ARTICLE III PROPERTY RIGHTS IN THE MAINTENANCE AREA

3.1 Owners' Right of Enjoyment. Subject to the provisions of this Section, every Owner shall have a nonexclusive right to enjoy and use the facilities, if any, within the Maintenance Area and such right shall be appurtenant to and shall pass with the title to every Lot.

3.2 Extent of Owners' Right. The right of enjoyment created hereby shall be subject to the following:

(a) The right of the Association to promulgate and publish rules and regulations with which each Member shall strictly comply; and

(b) The right of the Association, as provided in its Articles and Bylaws, to suspend the voting rights of a Member and/or the right to use any of the recreational facilities within the Maintenance Area for any period during which any assessment against his Lot remains unpaid and, for a period not to exceed sixty (60) days, for any infraction of its published rules and regulations; and

(c) The right of the Association to close or limit the use of the Maintenance Area while maintaining, repairing and making replacements in the Maintenance Area.

3.3 Delegation of Use. Any Owner may delegate, in accordance with the Bylaws, his right of enjoyment to the Maintenance Area to the members of his family, his tenants, or contract purchasers who reside on his Lot.

3.4 Use of Maintenance Area.

(a) No use shall be made of the Maintenance Area which will in any manner violate the statutes, rules, or regulations of any governmental authority having jurisdiction over the Maintenance Area.

(b) No Owner shall engage in any activity which will temporarily or permanently deny free access to any part of the Maintenance Area to all Members, nor shall any Owner place any structure or fence, except those installed by Declarant or the Undersigned, whatsoever upon the Maintenance Area.

(c) The use of the Maintenance Area shall be subject to such rules and regulations as may be adopted from time to time by the Board of Directors of the Association.

3.5 Association Ownership of Maintenance Area. The Maintenance Area is owned and controlled by the Association.

ARTICLE IV MEMBERSHIP AND VOTING RIGHTS: THE ASSOCIATION

4.1 Membership. Every Owner shall be a Member of the Association. Membership shall be appurtenant to and may not be separated from ownership of any Lot. Each Lot shall be entitled to one vote and the vote for such Lot shall be exercised by the Owner or Owners as they determine.

4.2 Directors of the Association. The affairs of this Association shall be managed by a board of three (3) directors (the "Board") initially. When Declarant relinquishes control of the Board to the Owners pursuant to Section 4.3 below, the Board shall be managed by at least three (3) and no more than five (5) directors. Directors shall meet the qualifications described in the Articles of Incorporation and Bylaws of the Association.

4.3 Management of the Association. From the date of formation of the Association until the termination of Declarant's control as provided below, Declarant shall have the right to appoint and remove any and all members of the Board and all officers of the Association. The period of Declarant's control of the Association shall terminate upon the last to occur of sixty (60) days after conveyance of 75% of the Lots to Owners other than Declarant, two (2) years after the last conveyance of a Lot by Declarant in the ordinary course of business, or two (2) years after any right to add new Lots was last exercised. Declarant may voluntarily surrender the right to appoint and remove officers of the Association and members of the Board before termination of the period of Declarant's control, but in that event Declarant may require, for the duration of the period of Declarant's control, that specified actions of the Association or Board, as described in an instrument executed and to be recorded by Declarant, be approved by Declarant before they become effective.

4.4 Officers of the Association. The officers of this Association shall be as set forth in the Bylaws of the Association.

4.5 Association Right to Enforce Covenants. The Association shall have the right, separate and apart from any individual Owner's right, to enforce any of the covenants, conditions and restrictions contained in this Declaration.

ARTICLE V

COVENANT FOR MAINTENANCE ASSESSMENTS

5.1 Creation of the Lien and Personal Obligation of Assessments. Each owner of any Lot, including Declarant, by acceptance of a deed therefor, whether or not it shall be so expressed in such deed, is deemed to covenant and agree to pay to the Association: (1) annual assessments or charges, and (2) special assessments. The annual and special assessments, together with interest, late charges, costs, and reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon the Lot against which each such assessment is made. The obligation for such payments by each Owner to the Association is an independent covenant, with all amounts due from time to time payable in full without notice (except as otherwise expressly provided in this Declaration) or demand, and without setoff or deduction. The lien may be enforced by foreclosure of the defaulting Owner's Lot by the Association in like manner as a mortgage on real property. In any such foreclosure, the Owner shall be required to pay the costs and expenses of such proceedings, including reasonable attorney's fees. The Board of Directors or managing agent of the Association may prepare a written notice setting forth the amount of such unpaid indebtedness, the name of the Owner of the Lot and a description of the Lot. Such a notice shall be signed by one of the Board of Directors or by the managing agent of the Association and may be recorded in the county recorder's office in the county where the applicable Lot is located. The lien for each unpaid assessment attaches to each Lot at the beginning of each assessment period and shall continue to be a lien against such Lot until paid. The costs and expenses for filing any notice of lien shall be added to the assessment for the Lot against which it is filed and collected as part and parcel thereof. Each assessment, together with interest, late charges, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of such Lot at the time when the assessment became due. The personal obligation for delinquent assessments shall not pass from them. The Association's lien on a Lot for assessment shall be superior to any homestead exemption now or hereafter provided by the laws of the State of Utah or any exemption now or hereafter provided by the laws of the United States. The acceptance of a deed to land subject to this Declaration shall constitute a waiver of the homestead and any other exemption as against said assessment lien.

5.2 Purpose of Assessments. The assessments levied by the Association shall be used exclusively to promote the health, safety and welfare of the residents of the Property and, to the extent not performed by the applicable governmental entity, for the maintenance and insurance of the Maintenance Area.

5.3 Effect of Nonpayment of Assessments; Remedies of the Association. Any assessment not paid within ten (10) days after the due date thereof shall bear interest from the due date at the rate of eighteen percent (18%) per annum, or at such lesser rate as may be set from time to time by the Association, and the Association may also assess a monthly late charge thereon. The Association may bring an action at law against the Owner personally obligated to pay the same, and may foreclose the lien against such Owner's Lot, and in the event a judgment is obtained, such judgment shall include interest on the assessment and a reasonable attorney's fee to be fixed by the court, together with the costs of the action. No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Maintenance Area or abandonment of his Lot. Foreclosure or attempted foreclosure by the Association of its lien shall not be deemed to estop or otherwise preclude the Association from thereafter again foreclosing or attempting to foreclose its lien for any subsequent assessments, charges, costs or fees, which are not fully paid when due. The Association shall have the power and right to bid on or purchase any Lot at foreclosure or other legal sale, and to acquire and hold, lease, mortgage, vote the Association votes appurtenant to ownership thereof, convey or otherwise deal with the same. In any action brought by the Association (or counterclaim or cross claim brought by the Association) to collect assessments or to

foreclose a lien for unpaid assessments, the Association shall be entitled to have a receiver of the Owner to collect all sums alleged to be due from the Owner prior to or during the pendency of the action. The court may order the receiver to pay any sums held by the receiver to the Association during the pendency of the action to the extent of the Association's assessments of any kind or nature permitted hereunder.

5.4 Successor's Liability for Assessments. Notwithstanding any terms and provisions of this Declaration to the contrary, the sale or transfer of any Lot shall not affect the lien for assessments, charges, costs or fees levied hereunder, except that sale or transfer of a Lot pursuant to foreclosure of a First Mortgage or any proceeding in lieu thereof, shall extinguish the lien of Association assessments, but not the personal obligation of the Owner for the payment of assessments, which became due after the recording of the First Mortgage and prior to any such sale or transfer or foreclosure, or any proceeding in lieu thereof except to the extent the lien of the Association has priority over the First Mortgage under Section 10 above; provided, however, that any such assessments, charges, costs or fees which are extinguished as provided herein may be reallocated and assessed to all Lots. A First Mortgagee may be personally liable for any unpaid assessments, charges, costs or fees, or portion thereof, accruing against a Lot prior to the time such First Mortgagee takes title to such Lot, but only to the extent that the lien of the Association has priority over the First Mortgage under Section 11 herein. No such sale, transfer, foreclosure or any proceeding in lieu thereof, shall relieve any Owner from liability for any assessments, charges, costs or fees, or any portion thereof, thereafter becoming due, nor such Owner's Lot from the lien for such subsequent assessments, charges, costs and fees.

5.5 Statement Regarding Assessments. The Association shall furnish to an Owner or such Owner's designee or to a holder of a Security Interest or its designee upon written request, delivered personally or by certified mail, first class, postage prepaid, return receipt requested, to the Association's registered agent, a statement setting forth the amount of any unpaid assessments currently levied against such Owner's Lot. The statement shall be furnished within fourteen (14) business days after receipt of the request and is binding on the Association, the Board and every Owner. If no statement is furnished to the Owner or holder of a Security Interest or their designee, delivered personally or by certified mail, first class postage prepaid, return receipt requested, to the inquiring party, then the Association shall have no right to assert a priority lien upon the Lot for unpaid assessments which were due as of the date of the request. "Security Interest" as used herein shall mean an interest in real estate or personal property created by contract or conveyance which secures payment or performance of an obligation. The term includes a lien created by a mortgage, deed of trust, trust deed, security deed, contract for deed, land sales contract, lease intended as security, assignment of lease or rents intended as security, pledge of an ownership interest in an association, and any other consensual lien or title retention contract intended as security for an obligation.

ARTICLE VI COMMITTEE

It is the intention and purpose of this Declaration to impose architectural standards on the Improvements to any Lot of a type and nature that result in buildings which are architecturally compatible in terms of lot coverage, proportion, materials, colors and general appearance, while at the same time allowing for appropriate diversity in style and design. To accomplish this goal, the Declarant hereby establishes the Committee, which is empowered to oversee and enforce the Architectural Design Standards set forth in this Declaration.

6.1 Committee Composition. The architectural control committee (the "Committee") will consist of

three members, who may or may not be Owners. The initial Committee shall be appointed by the Declarant or its successor. Following the termination of Declarant's control of the Association pursuant to Section 4.3 above, or at such earlier date as is selected by Declarant in its sole discretion, the Owners (the Owners of each Lot having one vote) shall elect the membership of the Committee. Prior to the date on which the Owners shall elect the membership of the Committee, Declarant shall have the right to elect the membership. The right to elect the membership of the Committee also includes the right to remove one or more members of the Committee and to fill vacancies. The Committee shall act by a majority vote of those present in any meeting duly called for conducting official business.

6.2 Approval by Committee Required. No Improvements of any kind, including without limitation the construction of any Dwelling, garage, deck, porch, gazebo, guest house, outbuilding, parking enclosure, driveway, tennis court, walkway, or other hard surfaced area in excess of 100 square feet, swimming pool, outdoor hot tub or spa, fence, wall, curb, trampoline, satellite dish or antenna, solar panel, or any other permanent or temporary structure may be constructed, erected, or installed in the Covered Property without the prior consent and approval of the Committee. No excavation, grading, filling, draining, landscaping, shall be made without the advance written consent of the Committee. Approval of the Committee will be sought in the following manner:

(a) Plans Submitted. Plans for the construction of any new Dwelling must be submitted to the Committee for review. It is recommended that a preliminary plan be submitted before the expense of final construction drawings is incurred. The plan must be in sufficient detail to show the location on the Lot of the exterior walls of the Dwelling and all other structures to be built with it; detailed drawings of all elevations of all buildings showing locations of windows, doors, roof pitches, decks and other exterior elements; a list of exterior materials and roofing materials and/or a sample, including color samples; and a landscaping plan showing the location of landscaped areas, fences (including fence design), driveways, walkways, patios, decks and other hard surfaced or irrigated areas. In the case of an addition or modification of an existing Dwelling, the Committee may waive any of the forgoing it determines to be unnecessary for its review. Submission of plans may be made in two parts, that is, architectural plans without landscape plans and then a separate second submission of the landscape plans. Each Owner shall submit a written cost estimate with the landscape plans. Notwithstanding any review and approval of plans by the Committee, each Owner shall be responsible for the design and placement of improvements on Lots to avoid damage from ground and drainage water, and neither the Committee nor the Developer shall have any responsibility or liability with respect thereto.

(b) Review Fee. The applicant will pay a review fee to the Committee in an amount reasonably necessary to cover the costs of review and the administration of the program in an amount to be established from time to time by the Architectural Committee. As of the date of recording of this Declaration, the amount of the fee is three hundred seventy five dollars (\$375.00).

(c) Review. Within 15 days from receipt of a complete submission, the Committee will review plans and make an initial determination whether or not the plans comply with the conditions imposed by the Declaration. If they do not, the plans will be rejected. If they are in compliance, the Committee will approve the plans. The Committee may also approve the plans subject to specific modifications or conditions. Owners may desire to submit preliminary plans for review. The committee will review preliminary plans, without fee, and make its comments known to the Owner provided, however, that no preliminary approval is to be considered a final approval, and no final approval will be granted on less than a complete submission. Upon approval, the Committee and the Owner will each sign

a copy of the plans, which shall be left with the Committee. No construction that is not in strict compliance with the approved plans will be permitted.

(d) Written Record. The Committee will maintain a written record of its actions, and maintain in its files a copy of all plans approved or rejected for a period of five years.

(e) Failure to Act. If the Committee has not approved or rejected any submission within 15 days after payment of the review fee and submission of complete plans, the submission is deemed to have been disapproved.

6.3 Variances. Variances to the design standards contained in this Declaration may be granted in the sole discretion of the Committee, but only if strict application of the design standards would create an unreasonable hardship to the Owner of any Lot. The Committee cannot grant any variance that has the effect of modifying applicable zoning or building code regulations.

6.4 General Design Review. The Committee will use its best efforts to provide a consistent pattern of development, and consistent application of standards of this Declaration. These standards are, of necessity, general in nature, and it is the Committee's responsibility to apply them in a manner that results in a high quality, attractive, and well designed community.

6.5 Declarant and Committee Not Liable. There shall be no liability imposed directly or indirectly on any member of the Committee for any loss, damage, or injury arising out of or in any way connected with the performance of the duties of the Committee unless due to the willful misconduct or bad faith of such member. In reviewing any matter, the Committee shall not be responsible for reviewing, nor shall its approval of any building, structure, or other item be deemed approval of, the building, structure, or other item from the standpoint of safety, whether structural or otherwise, or conformance with building codes or other governmental laws or regulations.

6.6 Limitations on Review. The Committee's review is limited to those matters expressly granted in this Declaration. The Committee shall have no responsibility to enforce building codes, zoning ordinances, or other statutes, laws, or ordinances affecting the development or improvement of real property and shall have no liability to any Owner whose plans were approved in a manner that included any such violation. Corrections or changes in plans to bring them into conformity with applicable codes must be approved by the Committee prior to construction.

ARTICLE VII ARCHITECTURAL RESTRICTIONS

All Improvements on any Lot shall be subject to the following restrictions and design standards:

7.1 Number of Dwellings. Only one single family residence may be constructed on any Lot. All Dwellings shall have an attached garage for at least two cars.

7.2 Guest Houses, Barns and Out Buildings. Guest houses, barns, out buildings and all other storage buildings must conform to the Dwelling on the Lot in style and materials, including roof material.

7.3 Dwelling Size. Dwelling size requirements are as follows:

(a) On 12,000 (approximate) square foot Lots:

(i) A Rambler, One-story home shall be not less than 1900 square feet above grade. One-story ramblers with 1700 to 1899 square feet above grade may be permitted by the Committee when additional features, as described below, are incorporated into the design and construction.

ARTICLE VIII CONSTRUCTION COVENANTS

In order to minimize the inconvenience to neighboring Owners during periods of construction within the Covered Property, the following construction regulations shall be enforced. These regulations shall be made a part of the construction contract between the Owner and the Builder of each Dwelling or other Improvements on a Lot. The Owner shall be bound by these regulations, and violations committed by the Builder or its employees, subcontractors or others shall be deemed a violation by the Owner for which Owner is liable.

8.1 Portable Office or Trailer. A builder or general contractor constructing a home on a Lot may utilize a portable office or trailer during the construction period only. The portable office must be located within the Owner's Lot. The temporary office may not be installed prior to the commencement of construction, and must be removed upon the first to occur of: (1) the issuance of a Certificate of

Occupancy, (2) the termination, expiration, or cancellation of the Building Permit, (3) the suspension of construction activities for a period of 60 days, or (4) one year after the commencement of construction.

8.2 Construction Debris Removal. The Builder must comply with City ordinances requiring the placement and maintenance of a trash container or dumpster on the Lot. The Builder shall collect trash at the end of each work day and deposit construction trash, packing material, unusable scraps, and other debris in a suitable container, protected from the wind, and regularly serviced. No trash may be burned, buried, or otherwise disposed of within the Covered Property. No concrete trucks may be cleaned out on the Lot or elsewhere within the Covered Property.

8.3 Construction Area Appearance. The Lot must be maintained in a reasonably organized and neat condition at all times during the construction of a Dwelling or other Improvements. Once the Dwelling is enclosed, materials shall be stored inside, and out of sight, whenever practical and possible.

8.4 Sanitary Facilities. The Builder is responsible for the installation and maintenance of an approved portable toilet facility during construction.

8.5 Construction Sign. During periods of actual construction on the Dwelling, the Owner or Builder may install a sign not to exceed six square feet in area identifying the Lot and the Builder. The sign must also comply with any sign ordinance enacted by the City after the date of this Declaration. The sign must be removed upon completion or abandonment of construction.

8.6 Hours of Work. Daily working hours on the site shall be limited to the period beginning at 7:00 AM and ending at 9:00 PM, or such lesser period as is allowed by City ordinances. The Builder is responsible for controlling noise emanating from the site.

8.7 Removal of Mud. The Builder is responsible for cleaning up and removing mud that is deposited on the roadways of the Covered Property by their construction operation at least once each week.

8.8 Duration of Construction. No construction shall be undertaken without a building permit and all other necessary permits from the City and any other governmental entity having jurisdiction over the construction. No materials, tools, temporary offices or portable toilets, excavation or construction equipment, or similar materials or equipment may be delivered to this site prior to the issuance of the building permit. It is the obligation of the Owner to construction with all reasonable speed once construction has commenced, and in any event, all exterior surfaces of the building shall be substantially completed within a period of six months from the date of the foundation is complete. All landscaping and soil stabilization work must be completed as soon as possible after completion of the exterior of the Dwelling, but in no event later than the summer following completion of the exterior of the Dwelling.

ARTICLE IX LANDSCAPE STANDARDS

It is the intent of the Declaration to require appropriate landscaping of Lots following construction of any Improvements, and to encourage the use of appropriate plant materials. The use and Improvement of each Lot is subject to the following Landscape Standards:

9.1 Lawn and Landscaping Required. Front yard and visible side yard lawns are to be installed within

60 days following occupancy or, in the case of a winter occupancy that prevents the installation of landscaping, by the following April 30th. As soon as practical following completion of the construction of the Dwelling, but in no event later than the summer immediately following completion of construction, or not later than 18 months from the issuance of a building permit, whichever first occurs, each Owner is required to fully landscape his or her Lot. The Committee shall be entitled to require an escrow deposit from the Owner in the event that the landscaping is not installed as of the date the homeowner occupies his or her Lot, in such amount and under such terms as are determined by the Committee. As of the date of recording of this Declaration, the amount of the escrow deposit shall be equal to two dollars (\$2.00) per square foot of front yard and visible side yard area. The Committee shall be entitled to change such amount from time to time as the Committee may deem appropriate. In the event the Owner or its contractor does not install the required landscaping within 60 days following occupancy or, in the case of a winter occupancy that prevents the installation of landscaping, by the following April 30th, then the Committee shall be entitled to apply the escrow deposit toward the cost of installing such landscaping as the Committee may in its discretion determine appropriate. Neither the Committee, the Association, or any of its officers or agents shall be liable in any manner in connection with the exercise of the remedies set forth in this paragraph in the event the Owner fails to install landscaping as provided herein. The Committee shall not be required to use any of the Association's own funds for such purpose. Each Owner shall submit a written cost estimate with their landscape plan. The Owner may plant lawns and gardens, plant shrubbery, trees or other ornamental plantings or replace natural species. Front and visible side yard lawn areas must be provided with sod and not grown from seed or power mulching. Trees, lawns, shrubbery and other plantings provided by each lot owner shall be properly nurtured and maintained at the Owner's sole expense, including replacement of the same upon the request of the Committee.

9.2 Placement of Trees and Shrubs. Planting of a minimum of six trees and a minimum of 12 two-gallon shrubs in the front and/or visible side yard within each Lot is required. Conifers shall be a height of at least four feet and deciduous trees shall be at least a one and one-half inch caliper, except on the parking strip, where deciduous trees shall be at least a two-inch caliper. The planting and placement of the trees is to be accomplished in accordance with the landscape plan submitted to and approved by the Committee. The lot Owner is required to plant and maintain at least two trees in the parking strip between the back of the curb and the sidewalk in front of his or her Lot. The type and size is to be determined by the Committee. Only sod and trees will be permitted in the parking strip.

9.3 Sprinkler System. All landscape and lawn areas, including those in the landscape strip, shall be provided with permanent underground sprinkler systems.

9.4 Fences. Fencing shall be permitted in the Covered Property only in accordance with applicable City ordinances and must be decorative in nature. No fences may be constructed without the prior approval of the Committee, which may include in its approval criteria considerations of style, material, height, and effect on neighboring properties. Fencing of front yards shall not be permitted; side yards may be fenced up to a point which is no closer than the midpoint of the length of the Dwelling from the street upon which the Dwelling is located. Barb wire and field fence on posts are prohibited. No chain link is permitted as cross-fencing or in back and side yards where it is visible from roads. The Committee may approve wood fences, provided provisions for proper maintenance of such fences are made.

9.5 Fires. No exterior fires whatsoever, except barbecue fires contained in receptacles provided therefor, shall be allowed.

9.6 Compaction. Each Owner shall be responsible to ensure a minimum of 95% compaction of soil and fill materials under all footings, structural, and flat concrete areas and to ensure a minimum compaction of 90% under all lawn and landscaped areas.

ARTICLE X
OWNERS' MAINTENANCE AND PERMIT OBLIGATIONS

10.1 Duty to Maintain. The Owner of each Lot shall maintain his or her Lot and the Improvements thereon in a good state of repair and an attractive, safe, and health condition.

10.2 Repair by Committee. In the event that an Owner permits his Lot or Improvements to fall into a state of disrepair that is in a dangerous, unsafe, unsanitary, or unsightly condition or fails to comply with any other covenant or restriction in violation of this Declaration, the Committee or any Owner may give written notice to the Owner describing the condition complained of and demanding that the Owner correct the condition within 30 days. If the Owner fails to take corrective action, the Committee or any Owner shall have the right, but not the obligation, to enter upon the offending Owner's Lot and take corrective action to abate the condition. All costs of abatement shall be charged to the Owner, who agrees to promptly pay the reasonable costs of any work performed under this provision. In addition, each Owner hereby grants to the Committee a lien on the Lot and any Improvements to secure repayment of any sums advanced pursuant to this section, which lien may be foreclosed at any time by the Committee in the manner prescribed in Utah for the foreclosure of mortgages. Alternatively, without requiring foreclosure, the Committee may seek collection of sums advanced directly from the Owner of the Lot in question. In order to claim such a lien, the Committee shall record a notice of lien in the office of the Salt Lake County Recorder, setting forth the amount claimed and the work performed for which such lien is asserted. Unpaid amounts will bear interest from the date advanced at the lawful pre-judgment rate under state law.

10.3 Alteration of Exterior Appearance. The Owners will maintain their Lots and Improvements in substantially the same condition and appearance as that approved by the Committee. No subsequent exterior alterations, improvements or remodeling, whether structural or changes in landscaping, paint color or materials will be made without the advance consent of the Committee.

10.4 Repair Following Damage. In the event of casualty loss or damage to the Improvements, the Owner will be entitled to reconstruct the Improvements as they existed prior to the damage or loss without review by the Committee, provided however that alterations or deviations from the original approved plans will require review. Nothing in this Declaration is intended to prevent an Owner who has suffered property damage or loss from taking temporary measures to secure the property and prevent further damage, or to prevent injury or dangerous conditions following loss or damage, before reconstruction begins. Such temporary measures may be taken without the consent or approval of the Committee, provided that any such measures must be of a temporary nature, and repair or reconstruction must begin as soon as circumstances will permit. No damaged structure will be permitted to remain on any Lot for more than 90 days without repairs commencing, and any damaged structure which remains unrepaired after 90 days following the occurrence of damage shall be deemed a nuisance.

10.5 Storm Water Permits. All Owners who acquire title to a Lot (whether the Owner is a builder, individual person, entity or otherwise) shall obtain their own Storm Water Permits (as defined in Article I above) from the Division of Water Quality (Utah Department of Environmental Quality) prior to commencing any construction-related activities for which a Storm Water Permit is required (including,

without limitation, excavating, grading, or otherwise disturbing the surface materials or vegetation on the Lot). The Storm Water Permit may be obtained by filling out an application form online at www.waterquality.utah.gov/updes/stormwater.htm or contacting the Division by telephone at (801) 538-6146. All Owners who seek to engage in any construction-related activities requiring a Storm Water Permit covenant and agree to comply with the Storm Water Permit requirements, including, without limitation, the requirement to develop and implement a Storm Water Pollution Prevention Plan. Owners shall be fully and solely responsible for preventing rain and snowmelt from carrying sediment or pollutants into the streets or any storm drain facilities from any un-landscaped areas of their Lots. Owners covenant and agree not to stockpile any landscaping materials, dirt, gravel or other such materials in the streets. Owners other than Declarant, following their purchase of a Lot, hereby indemnify and hold Declarant harmless from and against any and all claims, liabilities, fines, costs, fees, expenses, judgments, losses and damages resulting from or relating to any failure to comply with the Storm Water Permit requirements for the Owner's Lot or from any storm water drainage or run-off from Owner's Lot, including, without limitation, any and all claims, fines, costs of remediation or clean up, or other expenses imposed by the Division or required or incurred as a result of any action or orders of the Division.

ARTICLE XI FIRST MORTGAGEES

11.1 **First Mortgage Protection.** The breach of any of the foregoing covenants shall not defeat or render invalid the lien of any mortgage or deed of trust lien on the Covered Property that is made in good faith and for value; provided, however, that all of the covenants contained herein shall be binding upon and effective against any owner of a Lot whose title thereto is acquired by foreclosure, trustee's sale or other foreclosure proceeding, from and after the date of such foreclosure, trustee's sale or other foreclosure proceeding. The lien provided for in Section 5.1 hereof shall be subordinate to the lien of any first mortgage or deed of trust which was recorded before any Notice of Lien became recorded.

11.2 **Notice of Action.** Upon written request to the Association, identifying the name and address of the First Mortgagee or insurer or guarantor of the First Mortgage and the residence address of the property which is subject to such First Mortgage, each such First Mortgagee or insurer or guarantor of such a First Mortgage, shall be entitled to timely written notice of:

(a) any condemnation loss or casualty loss which affects a material portion of the Property or any Lot subject to a First Mortgage held, insured or guaranteed by such First Mortgagee, insurer or guarantor of a First Mortgage;

(b) any delinquency in the payment of assessments or charges owed to the Association by the Owner of the Lot subject to a First Mortgage held, insured or guaranteed by such First Mortgagee, insurer or guarantor, or any default by such Owner in any obligation under the Declaration, Articles of Incorporation or Bylaws of the Association and the Board of Directors of the Association has actual knowledge of such default, when such delinquency and/or default remains uncured for a period of sixty (60) days;

(c) any lapse, cancellation or material modification of any insurance policy or fidelity bond maintained by the Association.

11.3 Financial Statement. The Association shall provide a financial statement for the immediately preceding fiscal year free of charge to any First Mortgagee, insurer or guarantor of a First Mortgage within a reasonable time after written request therefor.

ARTICLE XII ANNEXATION OF ADDITIONAL PROPERTY

12.1 Annexation. Declarant shall be entitled to annex, from time to time, additional real property adjacent to the Covered Property to the Covered Property and cause such additional real property to become subject to this Declaration and subject to the jurisdiction of the Association without the approval, assent or vote of the Association or its Members, provided that a Supplementary Declaration covering the real property to be annexed, shall be executed and recorded by Declarant. The recordation of said Supplementary Declaration shall constitute and effectuate the annexation of the real property described therein, making said real property subject to this Declaration and subject to the functions, powers and jurisdiction of the Association, and thereafter said annexed real property shall be part of the Covered Property and all of the Owners of Lots in said annexed real property shall automatically be Members of the Association.

12.2 Development of the Project. Declarant intends to develop the Covered Property and additional property to be annexed to the Covered Property from time to time (collectively, the "Project") sequentially on a multi-phased basis. However, Declarant may elect not to develop all or any part of any phase, to develop the Project in increments of any size whatsoever, or to develop more than one phase at any given time and in any given order. Moreover, Declarant reserves the right to subject all or any portion of a phase or phases to the plan of this Declaration. Although Declarant shall have the ability to annex additional real property as provided above, Declarant shall not be obligated to annex any additional property and no such property shall not become subject to this Declaration unless and until a Supplementary Declaration shall have been so executed and recorded.

12.3 Supplementary Declarations. The annexations authorized under this Article shall be made by filing of record a Supplementary Declaration of Covenants, Conditions and Restrictions, or similar instrument, with respect to the additional property which shall extend the plan of this Declaration to such property. Such Supplementary Declarations contemplated above may contain such additions and modifications of the covenants, conditions and restrictions contained in this Declaration as may be determined by Declarant to be necessary or desirable with regard to the additional real property being annexed. In no event, however, shall any such Supplementary Declaration or any merger or consolidation revoke, modify or add to the covenants established by this Declaration within the existing property, except as hereinafter otherwise provided.

12.4 Mergers or Consolidations. Upon a merger or consolidation of the Association with another association, the Association's properties, rights and obligations may, by operation of law, be transferred to the surviving or consolidated association, or, alternatively, the properties, rights and obligations of another association may, by operation of law, be added to the properties, rights and obligations of the Association as a surviving corporation pursuant to a merger. The surviving or consolidated association may administer covenants, conditions and restrictions established by this Declaration within the Covered Property, together with the covenants and restrictions established upon any other property as one plan.

ARTICLE XIII

GENERAL PROVISIONS

13.1 Violation Deemed a Nuisance. Any violation of these Covenants which is permitted to remain on the property is deemed a nuisance, and is subject to abatement by the Association or by any other Owner.

13.2 Remedies.

(a) Any single or continuing violation of the Covenants contained in this Declaration may be enjoined in an action brought by the Declarant (for so long as the Declarant is the Owner of any Lot), by any other Owner, by the Committee in its own name, or by the Association. In any action brought to enforce these Covenants, the prevailing party shall be entitled to recover as part of its judgment the reasonable costs of enforcement, including attorneys' fees and costs of court.

(b) Nothing in this Declaration shall be construed as limiting the rights and remedies that may exist at common law or under applicable federal, state or local laws and ordinances for the abatement of nuisances, health and safety, or other matters. These covenants, conditions and restrictions are to be construed as being in addition to those remedies available at law.

(c) The remedies available under this Declaration and at law or equity generally are not to be considered as exclusive, but rather as cumulative.

(d) The failure to take enforcement action shall not be construed as a waiver of the Covenants contained in this Declaration in the future or against other similar violations.

13.3 Severability. Each of the covenants, conditions and restrictions contained in this Declaration shall be independent of the others, and in the event that any one is found to be invalid, unenforceable, or illegal by a court of competent jurisdiction, the remaining provisions shall remain in full force and effect.

13.4 Limited Liability. Neither the Declarant, the Committee or its individual members, nor any other Owner shall have personal liability to any other Owner for actions or inactions taken under these Covenants, provided that any such action or inaction is the result of the good faith exercise of their judgment or authority, under these Covenants, and without malice.

13.5 Amendment. At any time while this Declaration is in effect, the Owners of 75% of the Lots may amend the provisions of this Declaration, provided that so long as Declarant owns any portion of the Covered Property, Declarant's approval to any amendment shall be required. Any amendment must be in writing. No such amendment will be binding upon the holder of any mortgage or trust deed unless the holder joins in the amendment.

13.6 Constructive Notice. Every person who owns, occupies, or acquires any right, title or interest in any Lot in the Covered Property is conclusively deemed to have notice of this Declaration and its contents, and to have consented to the application and enforcement of each of the covenants, conditions, and restrictions contained herein against his Lot, whether or not there is any reference to this Declaration in the instrument by which he acquires his interest in any Lot.

13.7 Notices. All notices under this Declaration are deemed effective 72 hours after mailing, whether

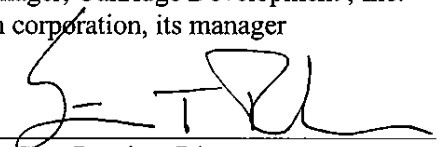

delivery is proved or not, provided that any mailed notice must have postage prepaid and be sent to the last known address of the party to receive notice. Notices delivered by hand are effective upon delivery.

13.8 Interpretation. The provisions of this Declaration shall be interpreted liberally to further the goal of creating a uniform plan for the development of the Covered Property. Paragraph headings are inserted for convenience only and shall not be considered an interpretation of the provisions. The singular will include plural, and gender is intended to include masculine, feminine and neuter as well.
