7.1 Land Use and Building Type. No Lot shall be used for other than residential purposes. No building shall be erected, altered, placed, or permitted to remain on any Lot other than one (1) single-family dwelling, not to exceed the height limitation for the applicable zone of Bluffdale City as specified at the time of recordation of the Plat. Unless otherwise approved by the IDRC, each dwelling must have at least a two-car and no more than a three-car garage, and carports may not be built. All such dwellings shall meet the minimum size requirements of Bluffdale City (if any) as specified at the time of the recordation of the Plat. Height shall be measured as per Bluffdale City Ordinance. The side yard for each building shall meet the minimum requirements of the Independence at the Point Project Plan.

7.2 Architectural Control. To maintain a degree of protection to the investment which homeowners in this area may make, homes of superior design are requisite, and designs shall be limited to those approved by the IDRC. In the event of any reconstruction of an improvement or a house on a Lot due to a casualty, the design, quality, and appearance of the reconstructed home shall be substantially the same as the structure initially built, unless otherwise approved by the IDRC. No landscaping, grading, excavation, building, fence, wall, residence, or other structure, or alteration of any kind, shall be commenced, erected, maintained, improved, altered, or made until the construction plans and specifications, have been approved in writing by the IDRC. All subsequent additions to or changes or alterations in any building, fence, wall, or other structure, including exterior color scheme, and all changes in the grade on any Lot, shall be subject to the prior written approval of the IDRC. Once approved by the IDRC, no changes or deviations in or from the plans and specifications shall be made without the prior written approval of the IDRC. Subsequent to receiving approval of the IDRC and prior to the commencement of construction, each Owner will be responsible for obtaining a building permit from Bluffdale City.

No construction, reconstruction or modification of a home or landscaping may commence without approval by the IDRC of the working drawings including, but not limited to, the following:

- (a) Plot plans to scale showing the entire site, building, garages, walks, drives, fences, lights, and retaining walls, with elevations of the existing and finished grades and contours including those at the outside corners of the buildings and at adjacent property line and street fronts and elevations of floors from a designated point on the street.
- (b) Detailed floor plans showing dimensions and measurements.
- (c) Detailed elevations, indicating all materials and colors and showing existing and finished grades.
- (d) Detailed sections, cross and longitudinal.
- (e) Details of cornices, porches, windows, doors, garages, garden walls, steps, patios, fences, carriage lights, etc.

Specifications shall give complete descriptions and color samples of materials to be used on the exterior of the residence.

7.3 Construction Quality, Size and Cost. The IDRC will base its approval of construction plans, specifications, landscaping plans, and other alterations upon compliance with the Design Guidelines and other provisions found within the Project Plan.

7.4 Building Location. No building shall be located on any Lot nearer than the minimum building set-back, side street and side lot lines required by the Project Plan; provided, however, that customary storage sheds may be permitted upon approval of the IDRC.

7.5 Landscaping. Any trees, lawns, shrubs, or other planting on any Lot shall be properly nurtured and maintained by the Owner of such Lot.

Only such foliage shall be removed from each Lot as is necessary for clearing the driveway, excavating for the foundation, and for lawns and patio areas. Lawn, patio, and garden areas are subject to approval by the IDRC. Owners are encouraged to plant trees and shrubs to enhance the natural beauty, provide windbreaks, and improve erosion control within the Project. The planting of trees that will have a high profile and obstruct the view from neighboring Lots is prohibited. Such trees may be pruned or removed at the discretion of the Master Association.

Each dwelling shall have installed surrounding it an outdoor sprinkler system for fire protection and irrigation. Installation of sod and sprinklers for the front yard of each Lot within the Project shall be completed prior to the receipt of a certificate of occupancy from Bluffdale City, weather permitting. In the event that weather does not permit, the cost of sod and sprinklers for the front yard shall be bonded as and to the extent required by Bluffdale City ordinance, and such sod and sprinklers shall be completed as soon as reasonably practicable thereafter.

No planting or structures shall be placed or permitted which may damage or interfere with established slope ratios, create erosion, or change the direction of drainage channels. All materials used to retain and contour the slope of any Lot or improvement must conform with the natural beauty and color of the Property and must be approved by the IDRC.

Landscaping of the individual Lots shall be installed and maintained by each individual Owner. Landscaping may include a combination of lawns, shrubs, or ground cover. Ground cover may include vegetative vines, low-spreading shrubs, or annual or perennial flowering or foliage plants. Ground cover may also include mineral or non-living organic permeable material in not more than fifty percent (50%) of the net landscaped area. Mineral ground cover may include such materials as rocks, boulders, gravel, or brick over sand.

7.6 Accessory Structures. Patio structures, trellises, sunshades, gazebos, awnings, window treatments, blinds, flag poles, and any other appurtenant buildings shall be constructed of materials consistent with the colors, textures, and materials approved for the dwelling and shall be integral to the architecture of the house and subject to the prior written approval of the IDRC in its discretion.

7.7 Exterior Antennas, Lights, and Power Lines. Exterior antennas are prohibited without the prior written approval of the IDRC. Exposed metal flues, vents, ventilator, or other metallic rooftop protrusions shall be coated or painted with a neutral color which will blend harmoniously with the surrounding Property. Satellite TV dishes will be allowed, provided they are placed or screened so they are not readily visible to neighboring Lots and streets. All power lines and similar type cables shall be buried underground. No short-wave radio antennas may be constructed on any Lot or attached to any structure thereon without the prior written approval of the IDRC.

7.8 Nuisances. No rubbish or debris of any kind shall be placed or permitted to accumulate upon or adjacent to any Lot, and no odors or loud noises shall be permitted to arise or emit therefrom, so as to render any such property or any portion thereof, or activity thereon, unsanitary, unsightly, offensive or detrimental to any other property in the vicinity thereof or to the occupants of such other property. No other nuisance shall be permitted to exist or operate

upon any Lot so as to be offensive or detrimental to any other property in the vicinity thereof or its occupants. Normal construction activities and parking in connection with the building of improvements on a Lot shall not be considered a nuisance or otherwise prohibited by this Declaration, but Lots shall be kept in a neat and tidy condition during construction periods, trash and debris shall not be permitted to accumulate, and supplies of brick, block, lumber, and other building materials will be piled only in such areas as may be approved by the IDRC or the Master Association. In addition, any construction equipment and building materials stored or kept on any Lot during construction of improvements may be kept only in areas approved by the IDRC or the Master Association, which may require screening of the storage areas.

The use of motorcycles and other motorized recreational vehicles which may produce audible annoyance to the Owners shall be limited to ingress and egress of the Property.

No oil or gas drilling, development, operations, refining, storage, quarrying, or mining operations of any kind shall be permitted upon any Lot.

The burning of rubbish, leaves, or trash on the Property is prohibited. Trash containers shall be covered and kept screened from view from the street in suitable enclosed areas, except during collection.

No Owner shall permit anything or condition to exist upon any Lot which shall induce, breed, or harbor infectious plant diseases or noxious insects.

The Master Association, in its sole discretion, shall have the right to determine the existence of any nuisance.

7.9 Reservation of Access, Maintenance, and Utility Easements. Declarant reserves easements for access, electrical, gas, communications, cable television and other utility purposes and for sewer, drainage and water facilities, and maintenance of the respective Lots by the Owners or agents authorized to conduct maintenance on behalf of the Owner, (whether servicing the Property or other premises or both) over, under, along, across and through the Property, together with the right to grant to Bluffdale City and Salt Lake County, or any other appropriate governmental agency or to any public utility or other corporation or association, easements for such purposes over, under, across, along and through the Property upon the usual terms and conditions required by the grantee thereof for such easement rights, provided, however, that such easement rights must be exercised in such manner as not to interfere unreasonably with the use of the Property by the Owners and those claiming by, through or under the Owners; and in connection with the installation, maintenance or repair of any facilities as provided for in any of such easements, the Property shall be promptly restored by and at the expense of the person owning and exercising such easement rights to the approximate condition of the Property immediately prior to the exercise thereof.

7.10 Fences and Walls. Unless otherwise approved by the IDRC, fencing and walls shall be masonry, stone, tan vinyl, or wrought iron. Fences and walls are to be color coordinated with the approved dwelling colors. Use of landscaping materials for hedges and fencing is encouraged. No structures or fences shall be permitted in any areas designated by Bluffdale City as non-buildable.

7.11 Additional Easements.

(a) Easements for Encroachments. If any structure constructed by Declarant on any Lot now or hereafter encroaches upon any other Lot, a valid easement for such encroachment and the maintenance thereof, so long as it continues, shall exist. If any structure on any Lot shall be partially or totally destroyed and then rebuilt in a manner intended to duplicate the structure so destroyed, minor encroachments of such structure upon any other Lot due to such reconstruction shall be permitted; and valid easements for such encroachments and the maintenance thereof, so long as they continue, shall exist.

(b) Easements for Construction and Development Activities. Declarant reserves easements and rights of ingress and egress over, under, along, across and through the Property and the right to make such noise, dust and other disturbance as may be reasonably incident to or necessary for the (a) construction of residences on Lots, and (b) construction, installation and maintenance on lands within, adjacent to, or serving the Property other facilities, planned for dedication to appropriate governmental authorities. The reservations contained in this paragraph shall expire twenty-five (25) years after the date on which this Declaration was first filed for record in the Office of the County Recorder of Salt Lake County, Utah.

7.12 Declarant's Exemption. Nothing contained in this Declaration shall be construed to prevent the erection or maintenance by Declarant, or its duly authorized agents, of temporary structures, trailers, improvements or signs necessary or convenient to the development, marketing, or sale of property within the Project. Furthermore, the provisions of this Declaration which prohibit or restrict non-residential use of Lots, regulate parking of vehicles, and restrict signage, banners, and the like, shall not prohibit the construction and maintenance of model homes by Declarant and/or other persons engaged in the construction of residences within the Project so long as the location of such model homes and the opening and closing hours are approved by the IDRC, and the construction, operation and maintenance of such model homes otherwise complies with all of the provisions of this Declaration. The IDRC may also permit Lots and other areas to be used for parking in connection with the showing of model homes so long as such parking and parking areas are in compliance with the ordinances of Bluffdale City and any rules of the IDRC. Any homes constructed as model homes shall cease to be used as model homes at any time the Owner thereof is not actively engaged in the construction and sale of residences within the Project, and no home shall be used as a model home for the sale of homes not located within the Master Project.

## **ARTICLE VIII**

### **AMENDMENTS**

8.1 Term: Method of Termination. This Declaration shall be effective upon the date of recordation hereof and, as amended from time to time, shall continue in full force and effect for a term of thirty (30) years from the date of recordation. From and after such date, this Declaration, as amended, shall be automatically extended for successive periods of ten (10) years each, unless there is an affirmative vote to terminate this Declaration by the Owners of Lots casting sixty-seven percent (67%) of the total votes cast at an election held for such purpose

within six (6) months prior to the expiration of the initial effective period hereof or any ten (10) year extension. The Declaration may be terminated at any time if at least ninety-five percent (95%) of the votes cast by all Owners shall be cast in favor of termination at an election held for such purpose. Upon termination, the covenants herein contained shall have no further force and effect.

8.2 Amendments. This Declaration may be amended by recording in the office of the Salt Lake County Recorder a "Certificate of Amendment," duly signed and acknowledged by Owners representing sixty-seven percent (67%) of Owners subject to this Declaration. Anything in this Article IX or Declaration to the contrary notwithstanding, Declarant reserves the unilateral right to amend all or any part of this Declaration (a) to such extent and with such language as may be requested by Federal National Mortgage Association, HUD, or similar agencies or entities and to further amend to the extent requested by any other federal, state or local governmental agency which requests such an amendment as a condition precedent to such agency's approval of this Declaration, or by any federally chartered lending institution as a condition precedent to lending funds upon the security of any Lots or any portions thereof, and (b) for any other purpose, for so long as (i) Declarant owns at least one (1) Lot within the Project, and (ii) such amendment does not materially adversely affect the substantive rights of any Owner hereunder, nor shall it adversely affect title to any property without the consent of the affected Owner.

8.3 Expansion of Project. Declarant shall have the right in its sole discretion upon recording a Certificate of Amendment signed by Declarant to expand the Project to include additional phases and Lots, and/or to add to the development comprising the Project, all of which additional property shall, upon recording such Certificate of Amendment, be subject to this Declaration.

## ARTICLE IX

### DISPUTE RESOLUTION AND LIMITATION ON LITIGATION

#### 9.1 Agreement to Encourage Resolution of Disputes Without Litigation.

(a) Declarant all persons subject to this Declaration, and any person not otherwise subject to this Declaration who agrees to submit to this Article (collectively, "Bound Parties"), agree that it is in the best interest of all concerned to encourage the amicable resolution of disputes involving the Project without the emotional and financial costs of litigation. Accordingly, each Bound Party agrees not to file suit in any court with respect to a Claim described in Section 12.1(b) below, unless and until it has first submitted such Claim to the alternative dispute resolution procedures set forth in Section 9.2 in a good faith effort to resolve such Claim.

(b) As used in this Article, the term "Claim" shall refer to any claim, grievance or dispute arising out of or relating to

(i) the interpretation, application, or enforcement of this Declaration;

(ii) the rights, obligations, and duties of any Bound Party under this Declaration; or

(iii) The design or construction of Improvements within this Project;

except that the following shall not be considered "Claims" unless all parties to the matter otherwise agree to submit the matter to the procedures set forth in Section 9.2:

(iv) any suit between Owners, which does not include Declarant or the Sub-Association as a party, if such suit asserts a Claim which would constitute a cause of action independent of this Declaration;

(v) any suit in which any indispensable party is not a Bound Party; and

(vi) any suit as to which any applicable statute of limitations would require within 180 days of giving the notice required by Section 9.2(a), unless the party or parties against whom the claim is made agree to toll the statute of limitations as to such Claim for such period as may reasonably be necessary to comply with this Article.

#### **9.2 Dispute Resolution Procedures.**

(a) **Notice.** The Bound Party asserting a Claim ("Claimant") against another Bound Party ("Respondent") shall give written notice to each Respondent stating plainly and concisely:

(i) the nature of the Claim, including the persons involved and the Respondent's role in the Claim;

(ii) the legal basis of the Claim (i.e., the specific authority out of which the Claim arises);

(iii) the Claimant's proposed resolution or remedy; and

(iv) the Claimant's desire to meet with the Respondent to discuss in good faith ways to resolve the Claim.

**9.3 Negotiation.** The Claimant and Respondent shall make every reasonable effort to meet in person and confer for the purpose of resolving the Claim by good faith negotiation.

**9.4 Mediation.** If the parties have not resolved the Claim through negotiation within 30 days of the date of the notice described in Section 12.2(a) (or within such other period as the parties may agree upon), the Claimant shall have 30 additional days to submit the claim to mediation with an entity mutually acceptable to the parties, or to an independent agency providing dispute resolution services in Utah. If the Claimant does not submit the Claim to mediation within such time, or does not appear for the mediation when scheduled, the Claimant

shall be deemed to have waived the Claim, and the Respondent shall be relieved of any and all liability to the Claimant (but not third parties) on account of such Claim. If the Parties do not settle the Claim within 30 days after submission of the matter to mediation, or within such time as determined reasonable by the mediator, the mediator shall issue a notice of termination of the mediation proceedings indicating that the parties are at an impasse and the date that mediation was terminated. The claimant shall thereafter be entitled to file suit or to initiate administrative proceedings on the Claim, as appropriate. Each party shall bear its own costs of the mediation, including attorneys fees, and each party shall share equally all fees charged by the mediator.

9.5 Settlement. Any settlement of the Claim through negotiation or mediation shall be documented in writing and signed by the parties. If any party thereafter fails to abide by the terms of such agreement, then any other party may file suit or initiate administrative proceedings to enforce such agreement without the need to again comply with the procedures set forth in this Section. In such event, the party taking action to enforce the Declaration or award shall, upon prevailing, be entitled to recover from the non-complying party (or if more than one non-complying party, from all such parties in equal proportions) all costs incurred in enforcing such agreement or award, including, without limitation, attorneys' fees and court costs.

## ARTICLE X

10.4 Run with the Land. Declarant for itself, its successors, and assigns, hereby declares that all of the Property shall be held, used, and occupied subject to the provisions of this Declaration, and to the covenants and restrictions contained herein, and that the provisions hereof shall run with the land and be binding upon all persons who hereafter become the Owner of any interest in the Property.
