NOTICE OF INTENTION

PUBLIC NOTICE IS HEREBY GIVEN that on the 5th day of March 1996, the City Council of Salt Lake City, Utah, adopted a resolution declaring its intention to create a special improvement district to be known as Salt Lake City, Utah Lighting District No. 1 (the "District"). It is the intention of the City Council to operate, maintain, patrol and power lighting improvements within the District and to levy special assessments as provided in Title 17A, Chapter 3, Part 3, Utah Code Annotated 1953, as amended, on the real estate lying within the District for the benefit of which such assessments are to be expended in the maintenance of such improvements.

DESCRIPTION OF DISTRICT AND ESTIMATED COSTS AND ASSESSMENTS

The District will be located within areas and boundaries described in the resolution of March 5, 1996. The resolution, maps and other information about the District are available for examination in the offices of the Salt Lake City Division of Transportation, 333 South 200 East, Salt Lake City, Utah 84111. The streets and areas to be included within the District and the estimated costs to be assessed for the first year of operation of the District (the "Estimated Annual Costs") are set out below. The actual assessments may vary from these estimates. Estimated Annual Costs will be calculated by application of a formula (the "Cost Formula") which shall include cost increments for the estimated energy costs and estimated operation and maintenance expenses for the coming year, an adjustment derived from a comparison of past estimated operation and maintenance costs with actual operation and maintenance costs experienced for the previous three year period of time for the 1996 assessment and the previous one year period of time for annual assessments subsequent to 1996, plus an amount to be set aside in a reserve for extraordinary maintenance. Except where otherwise indicated, all cost estimates shown are for a one year period.

INTENDED IMPROVEMENTS AND BENEFITS

The improvements and benefits shall consist of operating, maintaining, patrolling, and providing power to street lights located within Salt Lake City Lighting District No. 1 as described above. The Estimated Annual Costs for the Extensions were calculated by application and use of the Cost Formula defined above.

BASIS FOR ASSESSMENT

It is proposed to levy assessments on property in the District to pay all or a portion of the Estimated Annual Costs according to the benefits derived by such property by levying assessments annually on all property in the District according to front footage. Estimated Annual Costs, calculated by use of the Cost Formula, include, among other things, power costs, patrolling, a reserve for extraordinary maintenance, any other operation and maintenance expenses, any debit or credit balances carried forward from previous charges and expenses for lighting and administrative costs. The total estimated cost of all services for the first year of the District is \$163,565.27 as determined by the City Transportation Engineer, of which the City's portion is estimated to be \$40,891.32 and the remainder is to be paid as estimated above by an assessment to be levied upon property fronting or abutting upon or adjacent to the system to be serviced, or which may be affected by or specifically benefitted by any of such services. If the actual cost of the service exceeds the estimated cost, the governing body shall nevertheless have the right to levy assessments in excess of the estimated cost.

Annual assessments shall be payable on the effective date of the annual assessment ordinance, with interest on any delinquent assessment at the rate allowed by Utah statute, until paid. The whole or any part of the assessment may be paid without interest within 15 days (the "Cash Payment Period") after the ordinance levying the assessment becomes effective. Future assessments based upon the Cost Formula may be adjusted to reflect changes in operation and maintenance costs and any balances or deficits resulting from the previous year's operations.

TIME FOR FILING PROTESTS

To be counted as a protest against the District, all protests or objections to the lighting services or the creation of the District, the use of the Cost Formula in calculating the first and also subsequent Annual Assessments or the carrying out of all other matters set out in the Notice of Intention, **MUST BE IN WRITING**, signed by the owners of the property affected or benefitted by such services, describing or otherwise identifying said property and its front footage. Although future public hearings may be held in

connection with significant changes in Annual Assessments, it is not currently anticipated that such hearings will be necessary.

WRITTEN PROTESTS MUST BE FILED IN THE OFFICE OF THE SALT LAKE CITY RECORDER, ROOM 415, CITY & COUNTY BUILDING, ON OR BEFORE 5:00 o'clock p.m. on April 8, 1996. Thereafter at 6:00 p.m., on April 9, 1996, the City Council will meet at the City Council Chambers in the City & County Building to hear and consider any protests and objections to the creation of the special improvement district or any other matter relating thereto. The method for determining the number of written protests sufficient to defeat the District shall be according to front footage of properties subject to written protests compared with front footage of all properties in the District.
