REC BY: V ASHBY DEPUTY - WI

### Acknowledge(s) and Disclose(s):

1. The above-described property is either partially or wholly located within a Natural Hazards Special Study Area as shown on the Natural Hazards Map adopted by the Board of County Commissioners of Salt Lake County pursuant to Ordinance No. 1074 for:

- SURFACE FAULT RUPTURE
- HIGH LIQUEFACTION POTENTIAL
- MODERATE LIQUEFACTION POTENTIAL

2. Section 19.75.050 of the Salt Lake County Code of Ordinances, 1986, prohibits structures designed for human occupancy from being built astride an active fault. Should an active fault be discovered during construction, a special study as described in Section 19.75.060 of the Code must be performed to determine if the fault is active, and if so, the procedures set forth in Section 19.75.070 of the Code must be followed. NOTE: These active fault considerations only apply in areas within a Surface Fault Rupture Special Study Area, if checked in Section 1 above.
