RECORDED FOR OLD REPUBLIC TITLE OF UTAH~~

See "Exhibit A" attached hereto and by this reference made a part hereof.  
Subject to current general taxes, easements, restrictions, and matters of record.

Together with, and reserving to Grantor, a non-exclusive right-of-way to be used jointly with Grantor, such rights as Grantor has, if any, as of the date hereof, over any easements or rights-of-way accessing any of the real property described on Exhibit A, or accessing any portion of the real property retained by Grantor, which retained real property is more particularly described on "Exhibit B" attached hereto. This non-exclusive right-of-way is limited to that which is necessary for Grantee's access to the real property described on Exhibit A. The foregoing grant of right-of-way is made without warranty of any kind to the Grantee hereunder.

Also, together with and reserving to Grantor, a cross-easement over and through the real properties described on Exhibit A and Exhibit B, the exact location of which cross-easement shall be determined by future agreement between Grantor and Grantee, based upon the most reasonable and functional location for installation of a roadway with utilities, considering the best development potential for the real property owned by both Grantor and Grantee, and meeting the width, grade, and other requirements of any governmental entity having jurisdiction over such property and to which such roadway and appurtenances might ultimately be dedicated. Grantor, by execution of this Special Warranty Deed, and Grantee, by acceptance of this Deed, agree to ultimately execute and record a cross-easement agreement across their respective real properties as soon as that mutually agreed upon location can be determined.

Said cross-easement agreement shall provide that either party may improve any or all of the rights-of-way on cross-easement land to facilitate the development of the improving party's land. The decision to make such improvements shall be exclusively that of the improving party, who, in the event that such improvements are to be made on the land not owned by the improving party, shall be deeded by the owner a protective strip of land on both sides of the improvements for the purpose of later recovering a pro-rata share of

such improvement costs, including a reasonable rate of interest on such share, from the non-improving party. Immediately upon request from the improving party for approval of location for a dedicated road, the non-improving party will review the request, shall not unreasonably withhold consent, and furthermore shall cooperate in the dedication process including, but not limited to, deeding such land area as reasonably required to satisfy the governmental agencies involved.

Until such time as the cross-easement agreed to herein is dedicated to and accepted by an appropriate governmental entity, Grantor and Grantee agree that the costs of maintenance of such easement shall be borne by the party or parties benefiting from said cross-easement according to their respective uses.
