

**PEN & INK SUBDIVISION - PLAT B**  
**BEING A VACATION OF PARCEL B OF PEN & INK SUBDIVISION - PLAT A**  
**LOCATED IN THE SOUTHEAST QUARTER**  
**SECTION 30, TOWNSHIP 5 SOUTH, RANGE 2 EAST,**  
**SALT LAKE BASE AND MERIDIAN**  
**PLEASANT GROVE CITY, UTAH COUNTY, UTAH**

**PEN & INK - PLAT B - PLAT NOTES**

- The tracts of land that are described in, subdivided by, and platted pursuant to this Pen & Ink Subdivision Plat - Plat B ("Plat") are referred to herein as the "Platted Lands." As used in these plat notes ("Plat Notes"), the term "Lot" shall mean any tract of land and development lot shown as part of the Platted Lands.
- This Plat is anticipated to be subject to, among other things, the provisions of a Development Agreement ("Development Agreement"), to be entered into between Pleasant Grove Title Holder I, LLC, a Utah limited liability company, and/or certain other related or to-be-formed entities or affiliates owned or managed by Dakota Pacific Real Estate Partners III, LP ("Owner"), and the City of Pleasant Grove, Utah, a Utah municipal corporation ("City"). The Development Agreement will be entered into and recorded against the Platted Lands in the official records of the Utah County Recorder's Office ("Official Records") concurrently with or sometime after the recordation of this Plat. The effective date and recording information for the Development Agreement will be provided therein.
- Owner will be entering into a Declaration of Covenants, Conditions, and Restrictions ("Declaration of CC&R's"), which will be executed and recorded against the Platted Lands in the Official Records. The Declaration of CC&R's is expected, among other things, to address and establish a common scheme, plan, and regime for the use, enjoyment, maintenance, repair, restoration, and improvement of the Platted Lands, and to establish various easements (including, by way of example, storm drainage and detention easements, access easements, and other private utility easements), rights-of-way, and other interests and use rights of the Owner and the owners of the Platted Lands, including, topics related to the payment of taxes, assessments, and other common expenses or cost-sharing pertaining thereto. In addition, the Declaration of CC&R's will address and contain certain other provisions dealing with certain covenants, conditions, requirements, restrictions, limitations, and obligations which are being created in order to further a general plan and development regime to promote and protect the cooperative aspect of the Platted Lands that are established for, among other things, the purpose of enhancing the use, value, desirability, and attractiveness of the Platted Lands. Any easements, covenants, conditions, restrictions, obligations, and other matters applicable to the Platted Lands as granted by or established under the Declaration of CC&R's may be amended, modified, or relocated in accordance with the terms and conditions of the Declaration of CC&R's. Except to the extent owned by owner(s) or operator(s) of utility facilities, all culinary water, secondary water, sewer, storm water facilities, and other utility improvements serving and applicable to the Platted Lands as established under the Declaration of CC&R's are intended to be private (collectively, the "Private Utility Improvements") and the recordation of this Plat in the Official Records is not intended to effect a dedication of any portions of the Private Utility Improvements to the public or for any public use. It shall be the responsibility of the owner of each Lot of the Platted Lands to ensure that construction, operation, maintenance, repair, and any replacement of the Private Utility Improvements is performed in accordance with all valid and enforceable ordinances, development codes, and building requirements enacted and enforced by the City, as applicable.
- No specific development projects or improvements with respect to the Platted Lands are approved by the recordation of this Plat. Subject to the Development Agreement, all development and use of the Platted Lands are subject to all valid and enforceable ordinances, development codes, and building requirements enacted and enforced by the City, as applicable. In addition, any further subdivision of the Platted Lands will be pursuant to the City's subdivision ordinances. All proposed site plans and additional subdivision plats, if any, for the Platted Lands, or any portions thereof, must comply with the Development Agreement and must be approved by the City prior to finalization and recordation thereof or commencement of construction of any improvement on such Lot.
- Each Lot within the Platted Lands shall have and be entitled to use any and all of the public utility easements depicted, granted by, and described on this Plat and, in addition, may be entitled to use certain other private utility easements granted or created under the Declaration of CC&R's (collectively, the "Utility Easements"), subject to the terms, conditions, and limitations of this Plat, the Declaration of CC&R's, and any other instruments granting or creating the specific Utility Easements, as applicable. All Utility Easements located or to be located within the Platted Lands and granted pursuant to this Plat or the Declaration of CC&R's or any other applicable instruments may be modified, expanded, reconfigured, and/or relocated in accordance with this Plat (which may require an approval from the City in accordance with applicable laws and ordinances) or the Declaration of CC&R's or as may be permitted by any other instruments granting or creating the specific Utility Easements.
- The recordation of this Plat in the Official Records is not intended to effect a dedication of any portions of the Platted Lands (including any private roads, service drives, access roads, sidewalks, or other improvements shown on any site plans for the Platted Lands or provided for in the Declaration of CC&R's) to the public or for any public use, and the future dedication thereof, if any, is governed by the Declaration of CC&R's and any other valid and enforceable ordinances, development codes, and dedication requirements enacted and enforced by the City, as applicable; provided, however, this Plat does establish a non-exclusive easement and right-of-way solely for ingress and egress by pedestrian and bicycle traffic in favor of the public over, through, and across those portions of Lot 2 and Lot 3 identified on this Plat as "Trail and Drainage Easement". As set forth in the "Owner's Dedication" language on Sheet 1 of this Plat and further addressed in the Development Agreement, the recordation of this Plat in the Official Records is intended to effect a dedication to the City of those specific portions of the re-aligned "1300 West Street" and "700 South Street" identified on this Plat as being available for public use.
- These Plat Notes run with the land and shall be binding upon and inure to the benefit of the successors and assigns of the Owner and the owners of each respective Lot shown as part of the Platted Lands.
- Pursuant to Utah Code Ann. § 54-3-27, this Plat conveys to the owner(s) or operator(s) of utility facilities the ten foot (10') wide non-exclusive underground public utility easements ("PUE") shown on this Plat, along with all the rights and duties described therein.
- Pursuant to Utah Code Ann. § 17-27e-603(4)(c)(ii), Rocky Mountain Power accepts delivery of the PUE as described in this Plat and approves this Plat solely for the purpose of confirming that this Plat contains the PUE and approximates the location of the PUE, but does not warrant its precise location. Rocky Mountain Power may require other easements in order to serve each respective Lot shown as part of the Platted Lands. This approval does not affect any right that Rocky Mountain Power has under:
  - a recorded easement or right-of-way,
  - the law applicable to prescriptive rights,
  - Title 54, Chapter 8a, Damage to Underground Utility Facilities, or
  - any other provision of law.
- Dominion Energy ("Dominion") approves this Plat solely for the purpose of confirming that this Plat contains certain public utility easements, and, in particular, the PUE. Dominion may require other easements in order to serve the development on each respective Lot. This approval does not constitute abrogation or waiver of any other existing rights, obligations, or liabilities provided by law or equity. This approval does not constitute acceptance, approval, or acknowledgment of any terms contained in this Plat, including those set in the owner's dedication and these Plat Notes, and does not constitute a guarantee of particular terms of natural gas service. For further information, please contact Dominion's right-of-way department at 1-800-323-5517.
- The Platted Lands may be serviced by a stormwater system and facility (collectively, the "Stormwater System") that covers an area greater than the Platted Lands, including, a regional stormwater detention facility to-be-constructed and owned by the City on "Parcel A" of the Pen & Ink Subdivision - Plat A that is located immediately South of the Platted Lands, as further provided for and addressed in the Development Agreement. Any easements or anticipated easement locations granted or created under this Plat or shown on this Plat for stormwater lines or other elements related to or to accommodate the Stormwater System shall be for the benefit of the owner of the Stormwater System. Each Lot being developed within the Platted Lands may require a separate line extension agreement with the City (as the owner of the Stormwater System) at the time of development. It shall be the responsibility of the owner of each Lot of the Platted Lands to extend a stormwater line to the Lot being developed according to the terms, conditions, and requirements of the separate line extension agreement.
- Owners and potential buyers of any Lot within the Platted Lands are given notice by way of this Plat that they own or are buying property in an area with the potential for a high groundwater table and that the groundwater table may fluctuate (rise or fall) depending on the time of year. It shall be the responsibility of the owner of each Lot of the Platted Lands to verify the presence and depth of the groundwater table applicable to its respective Lot prior to the commencement of any construction on such Lot.
- As set forth further in Paragraph 3 of these Plat Notes, except to the extent owned by owner(s) or operator(s) of utility facilities, all culinary water facilities within the Platted Lands are considered private and the owners and potential buyers of any Lot within the Platted Lands are responsible to ensure the proper construction, installation, replacement, repair, operation, and maintenance of the private culinary water facilities located on or within their respective Lot according to the applicable standards of the City and the State of Utah and in accordance with the Declaration of CC&R's. Because the private culinary water facilities within the Platted Lands are expected to connect to the City's public culinary water system, the Owner and each potential future owner and buyer of any Lot within the Platted Lands acknowledge that the City has certain rights to inspect and test the private culinary water facilities (after reasonable advance notice) and, if necessary, to make certain required repairs (after the expiration of a reasonable cure period) in the event an owner of a particular Lot of the Platted Lands fails to properly maintain or repair the private culinary water facilities, beyond all notice and cure periods. However, in the event of an emergency situation, the best practicable notice will be given by the City and repair work may proceed to address an issue that may cause significant property damage, loss of life, or potential contamination to the public or culinary water facilities. Owners and potential buyers of any Lot within the Platted Lands are given notice by way of this Plat that they will be responsible to reimburse the City for the actual costs and expenses incurred by the City for any non-compliance with this Paragraph 13. In addition, notice is hereby given by way of this Plat that the private culinary water facilities within the Platted Lands may be considered part of the City's public culinary water system for purposes of testing and reporting as required by the State of Utah.

**ACCEPTANCE BY LEGISLATIVE BODY**

The legislative body of the Pleasant Grove City, County of Utah, approves this subdivision subject to the conditions and restrictions stated herein, and hereby accepts the dedication of all streets, easements, and other parcels of land intended for the public purpose of the perpetual use of the public. This 20 day of July, A.D. 2021

Planning Commission Chair Date 9/19/21

**OWNERS DEDICATION**

KNOW ALL BY THESE PRESENTS, that Pleasant Grove Title Holder I, LLC, a Utah limited liability company ("Owner"), the undersigned owner of the above described tract of land, does hereby certify that it has caused this **PEN & INK SUBDIVISION - PLAT B** to be prepared and it does hereby consent to the recordation of this Plat. Owner does also hereby offer for dedication to the City of Pleasant Grove, Utah ("City"), those portions of 1300 West Street and 700 South Street identified on this Plat as being available for public use. Owner also hereby establishes for any and all applicable public utility companies, a perpetual, non-exclusive easement over those public utility easements created by and shown on this Plat, for the specific purposes of the installation, maintenance, and operation of utility lines and related facilities. Owner, for itself and its successors and assigns, does hereby consent to the foregoing dedication and to the recording of this Plat, and agrees to be bound by all of the conditions and terms hereof.

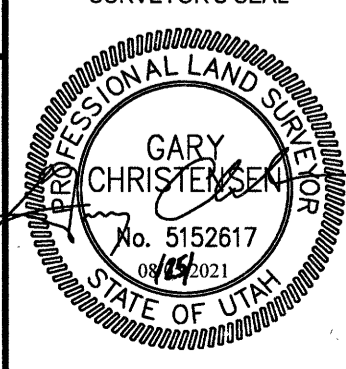

IN WITNESS WHEREOF, the Owner set its hand this 15 day of August, 2021.
