THIS NONEXCLUSIVE UTILITIES EASEMENT AGREEMENT (this "Agreement") is made this 17th day of August, 2001, by and between FRANKLIN DEVELOPMENT CORPORATION, a Utah corporation, having its principal place of business located at 2200 West Parkway Boulevard, Salt Lake City, Utah 84119 ("Grantor"), and ESLC I. L.L.C., a Delaware limited liability company, having its principal place of business located at 865 South Figueroa Street, Suite 3500, Los Angeles, California 90017 ("Grantee").

RECITALS

A. Grantor is the owner in fee simple of certain improved land located in Salt Lake County, State of Utah ("Grantor Property"), which is adjacent to certain land owned by Grantee as described in Recital B.

B. Grantee is the owner in fee simple of certain real property located adjacent to the Grantor Property, and which abuts the western boundary of the Grantor Property and the eastern boundary of the 1-215 Freeway, as more particularly described in Exhibit "A" attached hereto and incorporated herein by this reference for all purposes ("Grantee Property"). Grantee desires to connect to certain utilities located under the Grantor Property in accordance with the provisions of this Agreement.

C. In accordance with and subject to the terms and conditions of this Agreement, Grantor has agreed to grant and convey to Grantee certain perpetual and irrevocable nonexclusive easements and rights-of-way ("Easements") to connect to and use existing utilities under that certain property within the Grantor Property described in Exhibit "B" attached hereto and incorporated herein for the limited purposes set forth herein ("Easement Property"). Such Easements shall be only for the use and benefit of the following parties ("Benefited Parties"): (a) Grantee and subsequent owners and lessees of Grantee Property; and (b) all public and/or private utility companies ("Utilities Companies") holding rights to existing utilities in the Easement Property as of the date hereof.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing, the sum of Ten Dollars paid by Grantee to Grantor, the mutual covenants contained herein, and other good and valuable

consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound hereby, Grantor and Grantee hereby agree as follows:

1. Grant of Easement. Subject to the matters of record set forth in the Chicago Title Insurance Company title policy to be issued to Grantee at closing of Grantee's acquisition of the Grantee Property which title policy is incorporated herein by this reference, Grantor hereby grants and conveys to Grantee, for the use and benefit of the Benefited Parties, a perpetual and irrevocable nonexclusive easement to connect to and use the existing utilities located within the Easement Property (the "Utility System"). Grantee shall not disturb the surface of the Easement Property, nor modify, alter, maintain, repair or service the Utility System in anyway whatsoever, except as may be required by law. All such activities shall be performed by the Utility Companies.

2. Easements Appurtenant to the Grantee Property. The Easements shall be appurtenant to and run with the land and constitute a portion of the Grantee Property and each part thereof. Grantor may enact such reasonable rules and regulations as it reasonably sees fit to regulate the use of the Easement Property, and such rules shall be binding upon the Benefited Parties with respect to their use of the Easement Property; provided, that Grantor shall not enact any rules or regulations which materially impair the Benefited Parties' use and enjoyment of the Easements, the Utility System or Grantee's rights hereunder.

3. Grantee's Use of Easement Property. Grantee and the Benefited Parties shall have the right to use the Easement Property only for the purpose of connecting to and using the Utility System as maintained and operated by the Utility Companies (which connection and use shall be at Grantee's sole cost and expense). The Easement granted to Grantee in this Agreement does not include a right-of-way for ingress and /or egress for pedestrian or vehicular access through the Easement Property. The maintenance, service and repair rights to the Utility System are strictly limited to and will be exercised by the Utility Companies and the Utilities companies shall have access to the Easement Property to perform such maintenance and repair services. The Benefited Parties' use of the Easement Property shall not unreasonably interfere with the development or continuing use of the Grantor Property or unreasonably disrupt the transmission of utilities to the Grantor Property. In the event the Benefited Parties breach their obligations set forth in this Section 3, Grantor shall be entitled to seek all available remedies in equity or at law.

4. Declaration of Restrictions and Easements. Grantee acknowledges that Grantee's Property is part of a larger business office complex/park consisting of multiple parcels of improved real property. In order to effectuate the common use and operation of the office complex for the mutual benefit of the respective owners of the parcels and holders of leasehold interests in the parcels, Grantor desires to subject each of the parcels to a declaration of restrictions and easements in form and substance acceptable to Grantor and Grantee, in their respective sole discretion (the "Declaration"). The Declaration will grant certain reciprocal easements over and across certain portions of the office complex and will impose certain conditions and restrictions. The Declaration will be recorded in the office of the Salt Lake County Recorder and once recorded, will supercede this Agreement and the Easement granted herein. Grantee expressly agrees to use commercially reasonable efforts to cooperate with Grantor and to use commercially reasonable efforts to enter into a mutually acceptable (as determined in the sole discretion of Grantor and Grantee, respectively) Declaration within one

hundred twenty (120) days from the date of this Agreement. Grantee agrees upon executing the Declaration to execute such documents as are reasonably necessary to terminate Grantee's right, title and interest in the Easement Property and to subject Grantee's Property to the terms and conditions of the Declaration. Notwithstanding the foregoing, the terms of the Declaration shall not shall not diminish the Benefited Parties' use and enjoyment of the Easements or Grantee's rights hereunder. Grantor agrees to pay the reasonable cost of any endorsements to the title policy delivered to Grantee at closing of Grantee's acquisition of Grantee Property to assure Grantee that its rights under the Declaration are the same as those under the various easement agreements. Grantor reserves the right to reasonably change the location of the Easement Property and the Utility System in connection with Grantor's construction of any buildings, structures or other improvements with respect to Grantor's business operations. Grantor and Grantee agree that the following must be satisfied as a precondition to any proposed change in location of the Easement Property (the "Replacement Easement Property"):

(a) The Replacement Easement Property shall permit utilization of the Utility System by the Grantee in a reasonable manner and without unreasonable disruption of the Utility System during any relocation.

(b) The relocation shall permit the Utility System to be operated in proper working order and shall not materially diminish or adversely affect the performance of the Utility System; and

(c) Grantor shall pay all costs and expenses in connection with the relocation of the Utility System to the Replacement Easement Property and any materially increased cost in connection with the operation and maintenance of the Utility System arising out of the relocation.

5. No Mechanic's Liens. Grantee shall not permit any lien or claim of mechanics or laborers to be filed against the Easement Property or the Grantor Property, or any part or parts thereof, for any work, labor or materials furnished, alleged to have been furnished or to be furnished pursuant to any agreement by any Benefited Party related to the Easement Property or the Grantee Property. Within thirty (30) days after Grantee receives notice of the filing or recording of any such lien, Grantee shall cause the same to be paid and discharged of record. Grantor shall not permit any lien or claim of mechanics or laborers to be filed against the Grantee Property, or any part or parts thereof, for any work, labor or materials furnished, alleged to have been furnished or to be furnished pursuant to any agreement by Grantor related to the Easement Property or the Grantor Property. Within thirty (30) days after Grantor receives notice of the filing or recording of any such lien, Grantor shall cause the same to be paid and discharged of record. Grantee acknowledges and agrees that Grantor has made no representations or warranties regarding the operation or maintenance of the Utility System in this Agreement.

6. Grantor's Reservation of Rights. Grantor reserves unto itself forever, the right to cross over or under the Easement Property, to place or grant other easements along, across, or under the Easement Property, and to build upon, over, or under the Easement Property so long as such other uses do not materially impair or diminish Grantee's or the Benefited Parties' use of the Easement Property for the purposes herein granted. In the event that any Easement improvement is condemned by a municipal authority with jurisdiction over the Grantor Property,

Grantor reserves unto itself forever, the right to determine whether or not to repair, restore, construct or replace such Easement improvements; provided that Grantor shall use commercially reasonable efforts to restore or relocate the Easements such that Grantee shall enjoy substantially the same rights as are granted by this Agreement. Subject to (i) the rights of EDS Information Services, L.L.C. ("EDS") as tenant under that certain Lease Agreement between Grantor and EDS dated as of June 30, 2001 with respect to the Grantee Property, (ii) the prior written approval of Grantee, which approval shall not be unreasonably withheld (but which approval may be conditioned upon such indemnities, insurance, mechanics' lien protections and such other restrictions as Grantee or its lender may reasonably require), Grantor shall have the limited right to temporarily utilize such portion of the Grantee Property as is reasonably required under the circumstances and permitted by Grantee as set forth above in order to service the utilities in the Easement Property in order to ensure the reasonable functioning of Grantor's utility system.

7. Indemnity.

(a) Grantee shall indemnify and hold harmless Grantor, its trustees, partners, directors, officers, members, agents, contractors and employees, free from or against any and all liability, loss, damage, costs and expenses (including reasonable attorneys' fees) for injury to person or death or property damage to the extent arising from the negligent use of the Easement Property by any Benefited Party, except for any such liability, loss, damage, costs and expenses to the extent arising from the acts of Grantor or any of its contractors, tenants, agents, employees, licensees or invitees. Grantor shall indemnify and hold harmless Grantee, its trustees, partners, directors, officers, members, agents, contractors and employees, free from or against any and all liability, loss, damage, costs and expenses (including reasonable attorneys' fees) for injury to person or death or property damage to the extent arising from the negligent use of the Easement Property by Grantor or any of its contractors, tenants, agents, employees, licensees or invitees, except for any such liability, loss, damage, costs and expenses to the extent arising from the acts of any Benefited Party.

(b) Any action for indemnity under this Agreement is subject to the procedures set forth herein. Promptly after receipt by an indemnitee of notice of any claim, such indemnitee will, if a claim in respect thereof is to be made against the indemnitor, deliver to the indemnitor written notice thereof and the indemnitor shall have the right to participate in, and, if the indemnitor agrees in writing that it will be responsible for any costs, expenses, judgments, damages and losses incurred by the indemnitee with respect to such claim, to assume the defense thereof with counsel mutually satisfactory to the parties; provided, however, that an indemnitee shall have the right to retain its own counsel, with the fees and expenses to be paid by the indemnitor, if the indemnitee reasonably believes that representation of such indemnitee by the counsel retained by the indemnitor would be inappropriate due to actual or potential differing interests between such indemnitee and any other party represented by such counsel in such proceeding. The failure to deliver written notice to the indemnitor within a reasonable time of notice of any claim shall relieve such indemnitor of any liability to the indemnitee under this indemnity only if and to the extent that such failure is prejudicial to its ability to defend such action, and the omission so to deliver written notice to the indemnitor will not relieve it of any liability that it may have to any indemnitee other than under this indemnity. If an indemnitee settles a claim without the prior written consent of the indemnitor, then the indemnitor shall be

BOOK 8490 PAGE 4510

released from liability with respect to such claim unless the indemnitor has unreasonably withheld such consent.

8. Remedies Upon Breach. In the event that either party hereto fails to perform its obligations under this Agreement and such default shall continue for a period of thirty (30) days after written notice (except when the nature of the obligation is such that more than thirty (30) days are required for its performance, then such party shall not be deemed in default if it commences performance within the thirty (30) day period and thereafter diligently pursues the cure to completion), the non-breaching party may exercise any remedy available under Utah law (whether such remedy is available at law or in equity). The non-breaching party may, but shall not be obligated to, take such action and pay such amounts as the non-breaching party deems reasonably necessary to cure such defaults. Any sums so advanced, plus an additional amount equal to fifteen percent (15%) of such sums to cover general overhead costs, shall bear interest at the rate of eighteen percent (18%) per annum from the date of such advance until repaid. Notwithstanding the foregoing, Grantee acknowledges and agrees that Grantor's obligation to repay any such advances by Grantee shall be the personal obligation of Grantor but shall not result in a lien on any portion of Grantor's Property subject to the lien of that certain trust deed in favor of Bank One, as agent. Notwithstanding the foregoing, Grantor acknowledges and agrees that Grantee's obligation to repay any such advances by Grantor shall be the personal obligation of Grantee but shall not result in a lien on any portion of the Grantee Property. Furthermore, Grantee and Grantor acknowledge and agree that no lender-related party shall have any obligation to repay such advances made by Grantee prior to the date on which such lender-related party acquired title to the Easement Property. Additionally, Grantee and Grantor acknowledge and agree that no lender-related party shall have any obligation to repay such advances made by Grantor prior to the date on which such lender-related party acquired title to the Grantee Property.

9. Covenants to Run With the Land. The Easements shall constitute covenants running with the land, and shall burden the Easement Property as the servient estate, and benefit the Grantee Property as the dominant estate, and shall be binding upon the Grantor, its successors, assigns, and any person acquiring, leasing, or otherwise owning an interest in the Easement Property.

10. Not a Public Dedication. Nothing contained in this Agreement shall be deemed to be a gift or a dedication of any portion of the Easement Property to or for the general public or for any public purpose whatsoever, it being the intent of the parties that this Agreement be strictly limited to and for the purposes expressed herein.

11. Notice. Any notice, demand, request, consent, submission, approval, designation, or other communication which either party is required or desires to give to any other shall be in writing and shall be sent by United States registered or certified mail, return receipt requested, addressed to the other party at the following address, or such other address as indicated in writing by such party:

12. No Relationship. The parties hereto do not, by this Agreement nor by any parties' acts, become principal and agent, limited or general partners, joint venturers or of any other similar relationship of each other in the conduct of their respective businesses, or otherwise.

13. Cooperation. The parties hereto agree to cooperate reasonably to attempt to resolve any disputes that may arise in the future between them with respect to the use of the Easement Property by Grantee and Grantor.

14. No Waiver. Failure of a party hereto to insist upon strict performance of any provisions hereof shall not be construed as a waiver for future purposes with respect to any such provision or option. No provision of this instrument shall be deemed to have been waived unless such waiver is in writing and signed by the party alleged to have waived its rights.

15. Force Majeure. The parties hereto shall be excused from performing any of their respective obligations or undertakings set forth in this Agreement, except any obligations to pay any sums of money under this Agreement, so long as the performance of any such obligation or undertaking is prevented or delayed by an act of God, weather, fire, earthquake, flood, explosion, action of the elements, war, invasion, insurrection, riot, inability to procure or general shortage of labor, equipment, facilities, materials or supplies in the open market, failure of transportation, strikes, lockouts, or order of government or civil defense authorities.

16. Costs and Expenses. In the event of a breach in any of the covenants or agreements contained herein, the breaching party shall pay all costs and expenses, including reasonable attorneys' fees, which may arise or accrue from enforcing this Agreement or in pursuing any remedy provided by the laws of the State of Utah, whether such remedies are pursued by filing suit or otherwise. Grantor and Grantee acknowledge that in the event of any default hereunder, it would be difficult to ascertain the exact money damages suffered by the non-defaulting party. Accordingly, the parties agree that such non-breaching party is entitled to appropriate equitable remedies in the event of any such default.

17. Successors and Assigns. This Agreement shall be binding upon and inure to the benefit of the parties and their respective heirs, executors, administrators, successors, legal representatives, and assigns.

18. Interpretation. The Section headings in this Agreement are for convenience only and shall not be considered or referred to in resolving questions of interpretation and construction. The use of the singular in this Agreement shall include the plural, where the context is otherwise appropriate.

19. Duration and Amendment. This Agreement and the Easements shall be perpetual and irrevocable. Notwithstanding anything within this Agreement to the contrary, the parties may terminate this Agreement only by a written notice of termination executed by the parties, and recorded in the office of the Salt Lake County Recorder, Utah. The parties may amend this Agreement only by a written instrument executed by the parties, and recorded in the office of the Salt Lake County Recorder, Utah.

20. Counterparts. This Agreement may be executed in on or more counterparts which together shall constitute the Agreement.

21. Applicable Law. This Agreement shall be governed by and construed in accordance with and interpreted under the laws of the State of Utah.

22. Recitals Incorporated. The Recitals set forth above are true and correct and are incorporated herein by this reference.

23. Estoppel Certificates. Each party shall, within ten (10) days of receiving a written request from the other party, execute, acknowledge in recordable form, and deliver to the other party or its designee a certificate stating, subject to a specific statement of any applicable exceptions, that this Agreement and the Easements are in full force and effect, that each party has paid all sums which are due and payable under this Agreement through the date thereof, and that to the best knowledge of the certifying party, neither it nor the other party has committed any uncured default and has no offsets or claims, and such other matters as may be reasonably requested. Failure to deliver such statement within the time required shall be conclusive evidence against the non-certifying party that this Agreement and the Easements are in full force and effect, that there are no uncured defaults by the requesting party, that all sums which are due and payable under this Agreement by the requesting party have been paid, and that the non-certifying party has no claims or offsets against the requesting party.
