Narrative

This Survey and Subdivision was requested by The Boyer Company prerequisite to development of this property, and to create 5 lots.
 This Survey retraces and honors a previous 2014 AWA Engineering Survey and a 2011 survey by CLC Associates for Central Pointe SSLC-RDA.
 A line between monuments found in 2100 South Street, between 300 East Street and Main Street was assigned the NAD 83 bearing of N 89°42'50" W as the Basis of Bearings to retrace and honor the previous Survey.
 Easements will be maintained over existing utilities until utility lines are moved and abandoned.

Rocky Mtn. Power

"Utilities shall have the right to install, maintain and operate their equipment above and below ground and all other related facilities within the Public Utility Easements identified on this plat map as may be necessary or desirable in providing utility services within and without the lots identified herein, including the right of access to such facilities and the right to require removal of any obstructions including structures, trees and vegetation that may be placed within the PUE. The utility may require the lot owner to remove all structures within the PUE at the lot owner's expense, or the utility may remove such structure within the PUE at the lot owner's expense. At no time may any permanent structures be placed within the PUE or any other obstruction which interferes with the use of the PUE without the prior written approval of the utilities with facilities in the PUE."
