minerals covered by said Royalty Agreement, for a term beginning on the date stated above and ending upon the expiration of said Royalty Agreement.

ARTICLE I

This lease is granted subject to the laws of the State of Utah, existing regulations of the State Land Board, and such reasonable operating regulations as may hereafter be promulgated by said Board.

ARTICLE II

Lessee shall promptly notify Lessor of the discovery on the leased premises of any mineral other than those specified herein.

ARTICLE III

The Lessee agrees as follows:

FIRST: To pay to the Lessor:

(a) As rental for land covered by this lease, the sum of fifty cents (\$0.50) per acre per annum, all such payments of rentals to be made in advance on the second day of January of each year except the rental for the year in which the lease is issued which has been paid.

(b) The State may adjust lease rentals at the end of the first twenty-two years as it shall see fit in the best interest of the State.

(c) All rentals paid hereunder shall be credited against actual tonnage royalties, if any, which may accrue under Royalty Agreement No. 19024 during the year for which such rentals are paid.

SECOND: To keep clear, accurate, and detailed maps of Lessee's workings on the leased lands and to furnish to Lessor annually, or upon demand, copies of such maps and such written statements of operations as may be called for.

THIRD: Not to assign this lease or any interest therein,

or any of the rights and privileges herein granted, nor sublet any portion of the leased premises, without the written consent of the Lessor being first had and obtained.

ARTICLE IV

The Lessor hereby excepts and reserves from the operation of this lease:

FIRST: The right to permit for joint or several use such easements or rights-of-way upon, through, or in the land hereby leased as may be necessary or appropriate to the development of these or any other lands belonging to or administered by the Lessor. Before granting any such easement or rights-of-way to a third party, Lessor will notify Lessee in writing and afford Lessee an opportunity to be heard.

SECOND: Mineral deposits other than those hereby leased which may be contained in said lands. Lessor will not lease such other mineral deposits if such a lease would materially conflict with the use of the lands by the Lessee hereunder. Lessee will be given notice of any application to lease such other mineral deposits filed with Lessor and will be given an opportunity to appear before Lessor in connection with said applications if Lessee desires.

ARTICLE V

All personal property of Lessee located within or upon the said lands, and all buildings, machinery, equipment, and tools shall be and remain the property of Lessee and Lessee shall be entitled to, and may, within twelve (12) months after expiration, forfeiture, surrender, cancellation, or other termination of said lease, or within such extension of time as may be granted by Lessor, remove from the said lands such personal property and improvements.

ARTICLE VI

All of the terms, covenants, conditions, and obligations in this lease contained, shall be binding upon the heirs, executors, administrators, successors, and assigns of the Lessee.

ARTICLE VII

Lessee may surrender this lease as to all or any part of the leased lands, but not less than a quarter-quarter section or a surveyed lot, by filing with the Lessor a written relinquishment; which relinquishment shall be effective as to rental or royalty liability as of the date of filing and thereupon Lessee shall be relieved from any liability thereafter to accrue as to the lands so surrendered, provided that such surrender shall not relieve Lessee from any rental or royalty obligations accruing prior to the date of such surrender, and provided further that such surrender shall not relieve the Lessee of any other obligation under the lease arising before the filing of the surrender instrument.

ARTICLE VIII

This lease is issued only under such title as the State of Utah may now hold or hereafter acquire during the term of this lease. Lessor shall not be liable for any damages sustained by the Lessee. Lessee shall not be entitled to or claim any refund of rentals, royalties, bonuses, or fees theretofore paid to the Lessor.

ARTICLE IX

Rock, tailings, and waste materials resulting from the operations of the Lessee on said lands or other lands shall be the absolute property of the Lessee whether stored on said lands or on other lands, until such time as title thereto is renounced in writing by the Lessee; provided, however, that title to any such rock, tailings, and waste material stored on the said lands which

were produced from said lands or other State lands shall vest in the Lessor until the expiration, surrender, cancellation, or termination of this lease. If at any time any of such rock, tailings, or waste materials, or any products thereof, which were produced from said lands or other State lands, are sold by Lessee, the royalty thereon shall be paid by Lessee to Lessor.

ARTICLE X

Any notice contemplated herein to be served upon the Lessee shall be in writing and shall be sufficiently given if deposited in the United States mail, postage prepaid and registered, and addressed as follows:

Great Salt Lake Minerals & Chemicals Corporation
P. O. Box 1190
Ogden, Utah 84402

or at such other address as Lessee may from time to time in writing designate by written notice to Lessor.

ARTICLE XI

Said lease and this agreement are made upon the condition that Lessee shall perform all the covenants and agreements herein set forth to be performed by it, and if at any time there shall be any default on the part of Lessee hereunder, and if such default shall continue for a period of thirty (30) days after written notice of such default being given by Lessor to Lessee, then and in such event, said lease and this agreement shall, at the option of Lessor, be terminated and the demised premises shall revert to Lessor.

IN WITNESS WHEREOF, the parties have hereunto subscribed their names this 5th day of June, 1970.
