RECITALS

Whereas, the Developer has sought approval of a 50 lot Planned Residential Design Project designated as North Lake Subdivision, Plat H, a copy of which plat is attached hereto as Exhibit A; and,

Whereas, the City Council has authorized the negotiation and adoption of Development Agreements under appropriate circumstances where the proposed development contains various features which advance the policies, goals and objectives of the City's General Land Use Plan, Capital Improvements Plan, Parks and Open Space Plan, and other land use objectives as well as the Capital Improvements Plan; and

Whereas, the developer is willing to modify the design of the project and voluntarily agrees to dedicate open space for the preservation of natural areas, parks and related purposes and other considerations in order to promote the policies, goals and objectives of the City; and

Whereas, the City acting pursuant to its authority under Chapter 9 of Title 10 of the Utah Code, and in furtherance of its land use policies, goals, objectives, ordinances,

resolutions, and regulations has made certain determinations with respect to the density of the Planned Residential Design Project of North Lake Subdivision, Plat H, and in the exercise of its legislative discretion, has elected to approve this Development Agreement.

Now therefore, in consideration of the mutual covenants, conditions and considerations as more fully set forth below, the Developer and the City hereby agree as follows:

1. The Developer shall create and approve restrictive covenants for the subject subdivision project which shall be approved by the City and shall be incorporated herein by reference and recorded together with this Development Agreement and the subject subdivision plat. Developer agrees to comply with restrictive covenants and enforce the same so long as Developer has standing to do so. Said restrictive covenants shall not be amended unless the proposed amendment is approved by Lehi City. The City shall be considered a beneficiary of said restrictive covenants and is hereby authorized to enforce the terms and provisions of the covenants through whatever means available and to the extent determined appropriate by the City. However, this agreement shall not be construed as placing a responsibility upon the City to enforce any of the restrictive covenants or requirements contained therein. Such enforcement shall be at the sole discretion of the City. (Exhibit B)

2. Lehi City recognizes that the developer has dedicated the required open space for the entire project including Plats A, B, C, D, E, F, G and H by warranty deed. (Exhibit C)

3. The developer shall construct a 6 foot no-climb agricultural fence with

1-7/8" schedule 40 or equal posts with a 1-5/16" top rail along the north, west and east property lines of the plat.

4. The developer will not permit homes of the same elevation or a mirror image elevation to be constructed on adjacent lots or across the street from each other.

5. The developer will take such steps as are necessary to insure that all homes will be constructed of at least 70% brick, rock, stone, or stucco. Additionally, decorative street lights and mailboxes will be installed and paid for by the Developer.

6. Developer agrees to provide notification to all purchasers of the provisions of the Right to Farm chapter of the Lehi City Development Code as it relates to agricultural uses in the area such that all subsequent property owners and purchasers of building lots will be aware of the nature of the farming operations on surrounding properties and the intent to continue present agricultural operations. All individual lot buyers will be notified of the existing agricultural uses in the surrounding area with the following statements which will be included in the closing documents of the sale as well as on the recorded subdivision plat:

"This area is subject to the normal, everyday sounds, odors, sites, equipment, facilities, and any other aspects associated with an agricultural lifestyle. Future residents should also recognize the risks inherent with livestock."

7. Nothing in this agreement shall limit the City's future exercise of police power in enacting zoning, subdivision, development, transportation, environmental, open space, and related land use plans, policies, ordinances and regulations after the date of this agreement.

8. The developer will place the following disclosure on the plat and on all deeds of conveyance:

“This area has historically experienced high ground water levels and occasionally even surface flooding due to the rising of Utah Lake in wet years. Lehi City will not be responsible for damage resulting from high ground water or flooding.”

9. No basements will be allowed in this development due to the high water table.

10. The developer expressly acknowledges and agrees that nothing in this Development Agreement shall be deemed to relieve the developer from the obligation to comply with all applicable requirements of the City necessary for approval and recordation of subdivision plats and site plans for the project, including the payment of fees in compliance with all other applicable ordinances, resolutions, regulations, policies and procedures of the City including but not limited to the City’s Development Code Ordinances and Design Standards and Public Improvement Specifications.

11. This Development Agreement shall be recorded against the property as described in Exhibit A hereto and shall be deemed to run with the land and shall be binding on all successors and assigns of the developer in the ownership or development of any portion of the property.

12. Neither this Development Agreement nor any provisions, terms, or conditions hereof can be assigned to any other party, individual or entity without assigning the rights as well as the responsibilities under this Development Agreement and without the prior written consent of the City, which shall not be unreasonably withheld. This requirement shall not apply to the sale of approved and platted lots within the subject subdivision.

13. This Development shall not create any joint venture, partnership, undertaking or business arrangement between the parties hereto, nor any rights or benefits to third parties.

14. If this Development Agreement or any of the exhibits hereto are breached, the party at fault agrees to pay attorney's fees and all costs of enforcement of the non-breaching party.
