Swan Creek shall hold El L Co's Water System Assets and shall operate, administer, maintain and control the Water System. Swan Creek shall be designated as manager of the water system. Consideration for the sale of the EL L Co Water System Assets shall be (1) the warranties and representations set forth in this Agreement and (2) TEN DOLLARS (\$10.00) and other good and valuable consideration and (3) full membership in Swan Creek Village Homeowners Association to all El L Co Terrace Subdivision Lot owners with full rights and responsibilities enjoyed by Swan Creek Homeowners Association Members.

2.2 **Maintenance of the Water System.** Swan Creek shall operate and maintain all physical aspects of the Water System and shall make such repairs and improvements as may be reasonably required to service the needs and demands of the Members of the parties thereto resulting from normal use and wear and tear or acts of nature, as may be reasonably necessary to maintain the required delivery capacity of the Water System.

2.3 **Assessment Rights.** Each El L Co member shall be assessed in the same manner and under the same amounts as a member of Swan Creek HOA. All El L Co lot owners will be full fledged members of Swan Creek Homeowners association. All 19 El L Co lots are presently hooked to the water system and shall not be assessed additional

hook on fees. El L Co owners understand they are responsible for hook on fees charged by any Garden City Sewer District and Idaho Power. EL L Co further agrees to pay any hook on fees they would be responsible for had this merger not taken place.

necessary right of way documents and sewer easements in favor of the Garden City Sewer District pertaining to the sewer lines which the Swan Creek Village Homeowners Association was responsible for placing on property not now owned by Swan Creek Village Homeowners Association.

EXHIBIT "B"

WATER SYSTEM LEASE AGREEMENT

THIS AGREEMENT for the lease of a water system is entered into effective this 5 day of May, 1994, by and between the El L Co TERRACE HOMEOWNERS ASSOCIATION, a Utah non-profit corporation ("ELCTHA"), on the one hand, and the SWAN CREEK VILLAGE HOMEOWNERS ASSOCIATION, a Utah non-profit corporation ("SCVHA"), on the other hand, and is made pursuant to the terms of that certain Settlement Agreement and Mutual Release between the parties hereto and others, of even date herewith, of which this Agreement is but a part.

1. ELCTHA owns a water system in which it has capacity more than sufficient to serve the needs of the El L Co Terrace Subdivision, which water system consists of the following:

(a) Appropriated water rights to .3556 second feet of water as evidenced by certificate numbers 23-3444 (A46524) and 23-3445 (A46594) of the Utah Water Engineer's Office;

(b) A well located in Lot No. 1/BLK2 of the El L Co Terrace Subdivision, drilled to a depth of 510 feet with 8" steel casing, equipped with a pump of 30 h.p., three phase, 480 vac of Fairbanks Morse make, model 2006L10-201P which is capable of pumping from said well a quantity of water exceeding 158 gpm;

(c) Associated delivery lines servicing the lots of the El L Co Terrace Subdivision; and

(d) A 25,000 gallon water storage tank located in Lot No. 1/BLK1 of the El L Co Terrace Subdivision.

Without warranting the same, it is believed that this water system has sufficient capacity to not only serve all present and future needs of all of the lots located in the El L Co Terrace Subdivision, but could in addition provide water for fire fighting purposes sufficient to cover much of the Swan Creek Village Subdivision and to provide culinary water for an unknown number of lots in the Swan Creek Village Subdivision.

2. In consideration of the following agreements, and subject to the terms and conditions set forth herein, the ELCTHA hereby agrees as follows:

(a) The ELCTHA for itself and its successors and assigns leases to the SCVHA the water system described in ¶1 above, including the appropriated water rights, but excluding the delivery lines from the tank to the lots in the El L Co Terrace Subdivision. Said system, less the exception noted, shall be called the "leased property."

(b) The ELCTHA assigns to the SCVHA all right, title and interest in all future appropriated and/or perfected rights to water diverted or allowed to be diverted from the above-mentioned well. Included within this assignment are all rights which are or may be granted to the ELCTHA by reason of the application now pending in the Utah Water Engineer's office, evidenced by No. 23-3747. Not included within this assignment are all water rights referenced in ¶1(a) above. Pursuant to the terms of ¶5(c) below, this assignment shall survive any termination of this lease.

(c) During the term of this lease, and subject to the conditions stated in ¶3 and ¶5(c) below, the SCVHA shall have the right to use the above-mentioned well as a point of diversion for water presently appropriated by the SCVHA, and water which may in the future be appropriated by the SCVHA.

(d) The ELCTHA agrees to grant to the SCVHA all easements in, across and under Lot No. 1/BLK1 and Lot No. 1/BLK2 of the El L Co Terrace Subdivision necessary to carry out the terms of this Agreement. Easements in, across any other lot within the El L Co Terrace Subdivision shall be granted only by written permission from the owner of the lot. The ELCTHA also agrees to execute and deliver to the SCVHA all documents deemed necessary by government or quasi-government agencies with jurisdiction over the subject matter of this Agreement to fully carry out its terms.

3. This lease is made upon the condition that the ELCTHA water system be used first to continue to provide all water needed by the ELCTHA and its members to serve the El L Co Terrace Subdivision, and all remaining capacity thereafter (the "excess capacity"), be used to provide short-term fire fighting capability to the lots in the Swan Creek Village Subdivision, and culinary usage for an unknown number of lots within the Swan Creek Village Subdivision. Should any applicable government regulations preclude such use of the excess capacity for part or all of the Swan Creek Village Subdivision culinary uses anticipated, then the system shall be used only by the SCVHA to the extent so allowed. In case of immediate need to protect any lives or structures or personal property located on or within the exterior boundaries of the Swan Creek Village Subdivision, including the El L Co Terrace Subdivision, against fire damage, the entire combined capacity of the water systems, of both the El L Co Terrace and Swan Creek Village Subdivisions, and not just the excess capacity of either system, may be so used.

4. The term of this lease shall commence on the date hereof and shall continue for a term of ninety-nine (99) years. On the failure of the SCVHA to give the ELCTHA written notice ninety (90) days in advance of the expiration of the term of this lease of a desire to cancel

this lease, this lease shall continue in full force and effect for ninety-nine (99) years from and after the date of its expiration, and both the SCVHA and the ELCTHA shall be accordingly bound.

5. Upon termination of this lease for any reason, the SCVHA agrees:

(a) to deliver up the leased property to the ELCTHA in as good order and condition as when the leased property was first leased to the SCVHA, reasonable use and wear excepted;

(b) to disconnect from the leased system in a manner that does not damage that system;

(c) to designate and use a new point of diversion not on property of ELCTHA for all water assigned under the terms of this agreement, and any other water appropriated to the SCVHA but being diverted out of ELCTHA's well under the provisions of ¶2(c), and to comply with all applicable government requirements regarding the new point of diversion(s).

6. As consideration for the use of the leased property, the SCVHA hereby agrees to do all of the following:

(a) Properly operate and maintain all physical aspects of the leased portions of the water delivery system and to make such repairs thereto resulting from normal use and wear and tear or acts of nature, but not including any capital replacement so necessitated which individually costs more than \$500.00 to make, as may reasonably be necessary to maintain the current delivery capacity of the system. To help offset such expenses, the owner of each lot in the EL L Co Terrace Subdivision which is developed with a cabin

or other permanent residential dwelling served by the water system shall pay to the SCVHA an annual payment of \$150 in installments of \$50 per month, due on the 20th day of May, June and July of each year. This annual payment and the corresponding installments shall be augmented to keep pace with increases in the rate of inflation as measured by the consumer price index or any other appropriate index, subject, however, to the provisions that the amount of the annual payment charged to the members of the El L Co Terrace Subdivision shall not exceed the amount charged by the SCVHA to its members. The SCVHA shall also pay for any extraordinary maintenance, replacement of, or repairs to any portion of the leased portions of the water system necessitated by any neglect or intentional or otherwise wrongful conduct, including omissions, of the SCVHA, shall pay for all other damages suffered by the ELCTHA or its members resulting therefrom, and shall further defend the ELCTHA against and hold it harmless from all claims, however made, by any third parties resulting from said conduct. The provisions of the preceding sentence shall survive any termination of this agreement;

(b) The SCVHA agrees to establish, contribute to, account for, and maintain a reserve fund, for the sole purpose of funding replacement of machinery, equipment and other portions of the leased property resulting from normal and proper use thereof and capital improvements to the leased property, in an account with a depository institution acceptable to the ELCTHA which account shall be separate from any account containing any other funds of the parties. Total payments into this fund, exclusive of any interest earned thereon or receipts from any insurance coverage, shall equal \$1,000 per calendar year, including any partial year exceeding six months in duration, but this annual amount

shall be augmented to keep pace with increases in the rate of inflation as measured by the consumer price index or any other appropriate index. There shall be a proration of these annual reserve fund payments according to the number of lots in both the Swan Creek Village subdivision and in the El L Co Terrace Subdivision served by the water systems which have been developed with any cabin or other permanent dwelling for residential use. The owners of each lot so developed in the El L Co Terrace Subdivision will pay one fractional share (e.g., 1/11th, 1/15th, or 1/20th) of the total required annual payment into this reserve fund, and the remaining balance shall be paid by the SCVHA. Said payments shall be made no later than October 1st of each year. All withdrawals from this reserve fund shall require the approval of the ELCTHA and be signed by a member of its governing board, except as stated in paragraph 10 below. Upon termination of the lease for any reason, all amounts remaining in said reserve fund shall be paid to the ELCTHA or its successors; and

(c) If, at any time, the amount in the reserve fund account is inadequate to pay for machinery, equipment or other portions of the leased property which must be replaced as a result of normal and proper use thereof, the SCVHA agrees to lend to the reserve fund the amount necessary to make up the shortfall. The SCVHA's obligation to make up the shortfall is subject to its ability to do so out of funds not reasonably earmarked for other obligations. All amounts deposited into the reserve fund after the date of any loan made by the SCVHA pursuant to this paragraph shall be available for immediate withdrawal by the SCVHA to repay the loan.

(d) The SCVHA agrees to allow and cooperate with and refrain from protesting in any way any applications made by ELCTHA or its members or lot owners on Broadhollow Road or roads connecting to it between the north end of phase 1 of the Swan Creek subdivision and highway 89 to obtain sewer utility connections, for each lot so owned, connecting to the same system used by the SCVHA, which connections shall be at least of the same grade and quality as those provided to owners of lots in the Swan Creek Village Subdivision. All connection fees to accomplish this shall be paid to the sewer district as per whatever fee schedule the ELCTHA or others may negotiate with the sewer district, with no additional charge being assessed or levied by the SCVHA.

✓ (e) The ELCTHA has caused to be prepared and signed, at its expense, the necessary right of way documents and sewer easements in favor of the sewer district pertaining to sewer lines which the SCVHA was responsible for placing on property not now owned by the SCVHA. The SCVHA agrees to record the documents at its expense.

7. The ELCTHA and its members shall be responsible for maintaining and servicing its non-leased property within the El L Co Terrace Subdivision, including water lines and hydrants, except to the extent the same are damaged by conduct of the SCVHA.

✓ 8. At its request and expense, at any time, the ELCTHA shall be allowed to inspect any and all aspects of the water system and any portions of the SCVHA system connecting thereto and review and copy any and all records maintained by the SCVHA concerning the water system, the expenses of operating and maintaining it, and all information concerning the reserve fund described herein.

9. All authorizations, permitting, inspections and expenses incurred in merging the SCVHA's water system with that of the ELCTHA shall be the sole responsibility of the SCVHA, and shall not be paid for out of the reserve fund described above. Said merger work shall include a means of disconnecting the two systems both on a temporary and on a permanent basis. During and after this work, all applicable government regulations shall be complied with by the SCVHA. The connection system shall not be implemented without the prior approval of the ELCTHA, which shall not be unreasonably withheld.

10. The charges or obligations owed by the owners of lots in the El L Co Terrace Subdivision pursuant to the terms of this Agreement shall be billed to the ELCTHA, which shall in turn assess its members. The SCVHA shall have no power to directly assess the property contained within the El L Co Terrace Subdivision nor the owners thereof. If charges made by the SCVHA pursuant to this Agreement are not paid within 60 days after a detailed written invoice for the same has been presented to the ELCTHA, then the SCVHA may withdraw the amount of the charges from the reserve fund set up pursuant to paragraph 6.b. above without first having to obtain the approval of the ELCTHA.

11. Roadways within each of the respective subdivisions of the parties will continue to be serviced and maintained to the extent determined necessary by the current owner thereof, within the limit of funds so available for that purpose, but all members of each of the parties and their guests will have the right to use the roads owned by the other party in a reasonable manner so long as any posted regulations pertaining to the manner of use thereof are observed. The ELCTHA is hereby given permission, but not the duty, to maintain and improve any portion of the roads of the SCVHA which provide access to the El L Co subdivision. On a best reasonable

efforts basis, again within the limit of funds available to it, in its sole determination, for said purpose, the ELCTHA will endeavor to annually grade and maintain and gradually improve with gravel those portions of Cisco Run, Cisco Loop, and Cisco Circle which are above the point where Cisco Run has recently been maintained by the SCVHA, leading in the shortest and most direct manner to the west or upper side of the El L Co subdivision.

IN WITNESS WHEREOF, the parties hereto execute this document to evidence their agreement to the provisions hereof, effective as of the day and year first written above.

We, Paul Pearson and Natalie Pearson own certain real property located in Rich County, Utah, which is more specifically described as:

Blk 2 Lot 10, El L Co Terrace Subdivision  
Parcel No. 41-08-02-010

In the late spring of 2005, the Board of Directors of the El L Co Terrace Homeowners Association ("El L Co") represented that after much negotiation and consideration, it was in the best interests of the members of El L Co to join the Swan Creek Village Homeowners Association ("Swan Creek") and combine the two separate water systems that serviced each association. At this time, the El L Co Board of Directors presented the plan of merger for El L Co and Swan Creek and our predecessor, LaWana Osborne, approved the merger as outlined by signing that certain *Membership Agreement Between Swan Creek Village Homeowners Association and El L Co Terrace Homeowners Association including Water System Transfer Agreement* ("Membership Agreement"), which is incorporated by reference. Since that time, the members of El L Co and Swan Creek voted to further ratify this merger and approved the merger with the requisite number of votes. Moreover, we have since purchased the property.

The intent of this instrument is to formally note our consent of the merger and ratification of the plan of merger. We formally consent to becoming members of Swan Creek and agree to abide, be governed by and enjoy the rights afforded by the *Amended and Restated Declaration of Covenants, Rules and Restrictions for Swan Creek Village* (the "Swan Creek Village Declaration"), as amended. This Member Consent and Ratification constitutes covenants appurtenant to and running with the land, shall bind every person having a fee, leasehold or other interest in any portion of the above-referenced real property, and is intended to inure to the benefit of the Swan Creek, and all parties who hereafter acquire any interest in this property shall be subject to the terms of the Swan Creek Village Declaration, Bylaws, and all other related governing documents of Swan Creek.
