

**CONDOMINIUM SERVICE AGREEMENT**

7567748

THIS AGREEMENT ("Agreement") dated as of October 7, 1999 is made and entered into by and between [TCI Entity]TCI Cablevision of Utah, Inc. ("Company"), and Three Fountains West HOA ("Association"), which owns or has control over certain real estate and improvements commonly known as the Three Fountains West Condos located Salt Lake City at 828 East Three Fountains Circle ("Premises"), consisting of 297 units plus any units added or constructed in the future. A legal description of the Premises is attached hereto as Exhibit A. Company owns and operates a cable television system in Salt Lake ("System") pursuant to a franchise agreement, permit or other authority to operate the System, (as extended or renewed from time-to-time, ("Franchise"). Association and Company desire to provide for Company's access to the Premises in order to install the equipment necessary to provide multi-channel video programming and any other communications and information services that Company may lawfully provide ("Services") to the Premises, on the terms and conditions provided herein. Therefore, the parties agree as follows:

1. **RIGHT OF ACCESS.** Association hereby grants, bargains and conveys to Company a right of access to, across, under and over the Premises as necessary or desirable for the routing, installation, maintenance, service and operation of the Equipment (as hereinafter defined) and any of Association's equipment used in connection with provision of the Services, and the marketing and provision of the Services. Association agrees that Company may from time to time enter into various agreements or arrangements with its approved designees, agents or authorized vendors (collectively, "Agents") and access to the Premises granted by Association pursuant to this Section will extend to such Agents. Association will cause its designated representatives to accompany employees or Agents of Company into any unoccupied residential unit for the purpose of wiring such residential unit, if such wiring is required. After the Premises have been wired for the provision of Services, Association will provide Company's employees and Agents access to the Premises at reasonable times for the exercise of its rights hereunder. In addition to the other rights granted by Association hereunder, upon termination of this Agreement, Association hereby grants, bargains and conveys to Company the right to enter the Premises in order to remove the Equipment from the Premises if Company so desires. This right of access to the Premises is in addition to any easement granted by Association to Company by separate agreement entitled, "Agreement for Grant of Easement", of equal date herewith.

2. **TYPE OF ACCOUNT; PROVISION OF SERVICES.**

Company will provide the Services to the Premises as follows:  
(Check one)

**Individual Rate Account:** Company, or the Agents, will market and contract with individual residents of the Premises for all Services, and all arrangements for connecting, serving and billing residents of the Premises for the Services will be made directly between Company and such residents.

**Bulk Rate Account:** Company will market and contract with the Association for certain of the Services in accordance with a Bulk Rate Addendum to be signed by Company and Association. Company, or the Agents, will market and contract with individual residents of the Premises for all other Services, and all arrangements for connecting, serving and billing residents of the Premises for such other Services will be made directly between Company or the Agents, and such residents.

The Services will initially be provided as set forth above. During the term of this Agreement, the method of billing may be changed (i.e., from a bulk rate to an individual rate account and vice versa) without in any way affecting the validity of this Agreement.

~~OTHER SYSTEMS~~ In consideration of Company's investment in the Equipment and other valuable consideration, for a period of time ending upon the earlier of (a) the date of termination of this Agreement or (b) the 15th anniversary of the effective date of this Agreement, and to the extent allowable by Federal law, Association will not, without the prior written consent of Company, operate or install or permit the operation or installation of any other antenna, receiver, converter, cable or other signal amplification system on the Premises for use in connection with television or radio equipment.

4. **TERM.** This Agreement will be effective on the date hereof and continue for a period of 15 years (the "Initial Term") and will automatically renew for additional terms of 1 year (each a "Renewal Term"), unless either party gives the other written notice at least six months prior to the end of the Initial Term or then-effective Renewal Term.

COMPANY AND ASSOCIATION AGREE TO THE ADDITIONAL TERMS AND CONDITIONS APPENDED HERETO. THE PARTIES HAVE EXECUTED THIS AGREEMENT BY THEIR DULY AUTHORIZED REPRESENTATIVES.

ADDITIONAL TERMS AND CONDITIONS

A. DAMAGE TO THE PREMISES OR EQUIPMENT; INDEMNIFICATION; SURVIVAL.

(i) Company will repair any damage to the Premises caused by Company, its employees, or the Agents, normal wear and tear excepted. Company will hold harmless and indemnify Association from and against any and all losses or damages (including reasonable attorneys' fees) resulting from Company's or the Agents' installation, maintenance, service, removal or operation of the Equipment or any other equipment of the Agents, except loss or damage arising from any negligent or intentional act or omission of Association or its agents or employees, or any resident of the Premises.

(ii) Association will repair any damage to the Equipment caused by Association, its agents, or employees, or any resident of the Premises. Association will hold harmless and indemnify Company from and against any and all losses or damages (including reasonable attorneys' fees) arising from or with respect to (a) any negligent or intentional act or omission of Association or its agents or employees, or any resident of the Premises, or (b) any claim, demand, legal proceeding or similar action instituted by any person or entity providing multi-channel video programming or other services similar in nature to the Services provided to the Premises as of or prior to the date of this Agreement, or its successor or assign.

(iii) The rights and obligations set forth in this Section A (indemnification for events occurring during the term of the Agreement) and the second to last sentence of Section 1 (permitting removal of Equipment) will survive termination of this Agreement.

B. INSURANCE. Company will maintain general liability and property damage liability insurance relating to its activities hereunder.

C. EQUIPMENT. Company may install, maintain, service, operate and upgrade on the Premises coaxial cable and/or fiber optic line, internal wiring, amplifiers, converters and other equipment necessary for the provision of the Services ("Equipment"). The Equipment will at all times be owned by, and remain the property of, Company, whether or not attached to or incorporated in the Premises, and neither Association nor any resident of the Premises will have or obtain any right, title or interest therein. The Equipment does not constitute a fixture of the Premises. Association will not, and will not permit any third party to, attach to or use in any manner the Equipment or any portion thereof. Association will have no obligation to service or maintain the Equipment. Company will have the right to use other telecommunications equipment or wiring on the Premises, regardless of ownership, for delivery of the Services. Association shall provide without charge adequate space and electricity for the Equipment.

D. HOME RUN WIRING. To the extent federal law requires Company to provide in this Agreement for the disposition of its home run wiring upon termination of the Agreement, Company agrees to sell to Association, and Association agrees to purchase, the home run wiring on the Premises [at the fair market value for the full replacement cost of such wiring, including labor and installation costs]. To the extent applicable, Association will be responsible for applicable sales or other similar taxes imposed by a governmental entity or agency relating to the purchase of the home run wiring. If Association fails to purchase such wiring, in its sole discretion, the Company may abandon the wiring in place, or shall be permitted to continue to maintain the wiring on the Premises, and shall have no further obligation to Association (however, Company reserves all other rights and remedies relating to Association's failure to purchase pursuant to this subsection D). For the sole purposes of this Section D, the phrase "home run wiring" shall mean all coaxial cable and/or fiber optics line, internal wiring, and associated equipment, including but not limited to amplifiers, passive splitters, connectors, barrels, and wall plates located in the Premises (including wiring located within individual residential units and specifically excluding converters, remote controls and similar equipment) which are owned by Company and used by it in the provision of cable services to residents of the Premises. [Alternative language which excludes risers and active devices, including amplifiers - For the sole purpose of this Section D, the phrase "home run wiring" shall mean only the wiring from the point at which the wiring becomes dedicated to an individual unit on the Premises to the cable demarcation point at or about twelve (12) inches outside that unit. "Home run wiring" shall not be deemed to include risers or active devices, such as amplifiers.] Notwithstanding anything to the contrary herein, Company intends to retain ownership of the MDU Lock Box, which may be removed by Company, or sold to Association in the Company's sole discretion by a separately signed agreement.

E. FORCE MAJEURE. Neither party will be deemed to be in breach of this Agreement if it is unable to perform its obligations hereunder as a result of loss of its legal authority to provide services to the Premises, failure of equipment or facilities, the occurrence of an event of "force majeure," or other causes beyond such party's reasonable ability to control.

F. SUCCESSORS TO BOTH PARTIES; RELATED PARTIES TO COMPANY. The benefits and obligations of this Agreement will inure to and be binding upon the successors, assigns, heirs, and personal representatives of Company and Association. If Association sells, transfers or encumbers the Premises, any such sale, transfer or encumbrance will be subject to this Agreement, which touches and concerns and runs with the land. The rights and obligations of Company under this Agreement may be enjoined, enforced or performed, as the case may be, by Company or any other entity controlling, controlled by or under common control with Company.

G. TERMINATION. This Agreement may be terminated prior to expiration of its term (a) by either party on 30 days' written notice, in the event of material breach of this Agreement, unless the other party cures or commences to cure such breach during such 30-day period and diligently proceeds with such cure; or (b) by Company upon at least 60 days' written notice if Company is unable to continue distribution of the Services due to any law, rule, regulation, judgment, contract with third party or other reason beyond the reasonable control of Company. In no event will either party be liable to the other for incidental or

consequential damages. Upon termination of this Agreement, Company shall have an additional ninety (90) days to remove, transfer or sell part or all of the System, in its sole discretion.

H. **LEGAL STATUS.** This Agreement does not create any agency, employment, joint employer, joint venture or partnership between Company and Association. Neither party will have the right, power or authority to act for the other in any manner.

I. **ENGINEERING REVIEW.** Activation and installation of the Services are subject to engineering review by Company, including testing of equipment or facilities not provided by Company. If Company determines that activation of the Services will result in unanticipated expenses or that existing equipment is deficient, Company will have the right to terminate this Agreement upon written notice to Association. Upon such termination, Company will refund to Association any amounts prepaid hereunder in accordance with Company's refund policies.

J. **ASSOCIATION COOPERATION.** Association will cooperate with Company on the repossession of channel selectors or other Equipment belonging to Company or the Agents that is in the hands of any unauthorized persons such as former occupants of residential units on the Premises. Association will supply to Company the names and unit numbers of residents at reasonable intervals.

K. **LEGAL ACTIONS.** If legal action is necessary to enforce any provision of this Agreement or any agreement relating hereto, the prevailing party in such action will be entitled to recover its costs and expenses of such action, including reasonable attorneys' fees. Association acknowledges that the breach by Association of any of its obligations under this Agreement cannot be reasonably or adequately compensated in damages in any action at law and that a breach of this Agreement by Association will cause Company irreparable injury and damage; Association, therefore, expressly agrees that in the event of a breach or threatened breach of this Agreement, Company will be entitled to injunctive and other equitable relief against Association. Resort to equitable relief will not in any way be construed as a waiver of any other rights or remedies which Company may have for damages or otherwise.

L. **AUTHORIZATIONS.** Association represents and warrants that it has the right to execute and deliver this Agreement on behalf of the individual owners of units in the Premises, and that this Agreement is binding and enforceable upon Association and the owners of the units in the Premises. The person signing on behalf of the Association represents that he/she is an officer or authorized agent of Association, with full authority to bind Association to the terms and conditions of this Agreement. This Agreement will not be binding upon Company until signed by an authorized representative of Company.

M. **NOTICES.** Any notices pursuant to this Agreement will be validly given or served if in writing delivered personally or sent, postage prepaid, either by U.S. first class mail or telecopy, to the addresses set forth in this Agreement; or to such other addresses as either party may designate to the other in writing. Delivery of any notice will be deemed to be effective: (i) five days after mailing, for first class U.S. mail or (ii) on the telecopy confirmation date, for telecopy or (iii) on the date delivered for personal delivery.

N. **MISCELLANEOUS PROVISIONS.** This Agreement supersedes any and all other access agreements, either oral or written, between the parties hereto, other than any grant of easement entered into by the parties concurrently with this Agreement. This Agreement (and any such grant of easement) contains the entire agreement between Association and Company and may not be amended except by an agreement in writing signed by the parties. Whenever possible, each provision of this Agreement will be interpreted in such a manner as to be effective and valid under applicable law, but if any provision of this Agreement will be prohibited by or invalid under applicable law, such provision will be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement.

O. **SURVIVAL.** The termination or expiration of this Agreement will not impair either party's then accrued rights, obligations or remedies. The terms and conditions of paragraph 1 of the Agreement, and paragraphs A, C, D, F, G, H, J, K, N and O of the Additional Terms and Conditions shall survive expiration or termination of this Agreement.

P. **ADDENDA.** The parties may execute certain Addenda, including but not limited to a Pre-Wire Installation Addendum, a Bulk Rate Addendum and/or a Customer Equipment Recovery Addendum. Upon execution, any such Addenda will become a part of this Agreement.
