DEVELOPMENT IMPROVEMENTS AGREEMENT FOR RED STONE VILLAGE

(A)

THIS AGREEMENT is made this 4 day of November, 2000, by and between SUMMIT COUNTY, a political subdivision of the State of Utah (the "County"), and BOYER KIMBALL JUNCTION, L.L.C., a Utah limited liability company and BOYER SPRING CREEK, L.L.C., a Utah limited liability company, together herein referred to as "Developer".

RECITALS

- 1. Developer is the owner of certain property more particularly described in Exhibit A situated in the County of Summit, State of Utah, more particularly described as "Redstone Village."
- 2. The Developer desires to develop the Property, more particularly described as Redstone Village ("Property") and will submit to the County a final subdivision plat showing a proposed subdivision layout for said land (the "Plat").
- 3. Developer has submitted to the County a site improvements plan for the Phase 1 commercial development and the complete residential development program, more particularly described in Exhibit B attached hereto (the "Site Improvements Plan"), and construction drawings ("Construction Drawings") for those improvements and landscaping plans being constructed by the Developer in connection with the Property, as part of Redstone Village as described in that certain Development Agreement dated May 8, 2000 (the "Development Agreement").
- 4. The Developer does not intend to undertake any site improvements related to the Phase 2 commercial development program at this time. All improvements related to the Phase 2 Commercial development program, as described in the Development Agreement, shall be covered under a separate site improvements plan, construction drawings, and Development Improvements Agreement.
- 5. The parties anticipate that the Summit County Board of County Commissioners will approve the final Plat to be submitted by the Developer subject to certain requirements and conditions which involve the installation and construction of utilities and the improvements shown on the Site Improvements Plan for the Property. The conditions of approval to be imposed by the Summit County Board of County Commissioners are set forth more fully in the Development Agreement.

ALAN SPRIGGS, SUMMIT CO RECORDER 2001 JUL 09 10:26 AM FEE \$.00 BY DMG REQUEST: DEPARTMENT OF COMMUNITY DEVELOP NOW, THEREFORE, in consideration of the premises and the terms and conditions herein stated and for other valuable consideration, the adequacy of which is acknowledged by the parties hereto, it is agreed as follows:

AGREEMENT

1. Water Lines and Sanitary Sewer Collection Lines.

- (a) At the request of Developer, The Snyderville Basin Sewer Improvement District (the "District") has entered into a Line Extension Agreement to provide for the installation of all sanitary sewer collection lines on the Property. The Developer has already bonded for the installation of service laterals from the border of the Property to the existing sewage collection system, in accordance with the standard specification of the District.
- (b) The Developer has also entered into an agreement with Summit Water Distribution Company to provide for the installation of all waterlines and service laterals for the Property thereby creating a complete system in accordance with the standard specifications of Summit Water Distribution Company.
- (c) It is anticipated that the installation of said sanitary sewer lines and waterlines will be completed within 24 months from the date of this Agreement.
- (d) The cost of all said sanitary sewer lines shall be borne by Developer pursuant to an agreement between Developer and the District, and Developer has entered into a separate guarantee and warranty to the District for such facilities.
- (e) The Developer has agreed to construct and pay for culinary and fire protection waterlines to serve the Property, and to transfer maintenance and ownership of said waterlines and other water improvements to Summit Water Distribution Company after acceptance and approval of the improvements by Summit Water Distribution Company. The cost of all said waterlines and water improvements shall be borne and guaranteed by the Developer pursuant to this Development Improvements Agreement.

2. Electric, Gas, Telephone and Cable TV Facilities.

- (a) At the request of the Developer, Utah Power shall engineer and provide for the installation of all electric distribution lines and facilities required for the Property, and Developer shall pay for such work in accordance with the established charges of Utah Power.
- (b) At the request of Developer, Questar Gas Company shall engineer and provide for the installation of all required gas lines and facilities required, and

Developer shall pay for such work in accordance with the established charges of Questar Gas Company.

- (c) At the requests of Developer, U.S. West Communications shall engineer and provide for the installation of all required telephone lines and facilities and Developer shall pay for such work in accordance with the established charges of U.S. West Communications.
- (d) At the request of Developer, ATT (formerly T.C.I. Cablevision of Utah) shall engineer and provide the installation of all cable television lines and facilities required for the Property and Developer shall pay for such work in accordance with established charges of ATT.
- (e) The installation of the electric, gas, telephone and cable television facilities will be completed within 24 months from the date of this Agreement.

3. Storm Drainage and Runoff Control Improvements.

- (a) The Developer shall install all storm sewer lines and related site drainage and runoff control improvements as specifically identified in the site improvements plan. If the Developer is unable to secure approval of the adjacent property owner to construct improvements that are identified off of the property, then the Developer shall construct all required facilities on-site, as approved by the County Engineer and as provided for by separate agreement.
- (b) Developer will complete the installation of said lines and facilities within 24 months from the date of this Agreement.

4. Buffering, Screening and Landscaping.

Developer shall install landscape buffering, screening, plant material, and irrigation in accordance with the Site Improvements Plan, at Developer's expense within 24 months from the date of this Agreement. Developer, at its cost and expense, will landscape the Property, as part of its development and improvement of the Property, in accordance with Site Improvements Plan and the terms and conditions of the "Development Agreement."

5. Public Trails.

With respect to those public trail easements shown on the Plat which are to be improved by Developer pursuant to the Site Improvements Plan, Developer agrees, at Developer's cost, to improve and surface such trails in accordance with the plans and specifications of the Site Improvements Plan and as agreed to by the Snyderville Basin Special Recreation District. Developer will complete the construction of said improvements within 24 months from the

date of this Agreement.

6. Roads and Sidewalks.

- (a) Developer agrees to construct, at Developer's cost, all private roads and private road improvements, including sidewalks, within the Property, in accordance with the plans and specifications of the Site Improvements Plan and to re-vegetate all cuts and fills resulting from construction in a manner that is consistent with the site improvements plan and which will prevent erosion. The construction of such roads shall be subject to inspection and approval by the County Engineer and the cost of such inspection shall be paid by the Developer. Developer will complete the roads and road improvements and associated utilities within 24 months from the date of this Agreement.
- (b) Developer agrees to install any traffic control signs and standard street name signs as required by the County.
- (c) The Developer shall construct a vehicular road along that portion of the eastern boundary of the project as shown on the approved site plan, one half of which shall be located on the adjacent property. If the Developer is unable to secure approval of the adjacent property owner to construct the improvements that are identified on the adjacent property, Developer shall be obligated to construct the entire roadway on-site, as approved by the County Engineer and as provided for by separate agreement.

7. Road Cuts.

Developer acknowledges that the County has adopted a road cut ordinance, the provisions of which shall apply to the alteration of any road necessitated by the installation of any utilities described in this Agreement.

8. Traffic Control.

During the construction of any utilities or improvements described herein, Developer shall be responsible for controlling and expediting the movement of vehicular and pedestrian traffic through and around all construction sites and activity.

9. Street and Intersection Lighting.

Developer agrees to construct, at Developer's cost, all street lighting along the principal commercial street and intersection street lighting in accordance with the plans and specifications of the Site Improvements Plan. Developer will complete the street lighting within 24 months from the date this Agreement.

10. **Maintenance and Repair**.

- (a) Developer agrees that it shall repair or pay for any damage to any existing public improvements damaged during the construction of new improvements. The County shall notify Developer within a reasonable time after discovery of any claim hereunder, and Developer shall have a reasonable period of time within which to repair said damage.
- (b) At such time as the Developer records the Master Declaration of Covenants, Conditions and Restrictions in the office of the Recorder of Summit County, Utah, which provides for the maintenance of any private roads within the Property, the Developer, following final inspection and completion of any necessary corrections to the improvements, shall be released from the obligation and liability to maintain such private roads or to be responsible for the cost of such maintenance.

11. Parking and Trash Areas.

All parking and trash receptacles will be constructed as defined in the site improvements plan.

12. Recreational Facilities and Public Art.

The three neighborhood parks, a central landscaped plaza, and public art will constructed by the Developer as part of the community improvements for Redstone Village. These improvements will be constructed in accordance with the site improvement plan and the "Development Agreement" within 24 months from the date of this Agreement.

13. Financial Assurances.

To insure developer's performance of its obligations hereunder, the Developer shall, prior to the commencement of construction of any improvements on the Property, provide the County with security in the amount of \$5,336,475.00 to ensure completion of the improvements referred to in this Agreement for Redstone Village, which shall be 120% of the estimated cost of construction such improvements. An accounting of the estimated cost of such improvements is attached hereto as Exhibit A. The security shall be in the form of either: 1) a letter of Credit drawn upon a state or national bank- said Letter of Credit shall: (1) be irrevocable, (2) be of a term sufficient to cover the completion plus sixty days, and, (3) require only that the County present the issuer with a signed draft and a certificate signed by an authorized representative of the County certifying to the County's right to draw funds under the Letter of Credit; or 2) Establishment of an Escrow Account or Completion Bond.

Acceptable escrow agents shall be the Summit County Treasurer's Office, or banks or savings institutions which are federally insured.

14. Completion of Improvements.

- (a) If by July 1, 2001 Developer has not submitted to Summit County, site and vertical construction drawings sufficiently complete and adequate to secure a building permit, then the Summit County Board of Commissioners may provide Developer with a written notice requiring Developer to respread topsoil and revegetate that portion of the site which had been previously excavated. If the Developer fails to perform such work in a timely fashion then the county may call upon the performance bond previously submitted to the county by the Developer and cause such work to be completed with bond proceeds.
- (b) The Developer shall complete all improvements required hereunder with 24 months of the execution of this agreement (hereinafter "Completion Date") or the account or bond may be called by the County to complete the improvements. The projected construction schedule (the "Improvement Construction Schedule") for the improvements with respect to which the Developer is obligated hereunder has been provided to and approved by the County. If the Developer is unable to commence and/or complete construction in accordance with the Improvement Construction Schedule, then the Developer, upon showing sufficient cause for delays, may submit set new dates and submit such revised schedule to the Community Development Director for approval, in which case the Completion Date may be adjusted accordingly. Upon completion of the improvements, the Developer or its architect or contractor shall certify in writing to the County that the improvements have been completed in substantial conformance with the approved Site Improvements Plan and the construction drawings for Redstone Village. Thereafter, Summit County shall inspect the improvements and certify the conformity or lack thereof to the Site Improvements Plan and the construction drawings. The date on which the improvements are certified by Summit County shall be referred to herein as the "Acceptance Date." After the Acceptance Date, Developer shall have no further obligations to the County hereunder, except with respect to the 24 month warranty under Section 11 hereof. Upon expiration of such warranty period, this Agreement shall terminate and be of no further force and effect, except with respect to the County's obligation to release the security under Section 16 hereof.

15. Developer's Warranty.

Developer shall warrant for the benefit of Summit County that all improvements have been constructed or installed in compliance with the requirements of this Agreement, which warranty shall continue and be in full force and effect for 24 months from the Acceptance Date.

16. Release of Security.

As portions of the improvements are completed in accordance with this Development Improvements Agreement, County regulations, and the approved Site Improvements Plan and construction drawings for Redstone Village, the Developer may make application to the County Engineer to reduce the amount of the original letter of credit, cash escrow or completion bond. If the Board of County Commissioners is satisfied that such portion of the improvements has been completed in accordance with County standards, they may cause the amount of the letter of credit, cash escrow or completion bond to be reduced by such amount that they deem appropriate, so that the remaining amount of the letter of credit, cash escrow or completion bond adequately insures the completion of the remaining improvements. The County shall retain ten percent (10%) of the security amount for a period of 24 months from the Acceptance Date for warranty purposes.

17. **Default**.

If Developer shall default in the performance of Developer's obligation hereunder and shall fail to cure such default within thirty (30) days after receipt of written notice from the County specifying the nature of such default (or if such default cannot be cured within the aforesaid period of time, if the Developer shall fail to promptly commence to cure the same and to thereafter diligently proceed with such cure), then the County shall be entitled to undertake such work as may be necessary and appropriate to cure such default and the County shall be reimbursed for the reasonable costs thereof either by payment of such costs to cure the default within 30 days of delivery of an invoice to Developer or by obtaining funds under the security.

18. Limitation of Liability.

No recourse shall be had for any obligation of or default by Developer under this Agreement or for any claim with respect to this Agreement against any partner, member, manager or joint venturer of Developer or seller of the Property or any other investor, creditor or lender of Developer under any rule of law (including, without limitation, the rule of law that general partners and joint ventures are jointly and severally liable for the indebtedness of a partnership or joint venture, as applicable), contractual provision, statue or constitution or otherwise, it being understood that all such liabilities of the partners or joint ventures of Developer are to be, by the execution of this Agreement by the County, expressly waived and released as a condition of, and in consideration for, the execution and delivery of this Agreement. Nothing contained herein shall constitute a waiver of any obligation of Developer to the County under this Agreement or shall be taken to prevent recourse to or of the

enforcement of any rights of the County as against the security posted by the Developer pursuant to this Development Improvements Agreement.

19. Amendment.

This Agreement and the Site Improvements Plan and construction drawings referred to herein, may only be amended by written instrument signed by the County and the Developer.

20. **Binding Effect**.

This Agreement and the covenants contained herein shall run with the land and shall be binding upon and shall inure to the benefit of the parties hereto and their successors, heirs and assigns of the property owners. This Agreement shall be recorded in the Office of the Summit County Recorder and on file with the Department of Community Development. All existing lien holders shall be required to subordinate their liens to the covenants contained in this Development Improvements Agreement.

Lething were willed BOND

Bond No. SCR 111 4171 4946

KNOW ALL MEN BY THESE PRESENTS: That Boyer Spring Creek, L.C., as Principal, and the Fireman's Fund Insurance Company a corporation organized and existing under the laws of the state of California and authorized to transact surety business in the State of Utah, as Surety, are held and firmly bound unto Summit County, in the sum of Four Million Seven Hundred Twenty Two Thousand Five Hundred Thirty Eight and 00/100 Dollars (\$4,722,538.00), for the payment whereof, well and truly to be made, said Principal and Surety bind themselves, their heirs, administrators, successors, and assigns, jointly and severally, firmly by these present.

The condition of the foregoing obligation is such that the above-bounden Principal has entered into an agreement dated _______, 20 ____, with the Summit Company to do and perform the following work, to wit: Redstone Site Improvements, Summit County, Utah - See Exhibit A attached hereto.

NOW, THEREFORE, if the above-bounden Principal shall well and truly perform the work contracted to be performed under said agreement, then this obligation shall be void: otherwise to remain in full force and effect.

SIGNED AND SEALED this 24th day of October, 2000.

Witness:

Boyer Spring Creek,

Principa

Fireman's Fund Insurance Company

FIREMAN'S FUND INSURANCE COMPANY

NATIONAL SURETY CORPORATION

ASSOCIATED INDEMNITY CORPORATION

THE AMERICAN INSURANCE COMPANY AMERICAN AUTOMOBILE INSURANCE COMPANY

GENERAL POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That FIREMAN'S FUND INSURANCE COMPANY, a California corporation, NATIONAL SURETY CORPORATION, an Illinois corporation, THE AMERICAN INSURANCE COMPANY, a New Jersey corporation redomesticated in Nebraska, ASSOCIATED INDEMNITY CORPORATION, a California corporation, and AMERICAN AUTOMOBILE INSURANCE COMPANY, a Missouri corporation, (herein collectively called "the Companies") does each hereby appoint GARY W. MANVILLE, MARILYN L. ALLRED, PHILIP S. WALTER, SHARRON RUSHTON, WILLIAM R. MORETON, JONATHAN M. JEPSEN, SALT LAKE CITY UT

their true and lawful Attorney(s)-in-Fact, with full power of authority hereby conferred in their name, place and stead, to execute, seal, acknowledge and deliver any and all bonds, undertakings, recognizances or other written obligations in the nature thereof

and to bind the Companies thereby as fully and to the same extent as if such bonds were signed by the President, sealed with the corporate seals of the Companies and duly attested by the Companies' Secretary, hereby ratifying and confirming all that the said Attorney(s)-in-Fact may do in the premises.

This power of attorney is granted under and by the authority of Article VII of the By-laws of FIREMAN'S FUND INSURANCE COMPANY, NATIONAL SURETY CORPORATION, THE AMERICAN INSURANCE COMPANY, ASSOCIATED INDEMNITY CORPORATION and AMERICAN AUTOMOBILE INSURANCE COMPANY which provisions are now in full force and effect.

This power of attorney is signed and sealed under the authority of the following Resolution adopted by the Board of Directors of FIREMAN'S FUND INSURANCE COMPANY, NATIONAL SURETY CORPORATION, THE AMERICAN INSURANCE COMPANY, ASSOCIATED INDEMNITY CORPORATION and AMERICAN AUTOMOBILE INSURANCE COMPANY at a meeting duly called and held, or by written consent, on the 19th day of March, 1995, and said Resolution has not been amended or repealed:

"RESOLVED, that the signature of any Vice-President, Assistant Secretary, and Resident Assistant Secretary of the Companies, and the seal of the Companies may be affixed or printed on any power of attorney, on any revocation of any power of attorney, or on any certificate relating thereto, by facsimile, and any power of attorney, any revocation of any power of attorney, or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Companies.

IN WITNESS WHEREOF, the Companies have caused these presents to be signed by their Vice-President, and their corporate seals to be hereunto affixed this 11 _____ day of __December _______. 1998 _____.
