All of the property, powers and obligations of the incorporated Association existing immediately prior to its dissolution shall thereupon automatically vest in the successor unincorporated Association. Such vesting shall thereafter be confirmed as evidenced by appropriate conveyances and assignments by the incorporated Association. To the greatest extent possible, any successor unincorporated Association shall be governed by the Articles of Incorporation and Bylaws (as the same may be amended from time to time) as if they had been drafted to constitute the governing documents of the unincorporated Association.

Failure of the Association to maintain its corporate status will not result in dissolution of the Association. The Association may renew its corporate status, reinstate its corporate status, or incorporate without Owner approval.

The affairs of the Association shall be governed by a Board as provided in the Bylaws.

The Association shall be comprised of all Owners within the Project, and is established to perform the following functions and exercise the following rights and powers for the benefit of the Owners and enforcement of these covenants. 5.2 Remedies

Upon request, an Owner or buyer is entitled to a timely statement from the Association setting forth all amounts due. The amounts set forth in the statement shall be binding upon the Association.

6.2 Annual Budget

The Board shall prepare an annual budget for the Association. The annual budget shall provide for: the maintenance, repair, and replacement of the Common Areas; and the administration, management, operation, and reserves of the Association. The budget shall be approved by a majority vote of those in attendance at the annual meeting. If the Association fails to adopt an annual budget, the last adopted budget shall continue in effect.

Any expenses attributable to less than all the Lots may be assessed exclusively against the affected Lots. Individual assessments include, without limitation:

- Assessments levied against a Lot to reimburse the Association for costs incurred in correcting a violation of

Assessments not paid within 30 days after the due date will be late and subject to interest and a late fee as stated in the collection policy. Late fees may only be charged once per missed payment.

6.8 Application of Partial Payment

Partial payments shall be credited first to collection costs (including attorney's fees), then to interest and late fees, then to the oldest assessments, then the most recent assessments.

6.9 Lien for Assessment

All assessments, late fees, interest, and collection costs (including attorney's fees) not timely paid shall be a charge and continuing lien upon each Lot against which the assessment is made. The Association shall file a notice of lien with the county recorder in accordance with the collection policy as evidence of nonpayment.

6.10 Enforcement of Lien

Regardless of the existence of a lien the Association shall not exercise the right to foreclose.

7 MAINTENANCE

7.4 Repair Following Damage

In the event of casualty loss or damage to the Improvements, the Owner will be entitled to reconstruct the Improvements as they existed prior to the damage or loss without review by the Committee, provided however that alterations or deviations from the original approved exterior plans will require review. Nothing in this Declaration is intended to prevent an owner who has suffered property damage or loss from taking temporary measures to secure the property and prevent further damage, or to prevent injury or dangerous conditions following loss or damage, before reconstruction begins. Such temporary measures may be taken without the consent or approval of the Committee, provided that any such measures must be of a temporary nature, and
