REC FOR: NORTH OGDEN CITY

**AGREEMENT #A29-2015
INTERLOCAL AGREEMENT BETWEEN
THE REDEVELOPMENT AGENCY OF NORTH OGDEN CITY
AND WEBER AREA DISPATCH 911 & EMERGENCY SERVICES DISTRICT**

THIS INTERLOCAL AGREEMENT is entered into as of this 1 day of December 2015, by and between the **REDEVELOPMENT AGENCY OF NORTH OGDEN CITY** (the "Agency") and **WEBER AREA DISPATCH 911 & EMERGENCY SERVICES DISTRICT** (the "District") (collectively, the "Parties" or individually "Party").

RECITALS

- A. The Agency was created pursuant to the provisions of the Limited Purpose Local Government Entities - Community Development and Renewal Agencies Act, Title 17C of the Utah Code (the "Act"), and is authorized thereunder to conduct urban renewal, economic development, and community development activities within North Ogden City, Utah, as contemplated by the Act; and
- B. Pursuant to the North Ogden City Redevelopment Agency Resolution No. 20-2015 adopted by the Agency on 6 October 2015, the Agency authorized steps to be taken for the creation of the Washington Boulevard Community Development Project Area (the "Project Area") and has prepared a draft community development project area plan for the Project Area, a copy of which is attached hereto as exhibit "A" and incorporated herein by this reference (referred to in this Interlocal Agreement as the "Project Area Plan," which includes the legal description and a map of the Project Area), pursuant to which the Agency desires to encourage, promote and provide for the development of the Washington Boulevard area, (the "Project") in the Project Area; and
- C. Pursuant to Ordinance 2015-20, scheduled to be adopted by the city of North Ogden ("City") on 6 October 2015, the Agency and City established the Project Area through adoption of the proposed Project Area Plan; and

- D. The District and the Agency have determined that it is in the best interests of the District to provide certain financial assistance through the use of Tax Increment (as defined below) in connection with the development of the Project as set forth in the Project Area Plan; and
- E. The Agency anticipates providing tax increment (as defined in Utah Code Ann. § 17C-1-102(47) (hereinafter "Tax Increment"), created by the Project, to assist in the development and completion of the Project as provided in the Project Area Plan; and
- F. Utah Code Ann. § 17C-4-201(1) authorizes the District to consent to the payment to the Agency of a portion of the District's share of Tax Increment generated from the Project Area for the purposes set forth herein; and
- G. Utah Code Ann. § 11-13-215 further authorizes the District to share its tax and other revenues with the Agency; and
- H. In order to facilitate development of the Project, the District desires to authorize the payment to the Agency of a portion of the District's share of Tax Increment generated by the Project Area in accordance with the terms of this Agreement; and
- I. The provisions of applicable Utah State law shall govern this Agreement, including the Act and the Interlocal Cooperation Act, Utah Code Ann. § 11-13-101 et seq. as amended (the "Cooperation Act").

NOW THEREFORE, in consideration of the mutual promises set forth herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. District's Consent.

a. Pursuant to Utah Code Ann. §§ 17C-4-201(2)(b) and 11-13-215, the District hereby agrees and consents that the Agency shall be paid 50% of the District share of the Tax Increment from the Project Area (the "District Share") for fifteen (15) years. The Agency anticipates starting with tax year of 2017 but will trigger at the discretion of the Agency no later than 2019, with the base year being 2014. The Project Area will be the Washington Boulevard Area. (see P. 12-

13 Project Area Plan, Exhibit A). Based upon review of the Weber County and Utah State Tax Commission records, the Parties believe that the 2014 base taxable value of the Project Area is approximately \$16,913,911, which base taxable value is subject to adjustment by law in accordance with the provisions of the Act. The District Share shall be used for the purposes set forth in Utah Code Ann. § 17C-4-201(1) as reflected herein and for the purpose of providing funds to the Agency to carry out the Project Area Plan and shall be disbursed as specified in the Project Area Plan. The calculation of the annual Tax Increment shall be made as required by Utah Code Ann. § 17C-1-102(47)(a), using the District's then current tax levy rate.

b. Weber County shall pay directly to the Agency the District Share in accordance with Utah Code Ann. § 17C-4-203 for the 15-year period described in Section I.a. above.

2. Amendments to Project Area Plan.

In the event the Agency or the City makes any substantive changes to the Project Area Plan, then the Agency shall provide the District with a copy of such revised Project Area Plan. If the District approves such revised Project Area Plan, then the Parties shall amend this Agreement to jointly adopt and approve the revised Project Area Plan, and the revised Project Area Plan shall be the Project Area Plan.

3. Authorized Uses of Tax Increment.

Except as otherwise provided in this Agreement, the Parties agree that the Agency may apply the District Share to the payment of any of the components of the Project as described herein and contemplated in the Project Area Plan, including, but not limited to the cost and maintenance of public infrastructure and other improvements located within the Project Area, site preparation, and administrative costs, as authorized by the Act.

4. No Third Party Beneficiary.

Nothing in this Agreement shall create or be read or interpreted to create any rights in or obligations in favor of any person or entity not a party to this Agreement. Except for the Parties to this Agreement, no person or entity is an intended third party beneficiary under this Agreement.

5. Due Diligence.

Each of the Parties acknowledges for itself that it has performed its own review, investigation, and due diligence regarding the relevant facts concerning the Project Area and Plan and expected benefits to the community and to the Parties, and each of the Parties relies on its own understanding of the relevant facts and information, after having completed its own due diligence and investigation.

6. Interlocal Cooperation Act.

In satisfaction of the requirements of the Cooperation Act in connection with this Agreement, the Parties agree as follows:

- a. This Agreement shall be authorized and adopted by resolution of the legislative body of each Party pursuant to and in accordance with the provisions of Utah Code Ann. § 11-13-202.5;
- b. This Agreement shall be reviewed as to proper form and compliance with applicable law by a duly authorized attorney on behalf of each Party pursuant to and in accordance with Utah Code Ann. § 11-13-202.5(3);
- c. A duly executed original counterpart of this Agreement shall be filed immediately with the keeper of records of each Party pursuant to Utah Code Ann. § 11-13-209;
- d. The Chair of the Agency is hereby designated the administrator for all purposes of the Cooperation Act, pursuant to Utah Code Ann. § 11-13-207;
- e. The terms of this Agreement shall commence on the date of full execution of this Agreement by both Parties and shall continue through the date on which all of the District Share has been paid to and disbursed by the Agency as provided for herein, or the Parties terminate this Agreement by mutual written agreement and the Agency ceases to receive such Tax Increment, but in any event, unless amended or terminated earlier by mutual agreement, this Agreement shall terminate no later than December 31, 2036;
- f. Following the execution of this Agreement by both Parties, the Agency shall cause a notice regarding this Agreement to be published on behalf of both of the Parties in accordance with Utah Code Ann. § 11-13-219 and on behalf of the Area in accordance with § 17C-4-202;
- g. The Parties agree that they do not, by this Agreement, create an interlocal entity;
- h. There is no financial or joint or cooperative undertaking and no budget shall be established or maintained;
- i. No real or personal property will be acquired, held or disposed of or used in conjunction with a joint or cooperative undertaking.

7. Modification and Amendment.

Any modification of or amendment to any provision contained herein shall be effective only if the modification or amendment is in writing and signed by both Parties. Any oral representation or modification concerning this Agreement shall be of no force or effect.

8. Further Assurance.

Each of the Parties hereto agrees to cooperate in good faith with the other, to execute and deliver such further documents, to adopt any resolutions, to take any other official action, and to perform such other acts as may be reasonably necessary or appropriate to consummate and carry into effect the transactions contemplated under this Agreement.

9. Governing Law.

This Agreement shall be governed by, and construed and interpreted in accordance with, the laws of the State of Utah.

10. Interpretation.

The terms "include," "includes," "including" when used herein shall be deemed in each case to be followed by the words "without limitation."

11. Severability.

If any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction or as a result of future legislative action, and if the rights or obligations of any Party hereto under this Agreement will not be materially and adversely affected thereby,

- a. such holding or action shall be strictly construed;
- b. such provision shall be fully severable;
- c. this Agreement shall be construed and enforced as if such provision had never comprised a part hereof;
- d. the remaining provisions of this Agreement shall remain in full force and effect and shall not be affected by the invalid or unenforceable provision or by its severance from this Agreement; and
- e. in lieu of such illegal, invalid, or unenforceable provision, the Parties hereto shall use commercially reasonable efforts to negotiate in good faith a substitute,

legal, valid and enforceable provision that most nearly effects the Parties' intent in entering into this Agreement.

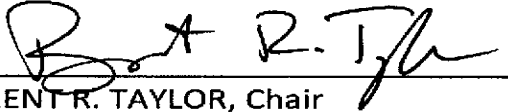

12. Incorporation of Recitals.

The recitals set forth above are hereby incorporated by reference as part of this Agreement.

ENTERED into as of the day and year first above written.

BACKGROUND AND OVERVIEW

The North Ogden Urban Renewal and Community Development Agency (the "Agency"), following thorough consideration of the needs and desires of North Ogden City (the "City") and its residents, as well as the need of and capacity for new development, has prepared this Community Development Project Area Plan (the "Plan") for the North Ogden Downtown Community Development Project Area (the "Project Area") described in more detail below.

In accordance with the terms of this Plan, the Agency will encourage, promote and provide for the development of commercial, retail, and residential spaces within the Project Area. The Project Area is located along Washington Boulevard from approximately 1750 North to approximately 2800 North and covers 108.28 total acres and includes 59 parcels.

It is anticipated the Project Area will improve the City's downtown area through the creation and revitalization of retail shopping, residential development, and commercial office space. The creation of the Project Area will bring jobs, amenities, and revenues to the area, providing financial resources to the Agency to invest in infrastructure and other improvements in the area. The Project Area will generate additional property tax revenues and diversification through new business opportunities. The North and South ends of the Project Area will contain the bulk of the new development, with other parcels in the Project Area benefiting from improvements that revitalize Washington Blvd.

This Plan will guide development within the Project Area, including the capture and use of tax increment to construct new infrastructure needed to service new development and other improvements required to revitalize existing development on Washington Blvd. The purpose of this Plan clearly sets forth the aims and objectives of the Agency and Project Area, including its scope, improvements associated with infrastructure and revitalization and the mechanism for funding said improvements, and the value of the Plan to the residents, businesses and property owners, and taxing entities in this area.

1. RECITALS OF PREREQUISITES FOR ADOPTING A COMMUNITY DEVELOPMENT PROJECT AREA PLAN

- a) Pursuant to the provisions of §17C-4-101 of the Act, the governing body of the Urban Renewal and Community Development Agency of North Ogden City adopted a resolution authorizing the preparation of a draft Community Development Project Area Plan on June 25, 2015; (see Appendix A) and
- b) Pursuant to the provisions of §17C-4-102(2)(a) and (b) of the Act, North Ogden City has a planning commission and general plan as required by law; and
- c) Pursuant to the provisions of §17C-4-102(1)(d) of the Act, the Agency will conduct one or more public hearings for the purpose of informing the public about the Project Area and allowing public input as to whether the draft Project Area Plan should be revised, approved or rejected.
- d) Pursuant to the provisions of §17C-4-102(1)(b) and (c) of the Act, the Agency made a draft Project Area Plan available to the public at the Agency's offices during normal business hours, provided notice of the Public Hearing regarding the Project Area Plan, will conduct the Public Hearing on the Project Area Plan _____, 2015 and considered public comments on the Project Area Plan.

2. DEFINITIONS

As used in this Community Development Project Area Plan, which may or may not be denoted with the usage of the term being capitalized:

- 1. The term "Act" shall mean and include the Limited Purpose Local Government Entities – Community Development and Renewal Agencies Act in Title 17C, Chapters

- 1 through 4, Utah Code Annotated 1953, as amended, or such other amendments as shall from time to time be enacted or any successor or replacement law or act.
2. The term "**Agency**" shall mean the North Ogden City Urban Renewal and Community Development Agency, a separate body corporate and politic created by North Ogden City pursuant to the Act.
 3. The term "**Base Taxable Value or Base Year Taxable Value**" shall mean the base taxable value of the property within the Project Area from which tax increment will be collected, as shown upon the assessment roll last equalized before the date the Project Area Plan is adopted by the North Ogden City legislative body; OR the agreed-upon value specified in a resolution or interlocal agreement as described under §17C-4-201(2).
 4. The term "**City**" shall mean North Ogden City, Utah.
 5. The term "**Community**" shall mean North Ogden City, Utah.
 6. The term "**Community Development**" shall mean development activities within the community, including the encouragement, promotion, or provision of development.
 7. The term "**Developer**" shall mean the entities investing in the development in the area.
 8. The term "**Effective Date**" shall mean either the publishing or posting of notice of the North Ogden City legislative body's ordinance adopting the community development project area plan or a summary of the ordinance.
 9. The term "**Legislative Body**" shall mean the City Council of North Ogden City which is the legislative body of the City and/or Community.
 10. The term "**Plan Hearing**" means the public hearing on the draft Project Area Plan required under Subsection 17C-4-102 of the Act.

11. The term "Project Area" shall mean the geographic area described in the Project Area Plan or draft Project Area Plan where the Community Development set forth in this Project Area Plan or draft Project Area Plan takes place or is proposed to take place (Appendixes B & C).
12. The term "Project Area Budget" shall mean the multi-year projection of annual or cumulative revenues, other expenses and other fiscal matters pertaining to the Project Area that includes:
 - a. the Base Taxable Value of property in the Project Area;
 - b. the projected Tax Increment to be generated within the Project Area;
 - c. the amount of Tax Increment expected to be shared with other Taxing Entities;
 - d. the amount of Tax Increment expected to be used to implement the Project Area Plan; and
 - e. the amount of Tax Increment to be used to administer the Project Area.
13. The term "Project Area Plan" or "Plan" shall mean the written plan that, after its effective date and adopted pursuant to the provisions of the Act, guides and controls the community development activities within the Project Area.
14. The terms "Tax," "Taxes," "Property tax" or "Property taxes" includes all levies on an ad valorem basis upon real property, personal property, or other property, tangible or intangible.
15. The term "Taxing Entity or Taxing Entities" shall mean any public entity that levies a tax on property within the Project Area.
16. The term "Tax Increment" shall mean the difference between the amount of property tax revenues generated each tax year by all Taxing Entities from the area designated in the Project Area Plan from which Tax Increment is to be collected,

using the current assessed value of the property and the amount of property tax revenues that would be or were generated from that same area using the Base Taxable Value of the property.

3. PROJECT AREA BOUNDARIES [17C-4-103(1)]

The Project Area identified for study (see map in Appendix B and parcel list in Appendix C) consists of 108.28 total acres with 90 of those acres being non-right-of-way parcels. The Project Area is located in downtown North Ogden along Washington Boulevard and includes parcels stretching from 1700 North to 2800 North.

TABLE 1: ACREAGE AND TAXABLE VALUE BY PROPERTY TYPE

Property Type	Total Acres
Residential	20.64
Commercial/Industrial	14.98
Vacant	44.07
Public/Exempt	10.30
Total Based on Parcels	90.00
Total Acres in Project Area (including roads)	108.28

A map is provided in Appendix B and a list of all parcels is included in Appendix C.

4. GENERAL STATEMENT OF LAND USES, LAYOUT OF PRINCIPAL STREETS, POPULATION DENSITIES, BUILDING INTENSITIES AND HOW THEY WILL BE AFFECTED BY THE COMMUNITY DEVELOPMENT [17C-4-103(2)]

A. LAND USES IN THE PROJECT AREA

The existing land uses within the Project Area are primarily vacant, residential, and retail, with some small areas of other commercial and exempt uses. The table below shows the

detailed land uses by using the land and building type designations as determined and defined by the Weber County Assessor's Office

TABLE 2: ACRES, VALUE AND SQUARE FEET BY LAND TYPE

North Ogden Land/Building Type	Total Acres	Total Base Year Taxable Value	Total Building Square Feet
Commercial	14.98	\$12,675,677.41	122,765
Commercial Vacant	5.52	\$774,673.00	-
Commercial Exempt	3.26	\$-	782
Residential	20.64	\$1,633,747.05	30,314
Residential Vacant	22.99	\$154,053.88	2,400
Residential Exempt	7.05	\$-	-
Vacant**	15.56	\$20,092.00	2,583
Total Real Property	90.00	\$15,258,243.33	158,844
Total Personal Property		\$1,655,668.00	
Total Taxable Value		\$16,913,911	

**All parcels - exempt, agricultural, or otherwise - with no development or improvements

B. LAYOUT OF PRINCIPAL STREETS IN THE PROJECT AREA

The principal street in the Project Area is Washington Boulevard which runs north to south through the middle of the Project Area and with frontage for most parcels in the Project Area. Other streets that intersect the project area running east to west include 2650 North, 2600 North, 2550 North, 2300 North, 2275 North, 2175 North, 2100 North, 2000 North, 1900 North and 1700 North. 2700 North partially borders the north side of the Project Area.

C. POPULATION DENSITIES IN THE PROJECT AREA

Nearly all development within the Project Area is retail, office, commercial or is vacant land. There are 11 parcels totaling 18.56 acres classified as residential single-family homes, 1 parcel totaling 0.68 acres classified as a duplex, and 4 parcels for 1.4 acres classified as 3-4 unit dwellings within the Project Area, for a total of 29 dwellings. Assuming an average

household size of 3.23 persons per household,¹ the estimated population in the project area is 94 people. With 108.28 total acres in the Project Area, the Project Area is 0.1692 square miles. Dividing the population by the square miles gives an existing population density of about 554 people per square mile.

The Project Area Plan currently contemplates the addition of a senior living facility with 140 beds, as well as an apartment and townhouse development with 322 units. Assuming the same average household size of 3.23 persons per household, the population is projected to increase by 1,180 people within the Project Area. This would increase the population density within the Project Area to about 7,529 people per square mile, although this is a much smaller area than a full square mile. An increase in residential density will provide more rooftops to support commercial development.

D. BUILDING INTENSITIES IN THE PROJECT AREA

The Project Area currently has 158,844 square feet of building space, resulting in an average density of 1,467 square feet per acre,² or a floor area ratio (FAR)³ of 0.03.⁴

Proposed development includes approximately 742,593 square feet of residential, commercial and garage/shed space. The addition of the proposed square feet would give the Project Area a total of 901,437 square feet. This is an average of 8,325 building square feet per acre, or an average FAR of 0.19.

¹ 2013 ACS 5-year estimate for North Ogden City

² Calculated by dividing the 158,844 existing building square feet by the total acres for the area (73.7 acres)

³ FAR is defined as the ratio of building square feet to total land area.

⁴ Calculated by dividing the building density (1,467 sq ft) by the number of square feet in an acre (43,560)

5. Standards That Will Guide the Community Development [17C-4-103(3)]

The general standards that will guide the community development are as follows:

Development Objectives

The following objectives will be pursued in order to create a Plan Area that benefits the City and its residents:

1. Ensure that development improves the standard of function, quality and appearance of the Project Area;
2. Create a thriving downtown and a cohesive Main Street feel on Washington Blvd. with successful commercial businesses supported by adequate housing;

3. Promote the development of the Project Area to enhance the economic health of the community by increasing the tax base and providing North Ogden residents access to goods and services; and
4. Provide utilities, streets, curbs, sidewalks, parking areas, and landscaping to give the area an improved look and to attract and encourage expanded business activity.

Design Objectives

Developers will be expected to utilize high quality design and development standards. Each development proposal will be considered subject to: (1) appropriate elements of the City's General Plan; (2) the land use code of the City; (3) other applicable building codes and ordinances of the City; and (4) a review and approval by the Agency to ensure that the development is consistent with this Plan.

The North Ogden City Code Subsection 11-8D, Design Standards for Commercial Development, will dictate the design standards for commercial development. Properties on Washington Blvd. will also be required to abide by the *North Ogden City Planning Commission Landscaping Review Guidelines for Entry-way Developments*.

Activities Involved

Possible activities contemplated in carrying out the Plan in the Project Area include the acquisition, clearance, construction, or rehabilitation of properties in the Project Area.

- Acquisition and Clearance: Parcels of real property located in the Plan Area may be acquired by purchase at fair market value.
- Construction: New construction may be initiated in order to encourage additional private sector building and investment.
- Rehabilitation: Properties may be sufficiently rehabilitated to insure a reasonable remaining economic life.

Implementation of Projects

The North Ogden City Planning Commission and/or the City Council shall approve the design of all development within the Plan Area to ensure that such development within the Plan Area is consistent with this Plan and as required by City Code. City staff shall notify the Agency of all requests for (1) zoning changes, (2) design approval, (3) site plan approval, and (4) building permits within the Project Area. Projects within the Plan Area shall be implemented as approved by the Planning Commission and/or the City Council.

6. HOW THE PURPOSES OF THE ACT WILL BE ATTAINED BY THE COMMUNITY DEVELOPMENT [17C-4-103(4)]

Title 17C of the Utah Code contains no explicit statement of purpose, although it contains the following definition of "community development:"

"Community development" means development activities within a community, including the encouragement, promotion, or provision of development [17C-1-102(16)].

The purposes of Title 17C will be attained through the establishment of the Project Area by the following:

- Increased employment and income opportunities for City residents
 - Commercial development within the Project Area will increase the number of jobs available to residents within the City;

- Improved access to goods and services for residents
 - Commercial development within the Project Area will provide a broader variety of goods and services to residents within the City limits.
- Increased tax base for the City and the other taxing entities with claim on the Project Area
 - Commercial development inside the Project Area will increase the property and sales tax base by adding new structures and commercial activity. This increased tax base will expand the ability for government to perform essential services with no increased burden on taxpayers.

7. THE PLAN IS CONSISTENT WITH AND WILL CONFORM TO THE COMMUNITY'S GENERAL PLAN [17C-4-103(5)]

The City's General Plan is currently being updated and revised. Based on the currently-approved Plan, there are several priorities:

- Accommodate community growth
- Preserve community character
- Develop commercial and mixed land uses
- Protect the health, safety, and welfare of community residents.

This Plan is consistent with and conforms to the City's General Plan in the following respects:

- Accommodate community growth
 - The General Plan specifically designates the land along Washington Blvd. to be developed for commercial land uses, with the goal of providing

- an attractive pleasing environment in which to work or shop in the commercial core.
- Preserve community character
 - The development and design standards of the Plan ensure that new development will maintain the character of the community, and the review of development plans by the City Council ensures that the community has a voice in how development proceeds.
- Protect the health, safety, and welfare of community residents.
 - Development within the Project Area will be required to meet the standards dictated in the City Code and will be reviewed by the City's elected officials

Figure 1: Downtown Plan from new General Plan

8. DESCRIPTION OF ANY SPECIFIC PROJECT OR PROJECTS THAT ARE THE OBJECT OF THE PROPOSED COMMUNITY DEVELOPMENT [17C-4-103(6)]

Development at the North Node of the Project Area is anticipated to include 230,668 square feet of commercial space, including space for retail anchors, office space and other pads. The location of the detention basin on 2600 North currently limits the potential for commercial development in a key location. Because the community would be better served by seeking a better and higher use for that land, the agency proposes identifying a new location for a detention basin and preparing the current detention basin site for development. The redevelopment of the Smith's building at the southeast corner of Washington Blvd. and 2600 North upon completion of the Smith's Marketplace is a key concern for the City. The size of the existing building is such that extended vacancy at that location would be a drain on the aesthetics and economics of the City.

Development at the South Node of the project area is anticipated to be a mixed use project involving a mix of commercial and residential development.

9. HOW PRIVATE DEVELOPERS WILL BE SELECTED AND IDENTIFICATION OF CURRENT DEVELOPERS IN THE PROJECT AREA [17C-4-103(7)]

The majority of the property in the Project Area is privately owned, and the Agency anticipates the landowners in the Plan Area will undertake development of their property and select any partners or outside developers at their discretion. In the event that owners do not wish to participate in development or redevelopment in compliance with the Plan, the Agency reserves the right pursuant to the provisions of Title 17C of the Utah Code to acquire parcels through negotiation with property owners, to encourage other owners to acquire other property within the Plan Area, or to select non-owner developers by private negotiation, public advertisement, bidding or

solicitation of written proposals, and by so doing encourage or accomplish the desired development of the Project Area.

At the present time, Amsource Development, Inc. has indicated an interest in redeveloping the North Node and Meritage Companies, LLC has indicated an interest in redeveloping the South Node.

10. REASONS FOR THE SELECTION OF THE PROJECT AREA [17C-4-103(8)]

The Plan Area was selected by the Agency because of the immediate opportunity for development to significantly strengthen the City's economic base. The Plan Area contains a portion of the City that is desirable for development because of:

- Its location along the Washington Blvd. commercial corridor
- The presence of a number of older dilapidated structures that detract from the aesthetics and economic vitality of the City
- The presence of undeveloped parcels that currently generate very little tax revenue

Specific boundaries of the Plan Area were arrived at by the Agency after a review of the area by members of the Agency staff and a third-party consulting firm. Planned treatment of this area is intended to stimulate development to the degree necessary for sound long-range economic growth in the Plan Area and to encourage further development of real property in the surrounding areas.

11. DESCRIPTION OF THE PHYSICAL, SOCIAL AND ECONOMIC CONDITIONS EXISTING IN THE AREA [17C-4-103(9)]

A. PHYSICAL CONDITIONS

The proposed Project Area consists of approximately 108.3 acres with 90 acres attributable to non-street parcels, as shown on the Project Area map in Appendix C. The Project Area, while mostly developed along Washington Boulevard, has significant vacant space of 16.1 acres at the north node slated for a commercial development, and 16.7 acres of vacant space at the south node. Additional parcels may be redeveloped at either node or along Washington Boulevard. Developed property along Washington Boulevard includes commercial, public and residential uses. There are also several parcels along Washington Boulevard that are either vacant or otherwise under-utilized, indicating potential for redevelopment and increased property values.

**B. SOCIAL CONDITIONS**

There are currently 11 single-family residential and 5 multi-family residential parcels within the Project Area. There is no demographic data available for those properties due to the limited geographic size of the Area.

It is anticipated that the addition of 140 senior-living beds and an apartment and townhouse development of 322 units in the Project Area will increase the population by about 1,180 residents. The Project Area has workers coming from other areas to work in already-existing commercial businesses.

The Project Area Plan will increase the number of workers traveling to the Project Area. It is anticipated, therefore, that the proposed Project Area will grow the City, County, and region's economy, quality of life and reputation.

C. ECONOMIC CONDITIONS

The Project Area is nearly split evenly between developed and vacant parcels. Most of the developments are along Washington Boulevard, and include both commercial and residential uses. Tenants include a pharmacy, banks, restaurants and other food services, auto repair and maintenance, and other retail. The average improvement value per acre (for improved acres only) in the project area is \$239,882 per acre⁵ which is low, indicating potential for redevelopment and increased improvement values.

12. TAX INCENTIVES OFFERED TO PRIVATE ENTITIES FOR FACILITIES LOCATED WITHIN THE PROJECT AREA [17C-4-103(10)]

The Agency intends to use 35 percent of the property Tax Increment from the School District,⁶ 75 percent of the increment from the City and 50 percent of the property Tax Increment generated within the Project Area from the remaining taxing entities for a period of 15 years. The anticipated total tax increment to be generated over the 15-year period, for all taxing entities, is \$11.8 million.

The Agency intends to request the adoption of a Resolution from the Taxing Entities or negotiate and enter into one or more agreements with Weber County, Weber School District, Weber Basin Water Conservancy District, Central Weber Sewer Improvement District, Ben Lomond Cemetery Maintenance District, Bona Vista Water Improvement District, Weber

⁵ Calculated by taking the total improvement values in the project area (\$10,774,741) and dividing by the 44.92 acres that show improvement values.

⁶ The Agency is requesting a lower percentage from the School District due to the fact that there will be some residential development at the southern end of the Project Area.

County Mosquito Abatement District, Weber Area Dispatch 911 and Emergency Services District, North View Fire District and Weber Fire District to secure receipt of a portion (35 percent from the School District and 50 percent from the other taxing entities) of the property Tax Increment generated within the Project Area that would otherwise be paid to those Taxing Entities.

The Project Area Budget (attached as Appendix D) shows anticipated Tax Increment receipts, and the estimated eligible development costs to be reimbursed. The Base Year Taxable Value is 2014 and includes all real and personal property. One important aspect of this Plan is that the storm detention property is now tax exempt, yet in a favored commercial location. With this Plan, the tax-exempt storm drain property will move on to the tax rolls as commercial property. The same may be said for the old North Ogden Public Works site.

The estimated increased tax revenues, over and above the base year tax revenues already being received by the Taxing Entities, to be received by the entities during the period that the Agency is collecting Tax Increment is shown in the following table. It is based on 65 percent of the incremental tax revenues going to the School District, 25 percent to the City and 50 percent of the incremental tax revenues being paid to the other Taxing Entities for a period of 15 years.

TABLE 3: TOTAL INCREMENTAL PROPERTY TAX REVENUES IN PROJECT AREA TO TAXING ENTITIES, YEARS 1-15

	Total Years 1-15	NPV Years 1-15
Weber County	\$1,481,810	\$989,432
Weber County School District	\$3,387,599	\$2,261,963
North Ogden City	\$316,247	\$211,164
Weber Basin Water Conservancy District	\$79,461	\$53,058
Central Weber Sewer Improvement District	\$334,615	\$223,429
Ben Lomond Cemetery Maintenance District	\$33,142	\$22,130
Bona Vista Water Improvement District	\$87,185	\$58,507
Weber County Mosquito Abatement District	\$56,302	\$37,594
Weber Area Dispatch 911 and Emergency Services District	\$120,989	\$80,786
North View Fire District	\$436,437	\$291,417

	Total Years 1-15	NPV Years 1-15
Weber Fire District - Bond (est. 1/1/06)	\$30,515	\$20,477
TOTAL	\$6,364,300	\$4,249,957

During the same 15-year time period, the Agency could receive an estimated \$5.4 million for projects that are needed in the area, with a net present value of \$3.6 million.⁷

TABLE 4: INCREMENTAL PROPERTY TAX REVENUES IN PROJECT AREA TO AGENCY, YEARS 1-15

Incremental Taxes to Agency	Percent to Agency	Total Years 1-15	NPV Years 1-15
Weber County	50%	\$1,481,810	\$989,432
Weber County School District	35%	\$1,824,092	\$1,217,980
North Ogden City	75%	\$948,742	\$633,493
Weber Basin Water Conservancy District	50%	\$79,461	\$53,058
Central Weber Sewer Improvement District	50%	\$334,615	\$223,429
Ben Lomond Cemetery Maintenance District	50%	\$33,142	\$22,130
Bona Vista Water Improvement District	50%	\$87,185	\$58,507
Weber County Mosquito Abatement District	50%	\$56,302	\$37,594
Weber Area Dispatch 911 and Emergency Services District	50%	\$120,989	\$80,786
North View Fire District	50%	\$436,437	\$291,417
Weber Fire District - Bond (est. 1/1/06)	50%	\$30,515	\$20,477
TOTAL		\$5,433,288	\$3,628,302

The Project Area Budget, included as Appendix D provides a year-by-year estimate of the amount of Tax Increment generated and to be shared among the Taxing Entities.

Increment is needed in order to pay for the following infrastructure and improvements or like infrastructure and improvements to the Project Area as determined by the Agency. While flexibility is granted to the Agency in determining expenses in the Project Area, the following is the Agency's best estimate of projects and accompanying expenditures needed

⁷ Assumes a discount rate of five percent.

in the Project Area. In addition to the projects listed below, the Agency intends to keep four percent of the Agency revenues for administrative costs associated with administering the RDA. The projected administrative cost is approximately \$217,332.

TABLE 5: ESTIMATED PROJECT AREA COSTS

Expenditures	Total Amount	Included in Budget	Funded Through Other Means
Washington Blvd. Waterline (extraordinary cost of development)	\$110,000	\$110,000	\$0
Relocate 2700 N. Detention Basin to prepare exempt public land for commercial development	\$1,680,240	\$1,680,240	\$0
2700 N. Detention Basin Fill to prepare exempt public land for commercial development	\$320,000	\$320,000	\$0
Bury Power Lines on Washington Blvd. to stimulate higher-end economic activity	\$1,600,000	\$529,316	\$1,070,684
2550 N. Road & Sidewalk Improvements to prepare street for additional commercial traffic	\$430,000	\$330,000	\$100,000
2700 N. Capping of Water Sources to prepare exempt public land for commercial development	\$9,000	\$9,000	\$0
Widen 2600 N. at Washington Blvd. to accommodate additional commercial traffic	\$497,400	\$497,400	\$0
Beautification of Washington Blvd. to stimulate economic growth	\$125,000	\$55,000	\$70,000
Widen Sidewalks on Washington Blvd. to facilitate bike/ped access to commerce	\$500,000	\$235,000	\$265,000
Demolition & Environmental Remediation of old Public Works Site to prep for development	\$500,000	\$500,000	\$0
Create Downtown Trailhead Park at Washington Blvd./1900 North	\$300,000	\$100,000	\$200,000
Install Pedestrian Bridge over Washington Blvd. to encourage pedestrian commercial activity	\$900,000	\$150,000	\$750,000

1700 North Road Construction (extraordinary cost of development)	\$1,050,000	\$450,000	\$600,000
Old Smith's Building and Adjacent Strip Mall Façade Work Credit to stimulate redevelopment	\$300,000	\$300,000	\$100,000
Total	\$8,321,640	\$5,215,956	\$3,105,684

13. ANALYSIS OR DESCRIPTION OF THE ANTICIPATED PUBLIC BENEFIT TO BE DERIVED FROM THE COMMUNITY DEVELOPMENT [17C-4-103(11)]

A. BENEFICIAL INFLUENCES UPON THE TAX BASE OF THE COMMUNITY

The beneficial influence on the community tax base will happen through a significant increase of the property and sales tax base of the Project Area. As development occurs, more customers will be drawn to the greater geographic area generating sales tax revenues and stimulating investment. Existing businesses in the vicinity may be inclined to reinvest in their properties to take advantage of the greater customer base. All of these improvements will positively contribute to the community's tax base.

It is expected that the City will gain significant incremental tax benefits in both sales and property taxes. New commercial development that could occur in the Project Area has the potential to increase property tax revenues to the taxing entities by as much as \$867,000 annually at the completion of the Project Area in 15 years.

TABLE 6: INCREMENTAL PROPERTY TAX REVENUES IN PROJECT AREA TO AGENCY AFTER 15 YEARS

Taxing Entity	Annual Tax Increment Amount
Weber County	\$217,965
Weber County School District	\$383,304
North Ogden City	\$93,036
Weber Basin Water Conservancy District	\$11,688
Central Weber Sewer Improvement District	\$49,220
Ben Lomond Cemetery Maintenance District	\$4,875
Bona Vista Water Improvement District	\$12,638
Weber County Mosquito Abatement District	\$8,282
Weber Area Dispatch 911 and Emergency Services District	\$17,797

North View Fire District	\$64,197
Weber Fire District - Bond (est. 1/1/06)	\$4,423
TOTAL	\$867,426

B. ASSOCIATED BUSINESS AND ECONOMIC ACTIVITY LIKELY TO BE STIMULATED

Other business and economic activity likely to be stimulated includes business, employee and construction expenditures. There are significant opportunities for increased economic development and tax generating development that can occur within the immediate sphere of influence of the Project Area that otherwise may not occur in a timely basis or at the same level of increased development and private investment.

1. JOB CREATION

Approximately 500 new jobs could be created in the Project Area if development plans are similar to those projected in the Project Area Plan and Budget.⁸ It is anticipated that the business owners and employees of the Project Area facilities will directly or indirectly purchase local goods and services related to their operations from local or regional suppliers. These supply chain purchases are expected to increase employment opportunities in the related businesses of office equipment, furniture and furnishings, office supplies, computer equipment, communication, security, transportation and delivery services, maintenance, repair and janitorial services, packaging supplies, office and printing services.

Employees will make many of their purchases near their workplace, assuming that goods and services are available. These will most likely include purchases for: lunchtime eating, gasoline and convenience store, personal services such as dry cleaning and haircuts, and auto repair. In addition, there may be limited purchases for gifts, hobbies, etc., if such goods are available.

The following summarizes the benefits to the City, County, and region:

⁸ Assumes 450 sf per employee for the commercial development. There are 230,668 square feet of commercial development proposed.

- Provide an increase in direct purchases in the City, County, and region.
- Complement existing businesses and industries located within the City by adding new employees who may live and shop and pay taxes in the City, County and the region.
- Provide an increase in indirect and induced (“multiplier”) impacts for business purchases, including purchases by employees and their households.
 - The types of expenditures by employees in the area will likely include convenience shopping for personal and household goods, lunches at area restaurants, convenience purchases and personal services (haircuts, banking, dry cleaning, etc.). The employees will not make all of their convenience or personal services purchases near their workplace, and each employee’s purchasing patterns will be different. However, it is reasonable to assume that a percentage of these annual purchases will occur within close proximity to the workplace (assuming the services are available).

2. CONSTRUCTION JOBS AND EXPENDITURES

Economic activity associated with the development will include construction jobs and wages. Incremental value associated with new construction is estimated at approximately \$52.7 million. Assuming that 40 percent of the cost is for labor, with 40 percent spent on supplies, and the remaining 20 percent left for developer overhead and profit, results in about \$21.1 million for labor and \$21.1 million for building supplies. Any demolition costs that might be incurred would be in addition to this amount.

TABLE 7: CONSTRUCTION COSTS

	Percent	Amount
Labor	40%	\$21,061,968
Supplies	40%	\$21,061,968
Overhead	20%	\$10,530,984
TOTAL	100%	\$52,654,920

To summarize, the creation of the Project Area and adoption of the Project Area Plan is beneficial to the City, County, and region for the following projected impacts:

- Increased tax base that will provide additional tax revenues to the various Taxing Entities;
- Creation of approximately 500 jobs in the Project Area;
- Increased spending of nearly \$21.1 million on construction wages;
- Increased spending in the local area for construction supplies, from construction worker expenditures for lunchtime eating, gas, etc., and for purchases by full-time employees who work in the Project Area;
- Creation of a more unified shopping and office district in North Ogden;
- Increased tax revenues of \$867,426 annually to the Taxing Entities after the project area expires;
- Relocation of a storm drain detention basin at a key commercial site;
- Revitalization of unsightly and deteriorating properties; and
- Added economic diversification to the community.

It is anticipated, therefore, that the proposed Project Area will grow the City, County, and region's economy, quality of life and reputation.

APPENDIX A: NORTH OGDEN CITY COMMUNITY DEVELOPMENT AND URBAN RENEWAL AGENCY RESOLUTION AUTHORIZING THE PREPARATION OF THE COMMUNITY DEVELOPMENT PROJECT AREA

RESOLUTION # 05-2015

A RESOLUTION AMENDING RESOLUTION 13-2014 AUTHORIZING THE PREPARATION OF A DRAFT COMMUNITY DEVELOPMENT PROJECT AREA PLAN

WHEREAS, The North Ogden City Redevelopment Agency (hereafter known as the "Agency") desires to encourage economic and community development in North Ogden through the creation of a community development area, pursuant to the Community Development and Renewal Agencies Act, Title 17C of the Utah Code; and

WHEREAS, the Agency is a political subdivision of the State of Utah, created to undertake or promote urban renewal, economic development, or community development project area plan; and

WHEREAS, Subsection 17C-4-101 of the Utah Code allows the Agency to adopt a resolution authorizing the preparation of a draft community development project area plan; and

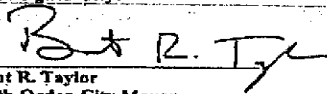

WHEREAS, the creation of a community development area is in accordance with the Economic Development Strategy established by the City of North Ogden.

BE IT THEREFORE RESOLVED by the North Ogden City Redevelopment Agency that the Agency Chairman is authorized to prepare a draft community development area plan.

BE IT FURTHER RESOLVED that the Agency Chairman is authorized to compile, complete, and execute the information and forms necessary to support the preparation of this draft community development project area plan.

This resolution shall take effect immediately upon passage.

North Ogden City:

Brent R. Taylor
North Ogden City Mayor
