The Committee shall approve Plans and Specifications submitted for its approval only if it deems that the construction, alterations, or additions contemplated thereby in the locations indicated, will not be detrimental to the surrounding area or Lots as a whole, and that the appearance of any structure affected thereby will be in harmony with the surrounding structures. The Committee may also issue rules or guidelines regarding anything relevant to its function, including but not limited to minimum standards and procedures for the submission of Plans and Specifications for approval. The Committee will require a one-hundred-fifty dollar (\$150.00) fee to accompany each application for approval and a \$150.00 appeals fee for any appeal for a waiver to the Master Homeowners Board of Directors. The Committee may require such detail in Plans and Specifications submitted for its review and such other information, as it deems proper. Until receipt by the Committee of all required Plans and Specifications and other information, the Committee may postpone review of anything submitted for approval. All improvements must comply with the zoning codes, ordinances and architectural design guidelines of the Town of Eagle Mountain, Utah. In the case of conflict between the design standards of the Town of Eagle Mountain and the decisions of the Committee or the provisions of this instrument, the Community Design Guidelines shall prevail.

SECTION 9.05. Committee Meetings. The Committee shall meet from time to time as necessary to perform its duties hereunder. The Committee may from time to time by resolution, unanimously adopted in writing, designate one of its members to take any action or perform any duties for and on behalf of the Committee. In the absence of such designation, the vote of a majority of all of the members of the Committee, or the written consent of a majority of all of the members of the Committee taken without a meeting, shall constitute an act of the committee.

SECTION 9.06. Waiver of Consent. The approval or consent of the Committee to any Plans or Specifications for any work done or proposed, or in connection with any other matter requiring the approval or consent of the Committee, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any Plans or Specifications or other matter whatever subsequently or additionally submitted for approval or consent by the same or a different person.

SECTION 9.07. Compensation. The members of the Committee shall be entitled to reasonable compensation from the Association for services rendered, together with reimbursement for expenses incurred by them in the performance of their duties hereunder.

SECTION 9.08.

- A. **Completed Work.** Inspection of completed work and correction of defects therein shall proceed as follows:
- (i) Upon the completion of any improvement for which approved Plans or Specifications are required under this Declaration, the Owner shall give written notice of completion to the Committee.
 - (ii) Within such reasonable time as the Committee may set but not to exceed fifteen (15) days thereafter, the Committee or its duly authorized representative may inspect such improvement. If the Committee finds that such work was not done in strict compliance with all approved Plans and Specifications submitted, or required to be submitted for its prior approval, it shall notify the Owner in writing of such noncompliance within such period, specifying in reasonable detail the particulars of noncompliance, and shall require the Owner to remedy the same.
 - (iii) If upon the expiration of thirty (30) days from the date of such notification the Owner shall have failed to remedy such noncompliance; the Committee shall notify the Board in writing of such failure. Upon Notice and Hearing, the Board shall determine whether there is a noncompliance and if so, the nature thereof and the estimated cost of correcting or removing the same. If noncompliance exists, the Owner shall remedy or remove the same within a period of not more than forty-five (45) days from the date of announcement of the Board ruling. If the Owner does not comply with the Board's ruling within such period, the Board at its option, may either remove the non-complying improvement or remedy the noncompliance, and the Owner shall reimburse the Association upon demand for all expenses incurred in connection therewith. If such expenses are not promptly repaid by the Owner to the Association, the Board shall levy an assessment against such Owner, the Improvement in question and the Lot upon which the same is situated for reimbursement, and the same shall constitute a lien upon such land and improvement and be enforced as provided in this Declaration.
 - (iv) If for any reason after receipt of said written notice of completion from the Owner the Committee fails to notify the Owner of any noncompliance within the period provided above in subparagraph (ii) of Section 9.08, the improvement shall be deemed to be in accordance with said approved Plans and Specifications.

- B. **Work in Progress.** The Committee may inspect all work in progress and give notice of noncompliance as provided above in subparagraph (ii) of Section 9.08. If the Owner denies that such noncompliance exists, the procedure set out in subparagraph (iii) of Section 9.08 shall be followed, except that no further work shall be done, pending resolution of the dispute, which would hamper correction of the noncompliance if the Board shall find that such noncompliance exists.

SECTION 9.09 Non-liability of Committee Members. Neither the Committee nor any member thereof nor the Board nor any member thereof shall be liable to the Association or to any Owner or to any other person for any loss, damage or injury arising out of or in any way connected with the performance of the Committee's or the Board's respective duties under this Declaration unless due to the willful misconduct or bad faith of the Committee or its Members or the Board or its members, as the case may be. The Committee shall take into consideration the aesthetic aspects of the architectural designs, placement of buildings, landscaping, color schemes, exterior finishes, materials and similar features, but shall not be responsible for reviewing, nor shall its approval of any Plans and Specifications be deemed approved thereof from the standpoint of structural safety, engineering soundness, or conformance with building or other codes.

SECTION 10.03. Basis and Payment of Annual Assessments.

- A. The annual assessments with respect to each Lot shall be estimated by the Board prior to the conveyance of the first Lot and shall be payable in advance in annual installments, or in such other installments as the Board may determine.

SECTION 10.05. Date of Commencement of Actual Assessments; Due Dates. The annual assessments provided for herein shall commence on the first day of the calendar month following the conveyance of the first Lot to Owner.
