

DECLARATION OF PROTECTIVE COVENANTS AND RESTRICTIONS

The undersigned, Craig R. Peay and Peay Construction Co., Inc., the owner of the following property situated in Utah County, State of Utah to-wit:

APPLING TO:

Plat "B", Quail Brook Estates Residential Subdivision, Springville, Utah, according to the official thereof on file in the office of the Recorder, Utah County, Utah.

1. LAND USE AND BUILDING TYPE: No lot shall be used except for residential purposed. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single family dwelling not to exceed two stories in height, and private garages for not less than two average vehicles. Covered patios and breezeways are allowed, carports are not allowed.
2. ARCHITECTURAL CONTROL: No building shall be erected, placed or altered on any lot until construction plans, specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of construction and materials, harmony of exterior design with existing structures and as to approximate grade elevations of the structure with respect to finish grade elevations at lot corners and driveway. Approval shall be as provided in parts 15 and 16.
3. DWELLING QUALITY AND SIZE: No dwelling shall be permitted on any lot unless minimum standards for size and quality are met. The area of the main structure, including garages, porches and steps will not be less than 3000 square feet for a split-level dwelling, nor less than 3000 square feet for a one story dwelling, nor less than 3000 square feet for a two story dwelling. Other styles of dwellings not described above must have a minimum space and cost equivalent to those de4scribed above.
4. EXTGERIOR MATETIALS: The exterior walls will be made of such materials as brick, rock, stucco and siding. A minimum of twenty-five percent of the exterior walls' surface will be made of brick, rock or comparable masonry. No dwellings will be built with exterior walls made entirely of stucco, unless and exception to the masonry rule is granted. An exception or partial exception to the twenty-five percent masonry rule may be granted if the overall design of the dwelling is of enough higher quality to justify it. The dwelling exterior will be pleasing in appearance and design.
5. BUILDING SETBACKS, DRAINAGE, FENCING AND HEDGES: Building setbacks, drainage, fencing and hedges will comply with Springville City Ordinances in effect at the time of said construction, except that chain link fencing will not be allowed as yard fencing due to lack of privacy. Fencing that provides a visual break, such as cedar or masonry, will be installed in rear yards within eighteen months or the completion of any dwelling. Also, landscaping will be completed within eighteen months of construction start up.

6. **GARAGE AND REFUSE DISPOSAL:** No lot or street shall be used as a dumping ground for debris, yard trimmings or trash. Any person guilty of said acts will be responsible for paying the cost or removal. Trash, garbage or other waste shall not be kept except temporarily in appropriate containers. Nor shall any owner degrade or cause unsightly appearance of roadway or any easement of which other property owners have use of.
7. **TEMPORARY STRUCTURES, SIGNS SIGNAL INTERFERENCE:** No structure of temporary character, such as a trailer, motor home, camper, basement tent, shack, garage or other outbuilding, shall be used on any lot as a residence either temporarily or permanently. Signs will comply with Springville City Ordinance in effect at the time. The creation of radio or television signal interference is prohibited.
8. **PARKING AND STORAGE:** No inoperative automobile or parts of automobiles shall be placed in view from the street or remain outside on any lot or adjacent street for more than seven days. No mobile homes, trucks over one ton capacity, buses, tractors or commercial equipment of any kind shall be parked or stored within the front street or corner street of any dwelling. Sufficient side yard has been provided on most lots to permit ingress, egress and storage for trailers, motor homes, campers and boats on the side and rear yards of the lots. Parking of these types of vehicles in front yards or corner streets detracts from the appearance of the neighborhood. Facilities or hanging, drying or airing clothing or household fabrics shall be appropriately screened from view. No swamp cooler shall be in view from the front street.

No bright reds, oranges, purples, lavenders, bright greens, pinks or other unusual colors will be allowed. Any color schemes other than earth tones or normal colors within the area must be submitted to the Architectural Control Committee for its approval.
15. LEASING OF PREMISES: No owner of any lot within the subdivision shall rent or lease rooms or portions off any structure, less than the whole of said structure including all of the improvements upon any lot within the subdivision, and specifically shall not take in boarders, tenants, or students of hire nor shall nay owner lease or rent any lot with improvements thereon for any purpose other than single family residence.

In the event the committee or its designated representative fails to approve or disapprove within thirty days after plans and specifications have been submitted to it, and if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.
18.
