whether or not the owners had actual notice of this Agreement. This Agreement binds and benefits Murray and Cottonwood Heights and their respective successors and assigns.

Section 10. **Indemnification.** This Agreement is intended to be interpreted so as to convey to Murray and Cottonwood Heights all of the protections from liability provided by UTAH CODE ANN. Section 57-14-1 *et seq.*, as amended through the applicable date of reference or any other applicable law that provides immunity or limitation of liability. Cottonwood Heights must indemnify Murray against all losses and litigation expenses resulting from property damage and/or personal injuries that occur or are alleged to occur as a result of Cottonwood Heights'

installation or maintenance of the Concept Trail, except to the extent caused by the negligent or wrongful acts or omissions of Murray. "Losses" means any liability, loss, claim, settlement payment, cost and expense, interest, award, judgment, damages (including punitive damages), diminution in value, fines, fees and penalties or other charge other than a Litigation Expense. "Litigation expense" means any court filing fee, court cost, arbitration fee or cost, witness fee, and each other fee and cost of investigating and defending or asserting any claim of violation or indemnification under this Agreement including in each case, attorneys' fees, other professionals' fees, and disbursements.

(b) **Joint Board**. As required by UTAH CODE ANN. Section 11-13-207, the parties agree that the cooperative undertaking under this Agreement shall be administered by a joint board consisting of Murray's Mayor or designee and Cottonwood Heights' Manager or designee.
