"**Neighborhood Assessment**" or "**Subdivision Assessment**" shall mean assessments levied against Lots or Units in a particular Neighborhood to fund any expenses whether actual or estimated, which the Association incurs or expects to incur for the benefit of owners within a particular Neighborhood or Neighborhoods, which expenses are common to the Lot Owners in said Neighborhood, but not the Entire Membership.

The term shall refer to the land, if any, which is part of the Unit as well as any improvements thereon. In the case of a structure containing multiple dwellings, each dwelling shall be deemed to be a separate Unit.

In the case of a parcel of vacant land or land on which improvements are under construction, the parcel shall be deemed to be a single Unit until such time as a recorded plat subdivides all or a portion of the parcel. Thereafter, the portion encompassed on such plat shall contain the number of Units determined as set forth in the preceding paragraph. Any portion not encompassed on such plat shall continue to be treated in accordance with this paragraph.

Units may be combined or further subdivided, and boundary lines of Units may be changed, only by recording of a plat or other legal instrument further subdividing or resubdividing the parcel of property (which subdivision shall be subject to such other restrictions as may be set forth in this Declaration or rules of the Association). In the absence of recording such a legal instrument, ownership of adjacent Units by the same Owner shall not permit such Units to be treated as a single Unit for purposes of voting and assessment, notwithstanding that such Units may be improved with a single dwelling.

ARTICLE 2 PROPERTY RIGHTS

Section 2.1. Title to the Common Area. The Declarant will convey fee simple title to the Common Area and Limited Common Area to the Association, free and clear of all encumbrances and liens, prior to the conveyance of the first Lot, but subject to this Declaration, and easements and rights-of-way of record. In accepting the deed, the Association will covenant to fulfill all the terms of this Declaration, to maintain the Common Area in good repair and condition at all times and to operate the Common Area at its own expense in accordance with high standards.

Section 2.2. Owners' Easements of Enjoyment. Except as otherwise provided herein, every Owner has a right and easement of use and enjoyment in and to the Common Area and Limited Common Area. This easement is appurtenant to and passes with the title to every Unit, subject to:

- (a) The right of the Association to charge reasonable admission, use, service and other fees for the use of any service of the Association or provided upon the Common Area, or for any parking facility situated upon the Common Area. No fees shall be charged for parking specifically designated on the Plat as appurtenant to a Unit.
- (b) The right of the Association to limit the number of guests of Members using the Common Area.
- (c) The right of the Association to suspend the voting rights and/or common utility service of a Member for any period during which any assessment or portion thereof against the Member's Unit remains unpaid; and for a period of not to exceed sixty (60) days for any infraction of its published rules and regulations.
- (d) The right of the Association to enter into agreements or leases which provide for use of the Common Areas and facilities by a similar Association in consideration for use of the Common Areas and facilities of the other Association, or for cash consideration;
- (e) The right of the Association, if there is no Class B membership, with the approval of sixty-seven percent (67%) of the Entire Membership, to sell, exchange, hypothecate, alienate, mortgage, encumber, dedicate, release or transfer all or part of the Common Area to any private individual, corporate entity, public agency, authority, or utility.
- (f) The right of the Association to grant easements for public utilities or other public purposes consistent with the intended use of the Common Area by the Association.
- (g) The right of the Association to take such steps as are reasonably necessary or desirable to protect the Common Area against foreclosure.
- (h) The terms and conditions of this Declaration.
- (i) The right of the Association, through its Directors, to adopt rules and regulations concerning use of the Common Area.
- (j) The right of the Declarant to take such actions as it may deem necessary so long as the expansion of the Properties shall not be complete, including granting leases, easements, and modifying the improvements and design of the Common Area.

Section 2.3. Limited Common Area and Designated Parking. An Owner is entitled to use of the Limited Common Area adjacent and appurtenant to the Unit, if any, and to use of the parking area, if any, designated with the Owner's Unit number on the Plat, all to the exclusion of other Owners. The Association, through its Directors, may adopt rules and regulations concerning use of the Limited Common Area. Limited Common Area is subject to the rights of the Association set forth in this Declaration.

Section 2.4. Delegation of Use. An Owner or one having a right of use of facilities, is deemed to delegate any right of enjoyment to the Common Area and facilities to family members, tenants, or contract purchasers who reside on the Property. Damage caused to the Common Area and facilities,

including personal property owned by the Association, by a Member, or by a person who has been delegated the right to use and enjoy such Common Area and facilities by the Member, shall create a debt to the Association. Debts owed to the Association as a result of damage to the Common Area and facilities shall be an assessment charged to the Unit Owner.

Section 2.5. Rules. The Board of Directors shall have the authority to promulgate rules and regulations for the governance of the Properties, and persons within the Properties. The Directors shall compile such rules and regulations and make copies available for inspection and copying by Members.

Section 2.6. Lot. Each Lot is owned in fee simple by the Owner. However, area designated as Limited Common Area within the surveyed Lot boundaries but outside the residential dwelling walls even though part of the Lot and owned in fee simple by the Owner shall be treated as Limited Common Area for use purposes, and as exterior area for maintenance purposes. The purpose of laying out a Lot larger than the residential dwelling is to allow flexibility in the original residential dwelling construction. After the initial construction on a Lot, subsequent construction, if any, may occupy any portion of the surveyed Lot, subject to all other provisions of this Declaration. An Owner may construct appurtenant structures and personal landscaping outside the boundaries of the residential dwelling and within the rear area of the surveyed boundaries of the Lot, subject to approval of the Architectural Control Committee, as outlined in Article 6 herein.

Section 2.7. Excluded Lots and Owners. Prior to the April 28, 1997 recording of the Master Declaration of Covenants Conditions and Restrictions of Sunbrook Communities described in Recital A above, certain Lots (which are set forth below) were reserved and such lot owners opted not to use any Common Area or Limited Common Area, including any and all facilities or amenities located thereon. Therefore, the lots described below shall be excluded from the right to use any Common Area or Limited Common Area and shall not be required to pay any assessments therefor, unless and until such lot owner(s) execute and record a document subjecting their respective lot to the terms of this Declaration and any and all amendments or supplements thereto. This exclusion shall be construed narrowly to include exclusion only from use of and assessments for Common Area and Limited Common Area, unless otherwise set forth herein, all other terms of this Declaration shall apply to such lots. The lots to which this Section and its exclusions apply are all of Lots 1-6, 12, 14, 16, 17, 24, 29, 41, 42, and 60, CANYON VIEW RIDGE AT SUNBROOK, Phases 1 and 2.

ARTICLE 3 MEMBERSHIP AND VOTING RIGHTS

Section 3.1. Membership. Except as otherwise provided for herein, every Owner is a Member of the Association. The term "Owner" includes contract purchasers but does not include persons who hold an interest merely as security for the performance of an obligation unless and until title is acquired by foreclosure or similar proceedings. Membership is appurtenant to and may not be separated from Unit ownership. Membership in the Association automatically transfers upon transfer of title by the record Owner to another person or entity.

Section 3.2. Voting Rights. The Association has two classes of voting membership:

CLASS A. Class A Members are all Members with the exception of the Declarant, until Declarant's membership converts to Class A membership as provided for herein. Class A Members are entitled to one vote for each Unit owned. When more than one person holds an interest in any Unit, the group of such persons shall be a Member. The vote for such Unit shall be exercised as they among themselves determine, but in no event shall more than one vote be cast with respect to any Unit. A vote cast at any Association meeting by any of such co-owners, whether in person or by proxy, is conclusively presumed to be the vote attributable to the Unit concerned unless written objection is made prior to that meeting, or verbal objection is made at that meeting, by another co-owner of the same Unit. In the event an objection is made, the vote involved shall not be counted for any purpose except to determine whether a quorum exists.

CLASS B. The Class B member is the Declarant. The Class B member is entitled to ten (10) votes for each Unit owned. The Class B membership will cease and be converted to Class A membership on the happening of one of the following events, whichever occurs earlier:

- (a) the expiration of fifteen (15) years from April 28, 1997; or
- (b) the surrender of Class B membership status by the express written action of the Declarant

In the case of expansion (as provided in this Declaration), the Declarant's memberships appurtenant to the Units in the expansion area shall be Class B memberships.

If Declarant shall exercise its option to add additional Units by platting additional phases as provided in Article 13 herein, then at such time as additional subdivision plats are filed, the voting shall be adjusted accordingly, so that Declarant regains Class B voting status for all Units owned, even if previously converted to Class A status in prior phases and according to the terms hereof.

Section 3.3. Exclusion from Membership. Prior to the April 28, 1997 recording of the Master Declaration of Covenants Conditions and Restrictions of Sunbrook Communities described in Recital A above, certain Lots (which are set forth below) were reserved and such lot owners opted not to benefit from membership in the homeowners association that would govern the Properties. Therefore, the lots described below shall be excluded from membership in the Association and have no voting rights in the same, unless and until such lot owner(s) execute and record a document subjecting their respective lot to membership in the Association and the Articles, Bylaws, and any Rules and Regulations of the Association. This exclusion shall be construed narrowly to include exclusion only from the benefits of membership in the Association; unless otherwise set forth herein, all other terms of this Declaration shall apply to such lots. This exclusion is in addition to the exclusion set forth in Section 2.7 of this Declaration. Any lot owner choosing to subject his lot pursuant to Section 2.7, shall be deemed to have subjected his lot to membership in the Association. The lots to which this Section and its exclusions apply are all of Lots 1-6, 12, 14, 16, 17, 24, 29, 41, 42, and 60, CANYON VIEW RIDGE AT SUNBROOK PHASES 1 and 2.

ARTICLE 4 FINANCES AND OPERATIONS

Section 4.1. Creation of the Lien and Personal Obligation of Assessments. Excepting Declarant, each subsequent Owner of any Unit by acceptance of a deed therefor, whether or not it shall be so expressed in any such deed or other conveyance, covenants and agrees to pay to the Association (1) annual assessments or charges; (2) special assessments for capital improvements, such assessments to be fixed, established, and collected from time to time as hereinafter provided; (3) Additional Assessments; (4) Emergency Assessments; (5) any other amount or assessment levied or charged by the Association or Board of Directors pursuant to this Declaration; and (6) interest, costs of collection and reasonable attorney fees, as hereinafter provided. All such amounts shall be a charge on the Unit and shall be a continuing lien upon the Unit against which each such assessment or amount is charged. Such assessments and other amounts shall also be the personal obligation of the person who was the Owner of such Unit at the time when the assessment became due.

Section 4.2. Purpose of Assessments. The assessments levied by the Association shall be used (a) for the purpose of promoting the recreation, health, safety, and welfare of the residents of the Properties; and (b) for the improvement and maintenance of Properties, services, and facilities devoted to this purpose. The assessments must provide for, but are not limited to, the payment of taxes on property owned by the Association and insurance maintained by the Association; the payment of the cost of repairing, replacing, maintaining and constructing or acquiring additions to the Common and Limited Common Areas; the payment of the cost of repairing, replacing, and maintaining the exteriors of each Lot; the payment of administrative expenses of the Association; insurance deductible amounts; the establishment of a reserve account for repair, maintenance and replacement of those Common and Limited Common Areas which must be replaced on a periodic basis; the payment of any professional services deemed necessary or desirable by the Board; and other amounts required by this Declaration or that the Directors shall determine to be necessary to meet the primary purposes of the Association. The assessments may provide, at the discretion of the Directors, for the payment of other charges including (without limitation) maintenance, management, utility, cable television, trash collection, sewer and water charges.

Section 4.3. Maximum Annual Assessment. Until January 1 following recording of this Declaration, the maximum annual assessment shall be Five Hundred and Fifty Five Dollars (\$555.00) per Unit, and the maximum annual assessment shall be One Hundred Fifty Dollars (\$150.00) per Lot on which no residential dwelling is constructed. This amount shall be the basis of calculation for future maximum annual assessments.

- (a) From and after the date referred to above the maximum annual assessment shall be increased each year by five percent (5%) above the maximum assessment for the previous year, without a vote of the membership.
- (b) The Association may change the basis and maximum of the assessments fixed by this Section prospectively for any annual period provided that such change may be made by the Board if there is Class B membership and if there is no Class B membership, any such change shall have the assent of sixty-seven percent (67%) of the votes of the Entire Membership, voting in person or by proxy, at a meeting duly called for this purpose.

The actual Annual Assessment need not increase annually. The Board shall set the actual annual assessment on an annual basis. Notice shall be given to each Owner as provided in Section 4.7. The Board must set the actual annual assessment to be an amount at or less than the Maximum Annual Assessment.

Section 4.4. Special Assessments for Capital Improvements. In addition to the annual assessments, the Board may levy in any assessment year a special assessment, applicable to that year only. Special assessments may only be levied to defray, in whole or in part, the cost of any construction, reconstruction, repair or replacement of Common or Limited Common Area structures, fixtures and personal property related thereto. If there is no Class B membership, special assessments must have the assent of sixty-seven percent (67%) of the votes of the Entire Membership authorized to vote, in person or by proxy, at a meeting duly called for this purpose.

Section 4.5. Additional Assessments. In addition to the annual assessments and special assessments for capital improvements authorized herein, the Association shall levy such additional assessments as may be necessary from time to time for the purpose of repairing and restoring the damage or disruption resulting to streets or other Common or Limited Common Areas from the activities of the City of St. George (the "City") or other utility provider in maintaining, repairing or replacing the utility lines and facilities thereon. It is acknowledged that the ownership of said utility lines, underground or otherwise, is in the City or other utility provider up to and including the meters for individual residences, and that they are installed and shall be maintained to City or utility provider specifications.

Section 4.6. Emergency Assessments. Notwithstanding anything contained in this Declaration, the Board, without membership approval, may levy Emergency Assessments or increase Annual Assessments or levy Special Assessments for an emergency situation. An emergency situation is one in which the Board finds:

- (1) an expenditure, in its discretion, required by an order of a court, or to settle litigation;
- (2) an expenditure necessary to repair or maintain the Property or any part of it for which the Association is responsible where a threat to personal safety on the Property is discovered; or
- (3) an expenditure necessary to repair, maintain or cover actual Association expenses for the Properties or any part of it that could not have been reasonably foreseen by the Board in preparing and distributing the pro forma operating budget, (for example: increases in utility rates; landscape or maintenance contract services; etc).

Provided, however, that prior to the imposition or collection of any assessment due to an emergency situation, the Board shall pass a resolution containing the written findings as to the necessity of such expenditure and why the expenditure was not or could not have been reasonably foreseen or accurately predicted in the budgeting process and the resolution shall be distributed to the Members with the notice of the assessment. If such expenditure was created by an unbudgeted utility maintenance or similar expense or increase, the assessment created thereby shall be discontinued by the Board by a similar resolution, if such expense is subsequently reduced, or to the extent the next succeeding annual budget incorporates said increase into the annual assessment.

Section 4.7. Notice and Quorum for Any Action Authorized Under Sections 4.3, 4.4, and 4.5. Written notice of any meeting of Members called for the purpose of taking any action authorized under Sections 4.3, 4.4, and 4.5 shall be sent to all Members at least thirty (30) days in advance of said meeting. At the first meeting called, the presence at the meeting of Members, or of proxies, entitled to cast sixty percent (60%) of the votes of the Entire Membership shall constitute a quorum. If the quorum requirement is not met at such a meeting, another meeting may be called, on at least thirty (30) days advance written notice, and the required quorum at any such subsequent meeting shall be one-half of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

Section 4.8. Uniform Rate of Assessment; Periodic Assessment. Both annual and special assessments must be fixed at a uniform rate for all Units; provided, however, that no assessments shall accrue against the Declarant so long as the Declarant has Class B membership. Any Neighborhood Assessments shall be fixed at a uniform rate for all Units within the particular Neighborhood to be assessed, or as otherwise provided for in the conditions, covenants and restrictions specific to a neighborhood.

Annual, special and additional assessments may be collected on a monthly or quarterly basis, as the Directors determine.

Section 4.9. Date of Commencement of Annual Assessments; Due Dates. The annual assessment provided for herein shall commence to accrue upon conveyance from Declarant to an Owner. The first annual assessment shall be adjusted according to the number of months remaining in the calendar year.

At least thirty (30) days prior to the commencement of each new assessment period, the Directors shall send or cause to be sent a written notice of the annual assessment to each Owner subject thereto. This notice shall not be a pre-requisite to validity of the assessment.

In the absence of a determination by the Directors as to the amount of said assessment, the annual assessment shall be an amount equal to 90% of the maximum annual assessment determined as provided above.

The assessment due dates shall be established by the Directors. The Directors may provide for the payment of annual and special assessments in equal installments throughout the assessment year.

The Directors shall prepare a roster of Owners for Units in the Properties and the assessments applicable thereto at the same time that it shall fix the amount of the annual assessment, which roster shall be kept by the Treasurer of the Association, who shall record payments of assessments and shall allow inspection of the roster by any Member at reasonable times.

The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessment on a specified Unit has been paid. Such certificates, when properly issued, shall be conclusive evidence of the payment of any assessment or fractional part thereof which is therein shown to have been paid.

Section 4.10. Effect of Non-Payment of Assessment - Remedies of the Association. Any assessment or installment thereof not paid within thirty (30) days after the due date therefor shall be delinquent and shall bear interest from the due date at the rate of eighteen percent (18%) per annum (or such lesser rate as the Directors shall determine appropriate) until paid. In addition, the Directors may assess a late fee for each delinquent installment which shall not exceed ten percent (10%) of the installment.

The Directors may, in the name of the Association, (a) bring an action at law against the Owner personally obligated to pay any such delinquent assessment without waiving the lien of assessment; (b) may foreclose the lien against the Unit in accordance with the laws of the State of Utah applicable to the exercise of powers of sale in deeds of trust or to the foreclosure of mortgages, or in any other manner permitted by law; and/or (c) may restrict, limit, or totally terminate any or all services performed by the Association on behalf of the delinquent Member.

There shall be added to the amount of any delinquent assessment the costs and expenses of any action, sale or foreclosure, and reasonable attorney fees, together with an account for the reasonable rental for the Unit from time to time of commencement of the foreclosure. The Association shall be entitled to the appointment of a receiver to collect the rental income or the reasonable rental without regard to the value of the other security.

A power of sale is hereby conferred upon the Association which it may exercise. Under the power of sale the Unit of an Owner may be sold in the manner provided by Utah law pertaining to deeds of trust as if said Association were beneficiary under a deed of trust. The Association may designate any person or entity qualified by law to serve as trustee for purposes of power of sale foreclosure.

No Owner may waive or otherwise escape liability for the assessments provided for herein by non-use of the Common Area or by abandonment.

Section 4.11. Exempt Property. The following property subject to this Declaration is exempt from the assessments created herein:

- (a) All property dedicated to and accepted by any local public authority.
- (b) All Common and Limited Common Area.
- (c) All Lots owned by Declarant.

Section 4.12. Subordination of the Lien to Mortgages. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage held by an institutional lender if the mortgage was recorded prior to the date the assessment became due. Sale or transfer of any Unit shall not affect the assessment lien. However, the sale or transfer of any Unit pursuant to foreclosure of a first mortgage or any proceeding in lieu thereof, shall extinguish the assessment lien as to payments which became due prior to such sale or transfer. No sale or transfer, however, shall relieve a Unit or Owner from personal liability for assessments coming due after taking title or from the lien of such later assessments.

Section 4.13. Books, Records and Audit. The Association shall maintain current copies of the Declaration, Articles, Bylaws, Rules and other similar documents, as well as its own books, records and financial statements which shall all be available for inspection by Owners and insurers as well as by holders, insurers and guarantors of first mortgages during normal business hours upon reasonable notice. Charges shall be made for copying, researching or extracting from such documents. Any Owner or holder, insurer or guarantor of a first mortgage may obtain an audit of Association records at its own expense so long as the results of the audit are provided to the Association.

ARTICLE 5 INSURANCE

Section 5.1. Casualty Insurance on Insurable Common Area. The Directors shall keep all insurable improvements and fixtures of the Common Area insured against loss or damage by fire for the full insurance replacement cost thereof, and may obtain insurance against such other hazards and casualties as the Association may deem desirable. The Association may also insure any other property whether real or personal, owned by the Association, against loss or damage by fire and such other hazards as the Association may deem desirable, with the Association as the Owner and beneficiary of such insurance. The insurance coverage with respect to the Common Area shall be written in the name of, and the proceeds thereof shall be payable to, the Association. Insurance proceeds shall be used by the Association for the repair or replacement of the property for which the insurance was carried. Premiums for all insurance carried by the Association are common expenses which shall be included in the regular annual assessments made by the Association.

In addition to casualty insurance on the Common Area, the Directors may elect to obtain and continue in effect, on behalf of all Owners, adequate blanket casualty and fire insurance in such form as the Directors deem appropriate in an amount equal to the full replacement value, without deduction for depreciation or coinsurance, of all of the Units including the structural portions and fixtures thereof. Insurance premiums from any such blanket insurance coverage, and any other insurance premiums paid by the Association shall be a common expense of the Association to be included in the regular annual assessments as levied by the Association. The insurance coverage with respect to the Units shall be written in the name of, and the proceeds thereof shall be payable to the Association as trustee for the Owners.

The Association policies may contain a reasonable deductible and the amount thereof shall not be subtracted from the face amount of the policy in determining whether the policy limits satisfy the requirements herein. In the event of an insured loss, the deductible shall be treated as a common expense in the same manner as the premiums for the applicable insurance coverage. However, if the Board reasonably determines, after notice and opportunity to be heard, that the loss is the result of the

negligence or willful misconduct of one or more Owners, their guests, invitees, or lessees, then the Board may assess the full amount of such deductible against such Owner and the Owner's Unit.

Section 5.2. Replacement or Repair of Property. In the event of damage to or destruction of any part of the Common Area improvements, the Association shall repair or replace the same from the insurance proceeds available. If such insurance proceeds are insufficient to cover the costs of repair or replacement of the property damaged or destroyed, the Association may make a reconstruction assessment against all Owners to cover the additional cost of repair or replacement not covered by the insurance proceeds, in addition to any other common assessments made against such Owner.

In the event that the Association is maintaining blanket casualty and fire insurance on the Units, the Association shall repair or replace the same to the extent of the insurance proceeds available.

In the event of damage or destruction by fire or other casualty to any portion of the development covered by insurance written in the name of the Association, the Directors are empowered to and shall represent the Members in any proceedings, negotiations, settlements or agreements. The Association is appointed attorney-in-fact of each Owner for this purpose.

Section 5.3. Liability Insurance. The Directors shall obtain a comprehensive policy of public liability insurance covering all of the Common and Limited Common property for at least \$1,000,000.00 per occurrence for personal or bodily injury and property damage that results from the operation, maintenance or use of the Common Areas. Liability insurance policies obtained by the Association shall contain a "severability of interest" clause or endorsement which shall preclude the Insurer from denying the claim of an Owner because of negligent acts of the Association or other Owners.

Section 5.4. Fidelity Insurance. The Directors may elect to obtain fidelity coverage against dishonest acts on the part of managers, Directors, officers, employees, volunteers, management agents or others responsible for handling funds held and collected for the benefit of the Owners or Members. In procuring fidelity insurance the Directors shall seek a policy which shall (1) name the Association as obligee or beneficiary, (2) be written in an amount not less than the sum of (i) three months' operating expenses and (ii) the maximum reserves of the Association which may be on deposit at any time, and (3) contain waivers of any defense based on the exclusion of persons who serve without compensation from any definition of "employee."

Section 5.5. Annual Review of Policies. All insurance policies shall be reviewed at least annually by the Directors in order to ascertain whether the coverage contained in the policies is sufficient to make any necessary repairs or replacements of the property which may be damaged or destroyed.

ARTICLE 6 ARCHITECTURAL AND LANDSCAPE CONTROL

Section 6.1. Architectural Control Committee. There shall be an initial "Architectural Control Committee" (sometimes hereinafter "ACC") consisting of five (5) persons, each appointed by Declarant until all Lots in the Project are sold. Thereafter, the ACC shall be appointed by the Board of the Master Association. The ACC is hereby deemed to be an independent committee of the Board and shall be subject to all requirements of any Directors' and Officers' Liability Insurance obtained by the Master Association so that such members of the ACC are covered thereby; provided, however, ACC members need not be members of the Board or Owners in the Project.

Section 6.2. Design Guidelines. The ACC shall establish reasonable procedural rules, regulations, restrictions, architectural standards, site data sheets and design guidelines all of which may be contained in that document known as the Master Architectural Design Guidelines for the Sunbrook Communities ("Design Guidelines"), which the ACC may, from time to time at its sole discretion, amend, repeal or revise. The Architectural Design Guidelines and Site Data Sheets are hereby incorporated herein and shall be deemed to be a part of this Declaration and shall be binding on all Owners, or other persons as if expressly set forth herein. A copy of the current Design Guidelines shall at all times be a part of the Master Association's records. The Design Guidelines may include, among other things, those restrictions and limitations set forth below. It is contemplated that the Project shall be platted in parts with different design themes. Accordingly, each separate Neighborhood shall have specific requirements and

guidelines as set forth in the Site Data Sheet for each separate Neighborhood which will reflect the design themes set by the Declarant.

A completed improvement shall be deemed to be in compliance with plans and specifications approved by the ACC and this Declaration within one year following the completion of the improvements, unless legal proceedings shall have been instituted to enforce compliance or completion within said one year period.

The Board or ACC may, at its discretion, adopt such other limitations and restrictions including, without limitation, the regulation of all landscaping (including without limitation prohibition of certain types of landscaping, trees and plants), construction, reconstruction, exterior addition, change or alteration to or maintenance of any building, structure, wall or fence, including without limitation, the nature, kind, shape, height, materials, exterior color, surface texture, and location of any improvement.

Section 6.3. General Provisions.

- (a) The ACC may assess reasonable fees in connection with its review of plans and specifications.
- (b) The ACC may delegate its plan review responsibilities, except final review and approval as may be required by the Design Guidelines, to one or more of its members or any architectural consultant retained by the ACC. Upon such delegation, the approval or disapproval of plans and specifications by such members or consultants shall be equivalent to approval or disapproval by the ACC.
- (c) The address of the ACC shall be the address established for giving notice to the Master Association, unless otherwise specified in the Design Guidelines. Such address shall be the place for the submittal of plans and specifications and the place where the current Design Guidelines shall be kept.
- (d) The establishment of the ACC and the procedures herein for architectural approval shall not be construed as changing any rights or restrictions upon Owners to maintain or repair their Units as may otherwise be specified in this Declaration, the Bylaws, the Design Guidelines or Master Association Rules.
- (e) The ACC shall approve or disapprove any plans and specifications submitted to it in accordance with the Design Guidelines within such period as may be specified in the Design Guidelines.

Section 6.4. Approval and Conformity of Plans. The plans and specifications for the construction of improvements shall be submitted to the ACC pursuant to this Declaration and the Design Guidelines. The ACC shall review and approve or disapprove all plans submitted to it for any proposed improvement, alteration or addition, solely on the basis of aesthetic considerations and the overall benefit or detriment which would result to the immediate vicinity and the Project generally. The ACC shall take into consideration the aesthetic aspects of the architectural designs, placement of buildings, topography, landscaping, color schemes, exterior finishes and materials and similar features, but shall not be responsible for reviewing, nor shall its approval of any plans or design be deemed approval of any plan or design from the standpoint of structural safety or conformance with building or other applicable codes.

No building, fence, wall or other structure or improvement of whatever type shall be commenced, erected or maintained upon the Property, nor shall there be any addition to or change to the exterior of any structure or improvement or the landscaping, grading or drainage thereof, including, without limitation, the painting (other than painting with the same color of paint as previously existed) of exterior walls, patio covers and fences, except in compliance with plans and specifications therefor which have been submitted to and approved by the ACC and the City of St. George building representative in accordance with the Design Guidelines as to harmonize the external design and location in relation to surrounding structures and topography.

Section 6.5. Non-Liability. Neither Declarant nor the ACC, nor any member thereof, nor their duly authorized representatives shall be liable to the Master Association or to any Owner or other person for any loss, damage or injury arising out of or in any way connected with the performance of the ACC's duties hereunder, unless due to the willful misconduct or bad faith of the ACC. Plans and specifications

are not approved for engineering design or for compliance with zoning and building ordinances, and by approving any plans and specifications neither the ACC, the members thereof, the Master Association, any Member, the Officers, the Board or the Declarant assume any liability or responsibility therefor, or for any defect in any structure constructed from such plans and specifications. Neither the ACC, any member thereof, the Master Association, the Officers, the Board, or the Declarant shall be liable to any Owner or other person for any damage, loss or prejudice suffered or claimed on account of (a) the approval or disapproval of any plans, drawings or specifications, whether or not defective; (b) the construction or performance of any work, whether or not pursuant to approved plans, drawings and specifications; (c) the development, or manner of development of any property within the Properties; or (d) the execution and filing of an estoppel certificate pursuant to the Design Guidelines, whether or not the facts therein are correct. Approval of plans and specifications by the ACC is not, and shall not be deemed to be, a representation or warranty that said plans or specifications comply with applicable governmental ordinances or regulations including, but not limited to, zoning ordinances and building codes.

Section 6.6. Construction Site; Drainage. The construction site during the course of the construction shall be maintained reasonably free of debris at the end of each working day. The construction shall be completed and the drainage swales and structures will correctly drain surplus water to the street or other approved locations, all as shown on the plans and specifications submitted to the ACC for approval. In the event of a violation of this restriction, the ACC may give written notice thereof to the builder and/or Owner of the Lot in question that if such violation is not cured or work commenced to cure the same within forty-eight (48) hours after the receipt of said notice, the ACC may correct or cause to be corrected said violation.

Section 6.7. Inspection. Inspection of work and correction of defects therein shall proceed as follows:

- (a) Upon the completion of any work for which approved plans are required under this Article, the Owner shall give written notice of completion to the ACC.
- (b) Within thirty (30) days thereafter, the ACC or its duly authorized representative, may inspect such improvement. If the ACC finds that such work was not done in substantial compliance with the approved plans, it shall notify the Owner in writing of such noncompliance, and shall require the Owner to remedy the same.
- (c) If, upon the expiration of thirty (30) days from the date of such notification, the Owner shall have failed to remedy such noncompliance, the ACC shall notify the Board in writing of such failure. After affording such Owner notice and hearing, the Board shall determine whether there is a noncompliance and, if so, the nature thereof and the estimated cost of correcting or removing the same. If a noncompliance exists, the Owner shall remedy or remove the same within a period of not more than thirty (30) days from the date of announcement of the Board's ruling. If the Owner does not comply with the Board's ruling within such period, the Board, at its option, may either remove the noncompliance improvement or remedy the noncompliance and the Owner shall reimburse the Master Association upon demand, for all expenses incurred in connection therewith. If such expenses are not promptly repaid by the Owner to the Master Association, the Board shall levy a special lien assessment against such Owner for reimbursement.
- (d) If for any reason the ACC fails to notify the Owner of any noncompliance within thirty (30) days after receipt of said written notice of completion from the Owner, the improvement shall be deemed to be in accordance with said approved plans.

Section 6.8. No Waiver. The approval of the ACC to any proposal or plans and specifications or drawings for any work done or proposed or in connection with any other matter requiring the approval and consent of the ACC, shall not be deemed to constitute a waiver of any right to withhold approval or consent as to any similar proposal, plans and specifications, drawings or any matter whatever subsequently or additionally submitted for approval or consent.

Section 6.9. Reimbursement. The members of the ACC shall receive no compensation for services rendered, other than reimbursement approved by the Board of the Master Association for reasonable expenses incurred in the performance of their duties hereunder.

Section 6.10. Moving of Structures. No structure of any kind shall be moved from any other place onto any Lot without the prior written permission of the ACC.

Section 6.11. Declarant Exemption. The ACC shall have no authority, power or jurisdiction over Lots or Units owned by Declarant, and the provisions of this Article shall not apply to Lots or Units owned by Declarant until such times as Declarant conveys title to the Lot or Unit to the purchaser thereof. This Article shall not be amended without Declarant's written consent set forth on the amendment.

Section 6.12. Interpretation. All questions of interpretation or construction of any of the terms or conditions in this Article shall be resolved by the ACC, and its decision shall be final, binding and conclusive on all of the parties affected.

Section 6.13. Violations. Subject to the provisions of Section 6.7 of this Article and in the event violation of these restrictions exists, or in the event of the failure of any individual Owner to comply with a written directive order from the ACC, then ACC shall have the right and authority to perform the subject matter of such directive or order, including, if necessary, the right to enter upon the Lot and the cost of such performance shall be charged to the Owner thereof, which cost shall be due within five (5) days after receipt of written demand therefor, and may be recovered by the ACC in an action at law against such individual Owner. In any such action, the ACC shall also be entitled to costs, including reasonable attorney fees.

Section 6.14. Obligation to Build Within a Set Period of Time. Except where extended by Declarant in writing, every Owner shall have two (2) years, from the date of recording of the deed of conveyance from Declarant to that Owner, to commence construction of a single-family residence on any Lot within the Project. The work of construction and erecting any building or other structure shall be prosecuted diligently from the commencement thereof and the same shall be completed within a reasonable time, not to exceed twelve (12) months, in accordance with the requirements herein contained. In the event prior to final approval, the Architectural Control Committee determines that construction cannot be completed within this time frame, it may grant the Owner an additional four (4) months to complete construction. To commence construction, an Owner shall have obtained final approval of the Architectural Control Committee, a building permit from the City of St. George, and shall have started the construction of the foundation and/or cement slab upon which the residential dwelling shall be constructed. In the event the Owner fails to commence construction within the time period set forth in this paragraph, the Owner may apply in writing to the Architectural Control Committee within said two (2) year period for an extension of time to commence construction, setting forth the period of time requested and the reason for said extension. The Architectural Control Committee must act upon said request within thirty (30) days after receipt or the request shall be deemed granted. However, if the Architectural Control Committee does not grant said extension, the Declarant, at its option, may repurchase said Lot by notifying the Owner, in writing, of its intention to repurchase, and tendering to the Owner the amount of the gross sales price received by the Declarant from the first lot purchase of the Lot, together with interest thereon at eight percent (8%) per annum from date of sale to date of repurchase, less the amount, if any, required to satisfy any taxes, assessments, liens, charges or encumbrances accruing or encumbering said Lot after conveyance of the same to the Owner.

ARTICLE 7 SOIL CONDITIONS

Section 7.1. Soils Test Required. Soil testing to detect the presence of expansive soils or other adverse soil conditions shall first be performed by a geotechnical engineer licensed by the State of Utah and approved by Declarant or the ACC prior to the construction of any structure on any Lot. A list of approved geotechnical engineers shall be maintained by the ACC, and shall be available on request. Said soils test shall be submitted to the ACC along with the other required documents as set forth in Article 6 and the Architectural Design Guidelines.

Section 7.2. Positive Adverse Soils Test. No structure or other improvement shall be commenced or built on any Lot if expansive soils or other adverse soil conditions are detected unless and until a geotechnical engineer licensed by the State of Utah and approved by the Declarant or the ACC shall have first designed a foundation system for the structure or other improvement. Said foundation design shall be signed and certified by said geotechnical engineer and shall be submitted to the ACC with the other required materials as set forth in Article 6 and the Architectural Design Guidelines.

Section 7.3. Compliance with Foundation Design. In cases where Lots have tested positive for expansive soils or other adverse soil conditions, the ACC shall have the authority to deny occupancy of the structure or other improvement until proof has been submitted to the ACC that said structure or other improvement shall have been built in conformity to the standards of the foundation design set forth in Section 7.2 above. Said proof shall consist of a letter from the same geotechnical engineer that designed the foundation, addressed to the ACC stating that said geotechnical engineer has inspected said foundation and that said foundation has been built to the specified design.

Section 7.4. Costs of the Soils Test, Design and Inspection. Costs associated with the soils testing, foundation design, inspections, or other requirements of this Article shall be the sole responsibility of the Owner.

Section 7.5. Non-liability for Approval of Foundation Design. Neither the Declarant, the Master Association, the Officers, the ACC, the members thereof, or any Member shall be liable to any Owner for any defect in any foundation, structure or other improvement due to problems associated with expansive soils or other adverse soils conditions. All Owners agree to assume any and all risks associated with building, which includes any risks associated with adverse soil conditions.

Section 7.6. Violations. If any Owner shall violate the terms of this Article, the ACC shall have the right to obtain injunctive relief through a court of competent jurisdiction to enjoin the violation of this Article, including enjoining an Owner from occupying said structure or other improvement until said Owner has complied with this Article. Said Owner shall be responsible for reasonable costs, including attorney fees, expended by the ACC to enforce the provisions of this Article.

ARTICLE 8 EXTERIOR MAINTENANCE

Section 8.1. Exterior Maintenance by Owner. Each Owner shall be responsible for maintenance to the exterior of the Unit owned and in the Limited Common Area adjacent and appurtenant thereto. The Directors shall, however, in the default of the Owner to perform maintenance which is the Owner's responsibility, and after a two-thirds (2/3) vote, and after ten (10) days written notice (which notice shall not be required in the event of emergency or threat to life, health, property or safety), provide exterior maintenance upon each Unit and Lot, and the Limited Common Area adjacent and appurtenant thereto. The cost of such maintenance shall be assessed against the Lot and/or Unit.

Section 8.2. Exterior Maintenance by Association. The Association shall be responsible for maintenance upon the Common Area, the Limited Common Area which is not adjacent to any Lot, and the area of any Lot outside the walls of the Unit which is of the same character as surrounding Common or Limited Common Area. The cost of such maintenance shall be a common expense.

Section 8.3. Access at Reasonable Hours. For the sole purpose of performing the maintenance required by this Article, the Association, through its duly authorized agents or employees, shall have the right, after reasonable notice to the Owner, to enter upon any Lot or Limited Common Area at reasonable hours.

Section 8.4. Alteration of Certain Maintenance Duties by Rule. The duty of maintenance for the area of a Lot outside the walls of the Unit, and the Limited Common Areas adjacent and appurtenant to the Units may be altered by Rule of the Association.

ARTICLE 9
USE RESTRICTIONS

Section 9.1. Construction, Business, Sales, and Marketing. Notwithstanding any provisions to the contrary herein contained, it shall be expressly permissible for Declarant to maintain such facilities and conduct such activities as in the sole opinion of Declarant may be reasonably required, convenient or incidental to the construction and sale of Units during the period of construction and sale and upon such portion of the Properties as Declarant deems necessary including but not limited to a business office, storage areas, construction yard, signs, model units and sales offices. As part of the overall program of development of the Properties into a residential community and to encourage the marketing thereof, the Declarant shall have the right of use of the Common Area and facilities thereon, including any community buildings, without charge during the sales and construction period to aid in its marketing activities.

Section 9.2. General Use Restrictions. All of the Properties which are subject to this Declaration are hereby restricted to residential dwellings, and buildings in connection therewith, including but not limited to community buildings on the common Property. All buildings or structures erected in the Properties shall be of new construction and no buildings or structures shall be removed from other locations to the Properties. After the initial construction on a Lot, no subsequent building or structure dissimilar to that initially constructed shall be built on that Lot. No building or structure of a temporary character, trailer, basement, tent, camper, shack, garage, barn or other outbuilding shall be placed or used on any Lot at any time.

Section 9.3. Signs; Commercial Activity. Except for one "For Rent" or "For Sale" sign of not more than two (2) square feet, no advertising signs, billboards, objects of unsightly appearance, or nuisances shall be erected, placed, or permitted to remain on any Unit or any portion of the Properties. No commercial activities of any kind whatever shall be conducted in any building or on any portion of the Properties. The foregoing restrictions shall not apply to the commercial activities, signs and billboards, if any, of the Declarant or its agents during the construction and sales period or by the Association in furtherance of its powers and purposes set forth hereinafter and in its Articles of Incorporation, Bylaws and Rules and Regulations, as the same may be amended from time to time.

Section 9.4. Quiet Enjoyment. No noxious or offensive activity shall be carried on upon any part of the Properties nor shall anything be done thereon which may be or may become an annoyance or nuisance to Unit Owners, or which shall in any way interfere with the quiet enjoyment of each of the Owners or which shall in any way increase the rate of insurance.

Section 9.5. Animals. No animals, livestock or poultry of any kind shall be raised, bred or kept on any of said Units, except that dogs, cats or other household pets, two or less in total number, may be kept provided that they are not kept, bred or maintained for any commercial purpose. Notwithstanding the foregoing, no animals or fowl may be kept on the Property which result in an annoyance or are obnoxious, by noise, smell or otherwise, to Owners. All pets must be kept on the Units of in the residential dwelling of their Owners or on a leash when in the Common Areas. This provision may be made more restrictive by Rule of the Association.

Section 9.6. Use of Common Area. Except for the rights of ingress and egress, Owners are hereby prohibited and restricted from using any of said Common Area, other than as permitted in this Declaration or as may be allowed by the Directors. It is expressly acknowledged and agreed by all parties concerned that this restriction is for the mutual benefit of all Owners in the Properties and is necessary for the protection of the interests of all said Owners in and to the Common Area.

As part of the overall program of development of the Properties into a residential community and to encourage the marketing thereof, the Declarant shall have the right of use of the Common Area and facilities thereon, including any community buildings, without charge during the sales and construction period to aid in its marketing activities.

Section 9.7. Parking. No motor vehicle which is inoperable shall be allowed within the Properties, and any motor vehicle which remains parked on any street in the Project over 72 hours shall be subject to removal by the Association, at the vehicle owner's expense. Any expense incurred by the Association in connection with the removal of any vehicle shall be paid to the Association upon demand by the owner of the vehicle. If the vehicle is owned by an Owner, any amounts payable to the Association

shall be secured by the Unit and the Association may enforce collection of said amounts in the same manner provided for in this Declaration for the collection of assessments.

If parking spaces are designated on the Plat with numbers corresponding to Unit numbers, each such space is for the exclusive use of the Owner with the corresponding number. If parking areas are not designated on the Plat with numbers, the Directors may assign vehicle parking space for each Owner, if applicable. Parking spaces within the Properties shall be used for parking of motor vehicles actually used by the Owner or the Owner's immediate family or guests for personal use and not for commercial use, and for guest parking. Recreational vehicles, boats, travel trailers and similar property may not be parked within the Properties unless permitted by rule of the Association.

Section 9.8. Planting and Gardening. No planting or gardening shall be done, and no fences, hedges or walls shall be erected or maintained upon any Property except such as are installed in accordance with the initial construction of the buildings located thereon or as approved by the Architectural Control Committee.

Section 9.9. External Apparatus. No Owner shall cause or permit anything (including, without limitation, awnings, canopies or shutters) to hang, be displayed or otherwise affixed to or placed on the exterior walls or roof or any part thereof, or on the outside of windows or doors, without the prior written consent of the Architectural Control Committee.

Section 9.10. Exterior Television or Other Antennas. No exterior radio or other antennas, except one television antenna, to the extent not prohibited by law, which shall not exceed four feet in height, per Unit, shall be placed, allowed or maintained upon any Unit or upon any structure or portion of the improvements situated and located upon the Properties without prior written approval of the Architectural Control Committee.

Section 9.11. Garbage Removal. All rubbish, trash and garbage shall be regularly removed from the Units and shall not be allowed to accumulate thereon. Garbage shall be placed in proper containers. Garbage containers shall be kept in the side or rear yard area of a Lot or such other area approved by the ACC so that the garbage containers are not in view from the front yard area or street.

Section 9.12. Oil and Mining Operations. No oil drilling, oil development operations, oil refining, quarrying or mining operations of any kind shall be permitted upon or in the Properties. No derrick, lift, shaft or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon the Properties.

Section 9.13. Interior Utilities. All utilities, fixtures and equipment installed within a Unit, commencing at a point where the utility lines, pipes, wires, conduits or systems enter boundaries of a Unit, shall be maintained and kept in repair by the Owner thereof. An Owner shall do no act nor any work that will impair any easement or hereditament nor do any act nor allow any condition to exist which will adversely affect the other Units or Owners.
