No such amendment or repeal shall be effective with respect to the holder or successor or assign of the holder of mortgage or deed of trust recorded prior to recording of the instrument specifying the amendment or repeal unless such holder executes the said instrument.

**7.3 SEVERABILITY:** Invalidity or unenforceability of any provision of the Declaration or of any Supplemental or Amended Declaration in whole or in part shall not effect the validity or enforceability of any other provision or valid and enforceable part of a provision of this Declaration.

approval from the City of West Jordan for additional single-family lots in subsequent subdivision phases. **7.7 COVENANTS NOT APPLICABLE TO PARK SPACE:** The conditions and limitations contained in these covenants shall not be applicable to Lot B of Laurel Ridge subdivision, Phase II, as Lot B is to be developed as a park.

#### HOUSING DATA

It is our intent to preserve and maintain a high quality of lifestyle in the Laurel Ridge Subdivision. In order to do this, we will be building in accordance with the "D" sub-zone. The ordinance clearly spells out that the "D" sub-zone has a requirement of minimum home sizes equaling 1200 square feet on the main level. This main level requirement may be reduced by adding double car garages and 50% brick to the homes. This would allow us to build 1140 sq. ft. homes on all lots with double garages and 1104 sq. ft. homes with double garages and 50% brick.

It is understood by the developer that all homes in the development will be required to have double garages. This will allow us to reduce the base size of all rambler-style homes from 1200 sq. ft. to 1140 sq. ft. thus allowing us the only other option to reduce the house size by adding 50% brick.

It is noted that there is no individual fencing requirement per lot but each home is to conform with the front yard landscaping requirements per PD zoning.

All home plans approved for Laurel Ridge Subdivision are to be reviewed and accepted by the Architectural Control Committee. This committee will be comprised of : Stephen L. Tripp, Sheryl L. Tripp and Maurine Nilsson. As needed, the Architectural Control Committee will submit desirable plans that conform to the intent of the R-10-D(PD) zoning.

Provided that the house plans meet the established architecture of the area and are consistent with the overall housing policies of the City's Interim Housing Element, it is recommended that staff be given discretionary authority to approve/deny house plans, thereby administratively determining (PD) Architectural Approval for Laurel Ridge Subdivision.
