

## EASEMENT AGREEMENT

Easement No. 2297  
Fund: Schools

This Easement Agreement is dated October 24, 2019 (the "Effective Date") and is between the State of Utah, through the School and Institutional Trust Lands Administration, 675 East 500 South, Suite 500, Salt Lake City, Utah 84102 ("SITLA") and Questar Gas Company doing business as Dominion Energy Utah ("Grantee").

### RECITALS

- A. SITLA is an independent state agency responsible for managing lands held in trust by the State of Utah for certain named beneficiaries ("trust lands"), pursuant to Sections 6, 8, 10, and 12 of the Utah Enabling Act, Article XX, Section 2 of the Utah State Constitution, and Title 53C of the Utah Code.
- B. Grantee has requested and SITLA has agreed to grant Grantee an easement across trust lands on the terms and conditions of this Easement Agreement.

### AGREEMENT

For \$10 and other good and valuable consideration paid by Grantee, SITLA and Grantee agree as follows:

- Grant of Easement/Purpose.** SITLA hereby grants Grantee an easement (the "Easement") over and across those trust lands described on Exhibit A and depicted on Exhibit B1 & B2 (the "Easement Lands").
- Purpose of Easement.** Grantee may use the Easement for the purposes of construction, operation, repair, maintenance, and protection of an 8" High Pressure Gas Line (the "Facilities"), and activities reasonably incident to that use (the "Permitted Uses"). Grantee may use the Easement for the Permitted Uses and for no other purposes.
- Term of Easement.** This Easement Agreement commences on the Effective Date and continues in perpetuity (the "Term"), unless otherwise terminated pursuant to this Easement Agreement.
- Third Party Rights.** The Easement Agreement is subject to valid existing rights, whether or not of record.
- Notice to Existing Users.** Grantee represents that it has notified those holders of state-issued interests in the area surrounding the Easement Lands listed in Exhibit C ("Existing Users") of Grantee's rights and plans for the Easement. Grantee may not unreasonably interfere with or cause damage to the Existing Users in the location and construction of the Facilities and use of the Easement.

6. **No Cost to SITLA.** Grantee shall pay all costs and expenses arising out of or related to the construction, operation, and maintenance of the Facilities. Grantee shall perform all work connection with the Easement in a workmanlike manner.
7. **No Warranty of Title.** SITLA disclaims all warranties of title to the Easement Lands. Grantee assumes the risk of all title defects, and hereby releases SITLA from any claim for damages or refund caused by deficiency or failure of SITLA's title, or by interference by any third party.
8. **Easement Non-Exclusive; Access.** The Easement is non-exclusive, and SITLA reserves the right to issue other non-exclusive easements, leases, or permits on or across the Easement Lands on terms that will not unreasonably interfere with the rights granted to Grantee in this Easement Agreement. SITLA may also use the Easement Lands for any purpose that is not inconsistent with the purposes for which this Easement is granted. SITLA further reserves the right to dispose of the Easement Lands by sale, lease or exchange, and the right to utilize the Easement Lands for access to and from lands owned by SITLA on both sides of the Easement Lands, including the construction of road and utility crossings.
9. **Bond.** SITLA may require at any time during the Term that Grantee post a bond with an approved corporate surety company authorized to transact business in the State of Utah or such other surety as may be acceptable to SITLA, in an amount to be determined by SITLA to secure Grantee's full compliance with the terms of this Easement Agreement. SITLA may in its reasonable discretion request that Grantee increase the amount of any posted bond. The amount of the bond does not limit Grantee's liability under this Easement Agreement.
10. **Relocation; Limitations; Cost Borne by SITLA.** SITLA may at its expense relocate or modify the Easement, in whole or in part, as SITLA deems necessary in its sole discretion to accommodate SITLA's use of the Easement Lands or the adjoining lands for any purpose. SITLA shall ensure that the relocated or modified Easement provides Grantee with access that is adequate for the Permitted Uses.
11. **Reservation of Minerals; Leasing.** SITLA reserves the right to lease the Easement Lands for the exploration, development, and production of oil, gas, and all other minerals, together with the right of ingress and egress across the Easement Lands. This Easement Agreement does not give Grantee any right to remove or utilize sand and gravel or any other material without a separate permit from SITLA.
12. **Inspection.** SITLA and its agents may at any time access the Easement Lands to examine or inspect the condition of the Easement Lands and determine if Grantee is in compliance with this Easement Agreement.
13. **Compliance with Law; Standards.** Grantee shall comply with all federal, state, county, and local laws, ordinances, and regulations applicable to its use of the Easement Lands, whether now in existence or hereafter enacted, including without limitation any regulations enacted by

SITLA or a successor agency. Grantee shall construct, operate and maintain the Facilities in accordance with applicable building codes and industry best practices, and shall take all precautions reasonably necessary to avoid waste and prevent pollution or deterioration of lands and waters within or in the vicinity of the Easement Lands.

14. **Assignment.** Grantee may not assign or sublease all or part of this Easement Agreement without SITLA's prior written consent. Any assignment or sublease made without SITLA's written consent will be void as from the date of the purported assignment or sublease. An assignment or sublease does not relieve Grantee of its liabilities and obligations under this Easement Agreement.

15. **Removal of Timber.** Grantee may not cut or remove trees from the Easement Lands without first obtaining a small forest products permit or timber contract from SITLA. Notwithstanding this paragraph 15, Grantee may remove any trees or deep-rooted vegetation within the Easement Lands which may damage, or unreasonably interfere with Grantee's Facilities or any Permitted Uses.

16. **As-Built Survey.** After completion of construction of the Facilities, upon written request by SITLA, Grantee shall provide SITLA with an as-built survey prepared by a licensed Utah engineer or surveyor depicting in detail all of Grantee's improvements located on the Easement Lands. Grantee shall update the as-built survey as material improvements are added, removed, or replaced by Grantee.

17. **Cultural, Archaeological, Paleontological, and Antiquities Resources.**

a. Prior to commencing any surface disturbing operations or any operations that have the potential to affect Historic Properties, whether a new surface disturbing activity or outside existing disturbed areas, Grantee shall complete a Cultural Resource Survey prepared in accordance with applicable laws and regulations, or otherwise provide evidence of compliance with Utah Administrative Code R850-60-800.

b. Grantee must contract for and pay the costs of the Cultural Resource Survey.

c. Grantee shall provide cultural resource compliance materials to SITLA prior to commencing operations. SITLA will review all cultural resource compliance materials provided by Grantee, and may approve, condition, or deny its consent to the activity based on impacts to Cultural Resources. SITLA may require Grantee to complete appropriate cultural resources mitigation measures as a condition of conducting surface disturbing operations.

d. Pursuant to all applicable laws regarding cultural, archaeological, paleontological, and antiquities resources, and pursuant to Utah Administrative Code R850-60-900, upon discovery of a Site, Historic Property, Remains, Antiquities, or Critical Paleontological Resources, Grantee shall immediately cease all activities until such time as the discovery has been evaluated and treated to SITLA's satisfaction.

- a. **Removal of Improvements and Reclamation.** On expiration or earlier termination of this Easement Agreement, SITLA may require by notice to Grantee that Grantee remove the Facilities and re-contour and re-seed the Easement Lands to their approximate original condition, to prevent soil erosion, promote the establishment of suitable vegetation, and control noxious weeds and pests ("**Reclamation Activities**"). Within 60 days of notice from SITLA, Grantee shall complete the Reclamation Activities. Grantee may re-enter the Easement Lands for reclamation purposes after termination of the Easement Agreement.
