GLENWILD PLAT NOTES

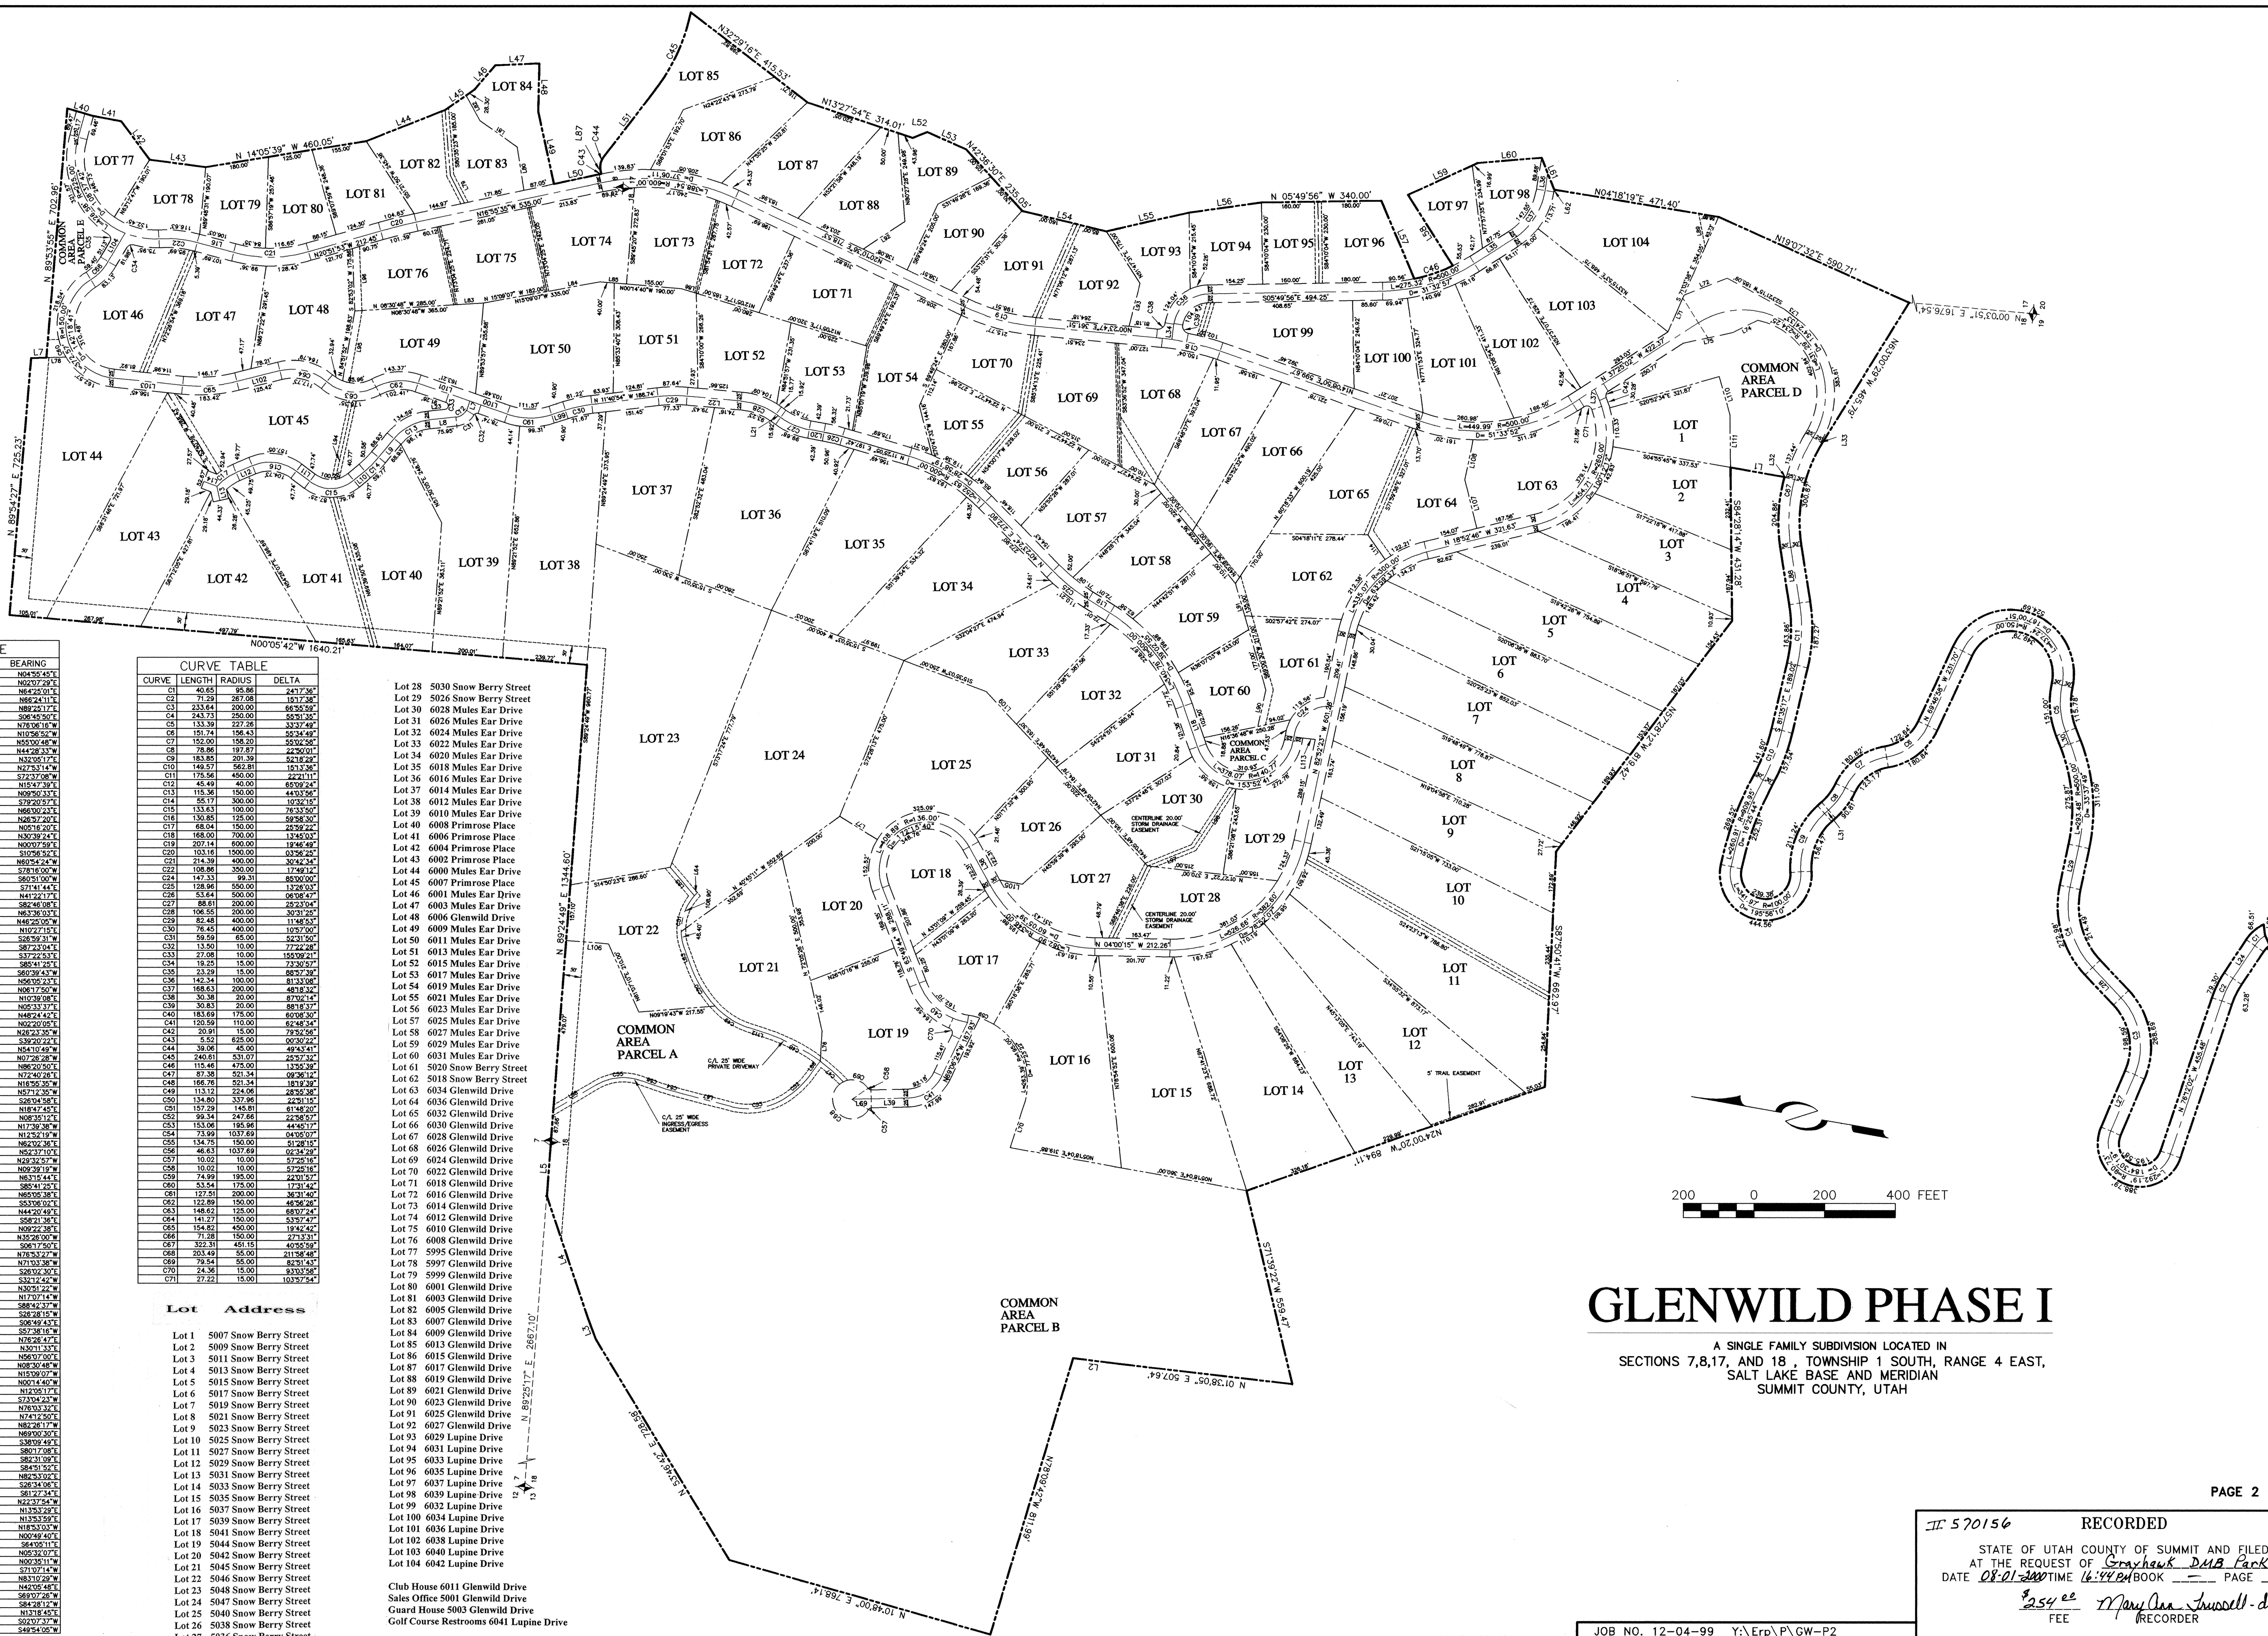

- 1. The maximum height for Lots 1-37 and 51-73 is 35 feet and is measured from the finished grade. All other lots have a maximum height of 32 feet. Maximum Building heights are measured vertically from the finished grade of the structure to the predominant roof peak.
2. If an owner purchases two adjacent and contiguous lots, and the proposed house location straddles a lot line, it will be necessary to have a lot line adjustment or an amendment to the plat approved by Summit County. Request for such approval shall not be submitted to Summit County without the prior written approval of the Architectural Review Committee.
3. Lots 1 through 14 are within a Ridge Line Protection Zone. Low Impact Permits from Summit County are required for improvements on these lots. The sole criteria for such permits is an engineer's or surveyor's certification that any building will not be visible as viewed at grade from the I-80 east bound off-ramp at its intersection with State Road 224.
4. The minimum building setback for side yards is 20 feet and 12 feet on rear yards. Front-yard setbacks are 30 feet on all lots with the exception of lots 1-16, and 22 which may have a 10 foot front yard setback and lots 29, 38, and 70 which may have a 20 foot front yard setback. Development on each lot may be further limited to specific building envelopes, as set forth in the Glenwild Community Design Guide, and any amendments thereto ("Design Guidelines").
5. The maximum main dwelling living area footprint for lots 1-37, 51-73, 90-93, and 99-103 is 6,000 square feet. Refer to the Design Guide for maximum dwelling footprints on lots 38-50, 74-89, 94-98, and 104. Accessory dwelling living area footprint may not exceed 1,000 square feet. Maximum building sizes may not exceed 10,000 square feet of livable space. The maximum building size of any home straddling two lots, as described in Note 2, shall not exceed 15,000 square feet. In addition to these limitations on building size, the Design Guidelines have specific limitations regarding the amount and nature of landscape and irrigation that may be permitted or required on each lot. All landscape plans must be approved by the Architectural Review Committee.
6. Modified 130-type Fire Sprinkler Protection is required on all homes in Glenwild.
7. On issuance of any initial building permit, the owner of the lot must make a contribution of \$2,000 for the benefit of the Park City School District.
8. Common Area Parcel A is subject to a general non-exclusive easement in favor of SCS, Inc., a public water company, its successors and/or assigns, and is set-aside for use of SCS, Inc. for the storage and distribution of water. SCS, Inc. shall have the right to construct and maintain storage tanks, distribution lines, treatment facilities, and other improvements necessary to conduct its operations.
9. Common Area Parcels B, C, D, and E shall not be developed as homesites but shall be maintained as common areas for the use and enjoyment of the lot owners in Glenwild. These parcels shall be conveyed to Glenwild Community Association, Inc. ("Association") to be managed, improved, and maintained by the Association for the benefit of the owners in accordance with the terms and conditions of the Declaration and Restrictions for Glenwild, and any amendments thereto ("Declaration"). A Tot Lot will be constructed on common area, Parcel C. Common Area Parcels B and E may be used for the purpose of trails. The developer may place a sales center and other improvements on Common Area Parcel D.
