ABSTRACT OF FINDINGS AND ORDER

I, Rebecca M. Williams, being first duly sworn, depose and say that I am the Secretary of the Salt Lake City Board of Adjustment (324 South State Street, Room 200), and that on the 26th day of October 1987, Case No. 629-B by Reed D. Ferre was heard by the Board. Mr. Ferre requested a variance on the property at 2805 McCielland Street to install 220 power in an existing detached garage which exceeds the permitted height and the 720 square feet allowed for detached garages, contrary to the provisions of Zoning Administrator Case No. 138 in a Residential "R-2" District, the legal description of the property being as follows:

Lot 26 and the North 1/2 of Lot 27, Block 1, HILL CREST Subdivision. It was moved, seconded, and unanimously passed that a variance be granted to legalize the height requested in a Residential "R-2" District provided no commercial activity is conducted on the property, but the request for a 220 power line to installed be denied. If a permit is not taken out in six months, the variance will expire.

Rebecca Williams

Subscribed and sworn to before me this 30th day of November, 1987.
