A. No structure shall be erected, altered, placed or permitted to remain on any residential building plot other than one detached single family dwelling not to exceed two stories in height and a private garage or carport for not more than 2 cars, and other structures as provided.

B. No building, outbuilding, garage, fence, wall, retaining wall, or other structure of any kind shall be erected, constructed, placed or maintained on said real property, or any part thereof, nor shall there be any changes made to the exterior by way of alteration, addition, repairing, remodeling, or adding, unless prior to the commencement of any construction, excavation or other work, two complete plans and specifications, thereof, including front, side and rear elevations and floor plans for each floor basement, color scheme thereof, and two plot plans indicating and fixing the exact location of such structure, or such altered structure on the lot with reference to the street and side line thereof, shall have been first submitted in writing for approval, and approved in writing by a committee, which committee is provided for in paragraph "F".

C. In the event the proposed improvement be only for repainting or redecorating the exterior of such structure without remodeling or changing it, or making additions thereto, it shall be necessary to file in duplicate the color scheme of such proposed work and have the same approved in writing prior to the commencement of such work.

D. The committee shall endorse the plans and specifications, etc., on all work performed, whether for decoration or alteration, and shall return one set of approved plans and specifications to the owner, and retain one set in a file for a permanent record.

In the event of death or resignation of either member of said committee, the remaining members shall have full authority to approve or disapprove such design and location, or to designate a representative with like authority. In the event said committee or its designated representative fails to approve or disapprove such design and location thirty days after said plans and specifications have been submitted to it, or in the event, if not suit to enjoin the erection of such building or the making of such alterations has been commenced prior to the completion thereof, such approval will not be required and this covenant will be deemed to have been fully complied with. Neither the members of such committee, nor its designated representatives shall be entitled to any compensation for services performed pursuant to this covenant.

At any time, the then owners of a majority of the lots shall have the authority through a duly recorded written instrument to change the membership of the committee or to remove from the committee or restore to it any of its powers and duties. It is the intent of these Deed Restrictions to define the name "Committee" where-ever it appears in the Deed Restrictions to mean "Building and Architectural Committee" referred to in this paragraph.

I. No noxious or offensive trade of activity shall be carried on upon any residential lot, nor shall anything be done thereon which may be or become any annoyance of nuisance to the neighborhood.

J. No trailer, basement, tent, shack, garage, barn, or other outbuilding erected in the tract shall at any time be used as a temporary or permanent residence, nor shall any structure of a temporary character be used as a residence. R. TERM. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of thirty years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of 10 years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change such covenants in whole or in part.

R2. ENFORCEMENT. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant whether to restrain violation or to recover damages.
