All construction to be of new materials, except that used brick may be used.
2. Dwelling Cost, Quality and Size. No dwelling shall be permitted on any lot at a cost of less than \$ 40,000.00 exclusive of lot, based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenants to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size.
3. Building Location.
 - (a) No building shall be located on any lot nearer than 30 feet to the front lot line, or nearer than 20 feet to any side street line.
 - (b) No dwelling shall be located nearer than 8 feet to any interior lot line, except that a one-foot minimum side yard shall be permitted for a garage or other permitted accessory building located six feet or more from the back of dwelling. No dwelling shall be located on any interior lot nearer than 20 feet to the rear lot line. Detached garages or other permitted accessory buildings may be located within seven feet of the rear lot line, so long as such buildings do not encroach upon any easements.
 - (c) For the purpose of this covenant, eaves, steps, and open porches shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of any building on a lot to encroach upon another lot.
4. Lot Area and Width. No dwelling shall be erected or placed on any lot having a width of less than 65 feet at the minimum building setback line nor shall any dwelling be erected or placed on any lot having an area of less than 8,000 square feet, except that a dwelling may be erected or placed on all corner and cul-de-sac lots, provided that the above front and side yard clearances are maintained.
5. Easement. Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat and over the front and rear 7 feet of each lot. Within these easements, no structure, planting or other material shall be placed or permitted to remain which may damage or interfere with the installation and maintenance of utilities, or which may change the direction of flow of drainage channels in the easements, or which may obstruct or retard the flow of water through drainage channels in the easements. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.
6. Nuisances. No noxious or offensive activity shall be carried on upon any lot, nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood. No clothes drying or storage of any articles which are unsightly will be permitted in carports, unless in enclosed area designed for such purpose. 7. Temporary Structures. No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuildings shall be used on any lot at any time as a residence either temporarily or permanently. No Mobile Homes are permitted.
8. Signs. No sign of any kind shall be displayed to the public view on any lot except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.
9. Livestock and Poultry. No animals, livestock, or poultry of any kind shall be raised, bred or kept on any lot, except that dogs, cats or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purpose and are restricted to the owner's premises or on leash under handler's control. All builders, realtors and home buyers should be aware of potential odor which could arise from the mink ranch operating south of the subdivision.
10. Garbage and Refuse Disposal. No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All equipment for the storage or disposal of such material shall be kept in a clean and sanitary condition. Each lot and its abutting street are to be kept free of trash, weeds and other refuse by the lot owner. The same sight-line limitations shall apply on a driveway or alley pavement. No tree shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.
12. Oil and Mining Operations. No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained, or permitted upon any lot.

14. Slope and Drainage Control. No structure, planting or other material shall be placed or permitted to remain or other activities undertaken which may damage or interfere with established slope ratios, create erosion or sliding problems, or which may change the direction of flow of drainage channels or obstruct or retard the flow of water through drainage channels. The slope control areas of each lot and all improvements in them shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible.

PART C. GENERAL PROVISIONS.

1. Term. These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of forty years from the date these covenants are recorded, after which time, said covenants shall be automatically extended for successive periods of ten years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part.
2. Enforcement. Enforcement shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.
3. Severability. Invalidation of any one of these covenants by judgement or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.
