By [Signature] Dep. Date 1/17/63

CONDITIONS AND RESTRICTIONS ON SCOTTSDALE SUBDIVISION No. 2, Recorded January 11, 1963 as Entry No. 1893348 at 4:38 P. M.

A. All lots in the tract shall be known and described as residential lots. No structures shall be erected, altered, placed, or permitted to remain on any residential building plot other than one detached single family dwelling not to exceed one and one-half stories in heights and a private garage for not more than three cars.

B. No building shall be erected, placed or altered on any building plot in this subdivision until the building plans, specifications, and plot plans showing the location of such building have been approved in writing as to conformity and harmony of external design and existing structures in the subdivision, and as to location of the building with respect to topography and finished ground elevation by a committee composed of Wm. Morris Brinkerhoff, Richard F. McKean and Clarence Buehner, or by a representative designated by a majority of the members of said committee. In the event of death or resignation of any member of said committee, the remaining member, or members, shall have full authority to approve or disapprove such design and location, or to designate a representative with like authority. In the event said committee, or its designated representative, fails to approve or disapprove such designs and location within 30 days after said plans and specifications have been submitted to it, or in any event, if no suit to enjoin the erection of such building or the making of such alterations has been commenced prior to the completion thereof, such approval will not be required and this Covenant will be deemed to have been fully complied with. Neither the members of such committee, nor its designated representative shall be entitled to any compensation for services performed pursuant to this Covenant. The powers and duties of such committee, and of its designated representative, shall cease on and after January 15, 1993. Thereafter the approval described in this Covenant shall not be required unless, prior to said date and effective thereon, a written instrument shall be executed by the then record owners of a majority of the lots in this subdivision and duly recorded appointing a representative or representatives, who shall thereafter exercise the same powers previously exercised by said committee.

C. No building shall be located on any residential building plot nearer than 25 feet to the front lot line, nearer than 8 feet to any side lot line, or nearer than 20 feet to any side street line. In the case of an attached garage it shall be no nearer than 20 feet to any side street line or nearer than 8 feet to any side lot line. No detached garage shall be nearer than 40 feet to any front lot line, nearer than 20 feet to any side street line, or nearer than 2 feet to any side or rear lot line.

D. No residential structure shall be erected or placed on any building plot, which plot has an area of less than 7,000 square feet or a width of less than 65 feet at the front building set-back line.

E. No noxious or offensive trade or activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. The maximum heights on any fence shall be six feet and shall not extend beyond the front setback of the dwelling, provided however, that the building committee shall have power to grant variances for retaining walls to extend beyond the front setback line.

- Continued -

F. No trailer, basement, tent, shack, garage, barn or other outbuilding erected in the tract shall at any time be used as a residence temporarily or permanently nor shall any structure of a temporary character be used as a residence.

G. No building shall be erected or moved onto any building plot which does not conform to the general architecture of the subdivision.

H. The ground floor area of the main structure, exclusive of one-story open porches and garages, shall not be less than 850 square feet in the case of a one-story, one-family structure; nor less than 700 square feet in the case of one and one-half story, one-family structure.

I. An easement is reserved over the rear 5 or 10 feet of each lot as shown on the recorded plat for utility installation and maintenance.

J. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved.
