ACCESS EASEMENT AGREEMENT

This ACCESS EASEMENT AGREEMENT (the "Agreement") is entered into this 23rd day of December, 2004, by and between PacifiCorp, an Oregon corporation, successor in interest to Utah Power & Light Company ("Grantor") and Cottonwood Estates Development, LLC, a Utah limited liability company ("Grantee").

RECITALS

A. Grantor owns that certain parcel of land located in Salt Lake County, State of Utah as more particularly depicted on Exhibit "A", attached hereto and made a part hereof by reference, used in connection with Grantor's use, operation and maintenance of its electric generation and transmission facilities ("Grantor's Land").

B. Grantee owns that certain parcel of real property being developed as a residential subdivision located at approximately 3900 East, Big Cottonwood Canyon Road, Salt Lake County, State of Utah ("Grantee's Parcel") which is more particularly depicted and described on Exhibit "B" as Cottonwood Canyon Estates.

C. Grantee desires to construct an access road over Grantor's Land for the limited purpose of providing ingress and egress to, from and between Grantee's Parcel and Big Cottonwood Canyon Road.

D. Grantor has agreed to grant and convey an easement to Grantee for such access road subject to and in accordance with the terms and conditions set forth herein, together with easements for utilities and a slope easement.

TERMS AND CONDITIONS

NOW, THEREFORE, in consideration of the mutual promises and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Grant of Easements.
 - a. Grant of Right-of-Way and Access Easement. Grantor hereby grants and conveys to Grantee, its successors and assigns, a perpetual, non-exclusive right-of way and easement (the "Access Easement"), over and across a portion of Grantor's Land more specifically identified on Exhibit "C" as the "Right-

of-Way" (the "Access Easement Area"), for the purpose of constructing and maintaining a fifty (50) foot wide access road (the "Access Road") between Grantee's Parcel and Big Cottonwood Canyon Road (SR 190). Such Access Easement shall be limited to use for such purposes and to such extent as may be customary to the use of the Grantee's Parcel for residential purposes, which shall include reasonable and customary deliveries.

- b. Grant of Utilities Easement. Grantor hereby grants and conveys to Grantee, its successors and assigns, a perpetual, non-exclusive right-of way and easement (the "Utility Easement"), over and across the Access Easement Area and a portion of Grantor's Land more specifically identified on Exhibit "C" as the "Permanent Easement No. 2" (together with the Access Easement Area, the "Utility Easement Area") for the laying, construction, installation, operation, inspection, servicing, maintenance, repair, removal, alteration, enlargement, relocation and replacement of underground utility pipes, lines, wires, conduits and related facilities (including, without limitation, pipes, lines, wires, conduits and related facilities for electricity, natural gas, other fuels or power sources, telephone, sewage, storm drainage and all types of water) upon, under, through and across the Utility Easement Area.
- c. Grant of Slope Easement. Grantor hereby grants and conveys to Grantee, its successors and assigns, a perpetual, non-exclusive right-of way and easement (the "Slope Easement," and together with the Access Easement and Utility Easement, the "Easements"), over and across a portion of Grantor's Land more specifically identified on Exhibit "C" as "Permanent Easement No. 1" and "Permanent Easement No. 3" (the "Slope Easement Area," and together with the Access Easement Area and the Utility Easement Area, the "Easement Areas") for the purpose of construction, installation, operation, inspection, servicing, maintenance, repair, removal, alteration, enlargement, relocation and replacement of cut and fill slopes, landscaping and maintenance of the exterior walls of the Access Road upon, under, through and across the Slope Easement Area.
- d. Grant of Trail Easement. Grantor hereby grants and conveys to Grantee, its successors and assigns, a perpetual, non-exclusive right-of way and easement (the "Trail Easement," and together with the Access Easement, Utility Easement and the Slope Easement, the "Easements"), over and across a portion of Grantor's Land more specifically identified on Exhibit "C" as a six (6) foot "Bark Trail," portions of which are located in the Access Easement Area, Utility Easement Area and Slope Easement Area for the purpose of construction, installation, operation, inspection, servicing, maintenance, repair, removal, alteration, relocation and replacement of a six (6) foot bark trail and pedestrian ingress and egress upon, through and across the area designated for such Bark Trail on Exhibit "C."

- e. No Material Modification Without Grantor's Consent. The Easements are granted and conveyed based upon that certain engineering drawing prepared at the direction of Grantee and certified by Curtis Ball on July 21, 2004 (the "Plans and Specifications"). Grantee may not make or allow to be made any material changes to the location or design of the Access Road or the Easement Areas without the prior written consent of Grantor.
- f. Exercise of Right-of-Way and Easements. The Grantee may (i) enter on any portion of the Easement Areas, as applicable, as may be necessary or appropriate in order to accomplish the laying, construction, installation, operation, inspection, servicing, maintenance, repair, removal, alteration, enlargement, relocation and replacement of the Access Roads, the utilities and facilities referred to in Paragraph b and the slope improvements referred to in Paragraph c, and (ii) in connection with such Access Road, utilities, facilities and improvements, excavate or conduct construction activities within the applicable Easement Areas, so long as such excavation or construction activities are performed in a good and workmanlike manner and are prosecuted diligently to completion. On completion of such excavation or construction activities, the Grantee shall immediately restore any portion of the Easement Areas (to the extent such restoration is not inconsistent with the Access Road and such utilities, slope improvements and related improvements) affected to the same condition as existed prior to the commencement of such excavation or construction activities, using the same type and quality of materials previously used.

2. Grantor's Reserved Rights. Provided such use is not inconsistent with the Easements granted herein, Grantor reserves the right to use the Easement Area at any time for its equipment and personnel, overhead and underground power lines and other cables and conduits of any nature or kind, and any other equipment or facilities Grantor deems necessary or desirable for the existing and future use of Grantor's Land. Without limiting the foregoing, Grantor specifically reserves the right to construct, maintain, repair, replace, enlarge, and remove pipelines of any size or nature now located, or that may be located in the future, within the Easement Area (hereinafter collectively referred to as the "Underground Facilities").

Grantor expressly reserves the right to close the Access Road on a temporary basis at such times as Grantor deems necessary to maintain, repair, replace or enlarge any Underground Facilities located within the Easement; provided, however, that Grantor shall use reasonable efforts to make vehicular access available to and from Grantee's Land during maintenance, repair, replacement or enlargement of the Underground Facilities. Grantor shall provide Grantee reasonable notice of any closures of the Access Road except in such cases of emergency. Grantor's excavation or construction activities shall be performed in a good and workmanlike manner and shall be prosecuted diligently to completion. On completion of such excavation or construction activities, Grantor shall immediately restore any portion of the Easement Area affected to the same condition as existed prior to the commencement of such excavation or

construction activities, using the same type and quality of materials previously used. Except as provided above, and to the extent necessary (on a temporary basis) for traffic regulation and control or to prevent a public dedication or the accrual of any rights to the public, no fence, gate, wall, barricade or other obstruction, whether temporary or permanent in nature, which limits or impairs the free and unimpeded use of the Easements shall be constructed or erected, nor shall Grantor in any other manner obstruct or interfere with the use of such Easements.

Except as set forth above with respect to Grantor's construction activities, Grantor shall have no obligation to maintain the Access Road or to keep the same in passable condition for the benefit of Grantee, and any work performed on said roadway by Grantee shall be at Grantee's sole cost and expense.

Grantor shall have the right to develop a point of ingress and egress to the Access Road for the use and development of Grantor's Lands. Furthermore, Grantor shall have the right to interconnect and tie into any utilities that may be located within the Utility Easement Area at Grantor's sole cost and expense, but for no additional consideration paid to Grantee.

3. Grantee's Conduct. In exercising its rights under this Agreement, Grantee agrees not to interfere with Grantor's use of Grantor's Land for its operations or the Underground Facilities. In addition, Grantee agrees:

a. Grantee shall not plant trees or shrubs or other vegetation with roots that are reasonably expected to contact or interfere with the Underground Facilities;

b. Grantee shall not improve the Easements in any way that will interfere with or damage Grantee's Underground Facilities. Further, except as specifically set forth in the Plans and Specifications, Grantee will not remove any cover or materials from or place fill or materials within the Easement Areas without the prior written consent of Grantor.

4. Indemnification. Grantee shall use the Easements at its own risk and hereby releases and forever discharges any claims, demands or causes of action it may have against Grantor, its officers, directors, employees, subsidiaries and affiliates, arising out of Grantee's use of or activities on or around the Easement Areas, except in the case of Grantor's gross negligence, willful misconduct or breach of this Agreement. In addition, except in the case of Grantor's gross negligence, willful misconduct or breach of this Agreement, Grantee shall protect, indemnify and hold harmless Grantor, its officers, directors, employees, subsidiaries and affiliates (collectively, "Indemnities") from and against any losses, claims, liens, demands and causes of action of every kind, including the amount of any judgment, penalty, interest, court cost or legal fee incurred by the Indemnities or any of them in the defense of the same, arising in favor of any party, including governmental agencies or bodies, on account of taxes, claims, liens, debts, personal injuries, death or damages to property, violations of Environmental Laws and Regulations, and all other claims or demands of every character arising directly or indirectly as a result of Grantee's use of or activities on or around Grantor's Land. For purposes of this Section 4, "Environmental Laws and Regulations" shall mean all present and future federal, state and local laws and all rules and regulations promulgated thereunder, relating to pollution or protection of the environment.

5. Not a Public Dedication. Except as is required in connection with the installation of public utilities in the Easement Areas, nothing contained in this Agreement shall be deemed to be a gift or dedication of any portion of Grantor's Land for the general public or for any public purposes whatsoever, it being the intention of the parties hereto that the Easements be strictly limited to the purposes expressed in this Agreement.

6. Subject to Existing Rights. The Easements are granted subject to all easements and encumbrances of record as of the date hereof. Grantee has notice that there may be existing easements upon the Easement Areas and Grantor's land, including but not limited to water lines, communication lines and power lines. Grantee is aware that power lines are energized at all times and Grantee must conduct all activity on Grantor's land in strict compliance with all applicable laws, codes, rules, regulations, and standards regarding activity around high voltage facilities.

7. Inurement. The benefits and burdens of this Agreement shall inure to the benefit of and be binding upon the parties and their respective heirs, successors, and assigns. The rights and obligations set forth in this Agreement and the Easements granted herein are intended to run with the land.

8. Taxes. Grantee shall pay all taxes and assessments of any kind, which shall be levied against the Easement Areas by reason of Grantee's use, or occupancy thereof.

9. Attorneys' Fees. In the event of any litigation, arbitration, or other proceeding brought to enforce or interpret this Agreement, the prevailing Party shall be entitled to receive an award of its reasonably attorneys' fees and costs.

10. Paragraph Headings. Paragraph headings are included for reference purposes only and do not constitute part of this Agreement.

11. Governing Law. This Agreement shall be governed and construed under the laws of the State of Utah without regard to conflicts of law provisions.

12. Severability. Whenever possible, each provision of this Agreement will be interpreted in such a manner as to be effective and valid under applicable law, but if any provision of this Agreement is held to be prohibited by or invalid under applicable law, such provision will be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of this Agreement.

13. Notices. All notices, demands, or other communications to any party under this Agreement shall be in writing (including facsimile transmission); shall be sent only by facsimile (with confirmation by United States Mail), by nationally recognized courier service, or by personal delivery; and shall be given:
