(g) **“Laws”** means collectively all present and future federal, state and local laws, orders, rules, regulations and requirements of every duly constituted government authority, agency or instrumentally, that are applicable in respect of this Agreement.

(h) **“Party”** or **“Parties”** means individually Grantor or Grantee and collectively Grantor and Grantee.

2. **Grant of Easement.** Subject to the terms and conditions set forth in this Agreement, Grantor hereby grants and conveys against all those claiming by, through or under Grantor to Grantee, the Easement on, over, under, across and through the Easement Parcel for the sole purposes of installing, operating, maintaining, repairing and replacing the Waterline for the delivery of water to and from the Grantee Parcel.

3. **Grantee Use.** Grantee, its successors and assigns, will not oppose, hinder or interfere with existing and future use and development of the Grantor Property by Grantor and its successors and assigns. Grantee’s use of the Easement will be undertaken in a manner calculated to cause the least inconvenience to the ownership, use and enjoyment by Grantor of the Easement Parcel and other property of Grantor. Grantee will take all reasonable and necessary measures to avoid injury to persons or damage to property and for the discharge of water from the Waterline.

4. **Condition of Easement Parcel.** Grantee accepts the Easement Parcel and all aspects thereof “AS IS”, “WHERE IS”, without representations or warranties, either express or implied, “with all faults”, including but not limited to both latent and patent defects, and the existence of Hazardous Substances, if any. Grantee hereby waives all warranties, express or implied, regarding the title, condition, and use of the Easement Parcel, including, but not limited to any warranty of merchantability or fitness for a particular purpose. Without limiting the generality of the foregoing, the Easement is granted to Grantee subject to: (a) any state of facts which an accurate survey or physical inspection of the Easement Parcel might show; (b) all zoning regulations, restrictions, rules and ordinances, building restrictions and other laws and regulations now in effect or hereafter adopted by any governmental authority having jurisdiction over the Easement Parcel; and (c) all reservations, easements, rights-of-way, covenants, conditions, restrictions, encroachments, liens, and encumbrances and all other matters of record or enforceable at law or in equity.

5. **Grantor Connection to Waterline.** Grantee hereby authorizes Grantor, at Grantor’s expense, to connect to the Waterline for Grantor’s use at a location determined by Grantor in its sole discretion.

6. **Reservation.** Grantor reserves the right to use the Easement Parcel, to place or grant other easements on, along, across, or under the Easement Parcel, and to otherwise make improvements to the Easement Parcel, provided that the Grantor will not unreasonably interfere with Grantee’s use of the Easement.

7. **Improvements; Maintenance.** Grantee will give 30 days prior written notice (except in an emergency, in which case Grantee will give as much notice as is practicable under the circumstances) of its intent to construct, maintain, remove or replace any improvements if such activities would cause any disturbance of the surface of the Grantor Property, and Grantee will perform those activities expeditiously and will take reasonable efforts to minimize any disruption of operations on the Grantor Property caused by the activities. Grantee, at Grantee’s sole cost and expense, will at all times keep and maintain the Waterline in good condition and repair. Grantee, at Grantee’s sole cost and expense, will be solely responsible for the construction, inspection,

repair and replacement of the Waterline and Grantee acknowledges and agrees that Grantor will have no responsibility whatsoever to maintain, repair or replace any portion of the Easement Parcel or the Waterline.

8. Compliance with Law; Mechanics' Liens. Grantee will comply with all applicable Laws and will be responsible for obtaining all necessary permits or governmental approvals required in connection with the use, maintenance, repair and/or replacement of the Waterline. Grantee will at all times keep the Easement Parcel and the Grantor Property free from mechanics' liens or similar liens arising on account of or resulting from any act by or on behalf of Grantee. In the event any mechanics' lien or similar lien is recorded against the Easement Parcel or the Grantor Property or any portion thereof on account of any act by or on behalf of Grantee, Grantee will, within 30 days of discovery by Grantee or receipt of notice from Grantor, cause such mechanics' lien to be removed from the Easement Parcel. Grantee will indemnify and hold Grantor harmless from any liability for the payment of such liens.

9. Insurance and Indemnity. At all times while this Agreement is in effect, Grantee will maintain a policy of commercial general liability insurance (in a form reasonably acceptable to Grantor) with respect to the Easement Parcel and Grantee's activities thereon, written on an occurrence basis and including contractual liability coverage to cover Grantee's indemnity obligations hereunder. Such policy will have a limit of liability of at least \$1,000,000.00 combined single limit per occurrence. Grantor may require by written notice a reasonable increase in the insurance limits specified in this Section based on inflation or commercial adequacy. Such policy will name Grantor as an additional insured. Within 10 days after request by Grantor, Grantee will provide to Grantor evidence of insurance meeting the requirements of this Section. In the event Grantee fails to obtain and maintain insurance, or to provide evidence thereof, as required herein, Grantor will have the right, but not the obligation, to purchase such insurance in its own name or in the name of Grantee, and Grantee will reimburse Grantor for the cost of such insurance on demand. Grantee will indemnify, defend, and hold harmless Grantor and the Grantor Parties from and against any and all losses, claims, actions, damages, liabilities, penalties, fines, or expenses of any nature whatsoever, including, without limitation, reasonable attorneys' fees and costs on account of mechanics' lien claims, injury to persons, the death of any person, or damages to property (collectively, "**Claims**") arising from the use by Grantee and/or the Grantee Parties of the Easement Parcel, except to the extent any such Claims are caused by the gross negligence or willful misconduct of Grantor. Grantor, at Grantee's expense, will have the right to participate in the defense of any Claim to the extent of Grantor's interest.

10. Environmental.

(a) Except in compliance with all applicable Laws, including all applicable Environmental Laws, Grantee will not create, generate, store, treat, emit, dispose of, discharge, release, threaten to release, or permit to be created, generated, stored, treated, emitted, disposed of, discharged, released, or threatened to be released any Hazardous Substances on, over or under the Easement Parcel, or any property adjacent thereto. If Grantee breaches any of its obligations set forth in this Section, Grantee will, upon Grantor's request and at Grantee's sole cost and expense, promptly and diligently undertake, perform and complete any and all corrective action or response, removal or remedial activities necessary to remove, remediate and eliminate any and all

Hazardous Substances and to obtain certification from the appropriate governmental authorities that such corrective action, response, removal, remediation and elimination are complete.

(b) Grantee will indemnify, defend and hold harmless Grantor and the Grantor Parties from and against any and all Claims suffered, incurred by or asserted against the Grantor and the Grantor Parties arising from or relating to access to, use of, or activities on Easement Parcel by Grantee or the Grantee Parties, including but not limited to, the discharge of Hazardous Substances or the violation of, or failure to comply with governmental permits or requirements, excluding only Claims arising from the gross negligence or willful misconduct of Grantor or the Grantor Parties.

11. Default. If Grantee fails to cure a default hereunder within 90 days (or such longer period as may reasonably be required to cure such default, provided that cure has commenced and Grantee is diligently proceeding to complete such cure) after receiving written notice thereof from Grantor, Grantor will be entitled to exercise all remedies provided by law or in equity to the same extent as if fully set forth herein word for word. Notwithstanding the foregoing, Grantor will not exercise the right to terminate the Easement so long as Grantor is fully compensated for any and all damages and Grantee is obligated to perform its obligations and abide by the terms and conditions of this Agreement through specific performance or similar remedy. No remedy conferred upon, or reserved to Grantor will exclude any other remedy, by law or in equity, but each will be cumulative.

12. Costs and Expenses and Limitation on Damages. In the event of a breach in any of the covenants or agreements contained herein, the breaching Party will pay all costs and expenses, including reasonable attorneys' fees and experts' fees, which may arise or accrue from enforcing this Agreement or in pursuing any remedy provided by the laws of the State of Utah, whether such remedies are pursued by filing suit or otherwise. Notwithstanding any other provisions of this Agreement to the contrary, and to the fullest extent permitted by law, under no circumstances will Grantor be liable for any consequential, exemplary, punitive, special, indirect or incidental damages or economic losses arising out of any claim, demand, or action brought with respect to this Agreement.

13. Mutuality; Runs With the Land.

(a) The Easement, rights, and obligations granted or created hereby are appurtenances to the Easement Parcel and may not be transferred, assigned, or encumbered except as an appurtenance to the Easement Parcel. For the purposes of the Easement and rights set forth herein, the Grantee Property will constitute the dominant estate, and the Easement Parcel will constitute the servient estate.

(b) The Easement and rights contained in this Agreement (whether affirmative or negative in nature) (i) will constitute covenants running with the land; (ii) will bind every person having a fee, leasehold or other interest in any portion of the Easement Parcel at any time or from time to time to the extent such portion is affected or bound by the Easement or right in question, or to the extent that easement or right is to be performed on such portion; and (iii) will inure to the benefit of and be binding upon the Parties and their respective successors and assigns.

All notices required to be given under this Agreement will be in writing and will be transmitted either by personal delivery, a reputable overnight courier that keeps receipts of delivery (such as Federal Express), or through the facilities of the United States Post Office, postage prepaid, certified or registered mail, return receipt requested.
