In consideration of the premises and as part of the general plan for improvements of said property do hereby declare the property hereinabove described subject to the restrictions and covenants as follows:

The residential area covenants in Part B, in their entirety shall apply to RIVERVIEW EAST SUBDIVISION, according to the official plat thereof on file and of record in the office of the Salt Lake County Recorder.

PART B. RESIDENTIAL AREA COVENANTS:

B-1 LAND USE AND BUILDING TYPE. No lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single family dwelling not to exceed two and one half stories in height and a private garage and/or carport for not more than three cars.

B-2 ARCHITECTURAL CONTROL. No building shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved.

For the purpose of this covenant, eaves, steps, and open porches shall not be considered as a part of the building, provided, however, that this shall not be construed to permit any portion of a building on a lot to encroach upon another lot. A detached garage and/or carport or other permitted accessory building may be located next to a side lot line as long as it is 40 feet from the minimum building setback line and is on an interior lot.

Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with installation and maintenance of utilities or drainage facilities. No excavating, filling, grading, construction of embankment or other physical alterations shall be made with respect to any of said lots which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements.

B-7 NUISANCES. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. No clothes drying or storage of any articles which are unsightly in the opinion of the Architectural Control Committee will be permitted in carports, unless in enclosed areas built and designed for such purposes. No automobiles, campers, trailers, boats or other vehicles are to be stored on streets, or fronts and sides of lots. However, those which are in running condition, properly licensed and are regularly used, may be stored overnight on these locations. It is the intention of this provision to avoid all unsightly objects which detract from the aesthetic appearance of this subdivision. These objects must be kept in an enclosed structure that will conform to the local building and zoning codes.

No unsightly materials or other objects are to be stored on any lot in view of the general public.

B-13 LANDSCAPING. Trees, lawn, shrubs or other plantings provided by the developer shall be properly nurtured and maintained or replaced at the property owner's expense upon request of the Architectural Control Committee.

B-14 SIGHT DISTANCE AT INTERSECTIONS. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the rectangular area formed by the street property lines and a line connecting them at points 15 feet from the intersection of the street lines or in case of a rounded property corner from the intersection of the street property lines extended. The same single-line limitations shall apply on any lot within 10 feet from the intersection of a street property line with the edge of a driveway or alley pavement. C-2 PROCEDURE. The Committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative, fails to approve or disapprove within 30 days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

PART D. GENERAL PROVISIONS

D-1 TERM. These covenants are to run with the land and shall be binding on all parties and persons claiming under them for a period of 40 years from the date these covenants are recorded, after which time said covenants are to be automatically extended for successive periods of ten years unless an instrument signed by a majority of the owners of lots have been recorded changing said covenants in whole or in part.
