No fence or wall shall be erected, placed or altered on any lot nearer to any street than the front building setback line unless similarly approved. Approval shall be as provided in Part C.

3. Dwelling Cost, Quality and Size. No dwelling shall be permitted on any lot at a cost of less than \$25,000 exclusive of lot, based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenants to assure that all dwellings shall be of quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which

may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

PART C. ARCHITECTURAL CONTROL COMMITTEE

1. Membership. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members of the committee shall have full authority to select a successor. Neither the members of the committee, nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the committee or to withdraw from the committee or restore to it any of its power and duties.
